TRILLIUM SERVICES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2018

1 DESCRIPTION OF PLAN

The following description of Trillium Services 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Trillium Services (the “Company” or “Employer”). The 401(k) Committee of the Company controls and manages the operation and administration of the Plan. Reliance Trust Company serves as the trustee of the Plan. The Plan was established on January 1, 2018 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

Employees are eligible to participate in the Plan after meeting certain requirements. The employee must be 18 years old and have completed thirty days of service to make salary deferrals and receive employer safe harbor matching contributions. In addition, the employee must have completed one year of service to be eligible for discretionary matching and profit sharing contributions. A year of service is defined in the Plan as a twelve-month consecutive period during which an employee completed at least 1,000 hours of service. Employees can enter into the Plan the first day of each calendar month, upon completing the above requirements.

Contributions

Each year, participants may contribute pre-tax annual compensation through elective deferrals, as defined in the Plan, up to 100%. In addition to pre-tax deferrals of compensation, participants may defer a percentage of their post-tax compensation under a Roth 401(k) election. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Maximum contributions by participants are limited annually by Internal Revenue Service (“IRS”) guidelines. The Employer makes safe harbor matching contributions in an amount equal to 100% of the first 3% and 50% of the next 2% of the participant’s compensation deferred for the plan year. In addition, the Company may, at its discretion, declare a profit sharing contribution. The Employer did not make a profit sharing contribution for the year ending December 31, 2018.

Rollover Contributions

The Plan allows for participants to transfer contributions into the Plan from another qualified plan or from an individual retirement account.

TRILLIUM SERVICES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2018

Participant Accounts

Each participant account is credited with the participant's contributions, rollover contributions, employer contributions and an allocation of plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. In addition, participants are fully vested in employer safe harbor contributions.

A participant becomes fully vested in discretionary match contributions and profit sharing contributions upon reaching normal retirement age, death, or, absent those events, a participant vests at the rate of 20% per year beginning after two years of service and is 100% vested after six years of credited service.

Notes Receivable from Participants

The Plan does not allow participants to borrow funds from their accounts.

Payment of Benefits

The benefit to which a participant is entitled is the vested balance in their account. Upon reaching normal retirement age of 59 ½, becoming disabled or upon a participant's death, the participant becomes 100% vested in their account balance.

Participants with balances below \$5,000 who terminate employment for reasons other than retirement, death, or disability will receive their vested account balance as soon as administratively feasible. Participants with balances greater than \$5,000 must consent to the distribution before it may be made.

The payment of benefits shall be made according to the election of the participant in the form of a lump sum or installment payments as prescribed by the Plan.

Forfeited Accounts

Forfeitures of non-vested accounts can be used to reduce Company contributions, pay plan expenses, or be allocated to participants as an additional contribution.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

TRILLIUM SERVICES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2018

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Participant Direction of Investments

Subject to the provisions of the Plan, a participant has the right to direct the investment of the balance in their accounts in the specific investment funds made available by the plan administrator. At December 31, 2018, all investments are participant directed.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) in the fair value of investments consists of the realized gains or losses on investments sold and the change in unrealized appreciation (depreciation) on held investments.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2018, there were no participants who had elected to withdraw from the Plan, but had not yet been paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

3 FAIR VALUE MEASUREMENTS

GAAP provides the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for investments measured at fair value.

Mutual funds: Mutual funds are valued at quoted market prices in an exchange and active market, which represent the net asset values of shares held by the Plan at year end. Mutual funds are classified as Level 1 investments.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodology used at December 31, 2018.

TRILLIUM SERVICES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2018

The following table set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of:

	December 31, 2018			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 296,602	\$ -	\$ -	\$ 296,602

4 TAX STATUS

The Company adopted a prototype 401(k) plan document sponsored by Goldleaf Partners which received a favorable opinion letter from the IRS dated March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5 INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statement of Net Assets Available for Benefits as of December 31, 2018.
- Net investment income (loss), as shown in the Statement of Changes in Net Assets Available for benefits for the Year ended December 31, 2018.
- Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2018.

6 FORFEITURES

There were no unused forfeited balances at December 31, 2018. No forfeitures were used to reduce employer contributions or administrative expenses during 2018.

TRILLIUM SERVICES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2018

7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to amend or terminate the Plan at any time. In the event of Plan termination, all participant accounts would become fully vested and the assets of the Plan would be distributed in accordance with the Plan's provisions.

8 RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Trillium Services has been designated as the plan administrator and plan sponsor. These services are provided at no expense to the Plan.

Certain Plan investments are shares of mutual funds managed by Reliance Trust Company, the trustee of the Plan's assets, as of December 31, 2018. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. These transactions qualify as party-in-interest transactions. However, such transactions are exempt under Section 408(b)(8) and are not prohibited by ERISA.

9 SUBSEQUENT EVENTS

The Company has evaluated subsequent events for potential recognition or disclosure in the financial statements through October 14, 2019, the date the financial statements were available to be issued.
