Marmon Employees' Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Marmon Employees' Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2018 and 2017 and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by the Reliance Trust Company (the "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes related transactions. The plan administrator has obtained a certification from the Trustee as of December 31, 2018 and 2017 and for the year ended December 31, 2018 that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets held at end of year as of December 31, 2018 and delinquent participant contributions for the year ended December 31, 2018 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

To the Plan Administrator
Marmon Employees' Retirement Plan

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Plan Description

The following description of Marmon Employees' Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees designated by the participating employers (the "Companies"), as defined in the "Adoption and Merger Agreement." Participants are eligible to make 401(k) and after-tax contributions after 60 days of service. Participants are eligible for participating employer contributions after six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions and after-tax contributions in whole percentages of eligible compensation, not to exceed, individually or in the aggregate, 30 percent of compensation up to the maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Effective January 1, 2019, the Plan no longer allows after-tax contributions.

There were delinquent contributions of \$55,973 and \$28,568 during the plan years ended December 31, 2018 and 2017, respectively. The Companies corrected the 2018 late contributions and remitted all lost earnings during 2018 and 2019. The Companies corrected the 2017 late contributions during 2017 and remitted all lost earnings to the Plan during 2018.

The Plan provides for employer matching contributions and employer retirement contributions. The participating employers' matching contribution is made in an amount not to exceed 50 percent of participants' contributions that are eligible for matching, not to exceed 6 percent of the participants' eligible compensation. The retirement contribution, if any, is discretionary as to amount and allocated based on participants' compensation received while covered by a participating employer. The retirement contributions for 2018 were approximately \$24,700,000. Effective January 1, 2019, the Plan will transition its matching contribution to a safe harbor matching contribution of 100 percent of the participant's deferral contribution not in excess of the first 3 percent of participant's eligible compensation and 50 percent of the participant's deferral contribution not in excess of the following 2 percent of participant's eligible compensation during the plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Companies' contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation, deferrals, transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Benefit Payments

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. The Plan also allows for age 59½ and after-tax withdrawals.

Hardship Withdrawals

Participants may request that a portion of their accounts, as permitted by the Plan, be distributed in the case of severe financial hardship, as defined in the plan document.

December 31, 2018 and 2017

Note 1 - Plan Description (Continued)

Vesting

Participants are immediately 100 percent vested in employee pretax, after-tax, and rollover contributions and any income or loss thereon. Vesting in the employer matching contribution and retirement contribution portion of participants' accounts, plus actual earnings thereon, is based on years of service, as defined by the plan document. Participants vest at 20 percent for each full year of service and are 100 percent vested upon completion of five years of service. Effective January 1, 2019, active participants will be 100 percent vested in their employer matching contributions for years prior to 2019. Participants are immediately 100 percent vested for all future safe harbor contributions.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of his or her account is forfeited. Forfeitures related to employer contributions are first used to restore the accounts of eligible participants who had breaks in service of less than five years. The remaining forfeitures are used to reduce the employer contributions or to pay administrative expenses of the Plan. Unallocated forfeited account balances were approximately \$700,000 at December 31, 2018 and 2017. During 2018, approximately \$730,000 was used to fund employer contributions.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$500 up to a maximum of 50 percent of their account balance, not to exceed \$50,000, reduced by the highest outstanding balance of notes receivable during the one-year period prior to the date the note receivable is made from the Plan, at interest rates determined in accordance with the Plan. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate. Repayment terms in general may not exceed four and a half years, except for the purchase of a principal residence, which may not exceed 15 years. A participant may not have more than one note receivable outstanding at any time.

Plan Termination

While the plan sponsor has not expressed any intent to terminate the Plan or to discontinue its contributions to the Plan, it may do so subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

The fair value of the Plan's interest in the Marmon Defined Contribution Master Trust (the "Master Trust") is based on the beginning of the year value of the Plan's interest in the trust plus actual contributions and allocated investment income (loss) less actual distributions and allocated administrative expenses.

The common collective trust funds are valued at net asset value per share (NAV) or its equivalent of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments. The money market fund is valued based on quoted market prices reported in active markets. See Note 5 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

December 31, 2018 and 2017

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Companies, by the plan sponsor, or as a plan expense.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

New Accounting Pronouncement

In February 2017, Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - Employee Benefit Plan Master Trust Reporting*. ASU No. 2017-06 amends the Master Trust disclosure to require additional disclosures related to the Plan's interest in the Master Trust. This ASU is effective for fiscal years beginning after December 15, 2018 and is required to be applied retrospectively for all comparative periods presented. Management does not expect the adoption of this ASU to have a significant impact on the Plan's financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 25, 2019, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Reliance Trust Company (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements, including the Master Trust information included in Note 5 and the supplemental schedule of assets held at end of year, are based solely on information certified by the Trustee.

Note 4 - Tax Status

The Plan has received a determination letter dated February 21, 2017 from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

December 31, 2018 and 2017

Note 5 - Interest in Master Trust

The Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and the Marmon Consolidated Retirement Plan. Each participating plan has an undivided interest in the Master Trust, which is based on account balances of the participants and their elected investment options. The assets of the Master Trust are held by the Reliance Trust Company. At December 31, 2018 and 2017, the Plan's interest in the net assets of the Master Trust was approximately 89 percent. Investment income (loss) and administrative expenses relating to the Master Trust are allocated to the individual participating plans based upon average monthly balances invested by each plan, except for certain administrative expenses that are attributable and charged specifically to the Plan.

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Master Trust has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Master Trust's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the net assets of the Master Trust at December 31, 2018 and 2017:

Note 1 - Plan Description

The following description of Marmon Employees' Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees designated by the participating employers (the "Companies"), as defined in the "Adoption and Merger Agreement." Participants are eligible to make 401(k) and after-tax contributions after 60 days of service. Participants are eligible for participating employer contributions after six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions and after-tax contributions in whole percentages of eligible compensation, not to exceed, individually or in the aggregate, 30 percent of compensation up to the maximum tax-deferred limitations established by the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. Effective January 1, 2019, the Plan no longer allows after-tax contributions.

There were delinquent contributions of \$55,973 and \$28,568 during the plan years ended December 31, 2018 and 2017, respectively. The Companies corrected the 2018 late contributions and remitted all lost earnings during 2018 and 2019. The Companies corrected the 2017 late contributions during 2017 and remitted all lost earnings to the Plan during 2018.

The Plan provides for employer matching contributions and employer retirement contributions. The participating employers' matching contribution is made in an amount not to exceed 50 percent of participants' contributions that are eligible for matching, not to exceed 6 percent of the participants' eligible compensation. The retirement contribution, if any, is discretionary as to amount and allocated based on participants' compensation received while covered by a participating employer. The retirement contributions for 2018 were approximately \$24,700,000. Effective January 1, 2019, the Plan will transition its matching contribution to a safe harbor matching contribution of 100 percent of the participant's deferral contribution not in excess of the first 3 percent of participant's eligible compensation and 50 percent of the participant's deferral contribution not in excess of the following 2 percent of participant's eligible compensation during the plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Companies' contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation, deferrals, transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Benefit Payments

Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. The Plan also allows for age 59½ and after-tax withdrawals.

Hardship Withdrawals

Participants may request that a portion of their accounts, as permitted by the Plan, be distributed in the case of severe financial hardship, as defined in the plan document.

December 31, 2018 and 2017

Note 1 - Plan Description (Continued)

Vesting

Participants are immediately 100 percent vested in employee pretax, after-tax, and rollover contributions and any income or loss thereon. Vesting in the employer matching contribution and retirement contribution portion of participants' accounts, plus actual earnings thereon, is based on years of service, as defined by the plan document. Participants vest at 20 percent for each full year of service and are 100 percent vested upon completion of five years of service. Effective January 1, 2019, active participants will be 100 percent vested in their employer matching contributions for years prior to 2019. Participants are immediately 100 percent vested for all future safe harbor contributions.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of his or her account is forfeited. Forfeitures related to employer contributions are first used to restore the accounts of eligible participants who had breaks in service of less than five years. The remaining forfeitures are used to reduce the employer contributions or to pay administrative expenses of the Plan. Unallocated forfeited account balances were approximately \$700,000 at December 31, 2018 and 2017. During 2018, approximately \$730,000 was used to fund employer contributions.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$500 up to a maximum of 50 percent of their account balance, not to exceed \$50,000, reduced by the highest outstanding balance of notes receivable during the one-year period prior to the date the note receivable is made from the Plan, at interest rates determined in accordance with the Plan. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate. Repayment terms in general may not exceed four and a half years, except for the purchase of a principal residence, which may not exceed 15 years. A participant may not have more than one note receivable outstanding at any time.

Plan Termination

While the plan sponsor has not expressed any intent to terminate the Plan or to discontinue its contributions to the Plan, it may do so subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

The fair value of the Plan's interest in the Marmon Defined Contribution Master Trust (the "Master Trust") is based on the beginning of the year value of the Plan's interest in the trust plus actual contributions and allocated investment income (loss) less actual distributions and allocated administrative expenses.

The common collective trust funds are valued at net asset value per share (NAV) or its equivalent of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments. The money market fund is valued based on quoted market prices reported in active markets. See Note 5 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Companies, by the plan sponsor, or as a plan expense.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

New Accounting Pronouncement

In February 2017, Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - Employee Benefit Plan Master Trust Reporting*. ASU No. 2017-06 amends the Master Trust disclosure to require additional disclosures related to the Plan's interest in the Master Trust. This ASU is effective for fiscal years beginning after December 15, 2018 and is required to be applied retrospectively for all comparative periods presented. Management does not expect the adoption of this ASU to have a significant impact on the Plan's financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including September 25, 2019, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Reliance Trust Company (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements, including the Master Trust information included in Note 5 and the supplemental schedule of assets held at end of year, are based solely on information certified by the Trustee.

Note 4 - Tax Status

The Plan has received a determination letter dated February 21, 2017 from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 5 - Interest in Master Trust

The Plan's investments are in the Master Trust, which was established for the investment of assets of the Plan and the Marmon Consolidated Retirement Plan. Each participating plan has an undivided interest in the Master Trust, which is based on account balances of the participants and their elected investment options. The assets of the Master Trust are held by the Reliance Trust Company. At December 31, 2018 and 2017, the Plan's interest in the net assets of the Master Trust was approximately 89 percent. Investment income (loss) and administrative expenses relating to the Master Trust are allocated to the individual participating plans based upon average monthly balances invested by each plan, except for certain administrative expenses that are attributable and charged specifically to the Plan.

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Master Trust has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Master Trust's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.
