NOTE 1 – DESCRIPTION OF PLAN

The following brief description of The Barton Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan, sponsored by Barton Mines Corporation (DBA The Barton Group), is a defined contribution plan covering substantially all employees of Barton Mines Corporation, Barton Mines Company, LLC (DBA Barton International), and Virginia Abrasives Corporation (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Substantially all employees of the Company are eligible to participate in the Plan effective immediately following the date of hire. Effective October 2018, the entry date applicable to salary deferrals is the paycheck immediately following date of hire. Previously, it was the second paycheck following date of hire. Participants are auto enrolled in the Plan at a 3% deferral, absent any other election.

Contributions

The Plan allows employees (hereinafter, "participant" or "participants") to make pre-tax contributions, subject to certain limitations, under the Internal Revenue Code (IRC). Each participant in the Plan may defer the maximum percentage of their compensation and dollar amount permissible under the IRC as a basic contribution to the Plan. The Company has the discretion to make a matching contribution for each participant's basic contribution, determined as follows:

Years of Service with Company	Matching Contributions
Less than three years	$.25 for each $1.00 deposited to the participant's basic contribution account.
Three but less than five years	$.50 for each $1.00 deposited to the participant's basic contribution account.
Five or more years	$1.00 for each $1.00 deposited to the participant's basic contribution account.

Matching contributions are limited to six percent of a participant's eligible compensation.

The Company has the discretion to make a profit-sharing contribution. Participants must have a minimum of 12 months of employment to be eligible to receive the profit-sharing contribution. The profit-sharing contribution was 3% for the year ended December 31, 2018 for Virginia Abrasives Corporation participants only. There was no profit-sharing contributions made for non-Virginia Abrasives Corporation participants for the year ending December 31, 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, (b) investment income (losses), and (c) administrative expenses. Allocations are based on participant's contributions, earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested account balances totaled $20,150 and $5,341, respectively. Forfeitures of non-vested matching and profit sharing contributions by terminated participants are used to reduce the Company's contribution (see "Vesting" below). In 2018 and 2017, employer contributions were reduced by $2,322 and $4,371, respectively, due to the use of forfeited non-vested account balances.

Vesting

Participants are immediately vested in their basic contributions, plus actual earnings thereon. Participants become 100% vested in the Company's matching and profit sharing contributions under the following circumstances:

- death or disability of participant;
- if the Plan is terminated or if all contributions are discontinued;
- if participation ceases due to a partial termination of the Plan;
- a participant attains their sixty-fifth birthday; and
- a participant attains their early retirement date defined as age fifty-five with six years of service.

Except as otherwise stated above, participants' vested interest in matching and profit sharing contributions are as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
After 2 years but less than 3 years	20%
After 3 years but less than 4 years	40%
After 4 years but less than 5 years	60%
After 5 years but less than 6 years	80%
After 6 years	100%

A participant of the Plan who terminates service with the Company forfeits the non-vested portion of Company matching and profit-sharing contributions.

Investment Options

The Plan offers participants the option to choose from a diversified portfolio of mutual funds, pooled separate accounts, and a separate account guaranteed interest contract. The investments are managed by MassMutual under an administrative services agreement.

Participant Loans

A participant may apply for a loan from the Plan limited to the lesser of one-half the participant's vested accrued benefit or $50,000 reduced by the excess, if any, of a participant's loans that have an outstanding balance on the date on which the loan is made. The loan will be administered on a uniform and non-discriminatory basis. The maximum loan term shall be five years unless the loan is used to purchase a primary residence and then a reasonable period of time, not to exceed thirty years, is to be used as the term. The loans are collateralized by the balance in the participant's account and bear a fixed interest rate of prime plus 1%. Principal and interest are paid ratably through payroll deductions. At December 31, 2018 and 2017, interest rates range from 4.25% to 9.50%.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant whose benefit is more than $5,000 may elect to receive either (a) a single lump-sum payment; (b) installment payments over a period of not more than the participant's life expectancy; or (c) partial withdrawals. For participants who terminate service for other reasons, or who have balances of $5,000 or less, the value of the vested interest in the account is paid as a lump-sum payment.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Mutual funds and pooled separate accounts are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Separate account guaranteed investment contracts are reported at contract value which is the relevant measurement for the portion of net assets available for benefits attributable to a fully benefit-responsive investment contract as contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes realized gains or losses on investments bought and sold during the year as well as unrealized appreciation (depreciation) on investments currently held.

Notes receivable from participants are measured at their unpaid balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefits are recognized when paid.

Administrative Expenses

Certain expenses (Settlor costs) of maintaining the Plan are paid by the Company and are excluded from these financial statements. Non-Settlor costs including Investment advisor, custodian, record keeping, and trustee fees are paid by Plan participants. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reclassification

Certain items have been reclassified from the prior years to conform to the current year presentation.

Subsequent Events

The plan has evaluated subsequent events through October 9, 2019, the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, MassMutual and Reliance have certified to the completeness and accuracy of all investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017, the supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at Year End) as of December 31, 2018, and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.

Plan investments consist of shares of mutual funds, pooled separate accounts, and separate account guaranteed interest contract. The following table represents investments at December 31, 2018 and 2017.

	December 31, 2018		December 31, 2017	
	Units	Amount	Units	Amount
Investments at contract value:				
Separate account guaranteed interest contract	570,679	$ 9,601,656	514,960	$ 8,309,896
Total investments at contract value		9,601,656		8,309,896
Investments at fair value:				
Pooled separate accounts	16,864	2,171,981	13,878	1,860,051
Mutual funds	732,853	18,124,684	806,391	20,877,952
Total investments at fair value		20,296,665		22,738,003
Total investments		$ 29,898,321		$ 31,047,899

FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs

Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

NOTE 3 – INVESTMENTS (Continued)

FAIR VALUE MEASUREMENTS (Continued)

Level 2 Inputs

Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs

Inputs that are both significant to the fair value measurement and unobservable (i.e. supported by little or no market activity).

Valuation Methodology

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodology used at December 31, 2018 and 2017:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Unit value calculated based on the observable Net Asset Value (NAV) of the underlying investments.

For the years ended December 31, 2018 and 2017, there were no significant transfers between Levels 1, 2 or 3.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – INVESTMENTS (Continued)

FAIR VALUE MEASUREMENTS (Continued)

Valuation Methodology (Continued)

The following table presents the fair value hierarchy for the Company's financial assets measured at fair value on a recurring basis as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Pooled separate accounts	$ 2,171,981	$ -	$ -	$ 2,171,981
Mutual funds	18,124,684	-	-	18,124,684
Total assets in the fair value hierarchy	$ 20,296,665	$ -	$ -	$ 20,296,665

	Assets at Fair Value as of December 31, 2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Pooled separate accounts	$ 1,860,051	$ -	$ -	$ 1,860,051
Mutual funds	20,877,952	-	-	20,877,952
Total assets in the fair value hierarchy	$ 22,738,003	$ -	$ -	$ 22,738,003

Guaranteed Investment Account

The Plan maintains a separate account guaranteed interest contract which is a fully benefit-responsive interest contract with MassMutual (fixed interest fund). MassMutual maintains the contributions in a general asset account which is guaranteed by MassMutual's claims paying ability. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value ($9,601,656 and $8,309,896 at December 31, 2018 and 2017, respectively) represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The separate account guaranteed interest contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3.00%. Such interest rates are reviewed on a semi-annual basis. The average yield based on the earnings for the contract and the corresponding average crediting interest rate to participants under the contract for the year ended December 31, 2018 was 4.02%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of participants from the Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants have occurred or are probable of occurring.

Termination of the separate account guaranteed interest contract requires a twelve month notice with book values being available at the end of the 12-month period.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of a termination, participants will become one hundred percent (100%) vested in all of their accounts.

NOTE 5 – TAX STATUS

The Plan obtained its latest determination letter on October 5, 2004, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator believes that the plan is designed and is currently operating in accordance with the applicable requirements of the IRC.

NOTE 6 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits at December 31, 2018 and 2017 as reported in the financial statements to Schedule H of Form 5500:

	2018	2017
Net assets available for benefits as reported in the financial statements	$ 30,792,078	$ 31,920,410
Less: employer contributions receivable	-	(82,488)
Net assets available for benefits as reported in Schedule H of Form 5500	$ 30,792,078	$ 31,837,922

The following is a reconciliation of contributions as reported in the financial statements for the year ended December 31, 2018 to Schedule H of Form 5500:

Contributions as reported in the financial statements	$ 1,675,939
Add: employer contributions receivable at December 31, 2017	82,488
Contributions as reported in Schedule H of Form 5500	$ 1,758,427

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 – RELATED-PARTY TRANSACTIONS

Certain plan investments are managed by MassMutual. MassMutual is the Plan's insurance company, record keeper, and investment manager as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.
