INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Halex Corporation 401(k) Profit Sharing Plan & Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Halex Corporation 401(k) Profit Sharing Plan & Trust (the "Plan"), which comprise the statements of net assets in liquidation available for benefits as of June 25, 2019 and December 31, 2018, and the related statements of changes in net assets in liquidation available for benefits for the period from January 1, 2019 through June 25, 2019, and the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified by Mid Atlantic Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of June 25, 2019 and December 31, 2018, and for the period from January 1, 2019, through June 25, 2019, and the year ended December 31, 2018, that the information provided to the Plan Administrator by the trustee is complete and accurate.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As further discussed in Note 1 to the financial statements, the Plan Administrator elected to terminate the Plan as of December 31, 2016, and the Plan assets were transferred to another plan as of June 25, 2019. In accordance with accounting principles generally accepted in the United States of America, the Plan has used the liquidation basis of accounting in presenting the June 25, 2019, and December 31, 2018 financial statements. Our opinion has not been modified with respect to this matter.

Other Matter – Supplemental Schedule

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 25, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

**As of June 25, 2019, and for the Period from January 1, 2019, through June 25, 2019, and
as of and for the year ended December 31, 2018**

1. Description of Plan

General

The following description of the Halex Corporation 401(k) Profit Sharing Plan & Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan is a defined contribution and profit sharing plan covering all employees of the Company, with a minimum age of 21 and a minimum service requirement of three months. The Plan was initially effective on July 1, 2000 and was restated on January 1, 2014, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Administration

Halex Corporation (the “Company” or the “Plan Administrator”) is the sponsor of the Plan.

Effective January 1, 2014, the Plan appointed Mid Atlantic Trust Company (“MATC”) as Trustee (the “Trustee”). The Trustee holds, administers, and distributes the funds of the Plan in accordance with the provisions of the Plan and instructions of Plan management or its designees.

Plan Termination

On November 9, 2016, the Company was acquired by GCP Applied Technologies, Inc. (“GCP”). As such, the Company elected to terminate the Plan effective December 31, 2016. There were no new participants in the Plan, nor were there any contributions to the Plan since the GCP acquisition date of November 9, 2016. Plan management transferred the net assets of the Plan into a defined contribution plan sponsored by GCP on June 25, 2019.

Contributions

Employees of the Company are eligible to participate in the Plan after completing three months of service and attaining the age of 21. Each year, participants may elect to contribute up to 92% of their compensation, not to exceed limits established by the Internal Revenue Code (the “Code”) totaling \$19,000 in 2019 and \$18,500 in 2018. Participants may also contribute amounts representing distributions from other qualified plans (e.g., rollover contributions).

See accompanying notes to the financial statements and independent auditors’ report.

Notes to Financial Statements (continued)

**As of June 25, 2019, and for the Period from January 1, 2019, through June 25, 2019, and
as of and for the year ended December 31, 2018**

1. Description of Plan (continued)

Contributions (continued)

Participants who have attained age 50 prior to the end of a plan year are eligible to make pre-tax catch-up contributions to the Plan. The total amount of catch-up contributions for the 2019 and 2018 plan year may not exceed \$6,000. Participants are automatically enrolled in the Plan with automatic deferral contributions initially set at 3% of eligible compensation. Automatic deferral contributions will increase 1% at the beginning of each Plan year, up to a maximum automatic deferral rate of 6%.

The Company may make profit sharing contributions to the Plan on behalf of the qualifying participants. A participant will be a qualifying participant and thus entitled to share in the Company's profit sharing contribution for any Plan year, if the participant completes at least 500 hours of service during the Plan year and is employed on the last day of the Plan year. The Company uses a discretionary formula to calculate the profit sharing contribution amount. The profit sharing contributions are allocated to the individual participants' accounts on a pro rata basis based on compensation. The Company will also make safe harbor matching contributions equal to 100% of participants' elective deferrals up to 3% of eligible compensation, and 50% of participants' elective deferrals above 3% but less than 5% of eligible compensation. There were no contributions to the Plan during 2019 and 2018.

Participant Accounts

An account is maintained for each participant and is credited with the participant's contributions, the Company's contributions, and an allocation of earnings and losses, net of certain investment management fees. Participants may direct the investment of their account in any combination of investment funds offered by the Plan. The Company's matching contribution is allocated among the funds within each participant account in the same manner as the participant's contributions. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. A participant is entitled to the benefit provided from their account.

Investment Options

Investments in the Plan consist primarily of interests in registered investment companies managed by the Plan's Trustee. Participants may direct employer and participant contributions in any of the investment options offered under the Plan.

See accompanying notes to the financial statements and independent auditors' report.

**As of June 25, 2019, and for the Period from January 1, 2019, through June 25, 2019, and
as of and for the year ended December 31, 2018**

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are 100% vested in the Company's matching contributions and profit sharing contributions.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or (i) 95% of one-half the vested account balance, or (ii) 95% of the total vested account balance excluding the Roth elective deferral balance. Loan terms range from one to 4.5 years (54 months), or longer for the purchase of a primary residence. Loans from the Plan are made in a minimum amount of \$1,000. The interest rate on loans from the Plan are computed on a basis of the prime rate plus 1% (6.5% as of June 25, 2019 and December 31, 2018). The loan rate is determined on the date the loan is requested by the participant and does not change for the duration of the loan repayment period. The loans are secured by the balance in the participant's account and participants are limited to one outstanding loan at any time. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, death, disability, or other termination of employment, a participant may elect to receive a lump-sum payment, make partial withdrawals, or rollover the balance in their account to an eligible retirement plan, equal to the participant's vested interest in his or her account. Distributions may be made as soon as administratively feasible following termination of employment. If, upon termination, the participant has not elected to receive or rollover their balance and, if the vested account balance does not exceed \$5,000, the Trustee will follow the Plan's provisions for mandatory distribution.

Hardship Withdrawals

Participants may receive hardship withdrawals against the employee pre-tax elective deferral portion of their account (excluding any earnings allocated thereto) for specified financial needs. The participant's elective deferrals to the Plan are suspended for a six month period after receipt of a hardship withdrawal.

See accompanying notes to the financial statements and independent auditors' report.

Notes to Financial Statements (continued)

**As of June 25, 2019, and for the Period from January 1, 2019, through June 25, 2019, and
as of and for the year ended December 31, 2018**

1. Description of Plan (continued)

Income Tax Status

Effective January 1, 2014, the Plan adopted the Prototype Non-standardized Profit Sharing Plan through Paychex, which received a favorable opinion letter from the Internal Revenue Service (the “IRS”) dated April 10, 2014. The Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code and is therefore exempt from income taxes. Accordingly, no provision for income taxes has been included in the Plan’s financial statements.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the liquidation basis of accounting as of June 25, 2019, and for the period from January 1, 2019, through June 25, 2019, and as of and for the year ended December 31, 2018, in conformity with accounting principles generally accepted in the United States of America (“GAAP”). The Plan changed its basis of accounting to a liquidation basis as a result of the Plan Administrator’s decision to terminate the Plan as described in Note 1. Since the assets of the Plan are required to be reported at fair value on the going concern basis of accounting, there are no material differences between the going concern basis and the liquidation basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting periods. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value, which approximates net realizable value, which is required under the liquidation basis of accounting. The fair value of the Plan’s investments in mutual funds and the money market fund are determined by the Trustee based on each fund’s net asset value (“NAV”). MATC uses the market value for portfolio securities for which market quotations are readily available, typically the last quoted sales price at the time of valuation.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

When there are no readily available market quotations for a security, the portfolio security is valued based on its fair value, which typically is the amount which the mutual fund might reasonably expect to receive for the security upon a current sale.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

The Plan presents in the Statement of Changes in Net Assets in Liquidation Available for Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of net realized and unrealized gains and losses.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal amount plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed distributions within the provisions of the Plan document.

Concentration of Credit Risk

The Plan's investments primarily include registered investment company mutual funds that represent obligations by the counterparties to meet the terms of the financial instruments. Should one or more of the counterparties default, the Plan might lose amounts up to the recorded carrying value of the related instruments.

The Plan provides for various investment options. These investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets in Liquidation Available for Benefits and the Statement of Changes in Net Assets in Liquidation Available for Benefits.

Contributions

Participant contributions are recorded by the Plan in the year withheld from participant earnings. Contributions to the Plan by the Company are recorded in the year which they become obligations of the Company.

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan may be paid from Plan assets; however, the Company, in its discretion, may pay for any or all such expenses.

Income Taxes

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of June 25, 2019 and December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

3. Investments and Information Certified by the Plan Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified by the Trustee, except for comparing such information certificated by the Trustee to information included in the Plan's financial statements and supplemental schedule.

4. Fair Value Measurements

GAAP establishes a framework for measuring fair value and defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. GAAP also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

Notes to Financial Statements (continued)

**As of June 25, 2019, and for the Period from January 1, 2019, through June 25, 2019, and
as of and for the year ended December 31, 2018**

4. Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of inputs that may be used to measure fair value are:

Level 1: Quoted prices for identical assets or liabilities in active markets

Level 2: Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3: Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation

The Plan's valuation methodology used to measure the fair value of mutual funds is based on quoted market prices (Level 1). The money market fund is valued based on the NAV of underlying securities that have observable inputs, including quoted prices for similar assets in active or inactive markets. The Plan uses a practical expedient permitting a reporting entity to measure the fair value of certain investments using the NAV per share (or its equivalent) of the investment, which is a measurement outside of the fair value hierarchy.

While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methodologies used at June 25, 2019 and December 31, 2018.

5. Party-in-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Plan issues notes receivable to participants, which are secured by the balances in the participants' accounts. In addition, the Company paid certain administrative expenses of the Plan, totaling \$6,259 and \$10,885 for the period from January 1, 2019, through June 25, 2019, and the year ended December 31, 2018, respectively. These transactions qualify as party-in-interest transactions for which a statutory exemption exists.

6. Reconciliation to Form 5500

The statement of net assets in liquidation available for benefits as of June 25, 2019, reports assets of \$5,054 and an offsetting distribution payable of \$5,054. However, the 2019 Form 5500 reports total assets and total liabilities of \$0 as of June 25, 2019, as this is the final Form 5500 that will be filed for the Plan, and the remaining assets were distributed shortly after Plan termination.

7. Subsequent Events

The Plan has no subsequent events to report. In providing the disclosure contained in this note, the Plan Administrator evaluated events occurring between June 25, 2019, and October 15, 2019, the date the accompanying financial statements were available to be issued.
