NOTE A--DESCRIPTION OF PLAN

The following description of the RusCorr, L.L.C. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by RusCorr, LLC (the "Company") for employees that meet specific eligibility requirements, as defined in the Plan's provisions. Affiliated companies RusCorr II, LLC and CSC Atlanta, LLC are participating employers under the Plan for the benefit of their employees and are bound by all elections selected by the Company. The Plan, designated as a defined contribution plan, was originally established on September 1, 2003, and was most recently restated January 16, 2015 to comply with applicable laws. The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees of the Company, twenty-one years or older, are eligible to participate after completing one month of service in which the employee is credited with 83.3 hours of service in the month or one year of service. Employees are eligible to enter the Plan on the first day of the month following satisfaction of the eligibility requirements (see Note K).

The Plan is subject to the provisions of the Employee Retirement Income and Security Act of 1974 ("ERISA"). The Plan Administrator and Plan Trustees are responsible for oversight of the Plan, determining the appropriateness of investment offerings, and monitoring investment performance.

Contributions

Eligible participants may elect to contribute pre-tax deferred compensation to the Plan by means of a salary deferral agreement up to the maximum limit permitted by law. Contributions are, thus, subject to limitations as provided in the Code and as described in the Plan's provisions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers) in accordance with Plan provisions.

Unless eligible employees affirmatively elect otherwise, their compensation will be reduced by 2%, the "Automatic Enrollment Rate." For each payroll period in which they are an active and eligible participant, a pre-tax deferral contribution at the automatic enrollment rate will be made on the participant's behalf into a default fund as designated by the Plan Trustees.

The Company may make discretionary matching contributions to the Plan in accordance with Plan provisions. Employees that are twenty-one years or older and have completed 1,000 hours of service are eligible to receive an allocation in the discretionary matching contribution.

Effective December 1, 2018, the Company may make non-elective contributions to the Plan in accordance with Plan provisions. Employees that are twenty-one years or older and have completed 1,000 hours of service are eligible to receive an allocation in the non-elective contribution.

Salary deferral contributions are funded proximate to the withholding date. Discretionary contributions, if any, are funded annually after the close of the Plan year and within statutory time frames.

NOTE A--DESCRIPTION OF PLAN-continued

Participant Accounts

Each participant's account is credited with the participant's contribution, if any, and allocations of (a) the Company's discretionary matching or profit sharing contributions, if any, (b) Plan earnings or losses, (c) forfeitures of terminated participants' non-vested accounts, and (d) charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant account balances or compensation, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants direct the investment of their contributions into various investment options offered by the Plan and may elect to change their investment options at any time. During any period in which there is no participant direction on file with the Plan as to the investment of a participant's account, 100% of that participant's account will be invested in the investment option designated from time to time by the Plan Trustees as the default investment. The Plan currently offers various investment options for participants, including mutual funds and a fixed annuity.

Vesting

Participants are immediately vested in their contributions and the Company match contributions plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions of their accounts plus actual earnings thereon is based on years of credited service, as presented below. A participant is 100 percent vested after six years of credited service. Participants who attain the normal retirement age of 65 or who terminate employment due to death or disability become 100 percent vested in their account balances.

Years of Credited Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the participant's highest outstanding loan balance in the previous twelve months and the participants existing loan balance or 50 percent of their vested interest in the Plan, reduced by the participants existing loan balance. The loans are collateralized by the participant's account balance and bear interest at a reasonable rate commensurate with local prevailing rates as determined by the Plan Administrator. Loans are for a period not to exceed five years unless for the purchase of the participants principal residence, in which case a reasonable time for repayment will be determined. The interest rates applied to current loans outstanding are between 4.25 and 6.25 percent. Principal and interest is paid ratably through payroll deductions.

NOTE A--DESCRIPTION OF PLAN-continued

Payment of Benefits

Upon termination of employment due to death, disability, retirement or Plan termination, a participant is entitled to 100 percent of their account balance. For termination of employment for other reasons, a participant is entitled to 100 percent of the participant's contributions and the vested portion of the Company's contributions based upon the Plan's vesting provisions in a lump sum.

All distributions will be made as soon as administratively feasible. However, those account balances in excess of $5,000, will be made as soon as administratively feasible following the date the Plan Administrator receives a written request for distribution. In-service and hardship withdrawals, subject to certain restrictions, are also permitted.

Mandatory distributions less than $5,000 will be paid in a single lump-sum payment. The Plan will make the distribution as a direct rollover for any amounts greater than $1,000. These distributions will be made if a participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or does not elect to receive the distribution directly.

Forfeited Accounts

Forfeited nonvested accounts may be used to reinstate any previously forfeited amounts of certain former participants who are rehired. The remaining forfeitures will first be used to pay administrative expenses of the Plan, as directed by the employer, with remaining amounts used to reduce future employer contributions.

At December 31, 2018 and 2017 forfeited non-vested accounts totaled $14,196 and $11,737, respectively. During the year ending December 31, 2018, the Plan used $4,215 of the forfeited non-vested accounts to reduce matching contributions for the Plan year 2018.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fixed annuity contract, which is at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Profit Sharing and 401(k) Oversight Committee determines the Plan's valuation policies utilizing information provided by the investment Custodian and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded at December 31, 2018 and 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loans to be in default, the participant loan balance is reduced, and a benefit payment is recorded. During the plan year ended December 31, 2018, $8,969 of notes receivable from participants were deemed distributed.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administrating notes receivable and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of the fair value of investments.

Subsequent Events

Management of the Plan has evaluated subsequent events through October 10, 2019, which is the date the financial statements were available to be issued.

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Registered investment companies: Registered investment companies value mutual funds at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Committee Members and Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE C--FAIR VALUE MEASUREMENTS-continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017.

	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total Fair Value

NOTE D--INFORMATION CERTIFIED BY CUSTODIANS (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in the fair value of investments, interest and dividends, for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Custodians, Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC.

Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to such information certified by the Custodians, as of December 31, 2018 and 2017 and for the year ended December 31, 2018.

Except for comparing such information as certified as being complete and accurate by the Custodians to information included in the Plan's financial statements and supplemental schedule, the Plan's independent auditors did not perform any auditing procedures on the certified information.

The following is a summary of information certified by the Custodians as of December 31, 2018 and 2017.

	2018	2017
Registered investment companies, at fair value	$ 3,090,602	$ 2,645,721
Fixed annuity, at contract value	315,610	310,051
Notes receivable from participants	228,616	172,478
Net depreciation in fair value of investments	(497,693)	
Dividends - registered investment companies	223,452	
Interest income - fixed annuity	3,433	
Interest income - notes receivable from participants	9,568	

NOTE E--FIXED ANNUITY CONTRACT

The Key Guaranteed Portfolio Fund (the "Fixed Annuity") is a fully benefit-responsive investment contract. The Fixed Annuity's contract value is calculated by Great-West Life & Annuity Insurance Company, the Custodian, based upon the accumulation of contributions that are allocated to the Fixed Annuity, plus interest credited to the Fixed Annuity on an annual effective basis pursuant to the guaranteed interest rate stated in the investment contract, and charged for any amounts transferred or distributed and any administrative expenses.

With traditional investment contracts, the Plan owns only the contract itself. With synthetic investment contracts, the Plan owns the underlying assets of the synthetic investment contract. The Fixed Annuity is a traditional investment contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include premature termination of the contracts by the Plan; Plan termination, bankruptcy of the Plan Sponsor or failure of the trust to qualify for federal income tax exemption. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Either party may terminate the investment contract with at least 90 days advance written notice to the other party. If the Fixed Annuity was to be discontinued, the value of the funds to be disposed would be determined in accordance with contract provisions, which included an interest component. There are no reserves for credit risk of the contract issuer or otherwise.

The contract value of the Fixed Annuity at December 31, 2018 and 2017 is $315,610 and $310,051, respectively.

NOTE F--RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Plan investments consist of registered investment companies and a fixed annuity contract managed by the Custodians; and therefore, qualifies as party-in-interest transactions. The Custodians performed administrative and recordkeeping services for the Plan which were paid for with Plan assets.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services by the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan. These amounts are not material to the financial statements.

NOTE G--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H--TAX STATUS

On March 31, 2014, the Internal Revenue Service stated that the prototype plan document, subsequently adopted by the Plan, as then designed, qualified under section 401(k) of the Code. The Plan has been amended since receiving the determination letter. The Plan has not received a determination letter specific to the Plan itself. However, the Plan Administrator and the Plan's legal counsel believe that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the Code and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2015.

NOTE I--RISKS AND UNCERTAINTIES

The Plan's assets are invested directly and indirectly in various investment securities. The investments are exposed to various risks such as interest rate, market, and credit risks. The Plan's assets are subject to the changes in the value of those underlying investments, including the potential for bankruptcy of one or more of the companies in which they are invested.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J--DELINQUENT PARTICIPANT CONTRIBUTIONS

During the Plan year ended December 31, 2016, the Plan engaged in prohibited transactions of $517 related to late deposits of employee deferrals. The Plan Sponsor deposited $517 into the Plan for the late deferrals in addition to $228 for missed matching contributions and amounts representing lost earnings on the late deferrals and missed matching contributions during the Plan year ended December 31, 2017.

NOTE K--PLAN AMENDMENTS

Effective April 3, 2017, the Plan was amended to provide that amounts used to fund Qualified Non-Elective Contributions (QNECs) and Qualified Matching Contributions (QMACs) must be nonforfeitable and subject to distribution restrictions when allocated and are no longer required to be nonforfeitable and subject to distribution restrictions when they are first contributed to the Plan.

Effective January 1, 2018, the Plan was amended to provide that employees are eligible to receive an allocation of the non-elective employer contribution regardless of hours of services.

NOTE K--PLAN AMENDMENT-continued

Effective May 1, 2018, the Plan was amended to provide that employees are eligible to make elective contributions and receive employer matching contributions after one month of service, with at least 83.3 hours completed during the month. Employees may enter the Plan on the first day of the month following satisfaction of the requirements. Prior to May 1, 2018, an employee was eligible to make elective contributions and receive employer matching contributions after two months of service, with at least 83.3 hours per month. Employees were able to enter the first day of the quarter following satisfaction of the requirements.

Effective January 1, 2019, the Plan was amended to provide that employees must complete 1,000 hours of service and be employed at the end of the Plan year in order to be eligible to receive an allocation of the non-elective employer contribution.

Effective February 1, 2019, the Plan was amended to provide that employees receive credit for service with prior employers if the employer maintains the plan of the prior employer. Service with the following prior employers will be credited as service under this plan: Alsip MiniMill, LLC, CSC-Atlanta, LLC, CSC-Indiana, LLC, CSC-Pennsylvania, LLC, MiniMill Management, LLC, RusCorr II, LLC and Corrugated Supplies Company, LLC.

The Plan was also amended to provide that employees may elect Roth deferrals as well as pre-tax deferrals. Both Roth and pre-tax deferrals will be matched.

The Plan amendment also provides that in-service distributions may be made from pre-tax deferrals, Roth deferrals, safe harbor contributions, qualified non-elective contributions, and qualified matching contributions. Hardship withdrawals and in-service distributions due to hardship may only be made from pre-tax and Roth deferrals.
