NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of MEMBERS 401(k) Advantage (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on January 1, 2013. It is a multiple employer defined contribution plan covering eligible employees of MEMBERS Benefits Corporation (the Sponsor or Sponsoring Employer) and the employees of Adopting Employers (Participating Employers) who are eligible to participate in the Plan based on elections made by the Adopting Employers. The Plan qualifies as a multiple employer plan as described in Section 413(c) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

A Participating Employer is an employer who adopted this Plan. Each Participating Employer may designate the parameters for eligibility requirements and participation in the Plan as well as employer contributions, if any.

The Plan's Trustee Committee is responsible for oversight of the Plan, determining the appropriateness of investment offerings, and monitoring investment performance. The Plan uses Great-West Trust Company, LLC (Great-West or the Custodian) for recordkeeping and custodian services. Participating Employer contributions are held and managed by the Custodian who invests cash received, interest and dividend income, and makes distributions to participants (subject to the direction of the participants).

Contributions

Each year, participants in the Plan may contribute an amount within the limits prescribed by the Internal Revenue Service (IRS). Additionally, participants may rollover amounts representing distributions from other qualified defined-benefit or contribution plans. For the years ended December 31, 2018 and 2017, individual participants' contributions were limited to \$18,500 and \$18,000, respectively. On an annual basis, participants who are age 50 and older may also contribute an additional \$6,000 in each year. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Each Participating Employer elects the level of safe harbor, matching and/or profit-sharing contributions. Contributions are subject to certain IRS limitations. Roth deferrals are allowed under the Plan, if elected by the Adopting Employers.

Participating Employers' matching contributions totaled \$3,239,915 and \$3,135,097 for the years ended December 31, 2018 and 2017, respectively. All Participating Employer contributions are subject to IRC limitations.

Participant accounts

Each participant account is credited with the participant's contributions and their Participating Employer's matching contributions, as well as, allocations of their Participating Employer's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants may change the allocation of their contributions among funds pursuant to Plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

MEMBERS 401(k) ADVANTAGE

Note 1 – Description of Plan, Continued

Vesting

Participants are vested immediately in their contributions and their Participating Employer's safe harbor contributions, if applicable, plus actual earnings or losses thereon. Vesting in the remainder of their account is based on years of continuous service. A participant generally does not begin to vest until year two (2) and increases ratably until fully vested in year six. However, vesting schedules vary based on the Participating Employer's elections. Participant also become fully vested upon death, disability, or attainment of normal retirement age (defined by the Plan as 65).

Notes receivable from participants

Plan participants may borrow from their fund accounts a minimum of \$1,000 and up to the lesser of 50% of the value of the participant's vested interest in his or her account or \$50,000. Loan terms may not exceed five years, except in the case of loans for the purchase of a primary residence. The loans are secured by the balance in a participant's account and bear interest at rates ranging from 4.25% - 6.50%. Principal and interest is paid ratably through regular payroll deductions.

Payment of benefits

Upon termination of service due to death, disability, retirement, or other reasons, or qualifying under certain "hardship" rules, as prescribed by the IRS, a participant may receive distributions from the Plan equal to the value of the participant's vested interest in his or her account. Distributions may be in the form of a lump-sum payment, or a rollover into another qualified plan. Additionally, participants reaching 59½ years of age may receive in-service distributions from the Plan.

Forfeitures

Any non-vested amounts in a terminated participant's account are forfeited by the participant and transferred to a forfeiture account. Forfeitures are used to pay Plan expenses or to reduce the Participating Employer's future matching contributions. Total forfeitures utilized for the years ended December 31, 2018 and 2017 amounted to \$99,924 and \$291,779, respectively. At December 31, 2018 and 2017, forfeited nonvested allocated accounts available for use totaled approximately \$130,000 and \$173,000, respectively.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets.

Plan administration

The Plan is administered by the Sponsor pursuant to the terms and conditions of the Plan and trust. Under the terms of the Plan, by action of the Board of Directors of the Sponsor, the Sponsor may designate one or more of its employees to perform the duties of the Plan Administrator.

Pinnacle Financial Services, Inc. has been designated as a third party administrator and servicing agent to perform certain reporting and administrative functions, as well as accounting and compliance reporting. The Sponsor, may, at its discretion, pay the Plan's administrative expenses. Substantially all Plan expenses were paid by the Plan for the years ended December 31, 2018 and 2017.

Effective December 1, 2017, the Company contracted with Great-West Trust Company, LLC (Great-West) which invests each participant's account balance in mutual funds, self-directed brokerage accounts, pooled separate accounts and a guaranteed account, as directed by each participant.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and the Custodian.

In accordance with the policy of stating investments at fair value, net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded at December 31, 2018 and 2017. Any delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan Document.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to interest rate, market and credit risks. Due to the risks associated with investment securities, it is at least reasonably possible that changes in such risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of benefits

The Plan records benefits when paid.

Administrative expenses

Administrative expenses for the years ended December 31, 2018 and 2017 were \$397,105 and \$287,474, respectively. Other administrative expenses such as professional fees are paid by the Participating Employers, rather than the participants.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan subsequently refunded the 2018 and 2017 excess contributions to the applicable participants.

MEMBERS 401(k) ADVANTAGE
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Concentration of credit risk

The Custodian maintains the Plan's investments with high credit-quality institutions and attempts to limit the credit exposure of any particular investment. Management retains a third party investment advisory group to review investment performance and risk.

Uncertain tax positions

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) FASB ASC Topic 740, *Income Taxes*, requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2018 that it would be unable to substantiate.

New accounting pronouncement

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement* (Topic 820), *Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement* (ASU 2018-13). The amendments in ASU 2018-13 modify the disclosure requirements in Topic 820 of the disclosure framework. The modifications include the removal of the requirement to disclose the amount of and reason for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy of timing between levels, the valuation processes for Level 3 fair value measurements, and the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

Also, in lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. Additionally, for certain entities that calculate net asset value, an entity is required to disclose the timing of an investee's assets and the date when restrictions from redemptions lapse only if the investee has communicated the timing to the entity or announced the timing publicly. ASU 2018-13 is effective for fiscal years beginning on or after December 15, 2019 with early adoption permitted to any removed or modified disclosures of this update. Plan management is evaluating the effect of ASU 2018-13 on its financial statements and related disclosures.

Note 3 – Information Certified by the Custodians

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodians the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments at fair value and contract value and participant notes receivable as shown on the statements of net assets available for benefits as of December 31, 2018 and 2017;
- Net investment activity and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017;
- Investment information included in the footnotes and supplemental schedule of assets (held at end of year) as of December 31, 2018.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

MEMBERS 401(k) ADVANTAGE
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the applicable methodologies used at December 31, 2018 and 2017. During the year ended December 31, 2018, there were no transfers of financial instruments into or out of Level 3.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – are valued at quoted market prices, which represent their daily net asset value (NAV) of shares held by the Plan at year end and are therefore classified as Level 1 within the fair value hierarchy.

Self-directed brokerage accounts - Valued at the closing price reported on the active market on which the individual securities are traded and are classified as Level 1 within the fair value hierarchy.

Collective trust funds - Valued at its NAV based upon the units of such funds held by the Plan at year-end multiplied by the respective unit value. The unit values of the funds are based upon observable and unobservable inputs, and are not based upon quoted market prices in an active market and are classified as Level 2 investments within the fair value hierarchy.

Guaranteed annuity contract – consists of a guaranteed interest contract, deemed fully benefit-responsive and reported at contract value. The guaranteed annuity contract is measured at the net asset value (NAV) of units of the fixed annuity, which are reported daily based on the valuation methodology disclosed in the annuity contract, as calculated by the annuity provider. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Fair Value Measurements, Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

* In accordance with subtopic 820-10, certain investments that were measured at contract value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present the reconciliation of the fair value hierarchy to line items presented in the statements of net assets available for benefits.

Note 5 – Annuity Contract with Insurance Company

Guaranteed Interest Fund

In 2017, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company (Great-West) totaling \$6,618,448 and \$6,628,741 as of December 31, 2018 and 2017, respectively. Great-West maintains the contributions in a general account. The Guaranteed Interest Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings on the underlying investments in the entire medium-long-term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The Guaranteed Interest Fund contract does not permit Great-West to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 6 – Annuity Contract with Insurance Company, Continued

Guaranteed Interest Fund, continued

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Note 7 – Related Party and Party-In-Interest Transactions

Certain Plan investments are administered by Great-West for the year ended December 31, 2018. For the period January 1, 2017 through December 1, 2017 Massachusetts Mutual Life Insurance Company (MassMutual) administered the Plan investments. Great-West administered the Plan's investments from December 1, 2017 through December 31, 2017. The transactions with Great-West and MassMutual qualify as party-in-interest transactions.

Effective December 1, 2017, Great-West provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Sponsor and Great-West. Great-West receives revenue from mutual fund service providers for services Great-West provides to the funds. This revenue is used to offset certain amounts owed to Great-West for its administrative services to the Plan.

If the revenue received by Great-West from such mutual fund service providers exceeds the amount owed under the MSA, Great-West remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or Plan Sponsor may make a payment to Great-West for administrative expenses not covered by revenue sharing.

Pinnacle Financial Services, Inc., the Plan's third party administrator, receives fees for accounting and certain recordkeeping services. Therefore, transactions with them qualify as party-in-interest transactions.

Note 8 – Fidelity Bond

The Plan has complied with the fidelity bonding requirements of ERISA.

Note 9 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Adopting Employers' contribution portion of their account.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 10 – Plan Transfers

Qualified plans sponsored by certain Adopting Employers may be transferred into the Plan in conjunction with the Adopting Employers' adoption of the Plan. New participant accounts are then created for such participants in the Plan.

In addition, the account balances of participants employed by the Adopting Employers who terminate continuation in the Plan during the year may be transferred out of the Plan to other qualified plans.

Note 11 – Tax Status

The Plan adopted a prototype non-standardized profit sharing plan sponsored by Pinnacle Financial Services, Inc. On March 31, 2014, the IRS stated that the prototype non-standardized profit sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself, however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 12 – Delinquent Participant Contributions

Defined contribution plans are required to remit participant contributions to the Plan as soon as they can reasonably be segregated from the employer's general assets. While all participant contributions have been remitted to the Plan, contributions aggregating \$438,272 and \$533,396 were not remitted in the required time period during the years ended December 31, 2018 and 2017, respectively. The Participating Employers remitted lost earnings to affected participants subsequent to year end.

Note 13 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2018 through October 14, 2019, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
