NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF THE PLAN

The following brief description of the In Mocean Group, LLC 401(K) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for complete description of the Plan's provisions.

General – The Plan is a participant directed defined contribution plan which was originally established on February 15, 2003. The Plan is sponsored by In Mocean Group, LLC (The "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – The Plan covers all employees of the Company who are not members of a collective bargaining unit in which retirement benefits are the subject of good faith bargaining. Any eligible employee of the Company who has completed six months of service and has attained age 21 shall be eligible to participate in the Plan as of the day he or she has satisfied such requirements. An eligible employee becomes a participant effective on the first day of the quarter coinciding with or next following the date of completion of six months of service.

Contributions – Each year, participants may contribute up to the maximum percentage of eligible compensation allowable under the Internal Revenue Code ("IRC"). The Plan allows for the Company to make profit sharing contributions at the option of the Company's board of directors. Contributions are subject to certain limitations.

Rollovers – Rollover contributions are permitted into the Plan in accordance with Internal Revenue Service ("IRS") regulations and plan provisions.

Participant Accounts – Each participant's account is credited with the participant's contribution, the Company's contributions, if any, and any income, gains, or losses attributable to the investment mix of the account. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants – Participants may borrow up to 50% of their vested account balance, with a minimum borrowing of $1,000 and a maximum of $50,000. Maturities on notes receivable are for a maximum of five years, or, for the purchase of a primary residence, a term to be decided by the plan administrator. Participants are allowed to have only two notes receivable outstanding at a time. Notes receivable are secured by the participant's vested balances, bear interest at prime plus 1% at the time of the borrowing, and generally must be repaid ratably through payroll deductions over the loan term. Notes receivable are generally payable in full upon a participant's termination of employment or the occurrence of certain other events. Notes receivable as of December 31, 2018 and 2017 carry an interest rate ranging from 4.25% to 6.25%, with various maturities through November, 2022. Delinquent notes receivable are recorded as distributions based on the terms of the plan agreement.

Forfeited Accounts – Forfeited balances of participants' non-vested accounts are used to reduce future employer contributions and pay expenses of the Plan. There are no unallocated forfeitures as of December 31, 2018 and 2017.

1. DESCRIPTION OF THE PLAN (continued)

Vesting – Participants are immediately vested in their salary deferrals and voluntary contributions, plus actual earnings thereon. Vesting in Company contributions and earnings thereon is based on years of continuous service and increases in increments of 20% per year until fully vested after five years of credited service.

Benefit Payments – Under the Plan, normal retirement age is 65. On termination of service due to death, disability or retirement, a participant shall be considered 100% vested. Participants may receive a lump-sum amount equal to the value of the participant's vested account balance or may elect to roll over the distribution to a qualified account. If the balance of the vested benefit does not exceed $5,000, under certain circumstances the vested balance may be transferred to an automatic rollover account without the participants consent. Lump sum distributions will be made as soon as practicable following the event.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition – Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 4 and 5 for descriptions of fair value measurements and fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded when earned. Net depreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included as administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based upon the terms of the plan agreement.

Payment of Benefits – Benefit payments to participants are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net depreciation of fair value of investments.

3. INFORMATION CERTIFIED BY VOYA (UNAUDITED)

The plan management has elected the method of compliance by 29 CFR 2520:103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan's management instructed the plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Voya Retirement Insurance and Annuity Company ("Voya"), except for comparing such information certified by the service provider with information included in the plan's financial statements and supplemental schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2018.

	2018	2017
Statements of net assets available for benefits - Investments:		
Guaranteed Investment Contracts	$ 1,319,088	$ 1,535,723
Pooled separate accounts	7,666,056	7,465,405
	$ 8,985,144	$ 9,001,128

- Investment income for the year ended December 31, 2018 as shown in the accompanying statement of changes in net assets available for benefits included dividend income of $18,560.
- The Plan's investments depreciated in value by $574,972 for the year ended December 31, 2018.
- All investment-related information in the accompanying supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 — Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

4. FAIR VALUE MEASUREMENTS (continued)

- Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled Separate Accounts: The Plan has investments in participation units held in pooled separate accounts through sub-accounts of an insurance company. The net asset value ("NAV") is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

The underlying securities in other pooled separate accounts are listed on national securities exchanges and valued on the basis of year end closing prices. The Plan has concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximates fair value of the investments. The investments are redeemable at the adjusted net asset value under agreements with the insurance company.

The following table sets forth the plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2018:

Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts measured at net asset value (a)	$ -	$ -	$ -	$ 7,666,056
Investment at fair value	$ -	$ -	$ -	$ 7,666,056

The following table sets forth the plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2017:

Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts measured at net asset value (a)	$ -	$ -	$ -	$ 7,465,405
Investment at fair value	$ -	$ -	$ -	$ 7,465,405

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. FAIR VALUE MEASUREMENTS (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2018	Fair Value	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Pooled separate accounts	$7,666,056	N/A	None	None

December 31, 2017	Fair Value	Unfunded Commitments	Other Redemption Restrictions	Redemption Notice Period
Pooled separate accounts	$7,465,405	N/A	None	None

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan has an investment contract with Voya. Contributions under this contract are maintained in a general account that is credited with earnings on the underlying investment and charged for participant withdrawals and administrative expenses. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attributed for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value. The contract value of this investment as of December 31, 2018 and 2017 was $1,319,088 and $1,535,723, respectively.

There are no reserves against contract value for credit risk. The crediting interest rate is determined on a monthly basis by an actuarial formula, as designated by Voya. The crediting interest rate is subject to a guaranteed minimum floor, as defined on an annual basis by Voya. The floor rate was 1.20% as of December 31, 2018 and 2017, respectively.

Certain events may limit the Plan's ability to transact at contract value with Voya. Such events include the following; (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan or (d) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Under the terms of the guaranteed investment contract, the Plan sponsor must provide a minimum of 90 days notice to Voya prior to redemption of the contract. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

6. FEDERAL INCOME TAX STATUS

The Plan adopted a prototype nonstandardized profit-sharing plan with cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which states that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

7. RISK AND UNCERTAINTIES

The Plan invests in various investment securities including pooled separate accounts and a guaranteed investment contract. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. PLAN TERMINATION

Although the Company has not expressed any intention to do so, the Company reserves the rights to modify, suspend, amend or terminate the Plan in whole or in part at any time subject to the provisions of ERISA. If the Plan is terminated, the amounts credited to the employer contribution accounts of all participants become fully vested.

9. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and guaranteed interest contracts with Voya. Voya is the service provider as defined by the Plan. Loans to the participants are secured by balances in the respective participant accounts. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules. Administrative fees paid to Voya totaled $816 for the year ended December 31, 2018.

10. PROHIBITED TRANSACTIONS

During the Plan year ended December 31, 2018 and 2017, the Company was delinquent in remitting to the service provider certain employee contributions totaling $30,412 and $804, respectively, within the time period set forth by the Department of Labor's ("DOL") plan asset regulation at 2510.3-102. The Company will compute the lost earnings on these deposits and will subsequently remit a contribution for the lost earnings to the Plan.

11. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 11, 2019 , the date which the financial statements were available to be issued.

12. RECONCILIATION TO FORM 5500

No material differences exist between the financial statements and Form 5500.

The chart below summarizes the investment expenses for the funds available under your Voya Financial, Inc. (Voya) program and the revenue received by Voya from the funds in support of the recordkeeping and administrative services we provide in connection with your plan. Voya uses this revenue to maintain the investment, administrative and technological platforms and other supporting services used by your plan. Part of this revenue may also be used to compensate one or more of your plan's other service providers. Among those additional service providers are the plan's adviser and third party administrator (TPA). For informational purposes, we are providing the amounts that may be paid to certain other providers in the summary below. Amounts shown are expressed as a percentage of program assets based on formulas in effect as of the date above, and are subject to change.

Note: The amounts shown below are not added to each other. Rather, the revenue Voya receives is paid directly or indirectly from the total investment expenses. The compensation paid by Voya is a Voya expense and is not separately charged to the plan.

[3] **Average Annual Total Investment Option Revenue:** This is the weighted average revenue to Voya from all plan investment options, based on assets at the reporting date, including any assets in the Voya Fixed or Guaranteed Accumulation Account.

* The annual compensation paid by Voya to your adviser and TPA reflects the compensation payable after the first year of the program and does not include compensation paid on transferred assets or any "first year" compensation. See your new business paperwork for information on first year compensation. Certain minimum criteria may apply before such payments are made and receipt of compensation by your TPA may vary by plan. In addition, Renewal Contributions are contributions made after the first year of the contract. Increase Contributions are contributions that exceed the highest contributions in any prior year. Voya may also make payments to other plan service providers from the total revenue received by Voya.

Fund Notes

DFA Real Estate Securities Portfolio - Institutional Class: Dimensional Fund Advisors LP (the "Advisor") has agreed to waive certain fees and in certain instances, assume certain expenses of the DFA Real Estate Securities Portfolio. The Fee Waiver and Expense Assumption Agreement for the Portfolio will remain in effect through February 28, 2019, and may only be terminated by the Fund's Board of Directors prior to that date. Under certain circumstances, the Advisor retains the right to seek reimbursement for any fees previously waived and/or expenses previously assumed up to thirty-six months after such fee waiver and/or expense assumption.

PIMCO CommodityRealReturn Strategy Fund - Institutional Class: Excluding interest expense, Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement are 0.74%. Total Annual Fund Operating Expenses do not match the Ratio of Expenses to Average Net Assets Excluding Waivers of the Fund, as set forth in the prospectus table of the Fund's prospectus, because the Ratio of Expenses to Average Net Assets Excluding Waivers reflects the operating expenses of the Fund and does not include Acquired Fund Fees and Expenses. PIMCO has contractually agreed to waive the Fund's advisory fee and the supervisory and administrative fee in an amount equal to the management fee and administrative services fee, respectively, paid by the PIMCO Cayman Commodity Fund I Ltd. (the "Subsidiary") to PIMCO. The Subsidiary pays PIMCO a management fee and an administrative services fee at the annual rates of 0.49% and 0.20%, respectively, of its net assets. This waiver may not be terminated by PIMCO and will remain in effect for as long as PIMCO's contract with the Subsidiary is in place.

American Beacon International Equity Fund - Inst Class: The Total Annual Fund Operating Expenses do not correlate to the ratio of expenses to average net assets provided in the Fund's Financial Highlights table, which reflects the operating expenses of the Fund and does not include Acquired Fund Fees and Expenses.

The Fund's adviser and/or its affiliates have contractually agreed to waive fees and/or reimburse expenses to the extent Total Annual Fund Operating Expenses (excluding acquired fund fees and expenses other than certain money market fund fees as described below, dividend and interest expenses related to short sales, interest, taxes, expenses related to litigation and potential litigation, and extraordinary expenses) exceed 0.44% of the average daily net assets. The Fund may invest in one or more money market funds advised by the adviser or its affiliates (affiliated money market funds). The Fund's adviser, shareholder servicing agent and/or administrator have contractually agreed to waive fees and/or reimburse expenses in an amount sufficient to offset the respective net fees each collects from the affiliated money market funds on the Fund's investment in such money market funds. These waivers are in effect through 10/31/19, at which time the adviser and/or its affiliates will determine whether to renew or revise them.

ClearBridge Small Cap Growth Fund - Class IS: The manager has agreed to waive fees and/or reimburse operating expenses (other than interest, brokerage, taxes, extraordinary expenses and acquired fund fees and expenses) so that total annual operating expenses are not expected to exceed 1.05% for Class I shares. In addition, total annual fund operating expenses for Class IS shares will not exceed total annual fund operating expenses for Class I shares. These arrangements cannot be terminated prior toDecember 31, 2015 without the Board of Trustees' consent. The manager is permitted to recapture amounts waived and/or reimbursed to a class during the same fiscal year if the class' total annual operating expenses have fallen to a level below the limitsdescribed above.

Victory Munder Mid-Cap Core Growth Fund - Class R6: The Adviser has contractually agreed to waive its management fee and/or reimburse expenses so that the total annual operating expenses of the Fund (excluding Acquired Fund Fees and Expenses and certain items such as interest, taxes and brokerage commissions) do not exceed 0.89% until at least October 31, 2016. The Adviser is permitted to recoup advisory fees waived and expenses reimbursed for up to three years after the fiscal year in which the waiveror reimbursement took place (including any amounts waived or reimbursed prior to October 31, 2014 by Munder Capital Management, investment adviser to the Fund's predecessor, Munder Mid-Cap Core Growth Fund, a series of Munder Series Trust), subject toany operating expense limits in effect at the time of the original waiver or expense reimbursement and at the time of recoupment. This agreement may only be terminated by the Fund's Board of Trustees.

American Century Investments Mid Cap Value Fund - R6 Class: The advisor has agreed to waive 0.03 percentage points of the fund's management fee. The advisor expects this waiver to continue until April 9, 2018 and cannot terminate it prior to such date without approval of the Board of Directors.

Voya Intermediate Bond Fund - Class R6: The adviser is contractually obligated to limit expenses to 0.50% through August 1, 2015. The limitation does not extend to interest, taxes, brokerage commissions, extraordinary expenses, and Acquired Fund Fees and Expenses. This limitation is subject to possible recoupment by the adviser within 36 months of the waiver or reimbursement. Termination or modification of this obligation requires approval by the Fund's board.

Other Indirect Compensation

Float

Voya and its affiliated companies ("Voya") earn income in the form of bank service credits on contributions awaiting investment and on payments awaiting distribution from the bank accounts that Voya maintains (or "float"). The bank service credits are applied against the bank service fees that apply to the bank accounts that Voya maintains and may not be redeemed for cash. Specifically, the bank accounts have been established to receive and hold for a reasonable time:

- contributions or other amounts to be invested in your retirement plan, or
- amounts redeemed to pay a distribution or disbursement from your plan.

Your Voya service provider will receive income in the form of bank service credits (as described below) and offset such credits against bank service fees that are charged to Voya for the use of such bank accounts and for services provided by the banks for processing receipts or disbursements.

Float Generated by Contributions:

Your Voya service provider uses a bank account to receive and hold contributions or other Plan deposit amounts to be invested. Contributions or other deposit amounts are held until Authorized Instructions are received in good order. Income in the form of bank service credits are earned on the bank account during any waiting period for Authorized Instructions. For Authorized Instructions received in good order by the close of the New York Stock Exchange (normally 4:00 p.m. Eastern Time), contributions or other deposit amounts will be invested on that business day. For Authorized Instructions received in good order after the close of the New York Stock Exchange, contributions or other deposit amounts will be processed on the next business day.

Float Generated by Distributions:

Your Voya service provider and/or one or more of its corporate affiliates receives income in the form of bank service credits in connection with distributions or disbursements that Voya pays on the plan's behalf. The service credits accrue during the period beginning when an amount is redeemed from the Plan's investment to fund a distribution or disbursement check and ending when the check is presented for payment.

Additionally, from time to time, the corporate affiliate of your Voya service provider may receive money market like rates of return on other deposit or short term investment products in which distributions may be held until such time as the check is presented for payment.

Transaction Processing Errors

Voya processes your Plan's investment instructions on an "omnibus" or aggregated basis. If Voya's correction of a Voya processing error results in a loss to your Plan or its Participants, Voya will absorb the loss. If any gain results in connection with the correction of a Voya processing error, Voya will net any such gain against other losses absorbed by Voya and retain any resulting net gain as a component of its compensation for transaction processing services, including its agreement to make Plan and Participant accounts whole for losses resulting from Voya processing errors. For more information on our error correction policy, please refer to Voya Retirement Insurance and Annuity Company's Policy for Correction of Processing Errors ("VRIAC Policy"). The VRIAC policy is posted in the Sponsor Disclosure section of the Sponsor Web.

Revenue Sharing

In addition, to the extent former or current Affiliates of Voya perform services for the Plan, such Affiliate may share any revenue received with Voya or may credit Voya for such revenue against amounts due from Voya to such Affiliate. Such revenue sharing may include, but it is not limited to, revenue sharing in connection with investment management, brokerage or trustee/custodial services.

Conference Support

Some fund families provide financial support to Voya companies in connection with training and education events attended by Voya employees and representatives. This financial support may include expenses associated with meals. For calendar year 2018 such amount was approximately $0.32 per plan. This estimate was determined by dividing the total amount received from all fund families by the number of plans for which Voya provides investment services.

Appendix: Definitions for Indirect Fees

- **Fund No:** The fund number assigned by Voya
- **Fund Name:** The name of the Fund

Please note that some of the funds available under your plan may include Voya proprietary funds. Proprietary funds are funds which are owned by Voya companies. The mutual funds listed for your plan which start with Voya's name are Voya proprietary funds.

FUND EXPENSES

- **Management Fees**: Fees paid to the Fund for investment advisory activities related to the selection and management of fund investments. These fees may include fees paid to the trustee of a collective investment trust.
- **12b-1 Fees**: Fees paid to the Fund for distribution services provided on behalf of a fund. If the fund imposes 12b-1 fees, such payments are made out of fund assets.
- **Other Expenses**: Fees paid to the Fund for other expenses associated with maintenance of a fund, such as: accounting, audit, recordkeeping, prospectus delivery, proxy support, periodic fund reports printing and/or mailing, etc.
- **Gross Fund Expense:** The sum of the management fees, 12b-1 fees and other expenses paid by the Fund.
- **Waivers and Adjustments**: An adjustment to a portion of the mutual fund fees as stated in the fund's most current prospectus. For certain funds, the investment adviser or other service provider to the fund may waive a portion of its fees or reimburse certain fund expenses, which will reduce the expense ratio of the fund for the period of the waiver or adjustment. These waivers and adjustments may not necessarily continue in the future. Please refer to the footnotes at the end of this report for further information regarding any Waivers and Adjustments shown.
- **Net Fund Expense**: The Gross Fund Expense reduced by any waiver or adjustment in effect.
- **Prospectus Date**: The date of the fund prospectus from which the fund fees have been provided.

VOYA CONTRACT CHARGES

- **Daily Asset Charge**: A Voya contract charge assessed against the variable funds for marketing and sales expenses as well as the costs of various services (e.g., call centers, websites, daily valuation systems, regulatory information, transaction processing, communication, education and enrollment support) in support of your program. This fee paid to Voya may be comprised of a base contract charge as well as additional charges for optional services selected by the plan.

- **Total Net Fund Expense**: The Net Fund Expense plus the Daily Asset Charge.
- **Total Revenue to Voya:** The sum of the Total Daily Asset Charge plus amounts received by Voya from the Fund or fund custodian for Sub TA Expense Reimbursement, 12b-1 Fees and other services.

REVENUE TO VOYA

- **Total Daily Asset Charge**: The Daily Asset charge.
- **Sub Transfer Agent (Sub TA) Expense Reimbursement**: The amount paid to Voya Retirement Insurance and Annuity Company ("VRIAC") or its affiliates by the Fund Family or Fund Transfer Agent for plan and participant level recordkeeping services.
- **12b-1 Fees:** The amount paid to VRIAC or its affiliates by the fund family from the fund's 12b-1 fees for distribution services.
- **Service Fee:** The amount paid to VRIAC or its affiliates by the Fund Family or Fund Transfer Agent for other services provided in connection with the investment option. If your plan uses the Voya Fixed Account or Voya Guaranteed Accumulation Account (GAA), the amount shown in the "Service Fee" column represents our reasonable and good faith estimate of the cost of the recordkeeping and other administrative services being offset through a reduction in the rates of interest that would otherwise be credited. In developing our estimate, we applied guidance issued by the Department of Labor in connection with Form 5500 Schedule C reporting. Under that guidance, if the rate of return on a fixed rate investment contract is net of the expense of recordkeeping and similar administrative services, then the amount so "netted" should be reported as a fee charged against the Plan's investment in order to avoid the inference that the Plan services were being provided free of charge. Estimates of those amounts are permitted so long as the estimate is reasonable, and the methodology and assumptions used to prepare the estimate are disclosed.

  The rate credited to your Plan's Fixed Account and/or GAA ("fixed accounts") balance is a "net" rate that reflects the costs of the recordkeeping and other administrative services we provide. We have estimated the amount of that rate reduction and reported it in the "Service Fee" column of our indirect compensation report in order to inform your understanding of the costs of our recordkeeping and administrative services. Set forth below is a description of the method we used in developing our estimate:

  First, we determined the ratio of (1) our estimated internal costs for providing plan recordkeeping, trusteeship and similar services to all of our Plan customers as of the prior calendar year end, to (2) our average total assets during the same calendar year. We applied that ratio to your Plan's fixed account(s) to arrive at an estimate of the dollar amount of reportable compensation attributable to netting the costs of providing such services against the Fixed Account/GAA rate.

- **Total Revenue to Voya:** The sum of the Total Daily Asset Charge plus amounts received by Voya from the Fund or fund custodian for Sub TA Expense Reimbursement, 12b-1 Fees and other services.
