Note 1 - Plan Description

The following description of Luxottica Group Tax Incentive Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Luxottica U.S. Holdings Corp. (the "Company") and covers U.S. based employees of certain of the Company's subsidiaries. The Plan provides participants the opportunity to save for future financial needs by setting aside a portion of their compensation through payroll deductions. Associates are eligible to participate in the Plan for the purpose of making salary deferral contributions as soon as administratively practical. Associates are eligible to participate in the Plan for the purpose of receiving company matching contributions after reaching age 21, meeting certain hours of service, and other requirements, as defined.

The Luxottica Group ERISA Plans Compliance and Investment Committee controls and manages the operation and administration of the Plan. The Plan's administrative function is being performed by Fidelity Workplace Services, LLC. Fidelity Management Trust Company serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During May 2017, the Company's board of directors approved of and applied for the deregistration of the Luxottica American Depository Shares (ADSs) with the U.S. Securities and Exchange Commission (SEC). Included in the deregistration was the Luxottica Stock Fund, which was an investment option under the Plan. Effective June 15, 2017, the ADSs were no longer traded on the New York Stock Exchange. The Company's board of directors also determined to remove and liquidate the Luxottica Stock Fund from the Plan during 2017. Proceeds from the liquidation of each participant's holdings in the Luxottica Stock Fund were invested into a Target Date Fund offered by the Plan based on the participant's age.

Contributions

Each year, participants may contribute up to 25 percent of their pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limitations.

The Company makes matching contributions on a quarterly basis. During 2018, the Company matched 100 percent of the first 3 percent of eligible compensation for associates hired prior to January 1, 2014 and up to 5 percent of eligible compensation for associates hired or rehired on or after January 1, 2014.

Participants may also contribute amounts representing qualified rollover distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are invested according to participants' directions. All participant and company match contributions, if any, are invested directly into these elected funds.

Note 1 - Plan Description (Continued)

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company 25 percent after two years of service and an additional 25 percent after each subsequent year of service, until they become fully vested after five years of service.

Participant Notes Receivable

Participants are eligible to borrow from their account balances a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of the vested value of their accounts (excluding matching contributions). Participants cannot have more than two loans outstanding at the same time. The loans are secured by the balance in the participant's account and bear interest based on local prevailing rates, as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions over a period not to exceed 5 years, with the exception of mortgage loans, which may be repaid over 15 years.

Benefit Payments

On termination of service for any reason, a participant may elect to receive a lump-sum distribution or a rollover to another qualified benefit plan or Individual Retirement Account, equal to the value of the participant's vested interest in his/her account, less applicable withholding tax if paid to the individual. Subject to approval by the plan administrator, participants may apply for hardship withdrawals, as defined.

Forfeited Accounts

Company contributions forfeited by participants may be used by the Company to satisfy plan administrative expenses or to reduce future company contributions. At December 31, 2018 and 2017, forfeited nonvested accounts totaled \$1,076,299 and \$1,311,498, respectively. Forfeitures of \$1,457,542 were used to reduce employer contributions during the year ended December 31, 2018.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

December 31, 2018 and 2017

Note 2 - Summary of Significant Accounting Policies (Continued)

Management fees and operating expenses charged to the Plan for its investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of investment return for such investments.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Administrative Expenses

Administrative expenses of the Plan are paid by the Company and the Plan, as provided in the plan document. Administrative expenses of approximately \$777,000 for the year ended December 31, 2018 were paid by the Company.

Payments of Benefits

Benefits payments to participants are recorded upon distribution.

Risks and Uncertainties

The Plan utilizes various investment instruments, including common collective trust funds and mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 17, 2019, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Fidelity Management Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

December 31, 2018 and 2017

Note 4 - Fair Value Measurements (Continued)

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

Mutual Funds

Mutual funds are valued at quoted prices reported in active markets.

Common Collective Trust Funds

The common collective trust funds are valued at net asset value per share or its equivalent of the funds, which is based on the fair value of the funds' underlying assets. There are no redemption restrictions or unfunded commitments on these investments.

The preceding methods described may provide a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2018 and 2017:

Assets Measured at Fair Value on a Recurring Basis at December 31, 2018				
	Investments (at Fair Value)	Level 1	Level 2	Level 3

Total investments at fair value	<u><u>\$ 801,425,437</u></u>			

December 31, 2018 and 2017

Note 4 - Fair Value Measurements (Continued)

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period. There were no significant transfers between levels of the fair value hierarchy during 2018.

Note 5 - Exempt Party-in-interest Transactions

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company (Fidelity). Fidelity is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included as a reduction of the return earned on each fund.

Note 6 - Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become fully vested in their accounts.

Note 7 - Federal Income Tax Status

The Plan obtained a favorable determination letter on May 3, 2016 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has subsequently been amended; however, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.
