**Note 1 - Description of the Plan:**

The following description of the Harvard Maintenance, Inc. ("Company") 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

***General*** - The Plan is a defined contribution plan covering eligible employees of Harvard Maintenance, Inc., Harvard Services Group, Inc., Harvard Business Services, LLC, Harvard Protection Services, LLC, Harvard Maintenance, LLC and Harvard Shared Services, LLC. Effective January 1, 2017, substantially all employees as defined who have attained the age of 21 and are not covered by a collective bargaining agreement, are eligible to participate in the elective deferral and the employer matching and nonelective contributions of the Plan after the completion of 12 months of service. Enrollment dates for eligible participants are the first day of January and July. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

***Contributions*** - Eligible participants may elect to contribute a portion of their compensation to the Plan, subject to the Internal Revenue Code limitations for 401(k) plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary matching and nonelective contributions to the Plan in which all eligible employees will receive a portion of the Company's contribution. The Company contributed 10% of the participant's total elected contributions in 2018 totaling approximately $99,000, net of forfeitures of approximately $36,000.

***Vesting*** - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's matching and nonelective contribution portion of their accounts plus earnings thereon is based on years of continuous service. All Company contributions made to the Plan vest 20% for each year of service, and each participant is 100% vested after five years of credited service.

***Participant Accounts*** - Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

***Payment of Benefits*** - On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum, or in annual installments over a period of years. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If death occurs prior to retirement, the participant's account is paid to the designated beneficiary. In-service hardship withdrawals are allowed upon approval of the Plan Administrator.

***Hardship Withdrawals*** - The Plan provides for hardship withdrawals from participants' vested balances, not to exceed an amount required to meet an immediate need created by hardship, and then only to the extent that such immediate need cannot be satisfied by other sources reasonably available to the participant. Permissible circumstances for hardship withdrawals include medical expenses, purchase of a home, tuition payments, amounts necessary to prevent eviction from the participants' personal residence, and such other circumstances as the Plan Administrator may determine in accordance with Internal Revenue Service rules and regulations. An Employee's contributions to the Plan will be suspended for six months following a hardship withdrawal.

***Forfeitures*** **-** Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures can be used to reduce Plan administrative expenses or to reduce the employer's discretionary contributions to the Plan. There were $49,030 and $62,894 in unused forfeitures at December 31, 2018 and 2017, respectively. Forfeitures totaling approximately $42,000 were used in 2018 to reduce the employer's discretionary contributions to the Plan and Plan administrative expenses.

**Note 2 - Summary of Significant Accounting Policies:**

***Basis of Accounting*** - The accompanying financial statements are prepared on the accrual basis of accounting.

***Use of Estimates*** - The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results, as determined at a later date, could differ from those estimates.

***Investment Valuation and Income Recognition*** **-** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Cash and Equivalents*** - Cash and equivalents consist of money market funds.

***Notes Receivable from Participants*** - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and benefit payment is recorded.

***Administrative Expenses*** **-** Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to record-keeping and to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

***Payment of Benefits*** - Benefits are recorded when paid.

***Risks and Uncertainties*** - Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the financial statements.

The Plan may invest in funds with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage backed securities, including securities backed by sub-prime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

***Concentration of Investment Risk*** - The Plan's investment in four and three funds comprise approximately 81% and 69% of total investments at December 31, 2018 and 2017, respectively.

**Note 3 - Notes Receivable from Participants:**

Participants may obtain loans from the Plan up to 50% of their vested account balance or $50,000, whichever is less, with a minimum of $1,000. Loans bear a reasonable interest rate as reflected by prevailing interest rates and are collateralized by a participant's account balance. Loans are generally payable through payroll deductions and only two loans per participant may be outstanding during a twelve month period.

**Note 4 - Common Collective Trusts:**

The CCTs held by the Plan have an objective to preserve capital and to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve this objective, the funds invest primarily in fixed income corporate bond funds, fixed income government agency bond funds and investment contracts issued by third-parties. The fixed income corporate and government agency bonds represent the majority of underlying assets, and the investment contract represents a small portion of the CCTs. Redemptions are allowed for participants daily, however, in unusual market conditions, the Trustee of the CCTs in its sole discretion may impose restrictions on issues and redemptions of units. There are no unfunded commitments.

**Note 5 - Fair Value Measurements:**

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

*Cash and Equivalents*: Initially valued at transaction price. Carrying value approximates fair value as maturities are less than three months.

*Mutual Funds:* Valued at the closing price in the active market in which the fund is traded.

*Common Collective Trusts*: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the common collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. (See Note 4).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2018 and 2017:

| | *Investments at Fair Value as of December 31, 2018* | | | |
|---|---|---|---|---|
| | *Level 1* | *Level 2* | *Level 3* | *Total* |
| Mutual funds | $ 9,611,747 | $ - | $ - | $ 9,611,747 |
| Cash and equivalents | - | 49,030 | - | 49,030 |
| Total assets in the fair value hierarchy | $ 9,611,747 | $ 49,030 | $ - | 9,660,777 |
| Investments measured at net asset value (a) | | | | 260,949 |
| Total investments at fair value | | | | $ 9,921,726 |

| | *Investments at Fair Value as of December 31, 2017* | | | |
|---|---|---|---|---|
| | *Level 1* | *Level 2* | *Level 3* | *Total* |
| Mutual funds | $ 10,689,661 | - | $ - | $ 10,689,661 |
| Cash and equivalents | - | $ 10,887 | - | 10,887 |
| Total assets in the fair value hierarchy | $ 10,689,661 | $ 10,887 | $ - | 10,700,548 |
| Investments measured at net asset value (a) | | | | 384,313 |
| Total investments at fair value | | | | $ 11,084,861 |

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets available for Benefits.

**Transfers Between Levels**

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2018 and 2017, there were no significant transfers in or out of Levels 1, 2, or 3.

**Note 6 - Information Certified by the Trustee:**

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified that the following information included in the financial statements and supplemental schedule is complete and accurate:

a) Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017.

b) Investment income/(loss), as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.

c) Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2018.

The Plan's independent auditors' did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

**Note 7 - Plan Termination:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Internal Revenue Code. In the event of Plan termination, participants' contributions remain fully vested and Company contributions become fully vested. Under no circumstances may the Company take ownership of any of the Plan's assets as a result of such termination.

**Note 8 - Tax Status:**

The Plan was written on an IRS pre-approved Volume Submitter Document, which obtained its latest opinion letter on March 31, 2014 in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the trust is exempt from Federal income taxes under Section 501(a) of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date, thus, no provision for Federal income taxes has been made in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

**Note 9 - Party-in-Interest Transactions:**

Certain Plan investments are shares of mutual funds managed by the Trustee and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for record-keeping and administrative services were $54,904 for the year ended December 31, 2018.

**Note 10 - Excess Contributions Payable:**

The Plan failed to pass the Average Deferral Percentage (ADP) and Actual Contribution Percentage (ACP) tests for the 2018 and 2017 Plan years. The accompanying Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017 include $238,066 and $203,122 in excess contributions payable to participants related to this matter, which the Plan distributed to the applicable participants prior to March 15, 2019 and March 15, 2018, respectively.

**Note 11 - Reconciliation of Financial Statements to Form 5500:**

The following is a reconciliation of net assets available for benefits per the accompanying financial statements and Form 5500 at December 31, 2018 and 2017:

**Note 12 - Subsequent Events:**

The Plan Administrator has evaluated subsequent events through October 14, 2019, the date the financial statements were available to be issued. The effects of those events and transactions that provide additional pertinent information about conditions that existed at the Statements of Net Assets Available for Benefits date have been recognized in the accompanying financial statements.

Effective January 1, 2019, the Plan is referred to as a safe harbor 401(k) plan which the Plan Sponsor commits to making certain contributions equal to 100% of the participant salary deferrals that do not exceed 3% of compensation plus 50% of the participant salary deferrals between 3% and 5% of compensation. This safe harbor employer matching contribution will be 100% vested, immediately.

In addition, as of January 1, 2019 participants are eligible to participate in the elective deferral and employer matching portion of the Plan after 6 months of service and enter the Plan on the first day of each month.
