1. Description of the Plan

The following description of the InGenesis, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document or Summary Plan Description (SPD) for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering substantially all employees of InGenesis, Inc. (the Company or Employer). The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), and the Internal Revenue Code (IRC). The Plan is administered by the Company and the third party administrator, Alliance Benefit Group of Houston, Inc. (ABGH). John Hancock Life Insurance Company (U.S.A)(John Hancock), is the recordkeeper and holds the Plan's assets.

Eligibility

All employees of the Company are eligible to participate in the Plan on the first day of the month following employment.

Participant Contributions

Participants may elect to contribute up to 100% of their annual compensation as defined in the Plan, subject to the maximum dollar amount allowable under the IRC. Participant contributions may be designated as pretax or after tax Roth contributions, subject to IRC limitations. Participants are allowed to make rollover contributions from certain tax-qualified retirement plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to IRC limits.

Employer Contributions

The Employer may make a discretionary matching contribution equal to a percentage of the participant's elective salary deferral contributions to the Plan. The Company may also make a discretionary profit-sharing contribution to the Plan. The Company did not make any discretionary employer matching contributions or profit-sharing contributions during 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions, and earnings or losses and may be charged with certain administrative expenses. Plan earnings or losses are applied to a participant's account balance based on the investment experience of the funds held and the number of shares owned in each fund by the participant.

1. Description of the Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. Vesting in the Company's matching contributions plus actual earnings or losses thereon is based on continuous years of service as follows:

Years of Service	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Upon death or disability, the participant (their beneficiary in case of their death) becomes 100% vested in the Plan. Upon reaching normal retirement age or after six years in the Plan, the participant becomes 100% vested in the Plan.

Forfeitures

Forfeitures of terminated participants' non-vested account balances are retained in the Plan and may be used to reduce employer contributions or to pay administrative expenses. There were no forfeited accounts with balances at December 31, 2018 or 2017. There were no forfeitures applied in the reduction of Employer matching or profit-sharing contributions for the year ended December 31, 2018.

Payment of Benefits

The benefit a participant is entitled to equals the value of the participant's vested interest in his or her account. On termination of service due to death, disability, severance, or retirement, a participant may elect to receive a lump-sum payment equal to the vested portion of his or her account. Upon termination of employment, vested account balances of less than $5,000 may be distributed in a lump sum for rollover to another qualified plan or an Individual Retirement Account or Annuity for the benefit of the participant. All distributions are distributed as a lump sum distribution.

Corrective Distributions Payable

Amounts payable to refund participants for excess contributions made during 2018 and 2017 are recorded as corrective distributions payable. Plan administration has elected to follow the self-correcting program as defined by the Internal Revenue Service. Total corrective distributions payable of $11,311 and $3,801 as of December 31, 2018 and 2017, respectively, are recorded as a reduction of the original participant contributions on the statement of changes in net assets.

1. Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. Participants may have only one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at a rate set by the plan administrator, currently at 4.25% to 6.50%. Any loan must be repaid within five years unless otherwise approved. Principal and interest are paid ratably through payroll deductions. Participant loans receivable are stated at the unpaid principal balance, plus accrued interest. No allowance is recorded as the loans are secured by the participant's account balance.

Administrative Expenses

Administrative expenses may be paid by the Employer. However, the Plan may pay transaction fees which are charged directly to the specific participant generating the transaction.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by John Hancock. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by the John Hancock. See note 3 for discussion of fair value measurements.

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition (continued)

Most investments of the Plan are reported at fair value. However, fully benefit-responsive investments contracts held by the Plan are reported at contract value as it represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in such investment contracts through its group annuity contract.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses for investments bought and sold as well as held during the year.

Payment of Benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Receivable from Plan Sponsor

Plan sponsor receivable represents funds that should have been withheld from participants in 2017 and 2018. These were not corrected and remitted to the Plan until 2019. Plan administration has elected to follow the voluntary fiduciary compliance program as defined by the Internal Revenue Service to correct the errors to employee withholdings. Total corrective contributions receivable were $8,583 and $5,059 as of December 31, 2018 and 2017.

3. Fair Value Measurements

The accounting standards establish a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy places the highest priority on unadjusted quoted marked prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

3. Fair Value Measurements (Continued)

Level 2: Significant other observable inputs other than Level 1 inputs such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following are descriptions of the valuation methods and assumptions used by the Plan to estimate the fair value of its investments:

Pooled separate accounts: The fair value of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices (level 2 inputs). The funds invest in underlying domestic and foreign equity, real asset and alternative investments, and fixed-income funds according to an asset allocation determined by the fund's manager. The pooled separate accounts provide for daily redemptions by the Plan at the reported net asset values per share, with no advance notice requirement.

The following tables present the Plan's fair value hierarchy by asset class for those assets measured at contract value:

December 31, 2018	**Investment at Fair Value Measurements**	
Assets measured at NAV* - Pooled separate accounts	**$**	**6,747,520**
Total Investments, at fair value	**$**	**6,747,520**

December 31, 2017	Investment at Fair Value Measurements	
Assets measured at NAV* - Pooled separate accounts	$	6,294,459
Total Investments, at fair value	$	6,294,459

***** In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

3. Fair Value Measurements (Continued)

The following table summarizes investments measured at fair value based on NAV per share:

	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Holding Period
December 31, 2018				
Pooled separate accounts	**$6,747,520**	**N/A**	**Daily**	**None**
December 31, 2017				
Pooled separate accounts	$ 6,294,459	N/A	Daily	None

4. Fixed Income Contracts

The Plan offers a fully benefit responsive guaranteed investment contract with John Hancock Life Insurance Company (U.S.A) (John Hancock) as an investment option to its participant's. The balance in the contract was $212,144 and $83,647 at December 31, 2018 and 2017, respectively. John Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and was 1.3% at December 31, 2018 and 2017. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by John Hancock, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

4. Fixed Income Contracts (Continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Participants may ordinarily withdraw or transfer all or a portion of their investment in the fixed interest account at contract value. Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with John Hancock. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

5. Information Certified by the John Hancock (Unaudited)

The plan administrator has elected the method of annual reporting permitted by Regulation 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock Life Insurance Company (U.S.A) (John Hancock), except for comparing such information certified by John Hancock to information included in the Plan's financial statements and supplemental schedule.

John Hancock has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

December 31,	**2018**	2017
Investments, at fair value	**$ 6,747,520**	$ 6,294,459
Investments, at contract value	**212,144**	83,647
Notes receivable from participants	**107,971**	75,215
	$ 7,067,635	$ 6,453,321

Investment (loss) income	
Net depreciation in fair value of investments	**$ (599,765)**
Interest on notes receivable from participants	**6,063**
	$ (593,702)

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

7. Tax Status of the Plan

The Employer adopted a prototype plan document sponsored by Alliance Benefit Group of Houston Inc. (ABGH). ABGH received an opinion letter from the Internal Revenue Service (IRS) dated September 30, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits from the financial statements to the 2018 Form 5500 Schedule H:

Net assets available for benefits per the Form 5500	**$ 7,089,167**	$ 6,453,321

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Form 5500:

Net income per Form 5500	**$ 635,846**

9. Parties-In-Interest

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions conducted by John Hancock Life Insurance Company (U.S.A) and its affiliates qualify as party-in-interest transactions.

10. Subsequent Events

The plan administrator evaluated events or transactions that occurred after December 31, 2018, and through October 14, 2019, the date the financial statements were available to be issued.
