December 31, 2018 and 2017**Note 1 - Plan Description**

The following description of Ideal Industries, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Ideal Industries, Inc. (Ideal) and its divisions/subsidiaries (collectively, the "Company"), Western Forge, Inc. (Western); Pratt-Read Tools, LLC (Pratt-Read); Anderson Power Products, Inc. (Anderson); SK Hand Tool, LLC (SK); and Casella CEL Inc. (Casella), including the San Diego (San Diego) location of Ideal (which was closed during 2013), who are not covered by a collective bargaining agreement and whose scheduled employment would result in more than 1,000 hours of service per year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferrals and Roth contributions up to a maximum of 75 percent of eligible compensation, subject to maximum tax-deferred limitations established by the Internal Revenue Code. Newly eligible participants after 30 days and any eligible employee who is not contributing to the Plan on each January 1 are automatically enrolled with a 4 percent deferral in the Plan, unless they affirmatively decline to participate in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer matching contributions equal to 100 percent of the participant's employee contributions up to 4 percent of the participant's compensation, as defined by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in their deferral, Roth, rollover, and company matching contributions and any income or loss thereon.

The Plan allowed for profit-sharing contributions prior to January 1, 2014. Participants become vested in their profit-sharing contributions according to the following schedule:

Completed Years of Service	Vesting Percentage
Immediately	- %
1	20
2	40
3	60
4	80
5	100

Participants also become 100 percent vested in their account balances, regardless of years of service, when they become eligible for early, normal, or disability retirement or on the date of their death.

December 31, 2018 and 2017

Note 1 - Plan Description (Continued)

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions.

Benefit Payments

Distributions are payable upon disability, retirement, death, termination, attainment of age 59½, or by meeting hardship withdrawal provisions. Additionally, participants may request an in-service distribution from their accounts in accordance with terms of the plan document. Participants may elect to receive their vested account balances in a lump sum or installments.

Participant Notes Receivable

Participants may borrow from their accounts and related earnings up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balances. Participant notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Effective April 1, 2017, the Plan was amended to limit the total number of loans outstanding to no more than one at a time, other than loans taken prior to such date.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Fidelity Management Trust Company or its affiliates. Fidelity Management Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

The common collective trust funds are valued at net asset value per share (NAV) or its equivalent of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments. All other investments are valued based on quoted market prices reported in active markets. Additionally, the Plan allows participants to invest in participant-directed brokerage accounts. The participant-directed brokerage accounts include various investments in publicly traded investments, including money markets, mutual funds, and common stocks. See Note 4 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company and the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 10, 2019, which is the date the financial statements were available to be issued.

Upcoming Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*, which primarily removes and modifies Level 3 fair value measurement disclosures. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted for any removed or modified disclosures. Management does not expect the adoption of this ASU to have a significant impact on the Plan's financial statements.

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Trustee.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

December 31, 2018 and 2017

Note 4 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2018 and 2017.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy in 2018.

Note 5 - Tax Status

The Plan has received a determination letter dated February 20, 2015 from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Note 6 - Subsequent Events

In May 2019, as a result of the Plan Sponsor acquiring another entity, an additional approximately 1,200 employees became eligible to participate in the Plan. Newly eligible participants were given the option to elect to rollover balances, including participant notes receivable, from other eligible plans. As a result, in May 2019, approximately \$30,000,000 of rollover contributions were contributed to the plan.
