NOTE 1 – DESCRIPTION OF PLAN

Cadeco Industries Inc. 401(k) Plan (the Plan) is a qualified retirement plan adopted by Cadeco Industries, Inc. (the Company), to enable employees to save for retirement. The Plan was originally effective January 1, 2015, and was amended and restated December 1, 2017. The Plan is administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Participants should refer to the plan document and trust agreement for a more complete description of the Plan's provisions.

Eligibility – All non-excluded employees of the Company are eligible to participate in the Plan upon completing the Plan's eligibility requirements. In order to participate in the Plan an employee must be at least age 18 and have completed 3 months of service. Employees will become a participant on the first day of the month following the completion of the eligibility requirements.

Contributions – Participants may elect to defer a percentage (up to 90%) of their eligible compensation into the Plan as elective deferrals on a pre-tax or Roth basis, not to exceed the dollar limit set by law. Participants who are projected to reach age 50 during a calendar year will be eligible to make a catch-up contribution at any time during that calendar year. Participants may increase or decrease the amount of their contribution percentage or suspend contributions at any pay date.

The Company will make a matching contribution equal to 50% of the first 3% of participants' elective deferrals. The Company may also decide to make nonelective contributions to the Plan, although the Company is not required to do so.

Participants can roll over part or all of an eligible rollover distribution they receive from an eligible retirement plan into the Plan as a rollover contribution.

Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, rollover contributions, as well as an allocation of Plan earnings. Participant accounts are charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants direct the investment of assets in their account under the Plan into various investment securities. The Plan currently offers various mutual funds and a collective trust fund as investment options for participants. Participants may redirect the investment of future contributions or exchange existing balances among available investment securities at any time.

Vesting – Participants are always 100% fully vested in their elective deferral, safe harbor and rollover contributions, and Plan earnings thereon. Company matching and nonelective contributions are subject to graded vesting schedules. Participants will become 100% vested in their matching contributions account after three years of service. For nonelective contributions, participants will earn 20% vesting each year after two years of service, and will become 100% vested after six years of service. Participants will also become 100% fully vested in their total account balance upon death, disability, or normal retirement while still employed by the Company.

Notes Receivable From Participants – Loans are made on a uniform and non-discriminatory basis. The minimum loan is $500 and the maximum amount is the lesser of one-half of their vested account balance or $50,000 reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are adequately secured by the balance in the participant's account and bear a reasonable rate of interest. Participants may only have one loan outstanding at any given time. Loans must be fully repaid through payroll deductions within 5 years unless the loan is used for the purchase of a primary residence. Loans used to purchase a primary residence may be repaid within a period of no more than 30 years. A participant has to repay any outstanding loan before a new loan can be made.

Payment of Benefits – A distribution to a participant can be made due to retirement or termination of employment. A beneficiary or beneficiaries may request a distribution in the event of death or disability. A participant can elect their entire vested account balances to be paid in a non-rollover distribution, direct rollover distribution, or a combination of both. A participant's consent is required to distribute vested account balances greater than $5,000. If the vested account balance is $5,000 or less, the Company may direct the trustee that any amount exceeding $1,000 be distributed to an IRA. If the vested account balance is $1,000 or less, the Company may direct the trustee to distribute it as a lump sum distribution.

Participants who have reached age 59½ may elect to withdraw all or a portion of their deferral contributions account while still employed by the Company. Hardship distributions may also be made to satisfy certain immediate and heavy financial needs that a participant may have.

Forfeited Accounts – If a participant terminates employment before becoming 100% vested in their account balance, the non-vested portion of their account balance will be forfeited. The Company may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. At December 31, 2018 and 2017, the forfeited non-vested account totaled $10 and $-0-, respectively. During 2018, the Company used $59 to offset Company matching contributions.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018.

Excess Participant Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 and 2017 excess contributions to the applicable participants prior to March 15, 2019 and 2018, respectively.

Benefits Paid to Participants – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation.

Subsequent Events – The Plan has evaluated subsequent events through October 14, 2019, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair values as of December 31:

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 94,274**	**$ -**	**$ -**	**$ 94,274**
Total investments at fair value	**$ 94,274**	**$ -**	**$ -**	**$ 94,274**

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 65,033	$ -	$ -	$ 65,033
Total investments at fair value	$ 65,033	$ -	$ -	$ 65,033

NOTE 4 – INFORMATION CERTIFIED BY TRUSTEE

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments disclosed in the accompany financial statements and supplemental schedule, including investments held at December 31, 2018, and net depreciation of investments, dividends, and interest for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan.

NOTE 5 – STABLE VALUE FUND

The Plan holds a stable value fund as an investment option to participants, which is classified as a common/collective trust fund. The stable value fund is considered to be fully benefit-responsive.

Because the stable value fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value fund. Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value and fair value of the investment contract at December 31, 2018 and 2017 was $1,382 and $161, respectively.

NOTE 6 – PLAN TERMINATION

While the Company hopes and expects to continue the Plan indefinitely, it reserves the right to terminate, discontinue making contributions to, amend or modify the Plan at any time, acting through written resolution of the controlling entity of the Company. Upon termination of the Plan, participants will become 100% vested in their total account balance. The Company will arrange for distributions upon Plan termination as soon as administratively feasible.

NOTE 7 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the trustee. These transactions qualify as party in interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – TAX STATUS

The Company adopted a prototype non-standardized profit sharing plan with CODA, sponsored by ADP, LLC. The prototype plan obtained its latest opinion letter on July 8, 2014, in which the IRS stated that the prototype plan, as then designed, was acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not requested its own determination letter from the IRS. The Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017, to Form 5500:
