DESCRIPTION OF PLAN

The following description of the Diamond C 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is sponsored by RoadClippers Inc. (the "Sponsor" or "Company") and is a single employer defined contribution 401(k) plan covering substantially all employees of the Company excluding union employees, leased employees, non-resident aliens, and employees who do not qualify for employer provided health and welfare benefits. Participants are eligible to participate in the Plan the first day of the quarter coinciding with or following attainment of age 18 and the completion of six months of service.

The Plan is subject to the provisions of the Employee retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC). The Plan originally began January 1, 2014.

Plan Amendments

Effective January 1, 2018, the Plan was amended and restated and a new custodian, administrator, recordkeeper, and trustee were appointed. Plan assets were transferred to the new custodian into comparable funds. The conversion initiated a blackout period which began January 12, 2018 and ended January 24, 2018. During this time period, contributions could not be applied to the employee-selected funds with the custodian or withdrawn from the Plan until the custodian could accurately complete the conversion. Employee contributions that continued to be made through payroll deductions were remitted at the end of the blackout period. At which time, funds were transferred to the investment options requested by each participant.

As part of the restatement, the Plan was amended to reflect the following plan design changes. Employees that do not qualify for employer-provided health and welfare benefits will be excluded from participating in the Plan. The eligibility requirements were revised from age 21 and one year of service with 1,000 hours to age 18 with six months of service. The definition of plan compensation changed from Section 3401(a) compensation to reportable W-2 income and fringe benefits along with accrued, but unused sick or vacation time paid as of a person's date of termination will be excluded from plan compensation. A Roth after-tax provision was added to the Plan and is included as a source for hardship and in-service withdrawals. Entry dates were changed from semi-annual to quarterly and elective deferral changes will be permitted each week. The safe harbor match was changed from 100% of the first 3% deferred plus 50% of the next 2% deferred to 100% of the first 4% deferred. The profit share allocation changed from pro-rata to new comparability. The profit share allocation requirement was modified from 500 hours of service credited or employment on the last day of the plan year to 1,000 hours of service credited and employment on the last day of the plan year. Automatic rollovers for terminated participants whose vested account balance is less than $5,000 will be permitted.

DESCRIPTION OF PLAN (Continued)

Contributions

Participants may elect to contribute a percentage or dollar amount of their eligible compensation as defined by the Plan. Participants who have attained age 50 by the end of the Plan year are also eligible to make catch up contributions. Participants may select pre-tax or Roth deferrals. These contributions are elective contributions and are subject to annual limitations established by the Internal Revenue Service (IRS). All eligible employees may make a rollover contribution even if not yet a participant in the Plan.

The Company made safe harbor matching contributions equal to 100% on the first 4% of compensation which totaled $118,487 and is reported on the statement of changes in net assets available for benefit for the year ended December 31, 2018. These safe harbor matching contributions are 100% vested. The Company may also elect to make a discretionary profit sharing contributions (non-elective contributions) equaling an amount established by management on an annual basis. No profit sharing contributions for the Plan year ended December 31, 2018 was made.

Excess contributions above IRS limitations must be refunded. The amount to be returned to the respective employees and Company may be impacted by investment earnings and losses. The Plan did not have to distribute excess contributions during the Plan year ended December 31, 2018.

Investments

Participants direct the investments of their contributions into various investment options offered by the Plan. Currently, the Plan offers several investment choices. Participants may change their investment options for future contributions at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution, if any, (b) the Company's profit sharing contribution, if any (c) Plan earnings or losses, and (d) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitle is the amount that can be provided from the participant's vested account balance.

DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are vested in employer matching contributions, non-elective contributions, and related investment earnings based on years of continuous service. The Plan utilizes the following vesting schedule:

Years of service	Vested %
Less than 2	0
2	20
3	40
4	60
5	80
6 or more	100

Notes Receivable from Participants

The Plan does not permit participant loans.

Payment of Benefits

Distributions generally will be made in the event of retirement, death, disability, resignation, or dismissal. Vested account balances can be distributed by lump sum distributions. Vested account balances that do not exceed $5,000 are subject to automatic distribution without participant's consent. Rollover contributions are excluded in determining the $5,000 threshold. All other accounts must receive participant consent before a distribution to the participant can occur.

Hardship Withdrawals

Hardship withdrawals are allowed only for immediate and heavy financial needs.

Forfeitures

A non-vested amount remaining in a participant account of a terminated employee after the earlier of a) the distribution of his or her vested account balance or b) five consecutive one-year breaks in service, is defined as a forfeiture. Forfeitures derived may be used to pay Plan expenses, restore forfeitures, or reduce company contributions (or reallocate as Company contributions). No forfeitures were used in 2018. Forfeitures outstanding totaled $100 as of December 31, 2018 and 2017.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements for the Plan are prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States (GAAP) requires Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may vary from those estimated.

Investment Valuation and Income Recognition

The Plan's investments and investment gains (losses) are reflected at fair value, which is a price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits and Receipt of Contributions

Benefits paid to participants are recorded when paid. Contributions are recorded when deemed a receivable by the Plan.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant distributions are charged directly to the respective participant accounts. These participant fees amounted to $375 for the year ended December 31, 2018, and are included in administrative expenses totaling $9,512 on the statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation (depreciation) of fair value of investments on the statement of changes in net assets available for benefits.

INFORMATION PREPARED AND CERTIFIED BY PLAN TRUSTEE (UNAUDITED)

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company and AdvisorTrust, Inc., the Trustees of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

a. Investments as shown in the statement of net assets available for benefits, as of December 31, 2018 and 2017.
b. Dividends and net appreciation (depreciation) in fair value of investments for the period January 23, 2018 to December 31, 2018, as shown in the statement of changes in net assets available for benefits for the year ended December 21, 2018.
c. The schedule of assets held for investment purposes as of December 31, 2018, as shown in the supplemental schedule.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplement schedule.

FAIR VALUE MEASUREMENTS

Valuation techniques used to measure fair value use a hierarchy, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities

Level 2 – Valuations based on inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly, such as quoted prices in markets that are not active; other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall measurement.

FAIR VALUE MEASUREMENTS (Continued)

The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of assets and liabilities within the fair value hierarchy. Because of the long-term nature of certain assets and liabilities measured at fair value as well as differences in the availability of market prices and market liquidity over their terms, inputs for some assets and liabilities may fall into any one of the three levels in the fair value hierarchy. GAAP requires these assets and liabilities to be classified in the lowest level in the hierarchy for which inputs are significant to the fair value measurement; a portion of that measurement may be determined using inputs from a higher level in the hierarchy.

The availability of valuation techniques and observable inputs can vary from investment to investment and is affected by a wide array of factors. The estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined.

To the extent that a specific valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. As such, the degree of judgment exercised by the Plan in determining fair value is greatest for investments in Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- *Interest bearing cash; including money markets and certificates of deposit.* Cash equivalent holdings valued at cost, which approximates fair value.

- *Mutual funds of registered investment companies*. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

FAIR VALUE MEASUREMENTS (Continued)

The following table represents the fair value measurements of assets recognized in the accompanying statement of net assets available for benefits and presents the level that the market value measurements fall on a recurring basis at December 31, 2018 and 2017 as follows:

	December 31, 2018 Fair Value Measurements Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Money market funds	$ 101,979	$ -	$ -	$ 101,979
Mutual funds of registered investment companies	934,423	-	-	934,423
Total investments, at fair value	$ 1,036,402	$ -	$ -	$1,036,402

	December 31, 2017 Fair Value Measurements Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds of registered investment companies	$ 892,282	$ -	$ -	$ 892,282
Total investments, at fair value	$ 892,282	$ -	$ -	$ 892,282

The Plan has no financial instruments which were categorized using Level 3 inputs as of December 31, 2018 and 2017.

The Plan recognizes transfer between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the years ended December 31, 2018 and 2017.

NON-PARTICIPANT DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2018 and 2017.

PARTY-IN-INTEREST TRANSACTIONS

The Plan assets were held and managed by AdvisorTrust, Inc. who invest cash received, interest and dividend income as directed by participants of the Plan. Fees paid by the Plan for the investment management services are included on the statement of changes in net assets available for benefits as shown in the administrative fees noted above.

Certain administrative functions are performed by officers and employees of the Company for which the officers or employees receive no compensation from the Plan nor is the Plan charged by the Company for these services.

These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

PLAN TERMINATION

Although no intent to do so has been expressed, the Sponsor has the right under the Plan to discontinue its contributions, if any, at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will automatically become 100% vested in their accounts and Plan assets will be distributed in accordance with the Plan document.

TAX STATUS

Effective January 1, 2018, the Plan is based on a volume submitter plan developed by Professional Capital Services, LLC, which received a favorable determination letter dated November 30, 2014 from the IRS stating the volume submitter plan constitutes a qualified plan under Section 401 of the IRC.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2015.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect a participants' account balance and the amounts reported in the statement of net assets available for benefits.

SELF-CORRECTION PROGRAM

The Company intends to correct a limited number of isolated operational errors related to employee deferrals and employer match under the IRS's Employee Plan Compliance Resolution System using the Self-Correction Program.

SUBSEQUENT EVENTS

The Company evaluated events that occurred after December 31, 2018 through October 11, 2019, which is the date these financial statements were available to be issued. The following event was identified and met recognition or disclosure criteria.

The Plan was amended effective May 9, 2019 to replace AdvisorTrust, Inc., the Trustee, with Great-West Trust Company LLC. No significant changes to the Plan's provisions were made.
