Blue River PetCare, LLC 401(k) Plan

Notes to Financial Statements
December 31, 2018 and 2017

1. *Description of Plan*

The following description of the Blue River PetCare, LLC 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees, as defined in the Plan document, of Blue River PetCare, LLC (Company) who have met the eligibility requirements. In order to participate in the Plan, employees must be age 21 or older and must be employed by the Company or any of its veterinary practices for 2 months. The Plan does not cover union employees, non-resident aliens, or leased employees. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). As the Company acquires new veterinary clinics, the Plan allows the newly acquired clinic's employees to participate in the Plan.

Effective January 1, 2018 the Plan elected a new recordkeeper, advisor and trustee to enhance the services provided to participants. Alliance Pension began serving as the Plan's recordkeeper, The River Falls Group of Morgan Stanley as the Plan's advisors, and Charles Schwab Bank as the Plan trustee. The Plan also restated and amended the Plan Agreement effective January 1, 2018.

Effective October 17, 2017, the Company through one of its wholly owned subsidiaries purchased the assets of Mendon Village Animal Hospital, PC ("Mendon"). Mendon's existing 401k plan continued to operate as a separate plan through December 31, 2017. Effective January 1, 2018, the Mendon 401k plan merged into the Blue River PetCare Plan and its $1.35 million of assets were transferred into the Plan.

Contributions

Eligible participants are allowed to contribute between 1% and 100% of 401k pretax or Roth 401k post-tax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code (IRC) which was $18,500 in 2018. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 may also elect to make additional catch up contributions up to $6,000 in 2018.

Certain participant contribution in 2018 were paid after the time frame required by the Department of Labor. The Company made corrective contributions as calculated by the Recordkeeper in 2018.

The Company matches 50% of the participants' first 6% of elective deferrals up to a maximum of $900. The Company paid $347,641 in matching contributions to participants' accounts in 2018.

The Company, at its discretion, may make non-elective contributions into the Plan. During 2018, the Company did not make any non-elective contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and Plan's earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants direct the investment of their account balances into various investment

options offered by the Plan. The Plan currently offers one money market and sixteen mutual funds as investment options for participants.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon.

The Company match is subject to vesting based on years of service. Participants in the Plan vest 20% of the Company's elective match each year and are fully vested after five years of service. Acquisition employees receive prior service credit for vesting purposes based upon their pre-acquisition hire date.

Similarly, should Employer non-elective contributions be made (non-qualified), contributions vest 20% for each service year and vest over a five-year period.

Participant Notes Receivable

Effective January 1, 2018, participants may secure a note for a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. All participant notes receivable are considered a directed investment of the employee's account and all payments of principal and interest are credited to the account. Participant notes receivable are charged an interest rate equal to one percentage point above the prime rate for any participant note receivable received from the Plan. The interest rate is fixed for the participant note receivable duration.

Note payments are made through payroll deductions over a period not to exceed 5 years, unless the note receivable was used to purchase a primary residence in which case a longer repayment term may be permitted. Notes receivables may be prepaid in full by certified check at any time. Participants are limited to one outstanding note at any time.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant or beneficiary may elect to receive their benefits as either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in the form of annual installments. Terminated participants with vested account balances under $5,000 will receive a lump-sum distribution as requested by the plan administrator without the participant's consent, unless the participant elects to receive a lump sum distribution or direct rollover. Additionally, under certain circumstances of financial hardship, a participant is allowed to withdraw funds from the Plan.

Forfeitures

Any forfeitures of the Company's elective and non-elective contributions due to a participant's withdrawal from the Plan prior to being 100% vested are used to pay Plan expenses. In 2018, there were $4,088 of forfeitures to reduce the Company's employer's contributions.

Participant Fees

The Plan incurs expenses and administrative fees for services. Revenue sharing derived from the Plan's investments is used to offset these expenses. Administrative processing fees recorded in the Plan during the year ended December 31, 2018 represent individual fees for participant notes or withdrawals, Qualified Domestic Relations Orders (QDROs), and fees associated with terminated or

eligible in-service participant account balances that have been distributed or rolled by the Plan into another qualified plan. Administrative fees are charged directly to the participant's account balance pro-rata from the investments in which the participant's account is invested at the time the fees were taken from his or her account.

Other Cash Receipts

Includes receipts for excess revenue sharing from Plan service providers that are reinvested into the Plan.

2. *Summary of Significant Accounting Policies*

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation

The Plan's investment in mutual funds were stated at fair value based on quoted market prices. The common collective trust funds were valued at net asset value (NAV) per share (or its equivalent) of the funds, which were based on the fair value of the funds' underlying net assets. There were no unfunded commitments or redemption restrictions on the common collective trust funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Distributions of benefits are recorded when paid.

3. *Information Certified by the Plan's Trustee and Recordkeeper*

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and disclosure under ERISA. Accordingly, the Directed Trustee and Recordkeeper have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

Effective January 1, 2018, the Plan changed its custodian from Reliance Trust Company to Charles Schwab (collectively, the "Custodians"). The Custodians of the Plan held the Plan's investments and executed all investment transactions during the periods under audit. The investment balances and related investment income and losses included in the accompanying financial statements and supplement schedule of assets held at end of year are based solely on information certified by the Custodians.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their employer contributions.

5. *Income Tax Status*

Prior to January 1 2018, the Plan was based on the Prototype Non-standard Profit Sharing Plan with CODA using the Automatic Data Processing Prototype 401(k) and Profit Sharing Plan, Base Plan Document No.06, which received a determination letter dated July 8, 2014, stating the prototype used to develop this Plan as amended, was qualified under section 401 of the Internal Revenue Code.

Effective January 1, 2018, the Plan, as restated is based on the Prototype Non-standard Profit-Sharing Plan with CODA FFN 31599070013-000, LSN J599435a which received a determination letter dated March 31, 2014, stating the prototype used to develop this Plan, was qualified under section 401 of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. *Reconciliation of Financial Statements to Form 5500*

The financial statements have been prepared on the accrual basis of accounting while the Form 5500 is presented on a cash basis. The following reconciles the differences in net assets:

December 31,	2018	2017
Net assets available for benefits per the financial statements	$ 8,540,541	$ 5,409,935
Less: participants' contributions receivable	(110,873)	(58,974)
Net assets available for benefits per Form 5500	8,429,668	5,350,961

Net Income per the financial statements - before Other Changes	1,775,869
Add: prior year contributions receivable	58,974
Less: current year contributions receivable	(110,873)
Net Income per Form 5500	$ 1,723,970

7. *Fair Value*

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

Level 1 – Fair value determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 – Fair values determined by Level 2 inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the assets.

Level 3 – Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby, inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgement and considers factors specific to each asset.

Mutual Funds – Mutual funds are valued at closing quoted prices reported in active markets. The Plan held $8,310,912 and $ 4,914,954 in mutual funds as of December 31, 2018 and 2017, respectively. All mutual funds held by the Plan are classified as Level 1 investments within the fair value hierarchy.

The money market fund is valued at the outstanding balance, which is the best estimate of fair value.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.

The following table shows the Assets Measured at Fair Value on Recurring Basis:

December 31, 2018	Investments (at Fair Value)	Level 1	Level 2
Mutual Funds:	$ 8,310,912	$ 8,310,912	
Money Market Deposit Accounts:	95,304		95,304
