1. DESCRIPTION OF THE PLAN

The following description of the Sequoia Consulting Group 401(k), ("the Plan"), is provided for general information purposes only. Eligible employees, as defined by the Plan ("Participants"), should refer to the Plan document for a complete description of the Plan provisions.

General

The Plan is a profit sharing plan within the meaning of Internal Revenue Code (IRC) Section 401(a) and contains a cash or deferred arrangement as provided for by IRC Section 401(k). The Plan covers all eligible employees of Sequoia Consulting Group LLC and Bootstrap Incubation, LLC ("Employer") who have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participation in the Plan becomes effective on the 1st day of each month during the Plan year after a Participant meets the eligibility requirements.

Ascensus Trust Company ("Ascensus") is the Plan trustee.

Participant Contributions

Employees who actively participate in the Plan may contribute an amount equal to a dollar amount or percentage of the employees' compensation not to exceed the limits imposed by Code section 401(k). Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers Participants investment options into various mutual funds. Participants may increase or decrease their elective deferrals percentage on the 1st day of each month. Participants may terminate their contributions at any time. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at three months unless they affirmatively elect not to participant in the Plan. Automatically enrolled Participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the Participant. The Employer may make discretionary matching contributions to the Plan which would be allocated to eligible Participants who are employed on the last day of the Plan year. The last day requirement will be waived if the Participant's termination of employment after having incurred a disability, having reached normal retirement age, or death. Employer did not make discretionary profit sharing and matching contributions during the year ended December 31, 2018.

Rollover and Transfer Contributions

The Plan accepts rollover contributions from other tax-deferred plans (401(k), IRA, 403(b)), profit sharing, pension) if proof can be furnished that the contribution has been in such a plan or a Rollover IRA.

During 2018, rollover contributions from other plans were $768,053.

Participant Accounts

Each Participant's account is credited with (a) Participant's contribution and allocations (b) Employer's contributions and (c) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on Participant earnings or account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

1. DESCRIPTION OF THE PLAN (CONTINUED):

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the profit sharing and Employer contribution portions of their accounts, and any earnings credited thereon, are based upon their years of vested service.

The Employer matching and profit sharing contributions, and any earnings credited thereon will vest according to the following schedule:

Matching		Profit Sharing	
Less than One	0%	Less than One	0%
1	0%	1	0%
2	0%	2	20%
3	100%	3	40%
4	100%	4	60%
5	100%	5	80%
6	100%	6	100%

Notes Receivable from Participants

Participants may borrow from their fund account a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or fifty percent of their account balance at the time of the loan issuance and may have up to two loans in any twelve-month period. However, a Participant may have only one loan outstanding at any time and will not be permitted to take loans from Roth deferrals. Loans may be additionally limited in accordance with Plan provisions. The loans are secured by the balance in the Participant's account, interest rates range from 4.25% to 5.75% as of December 31, 2018, and loans mature at various dates through February 2021.

Benefit Payments

On termination of service due to death, disability, or retirement, a Participant may elect to receive a lump sum amount equal to the value of the Participant's vested interest in his or her account, or receive partial distribution payments, or rollover into another qualified account. The cashout level for terminated participants is $1,000 or less under the Plan which subject the Plan to the automatic rollover requirement for the vested balance over $1,000.

Investment Funds

Participants may allocate their account balance to 29 mutual fund investments or the collective investment funds that are valued daily. Participants may elect to change their investment allocations on a daily basis.

1. DESCRIPTION OF THE PLAN (CONTINUED)

Investment Funds (Continued)

Changes to investment allocations become effective on the day of the change or the next business day according to when the request for a change was made in relation to the stock market close of business.

Forfeitures

Forfeiture of Employer's matching and profit sharing contributions are applied to reduce Employer contributions. For the year ended December 31, 2018, there was no forfeited contribution.

Administrative Expenses

All reasonable Plan administration expenses, including those involved in retaining necessary professional assistance may be paid from the assets of the Plan. These expenses may be allocated among all Plan participants. The Employer may, in its discretion, pay any or all of these expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the modified cash method of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. The modified cash basis of accounting recognizes revenues as they are received and expenses as they are paid.

Investment contracts held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from Participants are measured as received. Interest income is recorded when received. Related fees are record as administrative expenses and are expensed when they are paid. Delinquent Participant notes are reclassified as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value. See note 3 for discussion of fair value measurements. The Plan's investment committee determines the Plan's valuation polices utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the modified cash basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the Plan year.

Cash and Cash Equivalents

Cash and cash equivalents consist of highly liquid investments that have original maturities of three months or less.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by the Employer.

3. FAIR VALUE OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the frame-work for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access.

3. FAIR VALUE OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES (CONTINUED)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows (Continued):

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in non-active markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value ('NAV') of shares held by the Plan at year end.

The following table sets forth by level within the fair value hierarchy a summary of Plan investments measured at fair value as of December 31, 2018 and 2017.

	Investment Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,421,061	$ -	$ -	$ 2,421,061
Total investment assets at fair value	$ 2,421,061	$ -	$ -	$ 2,421,061

	Investment Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,339,986	$ -	$ -	$ 1,339,986
Total investment assets at fair value	$ 1,339,986	$ -	$ -	$ 1,339,986

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100 percent vested in their Employer contributions.

5. RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Fees paid by the Plan for investment management services were included as a reduction of the returns earned on each fund. Certain administrative fees related to administration of the Plan were paid by the Plan or by the Employer. These transactions qualify as party-in-interest transactions.

6. TAX STATUS

On April 2, 2012, the IRS stated that the prototype adopted by the Plan, as designed, qualifies under Internal Revenue Code (IRC) Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is designed and is operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from Participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from Participants held at December 31, 2018 and 2017, and net appreciation in fair value of investments, interest, and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Ascensus Trust Company (the trustee of the Plan).

10. SUBSEQUENT EVENTS

The Employer has evaluated subsequent events through October 11, 2019, the date the financial statements were available to be issued.

As of January 1, 2018, the Plan's fidelity bond coverage did not meet the bonding requirements as set forth by ERISA, Title 1, Section 412.

For the years ended 2016, 2017 and 2018, the Employer erroneously failed to remit certain Participant contributions totaling $6,102. The Employer computed the lost earnings on these late contributions and subsequently remitted the contributions and lost earnings to the Plan in the 4th quarter of 2019.
