NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

NOTE A - DESCRIPTION OF PLAN

The following description of the Columbus Equipment Company (the Company) Savings Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) profit sharing plan that was formed for the purpose of providing retirement benefits to employees of the Company and employees of Starr Parts & Equipment, LLC who have attained age 18 and completed one month of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

New employees are auto-enrolled into the Plan at date of hire and all actively contributing employees receive an auto increase in their participant deferral percentage annually. Each year, participants may elect to contribute a portion of their pretax annual compensation, as defined by the Plan. Participants may contribute employee deferrals to the Plan up to the maximum amount allowed by law. The Plan allows participants who attained age 50 by the end of the Plan year to make catch-up contributions in accordance with Code Section 414. Participants may also contribute amounts representing distributions from other qualified plans. The Company can elect to make an employer matching contribution on behalf of each eligible participant. The employer matching contribution is equal to 50% of each participant's deferrals up to \$3,000 and \$2,000 of deferrals in 2018 and 2017, respectively. The Plan excludes employees covered by the collective bargaining agreement between the Company and the International Union of Operating Engineers from sharing in employer matching contributions and employer discretionary contributions. The Company elected to make a discretionary contribution to eligible participants in 2018 and 2017.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings, participant contributions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administration Expenses

Plan fees and expenses, including fees and expenses connected with the providing of administrative services by external service providers, are primarily paid by the Plan.

Investment Options

Each participant may direct his or her contributions in any of the investment options available under the Plan. They primarily include mutual funds with varying fund objectives and degrees of investment risk. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility.

Death and Disability

A participant is entitled to 100% of his or her account balance upon death or disability, regardless of years of service.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their voluntary contributions, non-safe harbor matching contributions, and rollovers plus actual earnings thereon. Vesting in the remainder of their account plus earnings thereon is based on years of credited service according to the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Per the Plan document, any portion of the year's forfeitures is first used to pay administrative expenses. Any remaining forfeitures are used to reduce future employer contributions to the Plan. Forfeitures of \$0 during 2018 and \$11,251 during 2017 were used to pay administrative fees or reduce the employer matching contribution.

Payment of Benefits

On termination of service due to disability or retirement, a participant may receive an amount equal to the value of the participant's vested interest in his or her account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years, or a reasonable period of time longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Trustee. Principal and interest are paid ratably through payroll deductions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed in the preparation of these financial statements. These policies conform to accounting principles generally accepted in the United States of America, and have been applied on a consistent basis.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recognized when earned.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with U.S. generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported additions and deductions.

Note Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Administrative Fees

The Plan's administrative fees are partially paid by the Company, as provided in the Plan agreement. The amount paid by the Plan was \$962 for the year ended December 31, 2018 and \$3,640 for the year ended December 31, 2017.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation. Such reclassifications had no effect on net assets available for benefits.

Subsequent Events

Management has evaluated all activity of the Plan through October 3, 2019, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Trustee holds the Plan's investments and executes all investment transactions. All investment information disclosed in the accompanying financial statements and schedules, including investments held at December 31, 2018 and 2017, interest income, and net appreciation in fair value of investments for the years then ended, was obtained or derived from information supplied to the Plan Administrator. The Plan Administrator has obtained certification from the Trustee that the information provided to the Plan Administrator by the Trustee is complete and accurate in accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE D - FAIR VALUE

FASB ASC 820 establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described in the table below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- *Mutual funds:* Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. (Level 1)

NOTE D - FAIR VALUE (CONTINUED)

- *Collective investment trusts:* As permitted by accounting principles generally accepted in the United States of America, the Plan uses net asset value as a practical expedient to determine the fair value of the collective investment trust funds. Net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Redemption for the common collective trust is permitted daily with no other restrictions or notice periods and there are no unfunded commitments. In accordance with GAAP, the common collective trust funds measured at net asset value has not been classified in the fair value hierarchy. The fair value amounts presented in the table below are intended to permit reconciliation to the amounts presented in the Statements of Net Assets Available for Benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

2018	Total	(Level 1)	(Level 2)	(Level 3)
Mutual funds	\$ 14,406,367	\$ 14,406,367	\$ -	\$ -

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Fees paid by the Plan for the Trustee and recordkeeping services amounted to \$962 and \$3,640 for the years ended December 31, 2018 and 2017 respectively. All other administrative fees are paid by the Company on behalf of the Plan.

Certain Plan investments are units of mutual funds managed by Charles Schwab. Charles Schwab Bank Company is part of Charles Schwab and is Trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE G - INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated June 19, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
