Currie/Curfin Motors 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Currie/Curfin Motors 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Transamerica Life Insurance Company, the Custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the Custodian as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1. Description of Plan

The following description of Currie/Curfin Motors 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan, as most recently amended effective October 1, 2017, is a contributory, defined contribution plan maintained for the benefit of eligible employees of Currie/Curfin Motors, Inc. and related entities (the Sponsor). The Sponsor is the Plan Administrator. Under the provisions of the Plan, non-union employees become eligible to participate in the Plan upon reaching 21 years of age and completing one year of service. The Plan provides for entry dates the earlier of January 1st or the date six months thereafter, coincident with or next following satisfaction of the eligibility requirements.

Transamerica Life Insurance Company (Transamerica) is the Custodian and recordkeeper of the Plan.

Contributions: The Plan provides for the following contributions:

Employee-directed contributions: The Plan provides that participants may elect to contribute from one to 25%, on a pretax basis, of their eligible compensation, for the portion of the plan year in which the employee is eligible to participate in the Plan and subject to Internal Revenue Code (IRC) Section 402(g)(5) limitations of $18,500 in 2018.

The Plan allows "catch-up contributions" for participants who are age 50 and older for an additional $6,000 (as adjusted from time to time by the IRC Section 414(c)).

Sponsor matching contributions: The Sponsor contributes to each eligible participant account a matching percentage of amounts contributed by the participant. The Sponsor match is at a rate of 25% of the first 5% of elective contributions, limited to 1.25% of the employee's compensation.

Discretionary Sponsor matching contributions: At the end of any year, the Sponsor may contribute an additional amount on a discretionary basis. Each employee will receive a pro rata share equal to the ratio of his or her elective contributions to all elective contributions multiplied by the amount of the discretionary contribution. No discretionary Sponsor matching contributions were made in 2018.

Qualified discretionary contributions: The Sponsor may, but is not required to, make contributions for non-highly compensated employees in order to assure that the Plan satisfies certain statutory nondiscrimination testing requirements. For the year ended December 31, 2018, there were no qualified discretionary contributions.

Rollover contributions: The Plan provides that participants may contribute amounts distributed or transferred from another qualified deferred compensation plan.

Participants' accounts: Each participant’s account is credited with the employee’s contribution and Sponsor matching contributions, as well as allocation of discretionary Sponsor matching contributions, qualified discretionary contribution (if any) and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately vested in their employee-directed, qualified discretionary and rollover contribution accounts and earnings thereon. Participants vest in their Sponsor matching and discretionary Sponsor matching contribution accounts as follows:

Number of Years of Service at Date of Termination	Vested Percentage
Less than 2 years	None
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Participants are fully vested upon death or total and permanent disability.

Investment options: Upon enrollment in the Plan, a participant may direct investment contributions in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Participant notes receivable: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of 50% of the vested portion of their account balance, or $50,000, reduced by the highest outstanding balance during the prior 12-month period. Participants may have one outstanding note receivable at any given time. Terms range from one to five years, unless the loan is for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at a rate of 1% above the prime interest rate. Principal and interest is paid ratably through payroll deductions.

Other income: Pursuant to its service agreement with Transamerica, an Expense Budget Account (EBA) was established for the purpose of paying plan expenses. Monthly credits to the EBA are equivalent to 0.08 percent of total assets. Total amounts credited to the EBA for the year ended December 31, 2018, were $3,276. During the year ended December 31, 2018, $29,937 was used to pay Plan administrative expenses. The balance of the EBA as of December 31, 2018 and 2017, was $0 and $26,661, respectively.

Payment of benefits: Benefits under the Plan are payable to participants or their beneficiaries upon death, retirement, disability or termination of employment. Benefits are paid in a lump sum or by other methods as described in the Plan. Participants may make withdrawals from their account upon reaching the age of 65 or by determination that a financial hardship, as defined, has been incurred.

Forfeited accounts: Forfeited nonvested accounts are used to reduce Sponsor contributions. At December 31, 2018 and 2017, forfeited nonvested accounts totaled $6,602 and $2,510, respectively. During 2018, no forfeited nonvested accounts were used to reduce the Sponsor contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates: In preparing the financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the investment custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 14, 2019, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Transamerica Life Insurance Company (the Custodian)

The following is a summary of the Plan's asset and income information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodian that information provided to the Plan Administrator by the Custodian is complete and accurate related to the following assets and income. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following assets and income:

	2018	2017
Shares of registered investment companies, at fair value	$ 11,989,378	$ 12,378,111
Insurance company general account, at contract value	1,844,393	1,974,233
Notes receivable from participants	304,554	266,444

Transamerica also certified to the completeness and accuracy of $1,218,761 of net depreciation in fair value of investments, $574,138 of interest and dividends related to the aforementioned investments, and $10,943 in interest income on notes receivable from participants for the year ended December 31, 2018.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 21, 2018 and 2017:

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2018 and 2017:

	2018			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Shares of registered investment companies	$ 11,989,378	$ -	$ -	$ 11,989,378
Total investments, at fair value:	$ 11,989,378	$ -	$ -	$ 11,989,378

	2017			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Shares of registered investment companies	$ 12,378,111	$ -	$ -	$ 12,378,111
Total investments, at fair value:	$ 12,378,111	$ -	$ -	$ 12,378,111

Change in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018, there were no transfers in or out of Level 3.

Note 5. Investment Contract with Insurance Company

In 2002, the Plan entered into a benefit-responsive investment contract with Transamerica Life Insurance Company (Transamerica). Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value option contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings at guaranteed credit rates, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. The crediting rates as of December 31, 2018 and 2017, were 1.05% and 0.95%, respectively. Such interest rates are reviewed on a monthly basis for the purpose of resetting. The stable value fund does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 5. Investment Contract with Insurance Company (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 6. Related Party and Party-in-Interest Transactions

Certain Plan investments are in the general account of the Custodian. Transamerica is the Custodian as defined by the Plan, therefore these transactions qualify as party-in-interest transactions. Total fees paid by the Plan for administration and investment management services were $68,465 during 2018.

Certain employees of the Sponsor provide trustee and administrative services to the Plan. These employees do not receive any compensation from the Plan for their services. Also, certain administrative expenses were paid by the Sponsor on behalf of the Plan., which are excluded from these financial statements.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts. Any unallocated assets of the Plan would be allocated to the participant accounts and distributed in such a manner as the Sponsor may determine.

Note 8. Tax Status

Effective January 1, 2016, the Plan adopted a volume submitter plan sponsored by Transamerica Retirement Solutions Corporation. The volume submitter plan has received an advisory letter from the IRS, as to the volume submitter plan's qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan has been amended since the volume submitter plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2018 and 2017:
