To the Board of Directors and Management of the
Caliber Holdings Corporation Retirement Savings Plan

We have conducted a Department of Labor ("DOL") limited-scope audit of the financial statements of the Caliber Holdings Corporation Retirement Savings Plan (the "Plan") for the year ended December 31, 2018 and have issued our report thereon dated September 27, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by Prudential Insurance Company of America (the "Trustee"), in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 28, 2019. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies, other than noted below, were adopted and the application of existing policies was not changed during 2018. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate(s) affecting the financial statements was (were):

> Management's estimate of the employer contributions receivable is based on a retrospective review of contributions calculated and deferred in the 2018 Plan year, which were not deposited in the Plan until the 2019 Plan year. We evaluated the key factors and assumptions used to develop the contribution receivable estimate in determining that it is reasonable in relation to the financial statements taken as a whole.
>
> The disclosure of fair value measurements in Note 3 to the financial statements describes management's understanding of the valuation methodologies of the Plan's investments. Furthermore, it discloses management's assessment of the investments into a leveling hierarchy established by FASB ASC 820.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

> The disclosure of fair value measurements in Note 3 to the financial statements describes management's understanding of the valuation methodologies of the Plan's investments. Furthermore, it discloses management's assessment of the investments into a leveling hierarchy established by FASB ASC 820.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that will be included in the management representation letter, signed and dated September 27, 2019.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Company's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Company's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention. The following matters came to our attention during the course of the audit:

Eligible Compensation

It was noted during our audit procedures that there was inconsistency in the application of the terms in the Plan document relating to the definition of eligible compensation for the purposes of calculating the employee's contribution and the employer's contribution. Participants in our sample made and received contributions based on compensation excluding domestic partnership compensation, although domestic partnership compensation is to be included in the definition of compensation in the Plan document. We noted this existed on all participants receiving domestic partnership compensation. While the Plan excludes fringe benefits, it is not clear that domestic partnership compensation would be included in the definition of fringe benefits. We recommend that the plan sponsor research and possibly amend the Plan to specifically exclude group domestic partnership compensation to ensure operations are consistent with the Plan document.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Internal Control

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Plan as of and for the year ended December 31, 2018, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 4 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material deficiency. We also did not identify any internal control that we consider to be a significant weakness.

This information is intended solely for the use of the Board of Directors and Management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Baker Tilly Virchow Krause, LLP

1 - DESCRIPTION OF PLAN

GENERAL

Caliber Holdings Corporation Retirement Savings Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 1995. The Plan is sponsored by Caliber Holdings Corporation (the "Company" or "Plan Administrator"). Prudential Bank & Trust, F.S.B. serves as the trustee and record-keeper (the "Trustee" or "Record-keeper" or "Prudential") of the Plan. The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees are eligible to participate in the Plan immediately upon hire and are automatically enrolled in the Plan at a 2% deferral rate, which will automatically increase by 1% annually up to a maximum of 10% of compensation, as defined by the Plan. Employees may elect to opt out of automatic enrollment within 30 days of their eligibility into the Plan. Leased employees, nonresident aliens, employees of non-adopting related employers, independent contractors, employees covered by a collective bargaining agreement and other specific enclosures provided by the Plan are not eligible to participant in the Plan. Subject to certain limitations on annual additions, each participant's account is credited with employee salary deferrals, Company matching and discretionary contributions, if applicable, an allocation of Plan earnings or losses, and charged with certain administrative expenses, as defined by the Plan document. Participants may change their deferral contribution percentages or modify investment elections and transfer existing account balances on a daily basis.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company contributions. Each year, participants may contribute up to 90% of their compensation subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,500 for 2018). All participants who are eligible to make elective deferrals under the Plan and those who have attained the age of fifty before the close of the Plan year are eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2018). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are permitted.

During 2018, the Company elected a Company match in an amount equal to 30% of the participant's deferral, up to 6% of the participant's eligible compensation. In addition, the Company, at its discretion, may apply a true-up match on an annual basis that is subject to condition of employment on the last day of the Plan year. The Company elected to make such contribution for 2018. The Company may also make discretionary profit-sharing contributions as determined by the Board of Directors. To be eligible for discretionary profit-sharing contributions, the employee must be employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year. No discretionary profit-sharing contributions were made for the year ended December 31,2018.

1 - DESCRIPTION OF PLAN – CONTINUED

VESTING

Participants are fully vested at all times in the amounts they contribute to the Plan and in the earnings of those contributions. Vesting in the Company's matching and discretionary profit sharing contributions, plus actual earnings, thereon, is based on years of continuous service. Participants vest in employer contributions at 100% after two years, or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

FORFEITURES

The unvested portion of a terminated participant's account will be forfeited and used to reduce future employer contributions or to pay administrative expenses. During 2018, $442,051 and $50,267 from forfeited non-vested accounts was used to reduce Company match and Plan expenses, respectively. As of December 31, 2018 and 2017, the amount of available forfeitures totaled $301,004 and $221,847, respectively.

REVENUE SHARING ACCOUNT

During 2018, the Trustee introduced a revenue sharing account to the Plan. Revenue sharing accounts are used to pay administrative expenses or are reallocated to participant accounts. During the year ended December 31, 2018, there was revenue sharing contributions to the Plan of $4,500, which is recorded as a component of other income on the Statement of Changes in Net Assets Available for Benefits. At December 31, 2018, there was $4,565 of revenue sharing account balance available. No revenue sharing funds were used to pay administrative expenses for the year ended 2018, nor were they reallocated to participant accounts.

DISTRIBUTIONS TO PARTICIPANTS

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, an annuity or flexible payments. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances exceeding $1,000 but not exceeding $5,000, may be rolled into an individual retirement account. All vested account balances not exceeding $1,000 may be distributed in a lump-sum payment. With the Plan Administrators approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

INVESTMENT OPTIONS

The Plan provides for participants to direct both employee and employer contributions into a variety of investment options, including mutual funds of registered investment companies and a common collective trust in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

1 - DESCRIPTION OF PLAN – CONTINUED

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available for all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). A participant may only have one loan outstanding at any given time. The notes receivable from participants are secured by the vested balance in the participant's account and bear interest at a reasonable rate determined by the Plan Administrator, based on the prevailing market interest rates. Any note must be repaid within five years unless for the purchase of a primary residence, in which case the repayment period may not exceed ten years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2018 have rates ranging from 4.25% to 6.25% and maturity dates from January 2019 through December 2028. Notes receivable from participants as of December 31, 2017 have rates ranging from 4.25% to 5.50% and maturity dates from after January 2018 through October 2027.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants or fees related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' accounts shall become 100% vested.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with accounting principles generally accepted in the United States ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or loan policy of the Plan. Notes receivable are valued at amortized cost which approximates fair value.

RECENT ACCOUNTING STANDARDS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring and reporting fair value of investments. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

3 – FAIR VALUE MEASUREMENTS – CONTINUED

INVESTMENT VALUATION AND LEVELING-CONTINUED

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with FASB ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

Common collective trust: Valued at NAV of units of a bank collective trust, as provided by the Trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Company believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 108,106,440	$ -	$ -	$ 108,106,440
Common collective trust	-	17,223,815		17,223,815
Total investments, at fair value	$ 108,106,440	$ 17,223,815	$ -	$ 125,330,255

3 – FAIR VALUE MEASUREMENTS – CONTINUED

INVESTMENT VALUATION AND LEVELING-CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 108,645,046	$ -	$ -	$ 108,645,046
Total investments, at fair value	$ 108,645,046	$ -	$ -	$ 108,645,046

4 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Trustee and party-in-interest as defined by ERISA, as of December 31, 2018 and 2017, and for the year ended December 31, 2018, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2018	2017
Non-interest bearing cash	$ 101	$ 207
Investments, at fair value:		
Mutual funds of registered investment companies	$ 108,106,440	$ 108,645,046
Common collective trust	17,223,815	-
Total investments, at fair value	$ 125,330,255	$ 108,645,046
Notes receivable from participants	$ 7,091,471	$ 4,907,836
Interest and dividends	$ 1,796,806	
Other income	$ 136,931	
Interest on notes receivable from participants	$ 300,456	
Net depreciation of fair value of investments	$ (9,905,124)	

5 - RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

6 - TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Prudential Insurance Company of America which received a favorable opinion letter dated April 29, 2014 from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2015.

7 – RECONCILIATION TO THE FORM 5500, SCHEDULE H

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2018 and 2017:

Net increase in net assets available for benefits per the Form 5500	$ 18,868,738

8 – SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "Subsequent Events," the Company has evaluated events or transactions occurring after December 31, 2018, the statements of net assets available for benefits date, through September 27, 2019, the date the financial statements were issued, and determined there were no events or transactions, except the ones listed below, which would impact our financial statements for the year ended December 31, 2018.

1 - DESCRIPTION OF PLAN

GENERAL

Caliber Holdings Corporation Retirement Savings Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 1995. The Plan is sponsored by Caliber Holdings Corporation (the "Company" or "Plan Administrator"). Prudential Bank & Trust, F.S.B. serves as the trustee and record-keeper (the "Trustee" or "Record-keeper" or "Prudential") of the Plan. The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees are eligible to participate in the Plan immediately upon hire and are automatically enrolled in the Plan at a 2% deferral rate, which will automatically increase by 1% annually up to a maximum of 10% of compensation, as defined by the Plan. Employees may elect to opt out of automatic enrollment within 30 days of their eligibility into the Plan. Leased employees, nonresident aliens, employees of non-adopting related employers, independent contractors, employees covered by a collective bargaining agreement and other specific enclosures provided by the Plan are not eligible to participant in the Plan. Subject to certain limitations on annual additions, each participant's account is credited with employee salary deferrals, Company matching and discretionary contributions, if applicable, an allocation of Plan earnings or losses, and charged with certain administrative expenses, as defined by the Plan document. Participants may change their deferral contribution percentages or modify investment elections and transfer existing account balances on a daily basis.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company contributions. Each year, participants may contribute up to 90% of their compensation subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,500 for 2018). All participants who are eligible to make elective deferrals under the Plan and those who have attained the age of fifty before the close of the Plan year are eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2018). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are permitted.

During 2018, the Company elected a Company match in an amount equal to 30% of the participant's deferral, up to 6% of the participant's eligible compensation. In addition, the Company, at its discretion, may apply a true-up match on an annual basis that is subject to condition of employment on the last day of the Plan year. The Company elected to make such contribution for 2018. The Company may also make discretionary profit-sharing contributions as determined by the Board of Directors. To be eligible for discretionary profit-sharing contributions, the employee must be employed on the last day of the Plan year and have completed 1,000 hours of service during the Plan year. No discretionary profit-sharing contributions were made for the year ended December 31,2018.

1 - DESCRIPTION OF PLAN – CONTINUED

VESTING

Participants are fully vested at all times in the amounts they contribute to the Plan and in the earnings of those contributions. Vesting in the Company's matching and discretionary profit sharing contributions, plus actual earnings, thereon, is based on years of continuous service. Participants vest in employer contributions at 100% after two years, or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

FORFEITURES

The unvested portion of a terminated participant's account will be forfeited and used to reduce future employer contributions or to pay administrative expenses. During 2018, $442,051 and $50,267 from forfeited non-vested accounts was used to reduce Company match and Plan expenses, respectively. As of December 31, 2018 and 2017, the amount of available forfeitures totaled $301,004 and $221,847, respectively.

REVENUE SHARING ACCOUNT

During 2018, the Trustee introduced a revenue sharing account to the Plan. Revenue sharing accounts are used to pay administrative expenses or are reallocated to participant accounts. During the year ended December 31, 2018, there was revenue sharing contributions to the Plan of $4,500, which is recorded as a component of other income on the Statement of Changes in Net Assets Available for Benefits. At December 31, 2018, there was $4,565 of revenue sharing account balance available. No revenue sharing funds were used to pay administrative expenses for the year ended 2018, nor were they reallocated to participant accounts.

DISTRIBUTIONS TO PARTICIPANTS

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, an annuity or flexible payments. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances exceeding $1,000 but not exceeding $5,000, may be rolled into an individual retirement account. All vested account balances not exceeding $1,000 may be distributed in a lump-sum payment. With the Plan Administrators approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

INVESTMENT OPTIONS

The Plan provides for participants to direct both employee and employer contributions into a variety of investment options, including mutual funds of registered investment companies and a common collective trust in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available for all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). A participant may only have one loan outstanding at any given time. The notes receivable from participants are secured by the vested balance in the participant's account and bear interest at a reasonable rate determined by the Plan Administrator, based on the prevailing market interest rates. Any note must be repaid within five years unless for the purchase of a primary residence, in which case the repayment period may not exceed ten years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2018 have rates ranging from 4.25% to 6.25% and maturity dates from January 2019 through December 2028. Notes receivable from participants as of December 31, 2017 have rates ranging from 4.25% to 5.50% and maturity dates from after January 2018 through October 2027.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants or fees related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' accounts shall become 100% vested.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with accounting principles generally accepted in the United States ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or loan policy of the Plan. Notes receivable are valued at amortized cost which approximates fair value.

RECENT ACCOUNTING STANDARDS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring and reporting fair value of investments. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

3 – FAIR VALUE MEASUREMENTS – CONTINUED

INVESTMENT VALUATION AND LEVELING-CONTINUED

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with FASB ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of registered investment companies: Valued at net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

Common collective trust: Valued at NAV of units of a bank collective trust, as provided by the Trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Company believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 108,106,440	$ -	$ -	$ 108,106,440
Common collective trust	-	17,223,815		17,223,815
Total investments, at fair value	$ 108,106,440	$ 17,223,815	$ -	$ 125,330,255

3 – FAIR VALUE MEASUREMENTS – CONTINUED

INVESTMENT VALUATION AND LEVELING-CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

Mutual funds of registered investment companies	$ 108,645,046	$ -	$ -	$ 108,645,046

4 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by the Trustee and party-in-interest as defined by ERISA, as of December 31, 2018 and 2017, and for the year ended December 31, 2018, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. This information consists of the following:

	2018	2017
Non-interest bearing cash	$ 101	$ 207
Investments, at fair value:		
Mutual funds of registered investment companies	$ 108,106,440	$ 108,645,046
Common collective trust	17,223,815	-
Total investments, at fair value	$ 125,330,255	$ 108,645,046
Notes receivable from participants	$ 7,091,471	$ 4,907,836
Interest and dividends	$ 1,796,806	
Other income	$ 136,931	
Interest on notes receivable from participants	$ 300,456	
Net depreciation of fair value of investments	$ (9,905,124)	

5 - RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

6 - TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Prudential Insurance Company of America which received a favorable opinion letter dated April 29, 2014 from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2015.
