Note 1 - Plan Description

The following description of the W Services Group, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was created January 1, 2015 and is a participant directed defined contribution plan established to provide savings and retirement benefits for eligible employees of W. Services Group, LLC. (the "Employer") The Board of Trustees provides governance of the Plan and determines the record keeper and custodian.

The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA"), as amended.

Employee Contributions

All of the Employer's employees, subject to the provisions of the Plan document, are eligible to participate in the Plan upon attaining age 21 and completing one year of service. Enrollment occurs semi-annually upon becoming eligible to participate or next following the date satisfying the eligibility requirement. Participating employees are eligible to contribute up to 100% of their eligible compensation, subject to Internal Revenue Service ("IRS") annual calendar year maximums. The Plan allows for participating employees who have attained age 50 during the plan year to make additional 'catch-up' contributions, also subject to the IRS annual calendar year maximums. The Plan accepts qualified plan rollovers from eligible participants; the Plan also provides Roth deferrals which are subject to federal income taxes in the year of deferral but not the earnings on the deferrals when distributed.

Employer Contributions

Effective January 1, 2018, the Employer amended the Plan to satisfy the safe harbor rules. The Employer makes contributions which are 100% of the participant salary deferrals that do not exceed 3% of the compensation plus 50% of the salary deferrals between 3% and 5% of the compensation with optional true up. This safe harbor matching contribution is 100% vested. In addition, each year, the Employer may make a discretionary profit sharing contribution to the Plan. Notwithstanding the foregoing, the contributing employer's contributions for any plan year shall not exceed the maximum amount allowable as a deduction to the employer under the provisions of Internal Revenue Code Section 404.

Note 1 - Plan Description (Continued)

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account reflects all contributions made by the participant, as well as income, gains, losses, withdrawals, distributions and expenses attributable to these contributions. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the amount of the vested balance in the participant's account.

Vesting

A participant is fully vested in all employee contributions, upon completing one year of service. Participants are vested in employer contributions as follows:

Years of Vesting Service	Vesting Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50 percent of their vested account balance or $50,000. The loans are secured by a percentage of participants vested account balance. The loans bear interest equal to the prime rate as published in the Wall Street Journal at the time of the loan is taken, plus one percentage point (1%).

Rollover Contributions

Participants may make rollover contributions to the Plan from an eligible retirement plan, as defined in the plan document.

Note 1 - Plan Description (Continued)

Benefit Payments

Upon termination of service, due to death, disability or retirement, a participant may elect to receive the value of the participant's vested interest in his or her account. If the vested benefit is less than $5,000, lump sum distributions are allowed and may be mandated by the Employer without participant consent.

If the participant's vested account balance exceeds $5,000 upon termination from active service, the participant may elect to receive his or her account balance in either a lump sum cash payment or lump sum rollover to an individual retirement account or other eligible retirement plan.

Normal retirement date is the first day of the month coinciding with or the next following the participant's normal retirement age.

In addition, the Plan allows participants to make hardship withdrawals, as well as in-service withdrawals, subject to provisions of the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are valued at their outstanding principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Interest income of notes receivable from participants is recognized when earned.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

The daily operation expenses of maintaining the Plan are paid by the Plan, and are reflected in the financial statements as administrative expenses of the Plan and allocated among the accounts of all participants in the Plan. Expenses incurred and paid for particular account should allocated to that individual account. All other expenses of the Plan are directly paid by the Employer.

Subsequent Events

The Plan has evaluated subsequent events and transactions through October 15, 2019, the date that the financial statements were available to be issued.

Note 3 - Information Certified by Custodian (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, John Hancock Life Insurance Company of New York, the custodian of the Plan, as of December 31, 2018 and 2017, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	2018	2017
Investments at fair value:		
Pooled separate accounts	$ 431,487	$ 177,391
Total investments	$ 431,487	$ 177,391
Notes receivable from participants	$ 7,323	$ -
Investment (loss) income:		
New (depreciation) appreciation in fair value of investments	$ (36,150)	$ 17,847
Interest from participant loans	$ 452	$ 11

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. It defines fair value as an exit price, which is the price that would be received for an asset or paid to transfer a liability in the Plan's principal or most advantageous market for the asset or liability, in an orderly transaction between market participants on the measurement date.

Note 4 - Fair Value Measurements (Continued)

The fair value hierarchy generally requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the entity's own assumptions based on market data and the entity's judgments about the assumptions that market participants would use in pricing the asset or liability, and are to be developed based on the best information available in the circumstances.

The Plan determines the fair market value of its investment in securities based on the established fair value definition and hierarchy levels. The three levels within the hierarchy that may be used to measure fair value are:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs, including Level 1 prices that have been adjusted; quoted prices for similar assets or liabilities; quoted prices in markets that are less active than traded exchanges; and other inputs that are observable or can be substantially corroborated by observable market data.

Level 3: Unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities.

The lowest level of input that is a significant component of the fair value measurements determines the placement of the entire fair value measurement in the hierarchy. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

Note 4 - Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled separate accounts (PSA):

Investments in pooled separate accounts represent ownership of units of participation ("Units"), rather than ownership of specific assets. The value of any one pooled separate account is determined by aggregating the value of all of the Units held by the Plan. The value of a single Unit is the total value of the pooled separate accounts underlying investments plus other assets less liabilities divided by the number of Units outstanding. Investments in the pooled separate accounts are valued at fair value which is generally determined by the observable NAV of the underlying investments. Separate accounts are systematically priced based on the daily prices of the underlying funds.

The preceding valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, the Plan's assets that were accounted for at fair value on a recurring basis as of December 31, 2018 and 2017:

Fair Value Measurement at December 31, 2018

	Total Fair Value	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)
Investments at fair value:				
Pool separate accounts measured at NAV*	$ 431,487	$ -	$ -	$ -
Total investments	$ 431,487	$ -	$ -	$ -

Note 4 - Fair Value Measurements (Continued)

Fair Value Measurement at December 31, 2018

	Total Fair Value	Quoted Prices (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)
Investments at fair value:				
Pool separate accounts measured at NAV*	$ 177,391	$ -	$ -	$ -
Total investments	$ 177,391	$ -	$ -	$ -

* Certain investments are measured at fair value using the net asset value per share (or its equivalent) practical expedient which have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the years ended December 31, 2018 and 2017, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 5 - Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") is $27 and $5,774, as of December 31, 2018 and 2017, respectively, are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2019 and 2018, respectively.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Board of Trustees has the right at any time to terminate the Plan subject to the provision of ERISA.

Note 7 - Related Party and Party-in-interest Transactions

Certain Plan investments are shares of mutual funds managed by John Hancock who is the third-party custodian of the Plan assets and is the trustee as defined by the Plan in 2017 and 2018. Therefore, the third-party administrator's fees of $3,727 and $1,622 at December 31, 2018 and 2017, respectively, are transactions which qualify as party-in-interest transactions.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Tax Status

The Plan was established to qualify pursuant to Section 401(a) of the Internal Revenue Code ("IRC") as an organization exempt from federal income taxes. The Plan received a favorable tax determination letter dated July 8, 2014. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 9 - Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Employee benefit plans are subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress for the Plan. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2015.
