INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and Plan Administrator of
NPW401K

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of NPW401K (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2018, and the related statement of changes in net assets available for benefits for the period from October 1, 2018 (Date of Inception) to December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of December 31, 2018 and for the period from October 1, 2018 (Date of Inception) to December 31, 2018, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (held at end of year) as of December 31, 2018, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with U.S. GAAS and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of NPW401K (the "Plan") provides only general information. Participants should refer to the Plan and Trust Agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of National Auto Part Warehouse, Inc. d/b/a National Performance Warehouse ("Employer" or "Company"). The Plan became effective October 1, 2018.

Effective October 1, 2018, all participant account balances of Company employees were transferred from the Oasis Retirement Savings Plan to the newly created NPW 401K. As a result of the spinoff from the Oasis Retirement Savings Plan, investments totaling $686,319 were transferred to Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the Custodian of the Plan and are recorded in the caption "Transfer of Assets from Another Plan" in the Statement of Changes in Net Assets Available for Benefits.

Participant

Employees become eligible to participate in the Plan upon completion of one year of service and attaining 21 years of age. An eligible employee may enter the Plan on the January 1, April 1, July 1, or October 1 following the date the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may elect to defer a portion of their compensation on a pre-tax or after tax basis, subject to the Internal Revenue Service ("IRS") and other limitations. Employees also may rollover account balances from other plans into their account. The Company may, at the sole discretion of the Board of Directors, contribute to each participant's account a matching contribution, which is a percentage of the participant's salary for the year. The Company elected to make matching contributions equal to 100% of eligible employee contributions up to a maximum of 4% of total eligible compensation.

Participant Accounts and Vesting

Each participant's account is credited with the participant's contributions, rollovers, if any, and an allocation of (a) the Company's contributions and (b) Plan's earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the aggregate of the participant's deferrals, rollovers and vested employer contributions.

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer contributions plus earnings is based on years of service as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment Options

Participants may direct the trustee to invest their elective contributions, rollovers, if any, as well as Employer matching contributions to the Plan in any of the available investment options. Participants can individually determine their investment options based on desired level of risk and return for all contributions (Employer and participant) to the Plan.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or his or her beneficiary may elect to receive the vested portion in the participant's account in a lump sum distribution or in installment payments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of (a) $50,000 or (b) 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear an interest rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. The interest rates on notes receivable from participants as of December 31, 2018 were ranging between 4.25% - 6%. The financial risk and all associated costs with non-performing loans are borne by the individual loan holder.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates including those regarding fair value, and assumptions that affect the reported amounts of assets and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are reported at fair value (except for pooled separate accounts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See NOTE 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

Fair Value Measurements

Fair values of financial instruments are estimated using relevant market information and other assumptions, as more fully disclosed in NOTE 5. Fair value estimates involve uncertainties and matters of significant judgment. Changes in assumptions or in market conditions could significantly affect the estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Plan Expenses

Fees and expenses of the Plan are paid from Plan assets as provided by the Plan document.

Payment of Benefits

The benefit amounts are reflected in the Statement of Changes in Net Assets Available for Benefits when the actual benefits are paid.

Tax Status

The Plan adopted a standardized plan, which obtained an IRS letter on March 31, 2014, in which the IRS stated that the form of the Plan was acceptable under Section 401 of the Internal Revenue Code ("IRC"). Although the Plan has been amended from that prototype since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been made.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is subject to income tax examinations since inception.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2019, which is the date the financial statements were available to be issued.

3. INVESTMENTS

During the period from October 1, 2018 (Date of Inception) to December 31, 2018, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the period) depreciated in value by $31,473.

4. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

Interest income on notes receivable from participants	**$ 628**

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB)" *Accounting Standards Codification* ("ASC") 820, *Fair Value Measurement and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

5. FAIR VALUE MEASUREMENTS (CONTINUED)

Registered investment companies: Valued at the net asset value of shares held by the Plan at year end as quoted in the active market.

Common/collective trusts: Valued at the net asset values reported by the fund managers as of the financial statement dates.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

		Fair Value Measurements at Reporting Date Using:		
Description	**Fair Value 12/31/2018**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Registered investment companies	$ 13,040	$ 13,040	$ -	$ -
Total assets in the fair value hierarchy	13,040	13,040	-	-
Investments measured at net asset value (a)	738,771	-	-	-
Investments at fair value	**$ 751,811**	**$ 13,040**	**$ -**	**$ -**

(a) - In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

6. INVESTMENT CONTRACT

The Plan invests in investment contracts through a pooled separate account. Shares in the pooled separate account are stated at contract value, which is determined based on the amounts accumulated to the valuation date.

The shares in the pooled separate account as of December 31, 2018 are invested in investment contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. The shares in the pooled separate account are included in the financial statements at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the shares in the pooled separate account at December 31, 2018 was $7,561. Certain events limit the ability of the Plan to transact at contract value with the contract issuers. However, the Plan's management is not aware of the occurrence or likely occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants. The contract issuer may terminate the investment contract at any time.

7. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company and certain others. Notes receivable from participants are also considered party-in-interest transactions.

8. RISKS AND UNCERTAINTIES

The Plan provides for various investments which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

9. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100 percent vested in their accounts.

MORRISON BROWN ARGIZ & FARRA, LLC

October 14, 2019

To the Plan Administrator of
National Performance Warehouse
NPW401K

We have audited the financial statements of NPW401(K) Plan (the "Plan") as of and for the year ended December 31, 2018, and have issued our report thereon dated October 14, 2019. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated September 30, 2019, our responsibility, as described by professional standards, is to conduct our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS) except that, as permitted by 29 CFR 2520.103-8 of the Department Of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA") and as instructed by Plan management, we did not perform any auditing procedures with respect to information prepared and certified to by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, trustee, in accordance with DOL Regulation 2520.103-5, other than comparing the information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified to by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, were audited by us in accordance with U.S. GAAS, and were subjected to tests of the Plan's accounting records and other procedures we considered necessary to enable us to express an opinion that they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and our network firms have complied with all relevant ethical requirements regarding independence.

Threats are reduced to an acceptable level due to management's ownership and approval of the financials. MBAF also has a quality control review process where an independent audit partner reviews the financial statements.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Plan is included in Note 2 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2018. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the Plan's financial statements relate to the fair value measurements described in NOTE 5 to the financial statements.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. There were no such misstatements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in the attached letter dated October 14, 2019.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the Plan's, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, business conditions affecting the Plan, and business plans and strategies that may affect the risks of material misstatement.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the supplementary information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

Internal Control Related Matters

In planning and performing our audit of the financial statements of the Plan as of and for the year ended December 31, 2018, in accordance with U.S. GAAS, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Internal Control Related Matters (Continued)

Identified Opportunities to Strengthen Internal Control:

In addition, during our audit, we noted certain matters involving the internal control and other operational matters that are presented for your consideration. This letter does not affect our report dated October 14, 2019 on the financial statements. Our comments and recommendations, all of which have been discussed with appropriate members of management, are intended to improve the internal control or result in other operating efficiencies. The following represent certain areas that we believe are opportunities for strengthening internal control and operating efficiency:

We noted that proper documentation was not maintained for payroll to support approved wages, status changes and salary adjustments. Additionally, the process of making payroll changes is very informal with not enough oversight or detailed review. A more structured HR and payroll process is needed to support any adjustments to salaries or titles. HR should develop a system for these requests and for capturing approvals outside of verbal instructions. The number of employees has doubled over the past year making it even more important to centralize the process and tighten controls over payroll expenses.

We noted that the Plan was not covered under any ERISA fidelity bond coverage for the period ending December 31, 2018. ERISA's bonding requirement is intended to protect employee benefit plans from risk of loss due to fraud or dishonesty on the part of persons who handle Plan funds or other property. Under ERISA, the Plan must be bonded in an amount equal to at least 10% of the amount of funds he or she handled in the preceding year.

We noted there is no formal documentation retained of an eligible employee declining participation in the Plan. We recommend that the Plan require employees to acknowledge and accept declining participation in the Plan by signing a formal document. The Plan should maintain a complete listing of all employees who have chosen not to participate in the Plan along with the supporting signed forms.

This report is intended solely for the information and use of those charged with the Plan's governance, the management of the Plan and any governmental authorities you need to share this information with, and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Morrison, Brown, Argiz & Farra
