Report on the Financial Statements

We were engaged to audit the accompanying financial statements of America Central Corporation 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in NOTE 3, which was certified by MassMutual Life Insurance Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of and for the years ended December 31, 2018 and 2017, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule of Assets as of December 31, 2018 and 2017 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2018, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance With Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of the America Central Corporation 401(k) Plan (the "Plan") provides only general information. Reference to the Plan document should be made for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of America Central Corporation or any affiliate who has adopted the Plan (collectively as the "Employer") who have completed at least one year of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan became effective on October 31, 2011.

Contributions

Participants may elect to defer the receipt of a portion of their compensation on a pre-tax or after tax basis, subject to the Internal Revenue Service ("IRS") and other limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Additionally, participants may roll over or transfer to the Plan any portion or all of the property received from another qualified employee benefit trust (rollover contribution). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Employer contributes and allocates to each eligible participant's account an amount equal to a percentage of the participant's salary savings agreement contribution (matching contribution). Employer contributions are discretionary and may be changed from year to year.

Participant Accounts and Vesting

Each participant's account is credited with the participant's contribution, an allocation of the Employer's contribution, if applicable, and the Plan's earnings. Allocations of earnings are based on earnings or losses attributable to the specific funds in which the accounts are invested and are reduced by administration and management fees, as defined. The Employer's matching and discretionary contributions are allocated based on a percentage of compensation of eligible participants for the plan year as determined by the Employer. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeitures shall be applied to reduce the Employer's contribution for such Plan year. As of December 31, 2018, the Plan had forfeitures of approximately $3,000. There were no forfeitures in 2017.

Participants are immediately vested in their contributions plus actual earnings thereon, rollover contributions, and matching contributions.

Payment of Benefits

Upon termination of service, depending on circumstances, participants may elect to receive payment with respect to a participant's vested account balance as a lump sum distribution of the entire vested account balance, single sum distribution of a portion of the participants vested account balance, installments for a specified term, installments for required minimum distributions only, or annuity payments over a period not to exceed a participant's lifetime. In certain hardship situations, as described in the Plan Agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship.

Notes Receivable from Participants

A participant may borrow from the Plan a minimum of $1,000 not to exceed the lesser of: (a) $50,000 or (b) 50% of the participant's vested account balance. Loan terms range from 1-5 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local market prevailing rates. The interest rates applicable to all participant loans during the years ended December 31, 2018 and 2017 vary between 4.25% and 6.25%. Principal and interest is paid ratably through monthly payroll deductions.

1. DESCRIPTION OF PLAN (CONTINUED)

Investment Options

The Plan's investment funds are maintained and administered for the benefit of the participants by the Custodian. Participants have the right to direct the investment of their accounts into one or more funds.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See NOTE 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fully Benefit-Responsive Investment Contracts

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Mass Mutual totaling $147,512 and $94,018 at December 31, 2018 and 2017, respectively. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the trustee, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fully Benefit-Responsive Investment Contracts (Continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Investment Management Fees and Operating Expenses

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned and are reflected as a component of net (depreciation) appreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Upon termination of service, depending on circumstances, participants may elect to receive payment with respect to a participant's vest account balance as a lump sum distribution of the entire vested account balance, single sum distribution of a portion of the participants vested account balance, installments for a specified term, installments for required minimum distributions only, or annuity payments over a period not to exceed a participant's lifetime. In certain hardship situations, as described in the Plan Agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship.

Tax Status

The Plan adopted a volume submitter profit sharing plan with a cash or deferral arrangement developed by My Benefits, LLC, effective October 31, 2011, which obtained a favorable IRS opinion letter on March 31, 2014 in which the IRS stated that the form of the underlying prototype plan was acceptable under provisions of the Internal Revenue Code ("Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Administrative Expenses

The Plan agreement allows for all administrative expenses to be paid by the Plan or the Employer.

Subsequent Events

The Plan has evaluated events through October 9, 2019, which is the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Mass Mutual, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

	December 31, 2018	December 31, 2017
Pooled separate accounts, at fair value	$ 6,372,458	$ 6,714,048

Notes receivable from participants	235,735	255,127
Total	**$ 6,755,705**	**$ 7,063,193**

	Year Ended December 31, 2018	Year Ended December 31, 2017
Investment income:		
Net (depreciation) appreciation in fair value of investments	$ (481,894)	$ 934,279
Total investment income	(481,894)	934,279
Interest income on notes receivables from participants	12,931	12,047
Total	**$ (468,963)**	**$ 946,326**

4. FAIR VALUE MEASUREMENTS

The three levels of fair value hierarchy under the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") are described as follows:

- Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 — Inputs to the valuation methodology include:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2018:

		Fair Value Measurements at Reporting Date Using:		
Description	**Fair Value 12/31/2018**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Mutual funds	$ 6,372,458	$ 6,372,458	$ -	$ -
Total assets at fair value	**$ 6,372,458**	**$ 6,372,458**	**$ -**	**$ -**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2017:

		Fair Value Measurements at Reporting Date Using:		
Description	**Fair Value 12/31/2017**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
Mutual funds	$ 6,714,048	$ 6,714,048	$ -	$ -
Total assets at fair value	**$ 6,714,048**	**$ 6,714,048**	**$ -**	**$ -**

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The FASB ASC provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions, if applicable.

7. TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer and certain others. Certain Plan investments are managed by MassMutual. MassMutual is the custodian of the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Notes receivable from participants are also considered party-in-interest transactions.

8. PROHIBITED TRANSACTIONS

During the year ended December 31, 2018, there were employee withholdings in the amount of $22,148 that were not remitted to the Plan within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company is aware of the occurrence and is in the process of taking the appropriate steps to correct the situation.

The DOL requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Company's general assets. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction which must be separately reported to the DOL and may result in penalties to the Plan. The accompanying supplemental schedule of delinquent participant contributions presents the prohibited transactions of the Plan.
