1. DESCRIPTION OF PLAN

The following description of the Hacienda Motors, Ltd. DBA Mercedes-Benz of Pleasanton 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering employees of Hacienda Motors, Ltd. DBA Mercedes-Benz of Pleasanton (the "Company"). The Plan covers all employees after they have completed two months of service and who have attained age of 21. The Plan was originally established in 1996, and was amended and restated in October 2015. The Plan was most recently amended and restated in order to conform to regulatory changes. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"), as amended. The Board of Trustees is responsible for oversight of the Plan. The Board of Trustees determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions:

Each year, participants may elect to contribute on a before-tax basis, after-tax basis or a combination of both, up to 100% of pretax annual covered compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company makes employer matching contributions on the first 25% of the first 20% of compensation a participant contributes as employee contributions. The Company may make discretionary non-elective contributions each year as determined by the governing body of the Company. Employee and employer contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Investment Options:

Participants direct the investment of their contributions and their pro rata share of the employer contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, collective trust funds, and stable value funds as investment options for participants. The types of mutual funds, collective trust funds, and stable value funds include, but are not limited to: growth funds, balanced funds, fixed income funds, foreign/international funds, blend funds and asset allocation funds. Participants can change their investment options at any time.

1. DESCRIPTION OF PLAN (continued)

Participant Accounts:

Individual accounts are maintained for each Plan participant to reflect the participant's contributions, employer matching contributions, related employer discretionary non-elective contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Vesting*:**

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's matching and non-elective discretionary contributions and earnings thereon is based on years of continuous service. If a participant terminates employment prior to normal retirement (65 years of age) for any reasons other than death or permanent disability, the portion of the Company's matching and non-elective discretionary contribution that is vested is as follows:

Years of Service	Vested Percentage
Less than 1	0%
1	10%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the present value of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1% during the period in which the loans were issued, which is commensurate with local prevailing rates as determined by the Plan Administrator. Loan terms range from one to five years for general purposes loans. Principal and interest are paid ratably through weekly, monthly, or semi-monthly payroll deductions. The number of loans a participant may have outstanding at one time is two.

1. DESCRIPTION OF PLAN (continued)

Participant Withdrawals and Payment of Benefits:

Participants may make full or partial withdrawals of funds in any of their accounts upon attaining early retirement age (59 1/2 with 7 years of employment), normal retirement age (65 years of age), or for financial hardship, as defined, before that age. Participants may qualify for financial hardship withdrawals if they have an immediate and heavy financial need, as determined by the Plan Administrator. The minimum hardship withdrawal is $1,000; there is no minimum if the participant is over early or normal retirement age. Participants are limited to taking hardship distributions from account balances which are 100% vested. Participants cannot make contributions for six months after taking a hardship withdrawal.

In the event the participant terminates service and the participant's vested interest in their account is less than $1,000, including amounts contributed as rollover contributions to the Plan, then the Plan Administrator will distribute such benefit in a single sum payment, without such participant's consent, unless the amount is elected to be distributed in a direct rollover to another plan. In the event of a distribution which is equal to or greater than $1,000 but less than $5,000, if the participant does not elect to have such distribution paid directly to an eligible retirement plan (specified by the participant) in a direct rollover or to receive the distribution directly in accordance with Plan agreement, or, elect to defer or receive the account in installment payments, then the Plan Administrator will pay the distribution in a direct rollover to an individual retirement plan designated by the Plan Administrator.

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts:

As of December 31, 2018 and 2017, forfeited non-vested accounts totaled $2,969 and $515, respectively. Forfeited accounts will be used to reduce employer contributions or offset qualified plan expenses. In 2018 and 2017, $4,003 and $4,015 in forfeited non-vested accounts was allocated against the Plan's employer contributions and administrative expenses.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting:

The financial statements are prepared on the accrual basis of accounting.

2. SUMMARY OF ACCOUNTING POLICIES (continued)

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian, trustee, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's realized and unrealized gains or losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017, respectively. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by IRS are recorded as a liability with a corresponding reduction to contributions. As of December 31, 2018 and 2017 there were $0 and $29,207 in excess contributions payable, respectively. The Plan distributed the 2017 excess contributions to the applicable participants prior to April 25, 2018.

Payment of Benefits:

Benefits are recorded when paid.

2. SUMMARY OF ACCOUNTING POLICIES (continued)

Administrative Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are either included in net (depreciation) appreciation of fair value of investments or in administrative expenses.

Recent Accounting Pronouncements:

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework Changes to the Disclosure Requirements for Fair Value Measurement* ("ASU No. 2018-13") which amends ASC 820 to add, remove, and modify fair value measurement disclosure requirements. ASU No. 2018-13 is effective for all entities for fiscal years beginning after December 15, 2019. The manner of adoption varies, with certain provisions applied on retrospectively, while others applied prospectively. Adoption of ASU No. 2018-13 is not expected to have a significant effect on the Plan's financial statements.

Subsequent Events:

The Plan has evaluated subsequent events through October 14, 2019, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2018 and 2017, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC/Empower Retirement (collectively referred to as "Great-West"), the trustee of the Plan.

During 2018 and 2017, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) (depreciated)/appreciated in value by $(447,167) and $742,811, respectively.

4. FAIR VALUE MEASUREMENTS

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017, respectively.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the NAV of shares of relative collective trust funds held by the Plan on a daily basis. The NAV is based on the fair value of the underlying investments held by the funds as a practical expedient.

4. FAIR VALUE MEASUREMENTS (continued)

Stable value fund: Valued at the NAV of units of a collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This fund contains conventional guaranteed investment contracts valued using a discounted cash flow methodology, as well as synthetic investment contracts comprised of underlying investment and contractual components which have observable Level 1 or Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. Although contract value is the relevant measurement for the portion of the net assets of a collective investment trust attributable to fully benefit-responsive investment contracts, this fund is stated at fair value because all contracts are between the fund and the issuers, and not directly with the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 529,280	$ -	$ -	$ 529,280
Total investments in the fair value hierarchy	$ 529,280	$ -	$ -	529,280
Other investments measured at NAV *				5,416,961
Total investments at fair value				$ 5,946,241

4. FAIR VALUE MEASUREMENTS (continued)

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 447,405	$ -	$ -	$ 447,405
Total investments in the fair value hierarchy	$ 447,405	$ -	$ -	447,405
Other investments measured at NAV *				4,959,541
Total investments at fair value				$ 5,406,946

* Certain investments that are measured at fair value using NAV per share practical expedient (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient:

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Description	Fair Value December 31, 2018	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Collective trust funds	$ 5,168,793	-	Daily	1 day
Stable value fund	248,168	-	Daily	1 day

Description	Fair Value December 31, 2017	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Collective trust fund	$ 4,769,691	-	Daily	1 day
Stable value funds	189,850	-	Daily	1 day

4. FAIR VALUE MEASUREMENTS (continued)

Transfers Between Levels:

The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management has evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers between levels during the years ended December 31, 2018 and 2017.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Great-West, the trustee of the Plan. Fees incurred by the Plan for the investment management services and retirement plan benefits administration/consulting services are included in either net (deprecation) appreciation in fair value of the investments or in administrative expenses. These transactions are party-in-interest transactions under ERISA. The Plan made direct payments to the custodian of $18,588 and $16,378 for the years ended December 31, 2018 and 2017, respectively. The Plan Sponsor pays directly any other fees related to the Plan's operations, including, but not necessarily limited to: audit and legal fees.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. TAX STATUS

The Plan obtained an opinion letter for the prototype plan on March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified, and the related trust is tax exempt.

7. TAX STATUS (continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits. As of December 31, 2018 and 2017, three investments represented greater than 10% of the net assets available for benefits and together represented 75.6% and 77.3%, respectively, of the net assets available for benefits.

Additionally, the Plan provides investment options that hold securities of foreign companies, which may involve special risks and considerations not typically associated with investing in securities of U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

9. RECONCILIATION OF FINANCIAL STATEMENT TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements for the year ended December 31, 2018, to Form 5500:

Net assets available for benefits per the financial statements	$	6,085,938
Less: Certain deemed distributions of participant loans per Form 5500		18,378
Net assets available for benefits per Form 5500	$	6,067,560

9. RECONCILIATION OF FINANCIAL STATEMENT TO FORM 5500 (continued)

The following is a reconciliation of contributions made by participants per the financial statements for the year ended December 31, 2018, to Form 5500:

Contributions made by participants per the financial statements	$	631,294
Add: Amounts refunded to participants for corrective distributions		1,075
Contributions received from participants per Form 5500	$	632,369

The following is a reconciliation of total expenses per the financial statements for the year ended December 31, 2018, to Form 5500:

Benefits paid to participants per the financial statements	$	198,426
Administrative expenses per the financial statements		18,588
Total deductions per the financial statements		217,014
Add: Amounts refunded to participants for corrective distributions		1,075
Add: Certain deemed distributions of participant loans per Form 5500		18,378
Total expenses per Form 5500	$	236,467
