INDEPENDENT AUDITORS' REPORT

Plan Administrator
Desert Radiologists Employee Retirement Plan
Las Vegas, Nevada

Report on the Financial Statements. We were engaged to audit the accompanying financial statements of Desert Radiologists Employee Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the notes to the financial statements.

Management's Responsibility for the Financial Statements. Management (the Plan Administrator) is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility. Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion. The Plan Administrator has informed us that the Plan Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Plan Custodian as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the Plan Custodian is complete and accurate. The Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to such information except for comparing it with the summarized information included in Note 3, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

Disclaimer of Opinion. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of a Matter, Ability Continue as a Going Concern. As discussed in Note 5, in December 2018 the Plan Sponsor was acquired and merged into Radiology Partners (RP). The Plan Sponsor also announced its intention to merge the Plan with RP's existing employee benefit plan; however, there has not been a formal resolution as to the if and when the Plan will be merged with RP's plan. Therefore, Plan liquidation was not deemed imminent at December 31, 2018, and the Plan's financial statements for the year ended December 31, 2018, were not prepared using the liquidation basis of accounting. As a result, there is substantial doubt about the Plan's ability to continue as a going concern.

Other Matter. The supplemental schedules, as listed on the table of contents, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules, which are the responsibility of the Plan Administrator.

Report on Form and Content in Compliance With DOL Rules and Regulations. We have audited in accordance with auditing standards generally accepted in the United States of America the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Plan Custodian. In our opinion, the presentation of such information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

DESERT RADIOLOGISTS EMPLOYEE RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2018 AND 2017
AND FOR THE YEAR ENDED DECEMBER 31, 2018

1. Description of Plan

The following description of the Desert Radiologists Employee Retirement Plan (the Plan) provides only summarized information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all eligible employees of Ellis, Bandt, Birkin, Kollins & Wong, LLC., d/b/a Desert Radiology (the Employer or Plan Sponsor). Eligible employees are those who have attained 21 years of age and at least completed a three month period or 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may elect to defer up to 85% of compensation, as defined in the Plan document, as pre-tax contributions to what is known as a "regular 401(k) deferral" or as after-tax contributions to what is known as a "Roth 401(k) deferral," subject to limits established by the Internal Revenue Service (IRS). Participants who have attained the age of 50 before the close of the Plan year may make "catch-up" contributions, also subject to the limits established by the IRS. Participant contributions may also include, without limitation, transfers from other qualified defined benefit or defined contribution plans.

Unless an eligible employee affirmatively elects not to participate, the Plan provides for automatic enrollment with default participant contributions of 6% of compensation and will be increased by 1% per annum on the 7th of April until the deferral percentage reaches 10% of eligible compensation.

At the discretion of its Board of Directors, the Employer may make additional contributions to participants' accounts. Employer profit-sharing contributions are allocated among four groups, also determined by the Employer's Board of Directors. Participants must be employed on the last day of the Plan year to be eligible for an allocation of Employer profit-sharing contributions, with the exception of participants that terminate employment as a result of normal retirement, death, or disability who will receive allocated profit-sharing contributions for the period worked in the respective Plan year. Furthermore, the plan provides for a discretionary employer match to be considered on an annual basis. In 2018, the Employer contributed both profit sharing and discretionary match contributions. The profit sharing contributions were a minimum of 3.5% of compensation for eligible employees. The discretionary contribution match was 50% of eligible employee contributions not to exceed 3% of each participant's compensation.

Participant accounts. Each participant account is credited with the participant's contribution and allocations of the Employer's discretionary contribution, if any, investment income and changes in investment value, and is charged with benefits paid to the participant and an allocation of any administrative expense absorbed by the Plan. Allocations are based on participants' earnings or account balances, as provided in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and payment of benefits. Participants are immediately vested in their contributions, adjusted for investment earnings and changes in investment values allocated thereto. Vesting in the portion of the participants' account attributable to the Employers' contributions, also adjusted for investment earnings and changes in investment values allocated thereto, is based on years of service. A participant is fully vested after five years of credited service, or upon normal retirement age, as defined in the Plan document. If a participant's employment terminates as a result of death or disability, as defined in the Plan document, his or her account immediately becomes fully vested. In the event of a Plan termination, all participants will become fully vested in their accounts. On termination of service, participants with vested benefits of \$5,000 or less will receive a single lump-sum cash payment of benefits, and those with vested benefits exceeding \$5,000 have the option of receiving a single lump-sum or partial cash payment of benefits, rollover or deferral until normal retirement age. Under certain specified circumstances, participants may receive an "in-service" payment or hardship distribution prior to termination for part or all of their vested accounts. Upon termination of employment for any reason other than as a result of death or disability, participants forfeit their nonvested balances.

Investment options. Upon enrollment in the Plan, participants may direct the investment of their accounts, in whole percentage increments, to any of the Plan's investment options selected by the Plan Trustees. Participants may change their investment options at any time.

Participant notes receivable. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Each participant is allowed one outstanding loan at a time. Notes are secured by the balance in the participants' account and bear interest at a rate selected and deemed reasonable by the Plan Administrator, which rates are fixed on the date the loan is originated over the life of the loan. Principal and interest are amortized over a period not to exceed five years and are payable through payroll deductions.

Administrative expense. Certain expenses associated with maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. During 2018, the Employer absorbed certain expenses totaling \$22,330 on behalf of the Plan, which are reported as both employer contributions and administrative expense in the accompanying financial statements.

Forfeited accounts. At December 31, 2018 and 2017, forfeited nonvested accounts totaled \$65,217 and \$20,374, respectively. These accounts are to be used to reduce employer contributions and pay plan expenses. In 2018, employer contributions and plan expenses were reduced by \$25,113 from forfeited nonvested accounts.

2. Summary of Significant Accounting Policies

Basis of accounting. The Plan's financial statements are prepared on an accrual basis, pursuant to applicable accounting principles generally accepted in the United States (GAAP).

Use of estimates. Timely preparation of financial statements in conformity with GAAP requires the use of management estimates that affect the disclosures or reported amounts of assets, liabilities and changes therein, which estimates may require revision in future periods. The Plan invests in various investment securities that are inherently exposed to varying degrees of market, credit and interest rate risk. Due to the risks typically associated with certain investment securities, it is reasonably possible for material adverse changes in estimated investment values to occur within the next year.

Risks and uncertainties. Investments in marketable securities are inherently subject to significant volatility in the stock market and other factors investment values. The probable effect of this volatility on the value of the Plan's investments cannot be predicted at this time, but may be substantial.

AND FOR THE YEAR ENDED DECEMBER 31, 2018

Investment valuation and income recognition. The Plan's investments are stated at estimated fair value (Note 3).

The estimated fair value of a financial instrument is the price that would likely be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure estimated fair value. Estimated fair value measurement within levels 1-3 of the fair value hierarchy set forth in GAAP is based on the lowest level of input that is significant to the estimate. GAAP requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The estimated fair value of registered investment companies (mutual funds), self-directed brokerage accounts and interest bearing cash accounts is based on quoted market prices (level 1 inputs).

The estimated fair value of the life insurance policy is calculated by the cash value of base policy plus cash value of paid up additional insurance (level 3 inputs).

There were no changes in valuation techniques and related inputs used as of the dates, or during, the period presented.

The net depreciation in the estimated fair value of investments includes gains and losses on investments sold during the year, the net change in the estimated fair value of investments held at year end, and is reported net of investment-related expenses. Interest income is recorded on the accrual basis, when earned, and dividends are recorded on the ex-dividend date.

Participant notes receivable. Notes receivable from participants are measured at their unpaid principal balance plus any unpaid accrued interest. Loan origination and related fees are deducted from the loan origination, paid to the Plan Custodian and recorded as administrative expense as incurred. If a participant were to cease making payments, and the Plan Administrator deems the participant note to be in default, the participant note receivable balance would be reduced and a benefit payment recorded. Accordingly, no allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Payment of benefits. Benefit payments are recorded as deductions when paid. At December 31, 2018, there were no benefits requested that had not been paid.

3. Investments

All of the Plan's investments as of December 31, 2018 and 2017, were certified by the Plan Custodian as complete and accurate. In addition, the net change in estimated fair value of the Plan's investments for the year ended December 31, 2018, including realized and unrealized gains and losses, interest and dividends, was also certified as complete and accurate by the Plan Custodian.

4. Party-in-interest Transactions

All of the Plan's investments are managed by the Plan Custodian; and therefore, the related transactions qualify under ERISA as exempt party-in-interest transactions.

5. Plan Termination

In December 2018 the Plan Sponsor was acquired and merged into Radiology Partners (RP). The Plan Sponsor also announced its intention to merge the Plan with RP's existing employee benefit plan; however, there has not been a formal resolution as to the if and when the Plan will be merged with RP's plan. Therefore, Plan liquidation was not deemed imminent at December 31, 2018, and the Plan's financial statements for the year ended December 31, 2018, were not prepared using the liquidation basis of accounting. As a result, there is substantial doubt about the Plan's ability to continue as a going concern.

6. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan Sponsor that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since this determination, the Plan Sponsor believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC; and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

7. Income tax

The Plan is exempt from federal income tax. However, GAAP requires the Plan Administrator to evaluate any tax positions taken by the Plan. In the unlikely event any income tax, related penalty and/or interest, including relative to uncertain tax positions (as defined in GAAP) taken by the Plan, are deemed probable of assessment, the Plan will record them as administrative expense. Tax years that remain open to examination include 2015 through the current period.

8. Subsequent Events

The Plan Administrator has evaluated events subsequent to December 31, 2018, for possible recognition or disclosure in the accompanying financial statements through October 9, 2019, the date the financial statements were available for issuance. No such events were identified.
