**NOTE 1 – DESCRIPTION OF PLAN**

The following description of the Vallarta Supermarket Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

***General***

The following reflects the provisions of the Plan as restated effective January 1, 2003.

The Plan is sponsored by more than one employer. Under the Plan, any affiliate of Vallarta Supermarkets can be a plan sponsor. For all purposes of the Plan, the employers consist of Zevada Enterprises, Canelo Enterprises, Santa Isabel Enterprises, Zixta Enterprises, Joya Enterprises, Jalos Enterprises and Gonzalez Management. These employers are considered a single employer (the "Employer") for this plan's purposes.

The Plan is a defined contribution plan, which included a salary reduction feature that meets the requirement of section 401(k) of the Internal Revenue Code. Under the Plan, eligible employees may elect to have their future compensation reduced under a salary reduction agreement. The Plan also consists of employer matching and non-matching contributions features. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

In March 2008, the Plan was amended to reflect good-faith compliance with final Treasury Regulations under Code section 415, which is effective for Limitation Years beginning on or after July 1, 2007 unless otherwise specified. The amendment (i) redefines compensation for purposes of salary deferrals and the determination of highly compensated employees and required top-heavy contributions, (ii) specifically excludes restorative payments from being annual additions and (iii) specifies that correction of amount in excess of Code section 415 limits must be made in accordance with one of the methods allowed under the IRS corrections programs.

On April 26, 2016 the Plan was restated with an effective date of restatement of January 1, 2016. The restatement of the Plan was made in order to comply with the requirements of the Pension Protection Act.

***Eligibility***

Employees who have attained at least 21 years of age and are eligible to participate in the Plan on January 1$^{st}$, April 1$^{st}$, July 1$^{st}$ and October 1$^{st}$ following completion of six months of service.

**NOTE 1 – DESCRIPTION OF PLAN (Continued)**

***Contributions***

***Participant contributions***

Each year, participants may elect to contribute an amount up to 50 percent of pretax annual compensation, not to exceed the annual limits of the Internal Revenue Service (the "IRS"), with a minimum salary reduction of 2 percent, as described in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various options offered by the Plan. Contributions are remitted to participant accounts as soon as the participants assets can be reasonably segregated from the plan sponsors assets, but no later than 15 business days following the contribution withholding.

***Employer's Matching contributions***

The Company may make a discretionary matching contribution. Matching contributions are allocated among the employees, based on the percentage of the employee's portion of elective contribution over total elective contributions for all participants. For the year ended December 31, 2018, the Company made no matching contributions.

***Participant Accounts***

Each participant's account is credited with the participant's contributions and allocations of (a) the employer's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants are entitled to the benefit that can be provided from the participant's vested account.

***Vesting***

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's discretionary matching and non-matching contributions plus earnings thereon is based on years of service according to the following schedule:

| Years of Service | Vesting Percentage |
|---|---|
| Less than 1 | 0% |
| 1 | 40% |
| 2 | 60% |
| 3 | 80% |
| 4 or more | 100% |

**NOTE 1 – DESCRIPTION OF PLAN (Continued)**

***Forfeitures***

The unvested portion of terminated participant's employer account will be forfeited and used to pay Plan expenses and any remaining forfeitures will be used to reduce future employer's contributions. There were forfeitures of $71 that were unallocated as of December 31, 2018.

***Notes Receivable from Participants***

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the notes receivable from participants. Loan terms range from 1-5 years, however, if the loan is for the purchase of a principal residence, the Plan administrator may permit a longer repayment term.

The notes receivable from participants are secured by the vested balance in the participant's account and bear a reasonable interest rate as determined by the Trustee. Principal and interest is paid ratably through payroll deductions. Notes receivable from participants are valued at cost, which approximates fair value.

***Payment of Benefits***

If a participant's employment ceases as a result of normal retirement, death or disability, the participant or the participant's beneficiary is entitled to receive the entire balance of the account. If a participant terminates for any other reason, the participant is entitled to receive only the vested percentage of the account as a lump-sum distribution or rolled over to another qualified benefit plan or IRA. Vested account balances of $5,000 or more must have the participant's consent before a distribution is made.

In-service distributions may be made from the participant's vested account when a participant reaches the normal retirement age or at any time for financial hardship. Events that qualify for a hardship withdrawal are as follows: to cover necessary medical expenses, for costs directly related to the purchase of the participant's primary residence, for expenses related to post-secondary education or for payments necessary to prevent the participant's eviction from or foreclosure of the primary residence. If a participant takes hardship withdrawal, generally that participant's contributions to the Plan will be suspended for six months.

***Plan Termination***

Although it has not expressed any intent to do so, the Company has the right under the Plan and Trust in whole or in part to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Accounting***

The financial statements of the Plan are prepared under the accrual method of accounting.

Generally accepted accounting principles in the United States of America ("GAAP"), require investment contracts held by a defined-contribution plan to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit–responsive investment contracts because contract value is the amount participants would have received if they were to initiate permitted transactions under the terms of the plan.

***Estimates***

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

***Investment Valuation and Income Recognition***

The Plan's assets are primarily stated at fair value, except for the Transamerica Insurance Contract, a fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the investment date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investment bought and sold as well as held during the year.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

***Payment of Benefits***

Benefits are recorded when paid.

***Administrative Expenses***

Administrative expenses consist primarily of accounting and custodial costs of servicing the Plan. Participants are responsible for statement mailing fees and loan processing fees. Investment related expenses are included in net depreciation of fair value of investments. All other plan fees and administrative expenses are generally paid by the Company and are excluded from these financial statements.

***Excess Contributions Payable***

Amounts payable to participants for contributions in excess of amounts allowed by IRS are recorded as a liability with a corresponding reduction to contributions. Corrective distributions of $11,675 and $3,176 were paid during the year ended December 31, 2018 and 2017, respectively, and are included in benefits paid to participants in the statements of net assets available for benefits. The Plan distributed the 2018 excess contributions prior to March 15, 2019.

***Subsequent Events***

The Plan Administrator has evaluated subsequent events and updated its financial statements through October 10, 2019, the date the financial statements were available to be issued.

**NOTE 3 – FAIR VALUE MEASUREMENTS**

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the hierarchy under FASB ASC 820 are described as follows:

***Level 1*** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets to liabilities in active markets that the plan has ability to access.

**NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)**

***Level 2*** – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

***Level 3*** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair values of investments for which quoted market prices are not available are valued based on currently available comparable securities of issuers with similar credit ratings. The fair value of the investment contract with an insurance company is determined by discounting the related cash flows based on current yields of comparable instruments with comparable durations. There have been no changes in the methodologies used at December 31, 2018 and 2017.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value measurement of certain financial instruments could result in a different fair value measurement at the reporting date.

**NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)**

The following tables sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2018 and 2017:

**Assets at Fair Value as of December 31, 2018**

| | Fair Value | Level 1 | Level 2 | Level 3 |
|---|---|---|---|---|
| Pooled Separate Accounts | $ 1,834,078 | $ - | $ - | $ - |
| Total investments at fair value (1) | $ 1,834,078 | $ - | $ - | $ - |

**Assets at Fair Value as of December 31, 2017**

| | Fair Value | Level 1 | Level 2 | Level 3 |
|---|---|---|---|---|
| Pooled Separate Accounts | $ 1,856,343 | $ - | $ - | $ - |
| Total investments at fair value (1) | $ 1,856,343 | $ - | $ - | $ - |

(1) In accordance with FASB ASC 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for Plan benefits.

***Fair value of investments in entities that use NAV***

Pooled separate accounts are valued at the net asset value (NAV) of shares held by the plan at year end. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The investments have no unfunded commitments and can be redeemed daily with a one day notice period.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2018 are reported in net appreciation in fair value of investments.

**NOTE 4 – FULLY BENEFIT INVESTMENT CONTRACT**

The Plan has a traditional investment contract with Transamerica Financial Life Insurance Company ("Transamerica"), which meet the fully benefit-responsive investment contract criteria and is therefore, reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount that participants will receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or portion of their investment at contract value.

| | 2018 | 2017 |
|---|---|---|
| Traditional Investment Contract | $ 487,513 | $ 453,957 |

**NOTE 4 – FULLY BENEFIT INVESTMENT CONTRACT (Continued)**

The investment contract with Transamerica is a guaranteed investment contract. Transamerica is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is calculated based on weighted average crediting rate of all investment contracts and short-term income at year end. The crediting rate is reviewed on a monthly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events that cause a significant withdrawal from the Plan, or (4) failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. Transamerica may not terminate the contract at any amount less than contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The deposit liability contract has no stated maturity date. Accordingly, the contract value is also the fair value.

**NOTE 5 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Financial Life Insurance Company, the custodians of the Plan, have certified to the completeness and accuracy of the following information which is included in the financial statements and supplemental schedule as of December 31, 2018 and 2017 and for the year ended December 31, 2018.

**NOTE 6 – TAX STATUS**

The Plan received a favorable opinion letter from the Internal Revenue Service on July 23, 2011, which stated that the Plan and related trust, were designed in accordance with applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities.

**NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS**

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by Transamerica Financial Life Insurance Company, the custodians and record-keepers of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid directly by the Plan for investment management services were $18,481. Transamerica provides certain administrative services to the Plan pursuant to an Administrative Services Agreement, ("ASA"), between the Plan and Transamerica. Transamerica receives revenue from mutual funds service providers for services Transamerica provides to the funds. This revenue is used to offset certain amounts owed to Transamerica for its administrative services to the Plan. If the revenue received by Transamerica from such mutual fund service providers exceeds the amount owed under the ASA, Transamerica remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants.

The Plan issues loans to participants, which are secured by the balances in the participant's accounts. The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees. These transactions qualify as party in interest transactions for which a statutory exemption exists.

**NOTE 8 – DEEMED DISTRIBUTIONS**

Participants may borrow up to the lesser of $50,000 or 50 percent of the vested balance on their fund accounts. Loan terms range from 1-5 years. Loans that are in default are classified as distributions. During the year ended December 31, 2018 loans of $11,027 were in default and were classified as distributions.

**NOTE 9 – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

The following is a reconciliation of benefits paid to participants per the net assets available for benefits per the financial statements at December 31, 2018 and 2017, to Form 5500:

| | 2018 | 2017 |

| Net Assets Available for Benefits per the financial statements | $ 2,462,583 | $ 2,471,515 |
| Excess Contributions Payable | 11,675 | 3,176 |
| Net Assets Available for Benefits per Form 5500 | $ 2,474,258 | $ 2,474,691 |

The following is a reconciliation of the net increase in assets per the financial statements for the year ended December 31, 2018:
