Trafficware Employee Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Trafficware Employee Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that covers all employees of Advanced Traffic Solutions, Inc. (the Plan Sponsor, Company or Employer), with the exception of union employees, nonresident aliens and employees who were former owners of Naztec, Inc. or Trafficware, Ltd. The Plan covers full-time employees beginning 30 days after their date of hire and part-time employees after a one-year service requirement, as defined by the Plan. The date of entry into the Plan is the first day of the month following the date on which an employee becomes eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent related amendments and revisions. The Plan was most recently amended January 1, 2016.

Contributions: The Company may make discretionary employer profit sharing and matching contributions. There were no discretionary employer profit sharing or matching contributions during the year ended December 31, 2018.

Participants may elect to defer and contribute to the Plan up to 90 percent of their eligible compensation, subject to a limitation imposed by the Internal Revenue Code (IRC). Rollover contributions may also be accepted by the Plan on behalf of participants from other plans qualified under Section 401(a) of the IRC, provided that such rollover contributions are approved by the Plan Administrator. Participant salary deferral contributions can be made on a pre-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make additional tax deferred catch-up contributions as allowed by law. The amount of a participant's annual compensation which may be taken into account for purposes of determining the amount of the employer match or for any other purpose under the Plan shall not exceed the amount permitted annually by IRS limits.

Participant accounts: Accounts are separately maintained for each participant. Each participant's account is credited with the participant's contributions and an allocation of (a) Employer discretionary profit sharing or matching contributions, if any, and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant's eligible compensation or account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's accounts.

Vesting: Participants are vested immediately in their contributions and actual earnings thereon. Vesting in the Employer discretionary profit sharing or matching contributions is based on years of service. Regardless of the vesting schedule, a participant will become fully vested upon death and total and permanent disability, as defined by the Plan. Employer discretionary matching contributions have a three-year vesting period as follows:

	Completed Years of Service	Vested Percentage
Less than 1 year		0
1 year		33%
2 years		66%
3 years		100%

Trafficware Employee Savings Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Investment options: Upon enrollment in the Plan, participants may direct the investment of their account balance into various pooled separate accounts available through John Hancock Life Insurance Company (U.S.A.) (John Hancock).

Notes receivable from participants: Participants are allowed to borrow one loan at a time from their participant-directed accounts for a minimum of \$1,000 up to the lesser of 50 percent of their vested account balance or \$50,000 reduced by the excess of the participant's highest outstanding participant loan balance during the 12-month period. Note terms range from one to five years or a longer repayment term for the purchase of the participant's primary residence, in accordance with the Plan Agreement. Each note is collateralized by the balance in the participant's account and bears interest at a rate equal to 2 percent above the prime interest rate on date of issuance. The interest rate is fixed for the term of the note. All interest paid to the Plan with respect to a note is credited to the borrower's account balance. Principal and interest are paid ratably through payroll deductions. The interest rate on notes outstanding at December 31, 2018 range between 5.25 percent and 7.25 percent. The notes receivable outstanding at December 31, 2018 mature at varying dates through August 2023.

Payment of benefits: Benefits are generally paid upon normal retirement, death, disability or termination of employment. Upon normal retirement, death, or disability, a participant is entitled to receive 100 percent of their account balance. Upon termination, a participant is entitled to receive the vested portion of their account balance. Benefits are paid either as a single lump sum cash payment or as a partial withdrawal, as defined in the Plan Agreement. In-service distributions are allowed for participants who have reached age 59½ and are 100 percent vested. Financial hardship withdrawals are permitted, as defined in the Plan Agreement.

Forfeitures: Participant forfeitures of nonvested balances will be used to reduce future employer contributions and pay expenses of the Plan. At December 31, 2018 and 2017, unallocated forfeitures totaled \$0. There were no amounts forfeited and no forfeitures utilized during the year ended December 31, 2018.

Administrative expenses: Fees and expenses incurred in the administration of the Plan, to the extent not paid by the Employer, are charged to and paid from the Plan's assets. Fees and expenses that are paid directly by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants, and other participant directed expenses are charged directly to the participant's account and are included in expenses of the Plan. Investment related expenses are included in net depreciation of fair value of investments. Certain administrative functions are performed by officers or employees of the Plan Sponsor. However, such employees and officers receive no compensation from the Plan.

Plan termination: Although the Plan Sponsor has not expressed any intent to do so, it may terminate the Plan at any time, subject to the terms of ERISA. In the event the Plan terminates, participants will become fully vested in their account balances. See Note 8 for discussion of the merger of the plan subsequent to year-end.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on an accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), as codified by the Financial Accounting Standards Board (FASB) in its Accounting Standards Codification (ASC).

Trafficware Employee Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Payment of benefits: Benefits are recorded as a reduction to net assets available for benefits when paid.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of shares are recorded on trade-date basis. Interest income is recorded on the accrual basis. Net depreciation in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. Delinquent participant notes are recorded as distributions based upon the terms of the Plan document.

Recent accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying or adding certain disclosures. ASU No. 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Note 3. Information Certified or Provided by John Hancock Life Insurance Company (U.S.A), the Custodian

The following is a summary of the Plan's asset and income (loss) information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2018	2017
Investments, at fair value:		
Pooled separate accounts	\$ 2,288,870	\$ 2,026,913
Notes receivable from participants	\$ 19,330	\$ 5,254

Note 3. Information Certified or Provided by John Hancock Life Insurance Company (U.S.A), the Custodian (Continued)

The custodian also certified to the completeness and accuracy to the best of their knowledge of \$194,097 of net depreciation in the fair value of investments and \$659 of interest income on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2018.

Note 4. Fair Value Measurements

The Plan follows ASC 820, *Fair Value Measurements and Disclosures*, for its financial assets and liabilities carried at fair value on a recurring basis in the financial statements. As defined by this guidance, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The transaction is based on a hypothetical transaction in the principal or most advantageous market considered from the perspective of the market participant that holds the asset or owes the liability.

The Plan utilizes market data or assumptions that market participants who are independent, knowledgeable and willing and able to transact would use in pricing the asset or liability, including assumptions about risk and the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated or generally unobservable. The Plan attempts to utilize valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan is able to classify fair value balances based on the observability of those inputs. This guidance establishes a formal fair value hierarchy based on the inputs used to measure fair value. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements, and accordingly, Level 1 measurements should be used whenever possible.

The three levels of the fair value hierarchy as defined by ASC 820 are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In some cases, certain inputs used to measure fair value may be categorized into different levels of the fair value hierarchy. For disclosure purposes the lowest level that contains significant inputs used in valuation should be chosen. The Plan has classified its investments into these levels depending upon the data relied on to determine the fair values.

Trafficware Employee Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Valued at the net asset value (NAV) of units held by the Plan at year-end as a practical expedient. The NAV of these accounts is based on the market value of its underlying investments divided by the number of units outstanding, as determined by John Hancock.

There have been no changes in the methodologies used at December 31, 2018 and 2017.

The method above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017.

	Level 1	Level 2	Level 3	Total
2018:				
Pooled separate accounts at NAV (i)	\$ -	\$ -	\$ -	\$ 2,288,870
Total investments at fair value	\$ -	\$ -	\$ -	\$ 2,288,870
2017:				
Pooled separate accounts at NAV (i)	\$ -	\$ -	\$ -	\$ 2,026,913
Total investments at fair value	\$ -	\$ -	\$ -	\$ 2,026,913

- (i) In accordance with ASC Topic 820-10, certain investments that were measured at NAV per unit (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented are intended to permit reconciliation of the fair value hierarchy to the items presented in the statement of net assets available to benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per unit as a practical expedient as of December 31, 2018 and 2017:

Investment	Fair Value at December 31		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2018	2017			
Pooled separate accounts	\$ 2,288,870	\$ 2,026,913	None	Immediate	None

Changes in fair value: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018, there were no transfers between levels.

Trafficware Employee Savings Plan

Notes to Financial Statements

Note 5. Income Tax Status

The Plan Sponsor amended and restated the Plan, effective January 1, 2016, by adopting the Volume Submitter 401(k) Profit Sharing Plan sponsored by Nova 401(k) Associates Inc., which received an opinion letter, dated March 31, 2014, stating that the form of the volume submitter document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan has been subsequently amended, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 6. Party-In-Interest Transactions

Certain Plan investments are units of pooled separate accounts managed by John Hancock. John Hancock is the custodian, as defined by the Plan, and, therefore, these investments qualify as party-in-interest transactions. The Plan's management has approved these activities and transactions. Notes receivables from participants also qualify as party-in-interest transactions.

Note 7. Risks and Uncertainties

The Plan provides for various investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate risk, financial market risk and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

Note 8. Subsequent Event

On October 24, 2018, the Plan Sponsor was acquired by Cubic Corporation. The Plan was subsequently merged into the Cubic Corporation 401(k) Plan effective as of the close of business on February 19, 2019. As a result, net assets of \$2,497,742 were liquidated on February 15, 2019 and transferred into the control of the Cubic Corporation 401(k) Plan at the close of business on February 19, 2019. The merger does not impact participant benefits, as the benefit provisions were incorporated into the Cubic Corporation 401(k) Plan.

Subsequent events have been evaluated through October 14, 2019, which is the date the financial statements were available to be issued.
