NOTE A--DESCRIPTION OF PLAN

The following brief description of the Slidematic Precision Components, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Slidematic Precision Components, Inc. (the "Company") for employees that meet specific eligibility requirements. Affiliated company Seward Screw LLC is a participating employer under the Plan for the benefit of their employees and is bound by all elections selected by the Company. The Plan, designated as a defined contribution plan, was established on October 1, 1963, and most recently restated January 1, 2013. The Plan provides for contributions to be made under salary deferral agreements pursuant to Section 401(k) of the Internal Revenue Code (the "Code").

The Plan is subject to the provisions of the Employee Retirement Income and Security Act of 1974 ("ERISA").

The Plan Administrator and Plan Trustees are responsible for oversight of the Plan, determining the appropriateness of investment offerings, and monitoring investment performance.

Contributions

Eligible participants may elect to contribute pre-tax deferred compensation and/or Roth deferred compensation to the Plan by means of a salary deferral agreement up to the maximum limit permitted by federal law. Contributions are subject to limitations as provided in the Code and as described in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover) in accordance with the Plan provisions.

The Company's Board of Director's (the "Board") has the discretion to contribute a profit-sharing contribution to the Plan at the end of the Plan year in accordance with Plan provisions. Discretionary matching contributions, if any, are based on a percentage determined by the Board and applied to elective deferrals. Matching contributions are based upon eligible contributions of all eligible participants.

Employees of the Company having attained the age of eighteen are eligible to participate on January 1st, April 1st, July 1st, or October 1st following completion of three consecutive months of service. Employees must be employed on the last day of the Plan year and have completed 1,000 hours of service to be eligible to share in the discretionary contributions, if any. Employees are not required to be employed on the last day of the Plan year to be eligible to share in the matching contribution.

Salary deferral contributions are funded proximate to the withholding date. Discretionary profit-sharing, if any, is funded annually after the close of the Plan year and within statutory time frames. Matching contributions, if any, are funded proximate to the withholding. All contributions invested are directed by the participant into various investment options offered by the Plan.

NOTE A--DESCRIPTION OF PLAN-continued

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's discretionary profit-sharing and/or matching contributions, if any, and allocations of (a) Plan earnings or losses, and (b) charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant account balances or compensation, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants direct their contributions into a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time in accordance with Plan provisions. During any period in which there is no participant direction on file with the Custodian as to the investment of a participant's account, 100% of that participant's account will be invested in the investment option designated from time to time by the Custodian as the default investment. The Plan currently offers various investment options for participants, including pooled separate accounts which include a stable value fund.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary profit-sharing and/or matching portion of their accounts plus actual earnings thereon is based on years of credited service as presented below. A participant is 100% vested after six years of credited service. Participants who attain the normal retirement age of 65, or who terminate employment due to death or disability become 100% vested in their account balances.

Years of Credited Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance during the prior twelve-month period. The note is secured by a participant's vested account balance and bears a reasonable rate of interest as determined by the Plan Administrator. The rate is based upon interest rates at loan inception that are commensurate with prevailing rates for loans made under similar circumstances. Loans are for a period not to exceed five years unless for the purchase of the participant's principal residence, in which case the Plan Administrator may permit a longer repayment term, up to ten years. Principal and interest are repaid ratably through payroll deductions. The interest rate applied to current loans outstanding ranges from 4.25% to 6.25%.

NOTE A--DESCRIPTION OF PLAN-continued

Payment of Benefits

Upon termination of employment due to death, disability, retirement or Plan termination, a participant is entitled to 100% of their account balance in a lump-sum cash distribution, or as a direct rollover to an individual retirement account ("IRA"). For termination of employment for other reasons, a participant is entitled to a lump-sum cash distribution of 100% of the participant's contributions and the vested portion of the Company's contributions based upon the Plan's vesting provisions.

All distributions will be made as soon as administratively feasible following the distribution determination dates. However, those account balances in excess of $5,000 (not including rollover account balances), will be made as soon as administratively feasible following the date the Plan Administrator receives a written request for distribution. In-service withdrawals, subject to certain restrictions, are also permitted. Hardship withdrawals are not permitted.

Mandatory distributions greater than $1,000, may be paid in a direct rollover to an IRA designated by the Plan Administrator. These distributions will be made if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or does not elect to receive the distribution directly.

Forfeited Accounts

If a participant is not fully vested upon termination, the nonvested portion of the account is forfeited. Forfeitures may first be used to offset administrative expenses of the Plan and any remaining forfeitures are used to reduce Company discretionary profit sharing and/or matching contributions. At December 31, 2018 and 2017, forfeited non-vested accounts totaled $4,452 and $12,536, respectively. During the Plan year ended December 31, 2018, $13,400 of forfeited non-vested accounts were used to offset employer contributions.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's Administrator to make estimates and assumptions that affect reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Investment Valuation and Income Recognition

The Plan's investments in shares of pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator and Trustees determine the Plan's valuation policies utilizing information provided by investment advisers and the Custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loans to be in default, the participant loan balance is reduced, and a benefit payment is recorded. During the plan year ended December 31, 2018, $76,985 of loans were deemed distributed.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Code are recorded as a liability with a corresponding reduction to contributions if the amounts are distributed prior to three and a half months after the Plan year end. If the amounts are distributed after three and a half months after the Plan year end, the amounts are recorded as a distribution in the year the distribution is made. The Plan distributed $223 and $2,110 of 2018 and 2017 excess contributions to the applicable participants after to March 15, 2019 and 2018, respectively.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Fees incurred by the Plan for certain investment management services are included in administrative expenses.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES-continued

Subsequent Events

The Plan Administrator has evaluated subsequent events through October 14, 2019, which is the date the financial statements were available to be issued.

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for Plan assets measured at fair value. There has been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled separate accounts: Pooled separate accounts are unregistered and divided into investments called "sub-accounts". Each sub-account invests in shares of an underlying mutual fund or other investment securities at an omnibus level. Sub-account values are calculated on a daily basis based on the share price or net asset value ("NAV") of the underlying funds. The number of units owned is multiplied by the NAV. The net investment factor is used to measure the investment performance of a sub-account from one valuation day to the next. The NAV is used as a practical expedient to estimate fair value.

NOTE C--FAIR VALUE MEASUREMENTS-continued

In accordance with Subtopic 820-10, certain investments that are measured at net asset value (or its equivalent) are not classified in the fair value hierarchy.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Description	12/31/2018 Fair Value	12/31/2017 Fair Value	Unfunded Commitments	Redemption Frequency currently	Redemption Notice
Pooled separate accounts	$ 10,984,135	$ 11,885,470	N/A	Daily	N/A*

* Redemptions occur as soon as administratively feasible. However, terms indicate redemption period could be delayed up to (a) 7 calendar days if considered necessary to maintain adequate liquidity, (b) up to 30 calendar days in the event that it is determined it may have an adverse impact on the underlying investment, or (c) up to 12 months if withdrawal requests are deemed, by the Custodian, to be a Plan directed withdrawal.

NOTE D--INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in the fair value of investments (pooled separate accounts) for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A) (the "Custodian"). Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to such information certified by the Custodian, as of December 31, 2018 and 2017 and for the year ended December 31, 2018.

Except for comparing such information to the information included in the Plan's financial statements and supplemental schedules, the Plan's independent auditors did not perform any auditing procedures on the certified information.

The following represents information certified by the Custodian as of December 31, 2018 and 2017:

	2018	2017
Cash, non-interest bearing	$ 4,452	$ 12,536
Pooled separate accounts	10,984,135	11,885,470
Notes receivable from participants	257,799	354,531
Net depreciation in fair value of investments in pooled separate accounts	(924,120)	
Interest income - notes receivable from participants	14,130	

NOTE E--RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodian; therefore, qualify as party-in-interest transactions. BKD, LLP (the "recordkeeper") performs administrative and recordkeeping services for the Plan. Fees paid by the Company to the Custodian and the recordkeeper and other service providers are not material to the financial statements.

Certain employees of the Company provide administrative services for the Plan and are not reimbursed by the Plan for their services.

NOTE F--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G--TAX STATUS

On March 31, 2014, the Internal Revenue Service ("IRS") stated that the prototype plan document, subsequently adopted by the Plan, as then designed, qualified under section 401(k) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's legal counsel believe that the Plan is designed and is currently operated in compliance with applicable requirements of the IRC, and therefore, believe that the Plan is qualified, and the related Trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE H--RISKS AND UNCERTAINTIES

The Plan's assets are invested directly and indirectly in various investment securities which are purchased or managed by the Custodian. These investments are exposed to various risks such as interest rate, market, and credit risks. The Plan's assets are subject to the changes in the value of its underlying investments, including the potential for bankruptcy of one or more of the companies in which they are invested.

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities and insurance policies will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I--NONEXEMPT TRANSACTIONS

During 2017 and 2016, the Plan Sponsor did not remit to the Plan's Custodian, certain employee contributions totaling $2,293 and $2,254 within the period prescribed by DOL regulations. The Plan Sponsor remitted the 2017 employee contributions during the Plan year 2018. The 2016 employee contributions were remitted on March 8, 2019.

NOTE J--CORRECTIVE CONTRIBUTIONS

During 2017, the Plan Administrator discovered that the compensation used to determine participant's pre-tax deferred compensation and/or Roth deferred compensation was not within the definition of the Plan document as it relates to the Seward employees. During the 2018 Plan year, the Plan Sponsor made corrective contributions in the amount of $450, which includes lost earnings and discretionary employer match corrections, to compensate all impacted participants.
