SAFE HARBOR MARINAS 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

A. Description of the Plan

General

The following brief description of the Safe Harbor Marinas 401(k) Retirement Savings Plan (the "Plan" and formerly known as the International Marina Group 401(k) Retirement Savings Plan) is provided for general information purposes only. The Plan is sponsored by International Marina Group I, LP (the "Company" or "Plan Sponsor"). The parent company of International Marina Group I, is Safe Harbor Marinas (the "Parent"). Participants should refer to the plan document for more complete information. The Company's corporate offices are located in Dallas, Texas.

The Plan was effective January 1, 2001, amended and restated most recently effective December 3, 2018, and is a defined contribution plan available to all employees of the Company. Substantially all employees of the Company are eligible to participate in the Plan, except for those employees covered by a collective bargaining agreement and non-resident aliens. Eligible employees may enter the Plan on the date they become an employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan has an automatic contribution feature. If an employee fails to complete the deferral election provided, the employee's compensation will automatically be reduced for a contribution to the Plan. An Eligible Automatic Contribution Arrangement ("EACA") is the type of automatic contribution feature under the Plan. The EACA provisions apply to all employees that do not have an election on file. Under the EACA, an employee's compensation will be reduced for contributions to the Plan of 6%. Employees have the decision to stop the automatic contributions to the Plan, and may request a withdrawal of those contributions within the first 90 days of the first automatic contribution.

Effective December 3, 3018, all the participant accounts and assets of the Plan at Nationwide Trust Company FSB ("Nationwide") were transferred to a new custodian, John Hancock Trust Company ("John Hancock").

Effective December 3, 2018, the Brewer Yacht Yard Group Profit Sharing Plan (the "Brewer Plan"), including its plan assets and participants, were merged into the Safe Harbor Marinas 401(k) Retirement Savings Plan for approximately $42,000,000 which is reflected as a transfer in from another qualified plan within the statement of net assets related for benefits.

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

A. Description of the Plan – continued

Contributions

Participants may contribute up to 85% of pre-tax annual compensation, as defined by the Plan. Effective June 1, 2017, bonus payments will no longer be subject to the same deferral election as regular wages but instead, will not be deferred on unless a special election is made. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Company may make discretionary matching contributions and profit sharing to the Plan as determined annually by its Board of Directors. Participants must be: (1) employed on the last day of the year and complete one hour of service during the Plan year; or, (2) have died, retired, or suffered disability during such year to be eligible to receive discretionary matching contributions. The Company made discretionary matching contributions of one-third of the participants' elective deferrals up to 6% of eligible compensation for the year ended December 31, 2018. For the participants that were merged into the Plan effective December 3, 2018, from the Brewer Plan, the Company made discretionary contributions of 20% of the participants' elective deferrals up to $9,000 for the year ended December 31, 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. For Safe Harbor Marinas employees, vesting in the Company contribution portion of accounts, plus actual earnings thereon is as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	0%
2 years	0%
3 years	100%

A. Description of the Plan – continued

Vesting – continued

For the former Brewer Plan participants, vesting in the Company contribution portion of accounts, plus actual earnings thereon is as follows:

Years of Service	Vested Percentage
Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 years and thereafter	100%

In the event of disability, early retirement, or death, the participant will become fully vested.

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000, reduced by the highest outstanding loan balance during the twelve month period ending on the day before the loan is made, or 50% of their account balance.

Loan terms range up to five years or longer for the purchase of a primary residence, the maximum repayment is 20 years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2018 and 2017, interest rates range from 4.25% to 6.25% and 4.25% to 5.50%, respectively. Principal and interest is paid ratably through payroll deductions. A participant may have no more than one loan outstanding at any one time. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A. Description of the Plan – continued

Benefit Payments – continued

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of their vested account balance while employed after reaching age 59 ½. A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) for the participant's funeral; or, (6) needed to repair the participant's principal residence.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to pay administrative expenses of the Plan and offset employer matching contributions and non-elective contributions for the year. No forfeitures were allocated to reduce matching contributions during the year ended December 31, 2018. As of December 31, 2018 and 2017, there were $91,147 and $0 forfeitures outstanding, respectively. Forfeitures used to pay administrative expenses during the year ended December 31, 2018 totaled approximately $5,008.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Company or the Plan can pay for costs relating to asset charges and recordkeeping. Administrative expenses that are paid by the Company are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

B. Summary of Significant Accounting Policies – continued

Basis of Accounting – continued

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value (except for fully-benefit responsive investment contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share net asset value of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at net asset value.

- The money market fund is valued based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy.

- The common/collective trust value is determined using the NAV of units held by the Plan, as reported by the managers of the common/collective trust and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. There are no significant restrictions on redeeming the common/collective trust at a daily NAV of $1.00 which is considered readily determinable. The common/collective trust is classified within Level 2 of the valuation hierarchy.

There have been no changes in the methodologies used at December 31, 2018 and 2017. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2018 and 2017.

C. Fair Value Measurements – continued

	2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$44,231,629	$ -	$ -	$44,231,629
Common/collective trust	-	1,609,000	-	1,609,000
Total investments at fair value	$44,231,629	$ 1,609,000	$ -	$45,840,629

	2017			
	Level 1	**Level 2**	**Level 3**	**Total**
Money market fund	$ 5,379	$ -	$ -	$ 5,379
Mutual funds	5,784,471	-	-	5,784,471
Total investments at fair value	$ 5,789,850	$ -	$ -	$ 5,789,850

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgement and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the year ended December 31, 2018, there were no significant transfers between levels.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018. There were no such investments as of December 31, 2017. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2018	**Fair Value**	**Unfunded Commitments**	**Redemption Frequency (If Currently Eligible)**	**Redemption Notice Period**
Putnam Stable Value Fund	$ 1,609,000	N/A	Daily	N/A

D. Fully Benefit-Responsive Investment Contracts

The Plan held a traditional investment contract totaling $0 and $92,532 as of December 31, 2018 and 2017, respectively. This contract met the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value.

D. Fully Benefit-Responsive Investment Contracts – continued

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, and was approximately 0% and 2.32% as of December 31, 2018 and 2017, respectively. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

E. Information Certified by the Custodians

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the investment information certified by the custodians, which included total investments as of December 31, 2018 and 2017, the total investment loss for the year ended December 31, 2018, and all information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year).

F. Tax Status

Effective December 3, 2018, the Plan adopted a John Hancock Volume Submitter Profit Sharing Plan with CODA which has a favorable advisory letter from the Internal Revenue Service ("IRS") dated May 27, 2015. This advisory letter states that the form of the volume submitter plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations. Prior to December 3, 2018 the Plan adopted the Datair Employee Benefit Systems Inc. Prototype Non-Standardized Profit Sharing Plan with CODA which had a favorable opinion letter from the IRS dated March 31, 2014. That opinion letter stated that the form of the prototype plan was acceptable under Section 401 of the Code.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

F. Tax Status – continued

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

H. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

During 2017, the Plan invested in shares of mutual funds, including a money market fund, and a guaranteed investment contract managed by Nationwide Trust Company FSB, the previous custodian, for only those investments as defined by the Plan. Loans made to participants are also considered party-in-interest transactions. Additionally, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA which are exempt from the prohibited transaction rules.

I. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through October 11, 2019, the date the financial statements were available for issuance.
