NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2018 AND 2017

A. PLAN DESCRIPTION:

The following description of the Peoples Services, Inc. 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement and the summary plan description for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering substantially all non-union employees of Peoples Services, Inc. (the “Company” and “Plan Sponsor”) and related companies whose employees have completed two months of service during the year. Effective January 1, 2018, the Plan was amended to change the eligibility service requirement to six months. Related companies are as follows:

- Peoples Cartage, Inc.
- Total Distribution, Inc.
- Quick Delivery Service, Inc.
- Publix, Inc.
- Crown Warehousing & Logistics, Inc.
- Central Warehouse Operations, Inc.
- Style Crest Logistics, Inc.
- Terminal Warehouse, Inc.
- P-C Sales & Service, Inc. (beginning on January 1, 2018)
- Total Distribution Brokerage Services, Inc. (beginning on January 1, 2018)
- RootBlast International, Inc. (beginning on January 1, 2018)
- B & M Storage and Distributions, Inc. (beginning on January 1, 2018)
- Grimes Logistic Services, Inc. (beginning on April 16, 2018)
- Grimes Trucking Services, Inc. (beginning on April 16, 2018)
- Grimes Packaging Services, Inc. (beginning on April 16, 2018)
- Grimes Supply Chain Services, Inc. (beginning on April 16, 2018)

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective April 16, 2018, the Grimes Company 401(k) Plan was merged into the Plan. On August 1, 2018, assets transferred into the Plan, as a result of the merger, were approximately \$686,000.

Contributions - The Plan’s provisions provide for contributions to be made by the participants and the Company. An employee must complete two months of service to be eligible for elective deferral participation and discretionary employer matching and profit sharing contributions. All participants must be employed on the last day of the Plan year to be eligible for participation in Company contributions.

Effective January 1, 2018, the Plan was amended to provide an automatic enrollment feature. All new employees, with the exception of temporary employees and interns, are automatically enrolled in the Plan at a rate of 2% of compensation on a pre-tax basis. The deferral rate for these employees automatically increases on the first day of each Plan year subsequent to their hire date by 1% to a maximum of 5%. Participants can opt out of this auto-escalation feature at any time as well as change their deferral election once a month.

NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION (CONTINUED):

Contributions provided for under the Plan are as follows:

Employee Deferral Contributions - The Plan enables employees to contribute a percentage of their compensation (as defined) by the Plan, not to exceed a maximum amount allowable as a deduction under the Internal Revenue Service ("IRS") Section 404 on a tax-deferred basis. The Plan also allows participants who have attained the age of 50 to make catch-up contributions not to exceed the maximum amount allowable per IRS regulations.

Employee Rollover Contributions - The Plan enables participants to rollover contributions from other qualified defined benefit or defined contribution accounts.

Matching Contributions - The Company may make discretionary matching contributions. No such contributions were made for the year ended December 31, 2018. If a matching contribution is made, it is a discretionary amount and percentage of participant contributions, per the Plan document.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the Company's discretionary matching and (b) Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Plan earnings (losses) are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments of the Plan are fully participant directed.

Vesting - Participants are immediately vested in their contributions (including rollovers) plus actual earnings (losses) thereon. Vesting in the Company's discretionary matching contribution portion of their accounts plus actual earnings (losses) thereon is based on years of continuous service. Participants vest 20 percent per year of service after two years and are 100 percent vested after six years of service.

Notes Receivable from Participants - Participants may borrow from their fund account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested participant elective deferred account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range from one to five years or longer for the purchase of a primary residence as permitted by the administrator. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. The interest rate on the loans was between 3.25% and 6.50% at December 31, 2018. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - On attaining age 59-1/2, retirement, death or disability, the participant may request the account balance in the form of a lump-sum amount equal to the value of the participant's vested interest in his or her account. Non-terminated employees may make withdrawals from their elective deferral account balance as a hardship withdrawal prior to reaching age 59-1/2. Hardship withdrawals are subject to additional rules and conditions as outlined in the Plan agreement. Participants who terminate employment with a vested account balance less than \$5,000 but more than \$1,000 are rolled into an individual retirement account. Participants who terminate employment with vested account balances less than \$1,000 are paid in a lump-sum distribution.

Forfeitures - Forfeited matching contributions from terminated participants' non-vested accounts can be allocated to active participants based upon a method deemed appropriate by the plan administrator and provided in writing to the custodians or can also be used to reduce future Company contributions or pay administrative expenses incurred by the Plan. During 2018, approximately \$2,800 was transferred into the forfeiture account. There were approximately \$2,600 in unallocated forfeitures available as of the year ended December 31, 2018. There were no forfeitures available as of the year ended December 31, 2017.

NOTES TO FINANCIAL STATEMENTS

B. SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting - The Plan's financial statements have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events - The Plan has evaluated subsequent events through October 14, 2019, the date the financial statements were available to be issued.

C. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Life Insurance Company, the custodian of the common/collective trust funds and pooled separate accounts, and Principal Trust Company, the custodian of the mutual funds and notes receivable from participants.

NOTES TO FINANCIAL STATEMENTS

D. FAIR VALUE MEASUREMENTS:

The authoritative accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative accounting guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs include quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 or 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Valued at the NAV of units of a collective investment trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled separate accounts: Valued at the NAV of shares held by the plan at year end. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

D. FAIR VALUE MEASUREMENTS (CONTINUED):

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan assets at fair value as of:

December 31, 2018:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

* Investment strategy for these investments, valued using NAV per share, is not being presented since it is a fund that files a form 5500 as a direct filing entity (“DFE”).

E. TRANSACTIONS WITH PARTIES-IN-INTEREST:

Principal Trust Company and Principal Life Insurance Company, the custodians of the plan hold all of the Plan’s investments. Principal Trust Company and Principal Life Insurance Company are parties-in-interest of the Plan as defined by ERISA Section 3(14), and accordingly investment transactions in the funds are party-in-interest transactions.

Certain administrative expenses including legal and accounting fees relating to the maintenance of participant eligibility records are absorbed by the Company. Other than as described above or pursuant to a trust agreement, the Plan has no agreements or transactions with any parties-in-interest.

F. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in the employer contributions portion of their accounts.

G. INCOME TAX STATUS:

The Plan has adopted a non-standardized, prototype plan document. The prototype plan obtained an opinion letter dated March 31, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The Plan has been amended since receiving the opinion letter, however the plan administrator believes that the Plan is designed and currently operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

H. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.
