**NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2017**

1. DESCRIPTION OF PLAN

The following description of the Matson Inc. 401(K) and Profit Sharing Plan for Non-Bargaining Employees, formerly known as the Matson Individual Deferred Compensation and Profit Sharing Plan for Salaried Non-Bargaining Employees (the “Plan”) is provided for general information purposes only. Participants should refer to Plan documents for more complete information.

General—The Plan, sponsored by Matson, Inc. (the “Company” or “Plan Sponsor”), is a defined contribution plan established on July 1, 1983, for salaried non-bargaining employees of the below-mentioned companies.

Matson, Inc. and the following affiliated companies are participating companies in the Plan:

- Matson Navigation Company, Inc.
- Matson Navigation Company of Alaska, LLC
- Horizon Lines, LLC
- Matson Terminals, Inc.
- Matson Services Company, Inc.
- Matson Logistics, Inc.
- Matson Logistics Services, LLC
- Matson Logistics Warehousing, Inc.
- Matson Freight Agencies, Inc. (only terminated vested and retired participants as of August 1, 1993)
- Matson Leasing Company, Inc. (only terminated vested and retired participants as of July 1, 1995)
- Midnight Transportation Services, LLC
- Alaska Freight Express, LLC
- Span-Alaska Transportation, LLC

Matson Navigation Company, Inc. acquired Horizon Lines, Inc. on May 29, 2015. Subsequently, the Plan was amended on December 31, 2015 to allow the Horizon Lines Savings and Investment Plan (the “Horizon Plan”) to be merged into the Plan, and to add Horizon Lines, LLC, and Matson Navigation Company of Alaska, LLC (formally, Horizon Lines of Alaska, LLC) as participating companies in the Plan. Effective December 31, 2015, the Horizon Plan was merged into the Plan, and the Horizon Plan was terminated. Total in-kind assets of \$17,956,959, and other assets of \$23,990,918 were transferred into the Plan on December 31, 2015, for a total transfer of assets into the Plan of \$41,947,877. Effective January 1, 2016, every participant of the Horizon Plan who was not previously a participant in the Plan, became a participant of the Plan.

Matson Logistics, Inc. acquired Midnight Transportation Services, LLC; Alaska Freight Express, LLC; and Span-Alaska Transportation, LLC on August 4, 2016, and effective as of this date, employees of these companies became eligible to participate in the Plan.

The assets of the Plan, excluding receivables, are held in the Matson, Inc. Defined Contribution Plans Master Trust (the “Master Trust”). Fidelity Management Trust Company (“Fidelity”) serves as the trustee for the Master Trust. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Amendments—Effective January 1, 2018, the Plan was amended (Amendment No. 3) to (i) amend the Plan to provide for matching contributions upon a Member's commencement of participation and making of Deferred Cash Contributions (including deemed Deferred Cash Contributions) in the Plan, with such matching contributions vesting after the completion of one year of service, (ii) amend the Plan to provide for a true-up on matching contributions at the end of each Plan Year in order to maximize such matching contributions for such Plan Year; and (iii) amend the Plan to provide, as of January 1 of each Plan Year, for recurring, automatic annual deferral elections of three percent (3%) of Compensation for any Member who as of such January 1st has not filed an election deferral or who has previously made a deferral election of less than three percent (3%) of Compensation.

Effective January 1, 2018, employees covered under the collective bargaining agreement between Matson Terminals, Inc. and ILWU Local 100 are eligible for participation in the Plan for the period commencing on September 29, 2018, and continuing until the date that Plan assets and liabilities of those employees are transferred to the Matson Individual Deferred Compensation and Profit Sharing Plan for Bargaining Unit Employees, which shall be no later than March 31, 2019.

Effective April 1, 2018, the Plan was amended (Amendment No. 2) to (i) revise the Plan's definition of Disability; (ii) adopt a clarifying amendment to certain service crediting provisions of the Plan; and (iii) reflect the current regulatory changes to the Plan's Claims and Appeals procedures.

Investments—Participants direct the investment of their contributions into various investment options offered by the Plan. The investments are held in the Master Trust for the Company's defined contribution plans. The Plan currently offers 29 mutual funds, one common collective trust stable value fund and participant-directed brokerage accounts, which allow participants to directly invest in stocks or funds other than the Lifecycle or Core Investment Options offered; and the Company's common stock as investment options for participants.

Payment of Benefits—On termination of service due to death, disability, retirement, or termination for other reasons, a participant may elect to receive distributions in the form of: (1) a lump-sum amount equal to the value of the participant's vested interest in his or her account; (2) installments over a period designated by the participant; or, (3) direct rollover to an eligible retirement plan.

In-Service Withdrawals—A participant may request an in-service hardship withdrawal of his or her rollover account, if any, from his or her 401(K) pre-tax contributions, and his or her Roth contributions. A participant who incurs a disability may request a withdrawal of up to 100% of his or her accounts. A participant who is called to active duty in the uniformed services for more than 179 days or for an indefinite period may withdraw up to 100% of his or her deferred account balance as a qualified reservist distribution. A participant who has attained age 59-1/2 may elect to withdraw up to 100% of his or her rollover account, the vested portion of his or her matching account, his or her pre-tax account, and his or her Roth account.

Profit Sharing Accounts

Participant Accounts—To participate in the profit sharing provisions of the Plan, non-bargaining employees of the above-mentioned companies (1) must complete at least 1,000 hours of service during that plan year and must be a covered employee on the last day of such plan year or (2) during that plan year must have terminated covered status by reason of retirement or death or incurred a disability. Profit-sharing eligibility generally begins after one year of service and contributions are generally allocated to each qualified participant's account in such proportion as the participant's eligible compensation for the year bears to the total compensation paid in that year to all qualified participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions—Under the Plan's provisions, the annual contribution is determined by the board of directors of the Company, subject to the following specific guidelines:

- The contribution may not exceed 25% of the aggregate compensation paid to participants for the year.
- The contribution may not be more than 10% of the Company's pretax earnings for the year.

- No contribution may be made unless the Company's net income for the year, less the amount of the contribution, is at least equal to 6% of the shareholders' equity in the Company as of the first day of the year.
- The contribution amounts must not result in discrimination prohibited by Internal Revenue Code (IRC) Section 401(a)(4).

Tax Credit ESOP Accounts—A Tax Credit ESOP Account is maintained for each participant who was a participant of the Alexander & Baldwin, Inc. Tax Credit Employee Stock Ownership Plan (TCESOP) on December 31, 1988. No new contributions are made to this account. Distributions may be made only upon termination of employment.

Vesting—Participants are vested immediately in their profit sharing allocations and earnings thereon. They are fully vested in their Tax Credit ESOP Account.

Individual Deferred Compensation Accounts

Participant Accounts—Individual accounts are maintained for each Plan participant. Each covered employee generally becomes a participant of the Plan on his employment commencement date. Each participant's account is credited with the participant's contributions and allocations of Plan earnings, and charged with an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Contributions—The Plan provides for an automatic contribution arrangement under which the participant is deemed to have elected to contribute 3% of their compensation on a pre-tax basis. Such pre-tax contributions shall commence as soon as administratively practicable following the date the employee becomes a participant of the Plan. The participant may elect to increase or decrease his contribution to another specified percentage of their compensation (from 0% to 50%, in multiples of 1%). Under Plan provisions, the participant's contribution may not exceed 50% of their eligible compensation, up to the maximum permitted by statute.

Matching Contributions—Effective January 1, 2011, the Plan was amended to allow for discretionary, rather than fixed, matching contributions equal to such percentage (including zero) of a participant's contributions as the Company determines for each participating company for such year, to the extent such participant contributions do not exceed such amount or percentage of the participant's compensation as the Company may designate for the year with respect to each or any such participating company. A participant must complete one year of service before becoming 100% vested in eligible for matching contributions. Matching contributions of up to 4% were made during 2018 and 2017, respectively.

Roth Contributions—Effective January 1, 2011, in lieu of making deferred cash contributions and catch-up contributions on a pre-tax basis, a participant may elect to have some or all of the deferred cash contributions and/or catch-up contributions that otherwise would be contributed to the Plan on a pre-tax basis designated as Roth contributions or Roth catch-up contributions, as applicable, and included in their gross income at the time of deferral. Such election, once made, may only be revoked with respect to deferred cash contributions to be contributed after the effective date of the revocation election.

Catch-Up Contributions—In accordance with the IRC, this provision, which became effective August 1, 2002, allows participants who are over age 50 or reach age 50 during the Plan year January 1 to December 31 to make additional contributions. The maximum annual catch-up contribution is \$6,000 for 2018 and 2017.

Rollover Contributions—Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain IRC limitations.

Vesting—Participants are vested immediately in their employee, employer profit sharing and rollover accounts, including earnings thereon. Participants are vested in employer match upon completion of one year of service.

Participant Loans—Participants who have completed at least two years' enrollment in the Plan may borrow from their pre-tax, Roth, matching, and rollover accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Loans have a maximum term of five years for a general purpose loan and 15 years for a loan that is to be used to purchase the principal residence of a participant. Loans are secured by the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed as determined by the Plan administrator. At December 31, 2018, interest rates on participant loans are 4.25% to 9.25%, maturing through August 2033.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan's investment in the Master Trust utilizes various investment securities, including money market funds, mutual funds, and common stock of the Company and other companies. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of the participants' account balance and the amounts reported in the financial statements.

Valuation of Investment in Master Trust—The Plan's investment in the Master Trust is stated at fair value, which has been determined based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date of the Master Trust. The Master Trust holds investments in cash and cash equivalents, the Plan Sponsor's common stock, other common stock and preferred stock, money market funds, equity and fixed-income mutual funds, and a stable value fund. The fair values of cash and cash equivalents, common stocks, the Plan Sponsor's common stock, and mutual funds are based on quoted market prices. Money market funds are stated at amortized cost, which approximates fair value. Stable value funds are valued at the net asset value as a practical expedient to estimate fair value. See Note 4 for additional information on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the registered investment companies are deducted from income earned and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses have been recorded as of December 31, 2018 and 2017.

Revenue Credits—Revenue credits are recorded on the accrual basis as earned by the Plan.

Administrative Expenses—Administrative expenses of the Plan are paid by either the Plan or the Plan Sponsor, as provided in the Plan document. Participants directly pay loan origination fees and loan maintenance fees for participants with outstanding loan balances.

Payment of Benefits—Benefit payments to participants are recorded upon distribution.

Transfers—Transfers relate to account balances of any participants who are transferred into or out of the Plan. For the years ended December 31, 2018 and 2017, plan transfers reported in the statements of changes in net assets available for benefits were \$8,346 and \$3,070,241, respectively.

Reclassification—Certain amounts presented on the statements of changes in net assets available for benefits for the year ended December 31, 2017, have been reclassified, as necessary, to be consistent with the 2018 presentation.

Subsequent Events—Subsequent events were evaluated through October 14, 2019, the date the financial statements were available to be issued.

New Accounting Pronouncements— In February 2017, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2017-06, *Plan Accounting-Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Employee Benefit Master Trust Reporting (A Consensus of the Emerging Issues Task Force)*. ASU 2017-06 amended the presentation and disclosure requirements relating to master trusts in accordance with GAAP. The amendments are effective for all plan years beginning after December 15, 2018, and are to be applied retrospectively. Early adoption is permitted. The Plan is currently evaluating the impact that the guidance will have on the Plan’s financial statements.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurement*, based on the concepts in the FASB Concepts Statement, including the consideration of costs and benefits. The amendments in this Update are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted. The Plan is currently evaluating the impact that the guidance will have on the Plan’s financial statements.

3. INVESTMENT IN MASTER TRUST

The Master Trust is composed of 29 mutual funds, one common collective trust stable value fund, and participant-directed brokerage accounts, which allow participants to directly invest in cash and cash equivalents, stocks or funds other than the Lifecycle or Core Investment Options offered, Alexander & Baldwin, Inc. (“A&B”) common stock, and the Company’s common stock. Certain of these investment options are specific to individual plans. The assets are invested and records are maintained by each investment fund option. Funds are allocated to the three participating plans (the “Plans”) (see below) in accordance with the Plans’ provisions and participant allocation elections. The allocation of net assets available for benefits is based on the respective number of units held by the Plans’ participants as of the Plans’ year-end. The allocation of the changes in net assets available for benefits is calculated daily based on the units held by the Plans’ participants as of that day’s end.

At December 31, 2018 and 2017, the assets of the following Plans were combined in the Master Trust:

- Matson Individual Deferred Compensation and Profit Sharing Plan for Bargaining Employees
- The Matson Inc. 401(K) and Profit Sharing Plan for Non-Bargaining Employees
- Matson and Subsidiaries 401(K) Retirement Savings Plan for Bargaining Unit Employees

The fair values of investments in the Master Trust at December 31, 2018 and 2017, were as follows:

The Plan's interest in the Master Trust at December 31, 2018 and 2017 was \$196,011,752 and \$207,216,069, representing 86.4% and 86.7%, respectively, of the Master Trust's net assets.

During the years ended December 31, 2018 and 2017, the Plan's interest in the Master Trust (depreciated) appreciated by \$(11,315,269) and \$32,051,206, respectively.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market, but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Common stock—Investments in common stock are valued at the closing price reported on the active market on which the securities are traded, on the last business day of the Plan year. Common stock is categorized as Level 1.

Mutual Funds—Investments in mutual funds are valued at the publicly quoted net asset value (NAV) of each fund and are categorized as Level 1. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The total NAV is calculated by multiplying the NAV per share by the number of shares held as of the measurement date.

Common Collective Trust Stable Value Fund— A stable value fund that is comprised primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Money Market Funds—Valued at NAV of shares held by the Plan at year-end.

Participant-Directed Brokerage Accounts—Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Cash and cash equivalents—Cash and cash equivalents are valued at cost plus accrued interest.

A summary of the Master Trust's investments measured at fair value on a recurring basis as of December 31, 2018, set forth by level within the fair value hierarchy, is as follows:

Asset Category	Fair Value Measurements at December 31, 2018			
	Total	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Common stock:

A summary of the Master Trust's investments measured at fair value on a recurring basis as of December 31, 2017, set forth by level within the fair value hierarchy, is as follows:

	Total	Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Common stock:

Investment measured at NAV (a)	20,115,625			
Total Master Trust Investments	\$ 238,881,386			

- (a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of assets available for benefits.

Transfer between Levels—The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2018 and 2017, there were no transfers in or out of Levels 1, 2, or 3.

The following table sets forth a summary of the Master Trust's investment in the common collective trust stable value fund with a reported NAV at December 31, 2018 and 2017.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event that the Plan is terminated, participants would become 100% vested in their vested accounts.

6. FEDERAL INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company, by a letter dated November 3, 2017, that the Plan and the related trust is designed in accordance with applicable regulations of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable sections of the IRC, and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. No uncertain tax positions were recorded at December 31, 2018 and December 31, 2017. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. DISTRIBUTIONS

Certain Master Trust investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions.
