Pro-Pak Industries & Bryan Packaging Retirement Plan

Notes to Financial Statements

December 31, 2018 and 2017

1. Description of Plan

The following summary description of the Pro-Pak Industries & Bryan Packaging Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information on the provisions and operation of the Plan.

General

The Plan is a defined contribution plan which covers all eligible employees of the plan sponsor, Pro-Pak Industries, Inc. and Bryan Packaging, Inc. (collectively, known as the "Companies"). Employees who have completed three months of service are eligible to participate for purposes of elective deferrals. Actual deferrals begin the first day of the month following eligibility. In addition, employees must have completed one year of service to participate for purposes of matching contributions. Matching contributions begin either the subsequent January 1 or July 1 from when the employee becomes eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Trust Agreement

Assets of the Plan at December 31, 2018 and 2017 are held for safekeeping and investment by Capital Bank and Trust Company ("Trustee"), under an agreement with the Trustee.

Contributions

Participants may contribute annually up to 100% of annual compensation, not to exceed \$18,500 (\$18,000 in 2017). In addition, participants over age 50 may contribute an additional \$6,000. Participants of the Plan could make Roth 401(k) contributions which are maintained in a separate account. Participants may also contribute amounts representing distributions from other qualified defined contribution plans and certain individual retirement accounts. The Company makes matching contributions equal to 50% of the first 6% of base compensation that a participant contributes to the Plan. The Company may contribute an additional contribution to the Plan equal to a discretionary percentage determined annually by the Company.

Participant Accounts

Each participant account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations of Plan earnings are based on participant account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions to the Plan plus actual earnings thereon are vested immediately. The Company's matching contribution and discretionary contribution portion plus actual earnings thereon are vested based on years of service. A participant is vested 20% after two years of service, vesting by 20% for each additional year of service up to 100% vesting after the sixth year of service.

1. Description of Plan - continued

Investments

The Plan holds its investments under a trust agreement with the Trustee at December 31, 2018 and 2017 to serve as a custodian of the investments held on behalf of participants. The Plan allows for investment of a participant's account balance in 27 different mutual fund/common collective trust investment options and participants may change their investment options at any time throughout the year.

Notes Receivable from Participants

Participants may borrow from their fund accounts a portion of their total vested account balance. Loan transactions are accounted for as a transfer between the investment fund and the Participant Loan fund. Loan terms range from one to five years. The loans are secured by 50% of the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Trustee. The interest rate on outstanding loans is the prime rate plus 1% (6.5% at December 31, 2018). Principal and interest is paid ratably through payroll deductions.

Under U.S. Department of Labor regulations, the Plan must identify each calendar quarter any participant loan in default. The participant has until the end of the following quarter to pay the overdue amounts. If not paid, a taxable distribution of the unpaid participant loan balance plus accrued interest will be declared.

Benefit Payments

On termination of service due to death, disability, normal retirement at age 65 or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments over a specified period of time, or a joint and survivor annuity.

Compensation Recapture Account

In accordance with an agreement with the Plan's Advisor, Signator Investors, Inc., commissions received from 12b-1 fees related to mutual fund transactions are deposited into the Plan's Compensation Recapture Account rather than being paid directly to the Plan Advisor. Plan Advisor fees are paid from the Compensation Recapture Account and any remaining fees received are used by the Plan to pay other direct and necessary expenses of the Plan or reallocated to participants. Commissions deposited into the Compensation Recapture Account amounted to approximately \$37,000 and \$27,000 for the years ended December 31, 2018 and 2017, respectively. In addition, commissions received from sub-transfer agent fees related to mutual fund transactions are deposited into the participant accounts net of recordkeeping fees. Gross commissions deposited into participant accounts amounted to approximately \$5,000 and \$8,000 for of the years ended December 31, 2018 and 2017, respectively. In total, \$42,066 and \$35,513 in compensation recapture revenue is reflected as net appreciation in fair value of investments at December 31, 2018 and 2017, respectively.

Forfeited Amounts

At December 31, 2018 and 2017, the forfeiture account balance was \$38,778 and \$28,191, respectively, which results from forfeitures from non-vested terminated participants and excess commissions received in the Compensation Recapture Account. This account is used to pay Plan expenses or reduce future Company contributions. Forfeitures for the years ended December 31, 2018 and 2017 were \$16,853 and \$11,931, respectively. Forfeitures of \$0- and \$2,374 were used to reduce Company contributions for 2018 and 2017, respectively.

Administrative Expenses

Plan administrative expenses, unless paid by the Company at its discretion, are paid by the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits, except for fully benefit-responsive investment contracts, which are reported at contract value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date. Interest and dividend income is recorded on the accrual basis.

Benefit Payments

Payments of benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Accounting Policies - continued

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and measured at unpaid principal balance plus accrued interest. Delinquent loans are treated as distributions based on the terms of the Plan.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, liquidity and overall market volatility. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

Subsequent Events

The Plan has evaluated subsequent events for potential recognition and/or disclosure in the December 31, 2018 financial statements through September 27, 2019, the date financial statements are available to be issued, and there were no subsequent events requiring disclosure under Accounting Standards Codification 855, *Subsequent Events*.

4. Fair Value Information

Accounting principles generally accepted in the United States define fair value, establishes a framework for measuring fair value using a three-tier hierarchy and requires certain fair value disclosures. The following is a list of the different levels in the fair value hierarchy based on the data and/or methods used to determine fair value:

- Level 1: Quoted market prices in active markets for identical assets or liabilities
- Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data for substantially the full term of the asset or liability
- Level 3: Unobservable inputs that may be supported by little or no market activity and reflects management's assumptions that are significant to the measurement of fair value

The asset's or liability's fair value measurement level is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methods used for assets measured at fair value:

- *Mutual Funds*: Valued at the closing price reported in the active market where securities are traded at year end.
- *Common Collective Trust*: Valued at the net asset value ("NAV") of the units of a common collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

4. Fair Value Information - continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes those assets measured at fair value on a recurring basis at December 31, 2018 and 2017:

	2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	#####	\$ -	\$ -	\$6,369,621

Investments measured at net asset value	-	-	-	718,057

In accordance with accounting standards, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items present in the statements of net assets available for benefits.

6. Guaranteed Investment Contract

The Plan has entered into a benefit-responsive guaranteed investment contract held in a common collective trust with a bank. The bank maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement on net assets available for benefits at contract value.

Contract value, as reported to the Plan by the bank, represents contributions made under the contract, plus earning, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the bank. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes in the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with certain events limit the ability of the Plan to transact at contract value with the bank. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes in the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The average yield for the years ended December 31, 2018 and 2017, respectively are:

	<u>2018</u>	<u>2017</u>
Based on actual earnings	2.21%	1.91%
Based on interest rate credited to participants	2.18%	1.87%

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

7. Plan Termination

While the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100% vested in their accounts.

8. Tax Status

The IRS has determined and informed the Trustee, by letter dated March 31, 2014, that the prototype non-standardized profit sharing plan, which serves as a basis for the Plan, and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

9. Party in Interest

Capital Bank & Trust is the Trustee as defined by the Plan. Fees paid by the Plan to the Trustee amounted to \$2,127 and \$2,013 for the years ended December 31, 2018 and 2017, respectively.
