HR, INC. D/B/A SIMPLE HR 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF THE PLAN

The following description of the HR, Inc. d/b/a Simple HR 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution multiple-employer plan available to all full-time employees of HR, Inc. d/b/a Simple HR (the Company), which is a professional employer organization providing employment services to a number of companies in the Northwest Florida geographic area. Under the Plan, participating employers may adopt certain elections regarding their specific employment group as long as those elections meet the provisions of the Internal Revenue Code (IRC) and the Employee Retirement Income Security Act of 1974 (ERISA). Some of the elections available to participating employers are eligibility requirements, entry dates and minimum number of hours worked in the Plan year. Participating employers may also elect to transfer assets from existing plans into the Simple HR Plan.

Contributions

Contributions are made by the Company on behalf of the employee participants, who have agreed to have their taxable wages or salaries reduced. Participants may make contributions to the Plan up to 100% of their compensation, subject to Internal Revenue Service (IRS) limitations as defined in the Plan.

Employer contributions are comprised of two components: a profit sharing contribution, and an employer matching contribution. The profit sharing contribution is made at the discretion of the participating employers and is allocated among all participants in an employment group based on the ratio which each participant's annual compensation bears to the total compensation for all participants.

Participating employers have several options if they elect to offer a matching provision. Included in those options are provisions ("Safe Harbor Methods") which satisfy certain Internal Revenue Code requirements and eliminate the need for the performance of certain non-discrimination annual tests. All matching or profit sharing contributions are invested at the participant's discretion.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, if any, and (b) Plan net earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant contributions, compensation or account balances, as applicable and pursuant to the terms of the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

HR, INC. D/B/A SIMPLE HR 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF THE PLAN – CONTINUED

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service as elected by the participating employers, not to exceed six years.

Participant Investment Options

Participants direct their salary deferred contributions into several investment options offered through Transamerica Retirement Solutions (Transamerica) as made available and determined by the Plan Administrator. Participants should reference prospectus information supplied by the Plan for detailed fund information.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment account and the notes receivable from participants account. Loan terms may range from one to five years, except those loans used to acquire or construct any dwelling unit to be used as a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Any balance not repaid within five years is treated as a taxable distribution to the participant.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested account balance in a lump-sum distribution or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the plan if such amounts exceed \$5,000 or elect a lump sum distribution. Participants with vested amounts less than \$1,000 must elect a lump sum distribution, and participants with a vested amount between \$1,000 and \$5,000 are placed in an IRA provided by the Plan Administrator or may elect a lump sum distribution.

Funds may also be accessed prior to the date they become distributable by way of a financial hardship withdrawal. Hardship withdrawals are allowable in accordance with current Internal Revenue Service guidelines.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to offset the Plan's administrative expenses. As of December 31, 2018 and 2017, there were unallocated forfeitures of \$22,862 and \$11,223, respectively. For the year ended December 31, 2018, the amount of forfeitures used to reduce employer contributions and administrative expense totaled \$40.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the group annuity contract, which is stated at contract value. See Note 4 for discussion of fair value measurements.

Mutual funds are valued at the daily closing price as reported by the fund. The Plan presents, in the statement of changes in net assets available for plan benefits, the net appreciation (depreciation) in the fair value of its investments, which consists of the net change in market value of mutual funds during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits to participants are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid by the participants and from forfeited balances of terminated participants' nonvested accounts as disclosed in Note 1. Administrative expenses for the year ended December 31, 2018 were \$34,497. Other administrative expenses such as accounting and legal fees are paid by the Company, rather than the participants.

Subsequent Events

The Company has evaluated events and transactions that occurred between December 31, 2018 and October 10, 2019, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

**HR, INC. D/B/A SIMPLE HR 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017**

3. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments as of December 31, 2018 and 2017, and net depreciation in fair value of investments, dividends and interest income for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Transamerica Financial Life Insurance Company (the trustee of the Plan).

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurement, establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques to measure fair value. ASC Topic 820 defines fair value as the price would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement.)

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2018 and 2017.

Pooled separate accounts: Valued based on net unit values of separate accounts for the contracts as reported by the insurance company that manages the separate pooled accounts. Due to the adoption of ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, the Plan's investments in pooled separate accounts of \$7,306,964 and \$6,116,634 at December 31, 2018 and 2017, respectively, are valued based on the NAV practical expedient and, therefore, do not require categorization within the fair value hierarchy.

DECEMBER 31, 2018 AND 2017**

4. FAIR VALUE MEASUREMENTS – CONTINUED

In Accordance with the adoption of ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient*, if an investment is measured using the net asset value (NAV) per unit (or its equivalent) as the practical expedient in Accounting Standards Codification Topic 820 and that investment is in a fund that files a Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required. As such, it is no longer required to disclose the investment strategy of the Plan's investments in pooled separate accounts. There are no restrictions or redemption requirements on these investments.

5. GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

In 2014, the Plan entered into a fully benefit-responsive group annuity contract with Transamerica Financial Life Insurance Company (Transamerica). Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Because the group annuity contract meets the criteria to be considered fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer with no maximum or minimum. Such interest rates are reviewed on a semiannual basis for resetting. The contract value of the investment contract at December 31, 2018 and 2017, was \$1,183,477 and \$1,175,567, respectively.

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include the following: amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

6. TAX STATUS

On July 7, 2014, the Internal Revenue Service stated that the volume submitter profit sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, including the IRS. The Plan is not currently under IRS examination for any Plan years.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in both their employer and employee accounts.

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are a guaranteed interest contract managed by Transamerica Financial Life Insurance Company. Transamerica Financial Life Insurance Company is the custodian (see Note 5), as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Net assets available for benefits per the financial statements at December 31, 2018 and 2017, agree with the amount of net assets available for benefits reported on Form 5500 for the applicable year.
