1. DESCRIPTION OF THE PLAN:

The following description of Principal Manufacturing Corporation 401(k) Profit Sharing Plan (the "Plan") provides only general information. The Plan was amended and restated effective December 1, 2015 to adopt volume submitter plan documents sponsored by Fidelity Management & Research Company. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General –

The Plan is a defined contribution plan covering substantially all full-time employees of Principal Manufacturing Corporation (the "Company") who have completed two months of service, have reached the age of 18 and who are not covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions –

Each year, participants may contribute up to 96% of pretax annual compensation, as defined in the plan, subject to certain IRS limitations. Participants who have attained age 50 before the end of the Plan year may make catch-up contributions in addition to their regular deferral contributions. All pre-tax deferral contributions are made out of pretax earnings through salary reductions. These contributions are not subject to federal income tax until withdrawn. Taxes are the responsibility of the individual participants and not the Plan. All Roth deferral contributions are subject to federal income tax in the year of deferral and, in most cases, are not subject to federal income taxes when distributed. Participants may also contribute, with the consent of the Plan administrator, amounts representing distributions from other qualified retirement plans.

The amended and restated Plan effective January 1, 2015, included an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate set at 3% of eligible compensation. During 2018 and 2017, the Company elected to make matching contributions with a set rate of 50% of the amount that a participant contributes to the Plan up to a maximum deferral of 5% of compensation each pay period. Contributions for the years ended December 31, 2018 and 2017 amounted to $92,431 and $129,994, respectively.

The Company may also make a discretionary profit-sharing contribution (no profit-sharing contributions were made for the years ended December 31, 2018, and 2017). Participants are eligible for an allocation of the profit-sharing contribution after they have completed one year of service, are employed as of the last day of the Plan year and they worked at least 1,000 hours during the Plan year. Participants are also eligible for an allocation of the profit-sharing contribution regardless of the amount of service you complete during the Plan year in the year of your death, disability or retirement.

1. DESCRIPTION OF THE PLAN: (Continued)

Participant Accounts –

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, when applicable, and (b) Plan earnings (losses), as well as an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting –

Participants are always 100% vested in their contributions plus earnings thereon. Participants vest in their employer contributions in accordance with the following table:

Completed Years of Service	Percentage Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants also become fully vested in their employer contributions if they are employed with the Company upon reaching normal retirement age or upon death or permanent disability.

Forfeitures –

As of December 31 2018, and 2017, forfeited nonvested accounts totaled $6,345 and $25,668, respectively. Effective January 18, 2017, the plan was amended to allow the Company to use the forfeited nonvested accounts to reduce employer contributions in addition to reducing administrative expenses. No forfeitures were used to reduce administrative expenses during the year ended December 31, 2018, and 2017. Forfeitures of $34,335 were used to reduce employer contributions during the year ended December 31, 2018. No forfeitures were used to reduce employer contributions during the year ended December 31, 2017.

Notes Receivable from Participants –

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances from their accounts. Repayment of loans shall be determined by mutual agreement, but in no event will the term exceed five years unless the loan is used to purchase a principal residence, and then the term shall be limited to a period consistent with commercial home loan practices.

1. DESCRIPTION OF THE PLAN: (Continued)

Notes Receivable from Participants – (Continued)

The loans are secured by the vested balance in the participant account and bear interest at the Prime Rate plus 1%. Principal and interest are paid ratably through payroll deductions. Participants may have a maximum of one loan outstanding at any given time.

Disbursements –

A participant may elect to receive payment of benefits upon termination, retirement, disability, reaching age 59 1/2 or death. The plan does not allow hardship withdrawals.

Benefits may be paid in a lump-sum distribution or the participant may select from various periodic installment options as soon as practicable after employment with the Company has ended. Participants may elect to defer commencement of distributions until April 1 of the calendar year after they attain age 70 1/2 at which time minimum distributions must be made in accordance with applicable regulations. Until such time as the funds are distributed, the participant is entitled to receive a pro rata share of fund earnings. Benefits may also be paid to an eligible participant as an eligible rollover distribution.

Investment Options –

Participants direct the investment of their account balances into various investment options offered by the Plan. The Plan currently offers various investments in registered investment companies and a common collective trust as investment options for participants. The participants are able to change their investment options on a daily basis.

Administration of the Plan and Administrative Expenses –

Principal Manufacturing Corporation is the Plan's sponsor and administrator. Fidelity Workplace Services, LLC ("Fidelity") acts as a record keeper for the Plan. Fidelity Management Trust Company is the Plan's trustee and custodian. All administrative costs, charges and expenses are paid by the Plan to the extent not paid by the Company.

2. SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting –

The financial statements of the Plan are prepared under the accrual method of accounting. Accordingly, investment income is recognized when earned and expenses are recognized when incurred.

2. SUMMARY OF ACCOUNTING POLICIES: (Continued)

Use of Estimates –

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (USGAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amount of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition –

Investments are reported at fair value in accordance with accounting principles generally accepted in the United States of America. The Investment Committee determines the Plan's valuation policies. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Realized and Unrealized Appreciation (Depreciation) in Fair Value Investments –

Net realized gain (loss) on the sales of investments is calculated as the difference between the net proceeds and the cost of the investments on a specific identification basis.

Net unrealized gain (loss) in the fair value of investments is calculated as the difference between fair value of assets held at the beginning of the year or acquired during the year and the fair value of assets at the end of the year.

Contributions Receivable –

The Plan has contribution receivables from the Company and employees relating to contributions not yet funded as of December 31, 2018 and 2017. These contributions have subsequently been received by the Plan.

Payments of Benefits –

Benefits are recorded when paid.

2. SUMMARY OF ACCOUNTING POLICIES: (Continued)

Notes Receivable from Participants –

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Uncertain Tax Positions –

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or a disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to tax examinations for the years prior to 2015. If applicable, the Plan would record penalties and interest or uncertain tax positions as a deduction from net assets.

3. INVESTMENTS:

Fair Value Measurements –

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

3. INVESTMENTS:

Fair Value Measurements – (Continued)

The accounting guidance includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of fair value hierarchy are as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the entity has the ability to access.

- Level 2 - Valuations based on quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable data for substantially the full term of the assets or liabilities.

- Level 3 - Valuations based on inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of assets and liabilities and their placement within the fair value hierarchy levels.

Following is a description of the valuation methodologies used for assets measured at fair value-

- Registered Investment Companies: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

- Common Collective Trusts: This investment is valued using the NAV provided by the Plan's third party administrator. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The inputs used in the valuing the underlying investments in the common collective trust included quoted prices from similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities and inputs that are derived principally from or corroborated by observable market data.

The methods described above might produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the different methodologies or assumptions used to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Investments are administered and maintained by Fidelity Management Trust Company (the "Trustee"). The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as to complete and accurate by the Trustee.

3. INVESTMENTS: (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

(b) The common collective trust held by the Plan requires twelve month's notice for a complete liquidation, however, the trustee, at their discretion, may waive the twelve month waiting period. Participant directed redemptions are allowed daily with no restrictions. There are no unfunded commitments.

4. FINANCIAL DATA CERTIFIED BY THE TRUSTEE:

The Plan administrator has received from the trustee of the Plan, certification of the financial information as of and for the years ended December 31, 2018, and 2017 in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The total investment gain(loss) from investments held by the trustee amounting to ($336,565) and $737,892 as of December 31, 2018, and 2017, respectively and interest on notes receivable from participants amounting to $18,390 and $14,906 for the years ended December 31, 2018 and 2017, respectively, are reflected in the accompanying statements of changes in net assets available for benefits were derived from the financial information certified by the trustee.

5. FORMER PARTICIPANT BALANCES:

At December 31, 2018 and 2017, net assets available for benefits include $532,657 and $258,155, respectively, relating to individuals who are no longer active participants in the Plan.

6. RELATED PARTY AND PARTY-IN-INTEREST:

Certain officers and employees of the Company provide administrative and trustee services to the Plan which are not reimbursed by the Plan. The Company pays for certain other administrative fees related to the Plan.

6. RELATED PARTY AND PARTY-IN-INTEREST: (Continued)

Fidelity Management Trust Company is the plan's trustee and, therefore, qualifies as a party- in-interest. Certain plan assets are managed by Fidelity Management Trust Company and its affiliates. No fees were paid to Fidelity Management Trust Company.

Fidelity Workplace Services, LLC is the Plan's record keeper and therefore qualifies as a party-in-interest. No fees were paid to Fidelity Workplace Services, LLC as of December 31, 2018, and 2017.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

7. TAX STATUS OF THE PLAN:

The Plan has adopted volume submitter plan documents sponsored by the Trustee. The Trustee has represented to the Plan that, as designed, the Plan is in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the IRC to maintain its qualification.

The IRS has determined and informed the Plan sponsor by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and tax counsel believe that the Plan as currently designed is being operated in compliance with the applicable requirements of the IRC. The Plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its participation at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

1. DESCRIPTION OF THE PLAN:

The following description of Principal Manufacturing Corporation 401(k) Profit Sharing Plan (the "Plan") provides only general information. The Plan was amended and restated effective December 1, 2015 to adopt volume submitter plan documents sponsored by Fidelity Management & Research Company. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General –

The Plan is a defined contribution plan covering substantially all full-time employees of Principal Manufacturing Corporation (the "Company") who have completed two months of service, have reached the age of 18 and who are not covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions –

Each year, participants may contribute up to 96% of pretax annual compensation, as defined in the plan, subject to certain IRS limitations. Participants who have attained age 50 before the end of the Plan year may make catch-up contributions in addition to their regular deferral contributions. All pre-tax deferral contributions are made out of pretax earnings through salary reductions. These contributions are not subject to federal income tax until withdrawn. Taxes are the responsibility of the individual participants and not the Plan. All Roth deferral contributions are subject to federal income tax in the year of deferral and, in most cases, are not subject to federal income taxes when distributed. Participants may also contribute, with the consent of the Plan administrator, amounts representing distributions from other qualified retirement plans.

The amended and restated Plan effective January 1, 2015, included an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate set at 3% of eligible compensation. During 2018 and 2017, the Company elected to make matching contributions with a set rate of 50% of the amount that a participant contributes to the Plan up to a maximum deferral of 5% of compensation each pay period. Contributions for the years ended December 31, 2018 and 2017 amounted to $92,431 and $129,994, respectively.

The Company may also make a discretionary profit-sharing contribution (no profit-sharing contributions were made for the years ended December 31, 2018, and 2017). Participants are eligible for an allocation of the profit-sharing contribution after they have completed one year of service, are employed as of the last day of the Plan year and they worked at least 1,000 hours during the Plan year. Participants are also eligible for an allocation of the profit-sharing contribution regardless of the amount of service you complete during the Plan year in the year of your death, disability or retirement.

1. DESCRIPTION OF THE PLAN: (Continued)

Participant Accounts –

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, when applicable, and (b) Plan earnings (losses), as well as an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting –

Participants are always 100% vested in their contributions plus earnings thereon. Participants vest in their employer contributions in accordance with the following table:

Completed Years of Service	Percentage Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants also become fully vested in their employer contributions if they are employed with the Company upon reaching normal retirement age or upon death or permanent disability.

Forfeitures –

As of December 31 2018, and 2017, forfeited nonvested accounts totaled $6,345 and $25,668, respectively. Effective January 18, 2017, the plan was amended to allow the Company to use the forfeited nonvested accounts to reduce employer contributions in addition to reducing administrative expenses. No forfeitures were used to reduce administrative expenses during the year ended December 31, 2018, and 2017. Forfeitures of $34,335 were used to reduce employer contributions during the year ended December 31, 2018. No forfeitures were used to reduce employer contributions during the year ended December 31, 2017.

Notes Receivable from Participants –

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances from their accounts. Repayment of loans shall be determined by mutual agreement, but in no event will the term exceed five years unless the loan is used to purchase a principal residence, and then the term shall be limited to a period consistent with commercial home loan practices.

1. DESCRIPTION OF THE PLAN: (Continued)

Notes Receivable from Participants – (Continued)

The loans are secured by the vested balance in the participant account and bear interest at the Prime Rate plus 1%. Principal and interest are paid ratably through payroll deductions. Participants may have a maximum of one loan outstanding at any given time.

Disbursements –

A participant may elect to receive payment of benefits upon termination, retirement, disability, reaching age 59 1/2 or death. The plan does not allow hardship withdrawals.

Benefits may be paid in a lump-sum distribution or the participant may select from various periodic installment options as soon as practicable after employment with the Company has ended. Participants may elect to defer commencement of distributions until April 1 of the calendar year after they attain age 70 1/2 at which time minimum distributions must be made in accordance with applicable regulations. Until such time as the funds are distributed, the participant is entitled to receive a pro rata share of fund earnings. Benefits may also be paid to an eligible participant as an eligible rollover distribution.

Investment Options –

Participants direct the investment of their account balances into various investment options offered by the Plan. The Plan currently offers various investments in registered investment companies and a common collective trust as investment options for participants. The participants are able to change their investment options on a daily basis.

Administration of the Plan and Administrative Expenses –

Principal Manufacturing Corporation is the Plan's sponsor and administrator. Fidelity Workplace Services, LLC ("Fidelity") acts as a record keeper for the Plan. Fidelity Management Trust Company is the Plan's trustee and custodian. All administrative costs, charges and expenses are paid by the Plan to the extent not paid by the Company.

2. SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting –

The financial statements of the Plan are prepared under the accrual method of accounting. Accordingly, investment income is recognized when earned and expenses are recognized when incurred.

2. SUMMARY OF ACCOUNTING POLICIES: (Continued)

Use of Estimates –

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (USGAAP) requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amount of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition –

Investments are reported at fair value in accordance with accounting principles generally accepted in the United States of America. The Investment Committee determines the Plan's valuation policies. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Realized and Unrealized Appreciation (Depreciation) in Fair Value Investments –

Net realized gain (loss) on the sales of investments is calculated as the difference between the net proceeds and the cost of the investments on a specific identification basis.

Net unrealized gain (loss) in the fair value of investments is calculated as the difference between fair value of assets held at the beginning of the year or acquired during the year and the fair value of assets at the end of the year.

Contributions Receivable –

The Plan has contribution receivables from the Company and employees relating to contributions not yet funded as of December 31, 2018 and 2017. These contributions have subsequently been received by the Plan.

Payments of Benefits –

Benefits are recorded when paid.

2. SUMMARY OF ACCOUNTING POLICIES: (Continued)

Notes Receivable from Participants –

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Uncertain Tax Positions –

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or a disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to tax examinations for the years prior to 2015. If applicable, the Plan would record penalties and interest or uncertain tax positions as a deduction from net assets.

3. INVESTMENTS:

Fair Value Measurements –

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price).

3. INVESTMENTS:

Fair Value Measurements – (Continued)

The accounting guidance includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of fair value hierarchy are as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the entity has the ability to access.

- Level 2 - Valuations based on quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable data for substantially the full term of the assets or liabilities.

- Level 3 - Valuations based on inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of assets and liabilities and their placement within the fair value hierarchy levels.

Following is a description of the valuation methodologies used for assets measured at fair value-

- Registered Investment Companies: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

- Common Collective Trusts: This investment is valued using the NAV provided by the Plan's third party administrator. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The inputs used in the valuing the underlying investments in the common collective trust included quoted prices from similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities and inputs that are derived principally from or corroborated by observable market data.

The methods described above might produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the different methodologies or assumptions used to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Investments are administered and maintained by Fidelity Management Trust Company (the "Trustee"). The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as to complete and accurate by the Trustee.

3. INVESTMENTS: (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

3. INVESTMENTS: (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient at December 31:

	Fair Value*					
	2018	2017	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Fidelity Advisor Stable Value [(a)]	$ 233,164	$ 20,453	None	Daily	None	(b)

* The fair values of the investments have been estimated using the net asset value of the investment.

(a) Seeks to provide a guarantee of both principal and interest for participant-initiated withdrawals.

(b) The common collective trust held by the Plan requires twelve month's notice for a complete liquidation, however, the trustee, at their discretion, may waive the twelve month waiting period. Participant directed redemptions are allowed daily with no restrictions. There are no unfunded commitments.

4. FINANCIAL DATA CERTIFIED BY THE TRUSTEE:

The Plan administrator has received from the trustee of the Plan, certification of the financial information as of and for the years ended December 31, 2018, and 2017 in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The investments held by the trustee amounting to $4,983,981 and $5,078,841 and notes receivable from participants of $390,131 and $377,204 as of December 31, 2018 and 2017, respectively, are reflected in the accompanying statements of net assets available for benefits. The total investment gain(loss) from investments held by the trustee amounting to ($336,565) and $737,892 as of December 31, 2018, and 2017, respectively and interest on notes receivable from participants amounting to $18,390 and $14,906 for the years ended December 31, 2018 and 2017, respectively, are reflected in the accompanying statements of changes in net assets available for benefits were derived from the financial information certified by the trustee.

5. FORMER PARTICIPANT BALANCES:

At December 31, 2018 and 2017, net assets available for benefits include $532,657 and $258,155, respectively, relating to individuals who are no longer active participants in the Plan.

6. RELATED PARTY AND PARTY-IN-INTEREST:

Certain officers and employees of the Company provide administrative and trustee services to the Plan which are not reimbursed by the Plan. The Company pays for certain other administrative fees related to the Plan.

6. RELATED PARTY AND PARTY-IN-INTEREST: (Continued)

Fidelity Management Trust Company is the plan's trustee and, therefore, qualifies as a party- in-interest. Certain plan assets are managed by Fidelity Management Trust Company and its affiliates. No fees were paid to Fidelity Management Trust Company.

Fidelity Workplace Services, LLC is the Plan's record keeper and therefore qualifies as a party-in-interest. No fees were paid to Fidelity Workplace Services, LLC as of December 31, 2018, and 2017.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

7. TAX STATUS OF THE PLAN:

The Plan has adopted volume submitter plan documents sponsored by the Trustee. The Trustee has represented to the Plan that, as designed, the Plan is in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the IRC to maintain its qualification.

The IRS has determined and informed the Plan sponsor by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and tax counsel believe that the Plan as currently designed is being operated in compliance with the applicable requirements of the IRC. The Plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its participation at any time and to terminate the Plan subject to the provisions of ERISA.
