PLAN NO. 001
NOTES TO FINANCIAL STATEMENTS
December 31, 2018

NOTE I. PLAN DESCRIPTION

The following description of the Atoske 401(k) Plan No. 001 (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan qualifying under Section 401(k) of the Internal Revenue Code of 1986. It covers substantially all employees of Atoske Holding Company, the Plan Sponsor, except union employees, non-resident alien employees, and part-time, temporary, or seasonal employees whose service is less than 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is a single employer plan. The original effective date of the Plan is January 1, 2017.

Eligibility

Employees must attain age 18 and have three months of service to be eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to statutory annual limits. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Annual participant elective deferral limits prescribed by the Internal Revenue Service (IRS) are \$18,500 for the year ended December 31, 2018. Participants who have attained age 50 before the end of the plan year are eligible to make additional catch-up contributions up to \$6,000 for the year ended December 31, 2018. The Plan Sponsor provides a safe harbor non-elective contribution of 3% of a participant's compensation to participants of the Plan annually. The Plan Sponsor may make discretionary additional matching contributions up to 6% of the participant's compensation. No matching contributions were made to the Plan for the year ended December 31, 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions, plan earnings, the Plan Sponsor safe harbor and discretionary additional matching contributions. Participant accounts are charged with an allocation of the administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ATOSKE 401(k) PLAN
PLAN NO. 001
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2018

NOTE 1. PLAN DESCRIPTION (CONTINUED)

Vesting

Participants are immediately 100% vested in their elective deferrals, rollover contributions and employer safe harbor contributions plus actual earnings thereon. Vesting in the Sponsor's additional discretionary matching contribution is based on a three-year cliff schedule as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	0%
2	0%
3	100%

Each plan year, participants are credited with a year of service after completing 1,000 hours of service to the Plan Sponsor.

Notes Receivable from Participants

Participants may obtain a loan from their vested account balance, subject to approval by the Plan Administrator. Loans are measured at the outstanding balance plus accrued interest. The minimum amount of loan allowed is \$1,000 and the maximum is 50% of the participant's vested balance up to a maximum of \$50,000. The interest rate is the prime rate plus one percent.

All loans must be repaid within five years. Exceptions are permitted if the loan is used to acquire the participant's principal residence. Participants are allowed a maximum of one loan outstanding at any one time. Principal and interest are paid ratably through bi-weekly payroll deductions. All loans held at year end are considered collectible. Delinquent loans are deemed as distributions based on the terms of the plan document.

Payment of Benefits

On termination of service due to death, disability, retirement or termination, participants may elect to receive a lump-sum amount equal to the vested value of their account, may transfer the vested value of their account to another retirement investment vehicle, or may choose to leave vested benefits exceeding \$5,000 in the Plan until April 1st of the year succeeding the year in which age 70½ is attained. Accounts with balances greater than \$0.01, but less than \$5,000 will be automatically rolled into an IRA, if an alternative election is not made by the participant. Early in-service withdrawal payments may also be obtained, subject to the provisions imposed by the Internal Revenue Code. There were no amounts allocated to withdrawing participants that had not been paid at December 31, 2018.

NOTE 1. PLAN DESCRIPTION (CONTINUED)

Forfeitures

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents forfeitures. The forfeitures may be used to pay plan expenses, allocated as additional discretionary non-elective contributions, allocated as an additional discretionary matching contribution, used to reduce any non-elective contributions or used to reduce any matching contributions. There were no forfeitures for the year ended December 31, 2018.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America (GAAP), as codified by the Financial Accounting Standards Board (FASB).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted market prices are used to value investments. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Income Tax Status

The non-standardized prototype plan adopted by the Plan Sponsor obtained its latest determination letter (a group opinion letter) dated March 31, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ATOSKE 401(k) PLAN
PLAN NO. 001
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2018

NOTE 2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Income Tax Status (Continued)

The determination of tax exempt status is considered to be a tax position. The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence. It is the opinion of the Plan Administrator that the Plan has no uncertain tax positions.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Generally, those expenses include administration, audit, and record-keeping fees. Administrative expenses presented on the financial statements include loan and distribution administration fees charged in accordance with terms of the service agreement.

Expense Offset Arrangements

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) of fair value of investments, as they are paid through revenue sharing, rather than as a direct payment.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the investment balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

The Plan Administrator has evaluated subsequent events through October 11, 2019, the date which the financial statements were available to be issued.

NOTE 3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, partially terminated, or if there is a complete discontinuance of contributions by the Plan Sponsor, all amounts credited to the accounts of participants shall vest and become non-forfeitable.

NOTE 4. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN OF THE PLAN

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Charles Schwab Bank (Charles Schwab), the custodian of the Plan, except for comparing such information certified by Charles Schwab to information included in the Plan's financial statements and supplemental schedule.

During the year ended December 31, 2018, the investments were self-directed by participants among a variety of investments. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that had been prepared and certified as complete and accurate by Charles Schwab as of December 31, 2018.

	<u>2018</u>
Investments:

NOTE 5. FAIR VALUE MEASUREMENTS OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

NOTE 5. FAIR VALUE MEASUREMENTS OF INVESTMENTS (CONTINUED)

The three input levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the assets or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability;

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's policy for determining the timing of significant transfers between Levels 1, 2, and 3 is at the end of the reporting period.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018.

Interest-bearing cash: Valued at cost plus accrued interest.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by Level, within the fair value hierarchy, the Plan's assets at fair value, as of December 31, 2018. As required by GAAP, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

Interest-bearing cash	\$ 7,228	\$ 7,228
Mutual Funds	928,375	928,375
Total investments at fair value	<u>\$ 935,603</u>	<u>\$ 935,603</u>
