INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Committee of the Competitive Media Union Pension Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Competitive Media Union Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the years ended December 31, 2018 and 2017, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Form 5500, Schedule H, Part IV, line 4i - Schedule of Assets (Held at End of Year) - December 31, 2018 and Schedule H, Part IV, line 4j - Schedule of Reportable Transactions - Year Ended December 31, 2018, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods**Asset Methods**

The asset valuation method is an average of the adjusted market value over the last 24 months preceding the valuation date using annual determination dates. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110% and no less than 90% of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant Methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Minimum Funding Methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

sum of the component funding targets and target normal costs associated with the various anticipated separation dates.

- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Committee of the Competitive Media Union Pension Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Competitive Media Union Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the years ended December 31, 2018 and 2017, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Form 5500, Schedule H, Part IV, line 4i - Schedule of Assets (Held at End of Year) - December 31, 2018 and Schedule H, Part IV, line 4j - Schedule of Reportable Transactions - Year Ended December 31, 2018, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

COMPETITIVE MEDIA UNION PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF THE PLAN

The following description of the Competitive Media Union Pension Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a noncontributory defined benefit plan sponsored by TNS Media Intelligence (the “Company”). The Plan was amended effective December 2015, whereby granting the Retirement Benefit Program Committee full authority to act on behalf of the Company with respect to matters involving the Plan. The Plan provides retirement and death benefits for all eligible employees who are members of the United Electrical, Radio, and Machine Workers Union of America (“Union”), and who have completed 900 hours of service in the 12 months preceding the participants’ anniversary date as of the end of the Plan year. A year of vesting service is credited to employees who have completed at least 900 hours of service annually. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (“ERISA”).

In August 2007, the Company and the Union agreed to freeze future participation and future benefit accruals, effective December 31, 2007.

Wells Fargo Bank, N.A. (“Wells Fargo”) serves as the trustee and record-keeper for the Plan.

Funding Policy

The Plan’s funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement as determined by the Plan’s actuary, Mercer Human Resource Consulting (“Mercer”). Cash contributions of \$40,000 were deposited into the Plan during 2018 and relate to required minimum contributions as of the January 1, 2017 valuation date. The employer receivable of \$800,000 as of December 31, 2017, paid in 2018, relates to the required minimum contribution for the 2017 Plan year.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Vesting

A participant is 100% vested in their benefit upon attainment of Normal Retirement Age.

Benefits

The monthly benefit to a participant is calculated based on the accumulated accrued benefit as of December 31, 1988 plus agreed upon amounts per year ranging from \$10 to \$18 for each full year of credited service over the period from January 1, 1989 through December 31, 2007. Effective December 31, 2007, pursuant to the August 2007 plan amendment, no further benefits shall accrue to participants.

1. DESCRIPTION OF THE PLAN (continued)

Benefits – (continued)

Early Retirement

Early retirement can begin on or after age 55, and five years of vested service. The accrued benefit is determined as of the date of termination of employment, reduced by .25% for each of the first 60 full and fractional months, and .50% for each additional full and fractional month, by which the date of commencement of benefits antedates the Normal Retirement Date.

Normal Retirement

Normal retirement begins at age 65. The Plan offers an automatic benefit in the form of a single life annuity to unmarried participants, and a joint and 50% survivor annuity to married (at least one year) participants. A reduced benefit is available under optional forms of benefit, including a joint and 50% survivor annuity, a joint and 66 2/3% survivor annuity, a joint and 75% survivor annuity, a joint and 100% survivor annuity, a 10-year certain and life annuity or a lump-sum cash amount if the actuarial value of the monthly benefit is \$5,000 or less. The Plan also provides for benefits to the beneficiaries of deceased participants as well as to permanently disabled participants.

Late Retirement

Late retirement begins for a participant who continues employment after the normal retirement date. The benefit is calculated as of the participant's normal retirement date, actuarially increased from the normal retirement date to the participant's late retirement date.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated Plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

COMPETITIVE MEDIA UNION PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

2. **SIGNIFICANT ACCOUNTING POLICIES – (continued)**

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. In addition, certain other investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying Statements of Changes in Net Assets Available for Benefits.

Subsequent Events

The Plan's management evaluated subsequent events through October 10, 2019, the date the financial statements were available to be issued.

3. **ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS**

Accumulated Plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on the participant's accrued benefit including each year's credited service amount as defined under the Plan. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date. The actuarial present value of accumulated plan benefits is determined by an independent actuary from Mercer, and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of January 1, 2018 and 2017 were: (a) life expectancy of participants (Section 430(h)(3) prescribed separate static annuitant and nonannuitant mortality tables) based on the RP-2014 mortality tables backed off from 2014 to 2006 using MP2014 then projected generationally with Projection Scale MP2017; (b) retirement age assumptions (varying retirement rates based on graduated scale of retirement ages from age 55 to age 65 and above. Retirement rates range from 5% to 25% through age 62, 10% for ages 63 and 64 then 100% thereafter; and (c) investment return. The 2018 and 2017 valuations assumed average rates of return of 4.74% and 5.05%, respectively.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

3. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS – (continued)

Interest discounts and mortality rates were updated from 2017 to 2018 in accordance with sponsor elections under the Pension Protection Act. The current year normal cost was decreased from \$121,100 to \$87,000 to reflect expectations for the current Plan year. The foregoing actuarial assumptions are based on the presumption that the Plan will continue.

Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits. The computations of the actuarial present value of accumulated Plan benefits were made as of January 1, 2018 and 2017 (the “valuation dates”). Had the valuations been performed as of December 31, there would be no material differences.

4. ACCUMULATED PLAN BENEFITS AND CHANGES IN ACCUMULATED PLAN BENEFITS

Mercer, the actuary for the Plan, determined the actuarial present value of accumulated plan benefits.

The actuarially determined present value of accumulated plan benefits as of the January 1, 2018 and 2017 valuation dates, are as follows:

	<u>2018</u>	<u>2017</u>
Vested benefits:		
Active participants	\$ 16,501	\$ 779,371
Inactive participants receiving benefits	1,527,462	1,114,173
Inactive participants with deferred benefits	1,173,775	670,770
Total actuarial present value of accumulated plan benefits	<u>\$ 2,717,738</u>	<u>\$ 2,564,314</u>

The changes in the actuarial present value of the Plan’s accumulated plan benefits for the valuation year ended January 1, 2018 are as follows:

Actuarial present value of accumulated plan benefits, as of January 1, 2017	<u>\$ 2,564,314</u>
Increase (decrease) during the year attributable to-	
Benefits accumulated and (gains) losses	46,094
Increase for interest due to the decrease in the discount period	126,823
Benefits paid	(97,769)
Change in actuarial assumptions	<u>78,276</u>
Net increase	<u>153,424</u>
Actuarial present value of accumulated plan benefits, as of January 1, 2018	<u><u>\$ 2,717,738</u></u>

5. PLAN TERMINATION

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Benefits attributable to employee contributions, taking into account those paid out before termination.
2. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
3. Other vested benefits insured by the Pension Benefit Guaranty Corporation ("PBGC", a U.S. government agency), up to the applicable limitations.
4. All other vested benefits (that is, vested benefits not insured by the PBGC).
5. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

6. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows: Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access; Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

COMPETITIVE MEDIA UNION PENSION PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2018 AND 2017

6. FAIR VALUE MEASUREMENTS – (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 3 inputs are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Wells Fargo/BlackRock Short-Term Investment Fund

The investment in the Wells Fargo/BlackRock Short-Term Investment Fund ("WFSTIF") is composed of high quality, short-term instruments of domestic and foreign issuers that are valued at the NAV of the bank collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective fund, the issuer reserves the right to require sufficient notification in order to ensure that securities liquidation will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017.

	<u>Investments at Fair Value at December 31,</u>			
	2018		2017	
	<u>Level 1</u>	<u>Total</u>	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$1,871,260	\$ 1,871,260	\$ 2,005,280	\$ 2,005,280
Total investments in the fair value hierarchy	1,871,260	1,871,260	2,005,280	2,005,280
Investment in the Wells Fargo/BlackRock				
Short-Term Investment Fund (a)	-	749,350	-	51,368
Investments, at fair value	<u>\$1,871,260</u>	<u>\$ 2,620,610</u>	<u>\$ 2,005,280</u>	<u>\$ 2,056,648</u>

- (a) In accordance with FASB Subtopic 820-10, certain investments that are measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items in the Statements of Net Assets Available for Benefits.

6. FAIR VALUE MEASUREMENTS – (continued)

Investments Measured at Fair Value Using the Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient for the WFSTIF as of December 31, 2018 and 2017. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to this Plan.

As of December 31, 2018

As of December 31, 2017

<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
\$51,368	Not applicable	Daily	Not applicable

7. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Wells Fargo. As described in Note 2, the Plan paid certain other expenses related to investment activity and Plan operations to service providers. These transactions qualify as permitted party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

8. TAX STATUS

The Plan obtained its latest determination letter on January 25, 2017, in which the Internal Revenue Service ("IRS"), states that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

9. UNAUDITED INFORMATION CERTIFIED BY THE TRUSTEE

The December 31, 2018 and 2017 Statements of Net Assets Available for Benefits, the investment activities included on the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2018 and 2017, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified includes total investments of \$2,620,610 and \$2,056,648 at December 31, 2018 and 2017, respectively, and related net investment (loss) gain of \$(73,152) and \$181,756 for the years ended December 31, 2018 and 2017, respectively.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Schedule SB, Part V — Summary of Plan Provisions**Benefits Included or Excluded**

Unless noted below, all benefits provided by the plan, as restated effective January 1, 2010, and amended effective December 3, 2015, are included in this valuation.

- **Plan amendments excluded:** None
- **Late retirement increases:**
 - *Active participants:* The plan applies late retirement actuarial increases for all participants who defer retirement beyond their normal retirement date and this valuation includes those increases.
 - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.
- **IRC Section 436 benefit restrictions:**
 - *Plan amendments:* See above.
 - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
 - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.
