Hartree Partners, LP Employees' Savings Plan

Notes to Financial Statements December 31, 2018

Note 1 - Description of Plan

The following description of the Hartree Partners, LP Employees' Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Hartree Partners, LP. (the "Company"), as defined in the Plan document. Effective January 1, 2017, Hartree Capital Management, LP became a Participating Employer, as defined by the Plan. Employees are eligible to participate on their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan administrator and Plan trustee are responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Employees

Each year, participants may contribute up to 100% of pre- and post-tax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions. A participant may make a rollover contribution to the Plan. Rollover contributions are assets transferred to the Plan from other qualified plans in which employees participated prior to their employment with the Company. Participants direct the investment of contributions into various investment options offered by the Plan. Effective August 1, 2016, the Plan included an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Employer

The Company provides a safe harbor contribution equal to 100% of salary deferrals not to exceed 6% of compensation. The Company also provides a discretionary employer match equal to 100% of employee deferrals not to exceed 4% of compensation. In addition, the Company may make discretionary profit sharing contributions, as defined by the Plan. Contributions are subject to certain IRS limitations. During the year ended December 31, 2018, the Company contributed \$1,619,277 to the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions and Company's discretionary and non-discretionary contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are vested immediately in all employee and employer contributions plus actual earnings thereon.

Hartree Partners, LP Employees' Savings Plan

Notes to Financial Statements December 31, 2018

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. There is a maximum of one loan that may be outstanding at one time. The loan is secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate and is fixed for the duration of the loan. Loan repayments are made through payroll deductions over a period that may not exceed five years, except for loans used to purchase a principal residence as to which the repayment period is at the discretion of the Plan administrator.

Payment of benefits

Upon termination of service due to death, disability or retirement, or upon attainment of age 59½, participants may elect to receive their account balance in either a lump-sum cash amount or equal installments, as defined by the Plan. Prior to participants reaching age 59½, participants are permitted to withdraw 50% of their vested account balance (\$1,000 minimum) provided the participant has been in the Plan for at least five years or the amounts distributed have accumulated for at least two years. Hardship distributions are permitted for certain immediate and heavy financial needs, as defined by the Plan.

Forfeited accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totaled \$115,469 and \$19,159, respectively. Forfeitures of nonvested benefits will be used to reduce Plan expenses and contributions by the Company. During 2018, \$124,102 was used to reduce Company contributions.

Note 2 - Summary of accounting policies

Basis of presentation

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and Plan trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Hartree Partners, LP Employees' Savings Plan

Notes to Financial Statements December 31, 2018

Payment of benefits

Benefits are recorded upon payment to participants.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable and distributions from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 11, 2019, which is the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual and money market funds: Valued at the daily closing price as reported by the fund. Mutual and money market funds held by the Plan are open-end mutual and money market funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

Hartree Partners, LP Employees' Savings Plan

Notes to Financial Statements December 31, 2018

Self-directed brokerage account: Accounts primarily consist of common stock that is valued on the basis of readily determinable market prices.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Note 4 - Related party transactions and party-in-interest transactions

Certain Plan investments are shares of a money market fund managed by TD Bank. Newport Trust Company is the custodian as defined by the Plan and TD Ameritrade Trust Company is an identified subservice organization. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third-party administrator totaling \$19,819 which was not covered by revenue sharing. The Plan sponsor pays directly any other expenses related to the Plan's operations.

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their various employer contributions.

Note 6 - Tax status

The Company provided the Plan with a Volume Submitter determination letter dated July 17, 2012, which indicated that the written Plan is acceptable under Section 401 of the IRC. The determination letter does not guarantee that the Plan in operation meets IRS requirements. Plan is qualified and tax-exempt. No provision for income taxes has been included on the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2018 and 2017, and investment income and interest income on notes receivable for the year ended December 31, 2018, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodian of the Plan.

Note 8 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
