NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Retirement Plan For Employees of Florida Cardiology, P.A. (the "Plan"), as adopted in 1983 and restated in 2016, is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established April 1, 1983, and was restated July 1, 2016, as a defined contribution plan under Section 401(k) of the Internal Revenue Code (the "IRC"), for all employees of Florida Cardiology, P.A. (Plan Sponsor and Plan Administrator), Intellisight, LLC, and Dynamic Resource Group, LLC (the "Companies" or the "Employers"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is administered by the Plan Administrator appointed by the Board of the Companies. Effective January 1, 2014, the plan implemented an automatic contribution arrangement, whereby eligible participants who have not made an affirmative election not to contribute, will automatically make employee contributions to the plan.

The Plan is administered by the Plan Administrator. The trustee is appointed by the Plan Administrator. Authority for control, management and administration of the Plan is vested in the Plan Administrator. As the Plan's fiduciary, the trustee's responsibility is to maintain the Plan's assets. Some administrative functions are performed by employees of the Plan Sponsor. No compensation is remitted to the Plan Sponsor for these services.

Plan assets are held by State Street Bank ("State Street") and managed by Reliance Trust Company ("Reliance") which invests contributions and Plan earnings, makes investment transactions as directed by the Investment Committee and provides certain recordkeeping services. Automatic Data Processing, Inc. ("ADP") acts as the third-party administrator for the Plan, which performs certain plan administration and annual ERISA compliance testing.

Eligibility

The Plan covers all full-time and part-time employees of the Companies who have attained age twenty-one and completed two months of service.

Contributions

Employee Elective Contributions – Each participant may elect to defer up to 90 percent of pretax annual compensation provided the total elective contributions do not exceed $18,500 in 2018 and non-discrimination tests are met in accordance with the Internal Revenue Code §401(k). Employees over age 50 may make additional $6,000 catch-up contributions annually. Participants direct the investment of their contributions into various investment options offered by the Plan.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Contributions (Continued)

Employer Matched Contributions – Matched contributions are the amounts contributed by the Employer to active participants who have made elective contributions during the Plan year. The Companies did not make any matched contributions during the year ended December 31, 2018.

Employer Discretionary Profit Sharing Contributions – The Employers, at their collective discretion, may contribute amounts to the Plan in addition to any matched contributions. These monies will be allocated to Plan participants in the same proportion that such participant's compensation for the Plan year bears to the total compensation of all participants for the Plan year. A discretionary profit sharing contribution was not made by the Companies during the year ended December 31, 2018.

Participant Accounts

Each participant's account is (a) credited with the participant's contribution and the Company's matched and discretionary profit sharing contributions, if made, and allocations of Plan earnings; and (b) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employees are 100% vested in employee contributions. The vested portion of the employer matched and discretionary profit sharing contributions is based on years of service. A participant is 20% vested after 2 years, with a 20% increase each succeeding year until becoming fully vested after the sixth year of service. However, each participant is 100% vested in these contributions if they are employed on or after Normal Retirement age.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000. The maximum amount of loans outstanding cannot exceed the lesser of one-half of the present value of the non-forfeitable accrued benefits of the participant or $50,000. Participants may not have more than two loans outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at prime (as stated in the Wall Street Journal at the date of the loan) plus 1%, ranging from 4.25% to 6%. Principal and interest is paid ratably through bi-weekly payroll deductions over terms ranging from 1 to 5 years.

NOTE 1: DESCRIPTION OF THE PLAN (Continued)

Benefits Payments

Benefits become payable upon retirement, termination of employment, death, permanent disability, or financial hardship. Benefits payable upon termination of employment, other than retirement, death, or permanent disability, are distributed automatically or upon election by the terminated employee if over $5,000. The amount of benefits to which a participant is entitled is equal to the vested portion of the participant's account balance. Terminated participants' non-vested account balances are used to pay administrative expenses or reduce employer contributions.

Forfeitures

Forfeitures may be applied to reduce employer contributions or administrative expenses. At December 31, 2018 and 2017, $4,618 and $5,720, of forfeitures were held by the plan, respectively. Administrative expenses were not reduced by forfeited nonvested accounts for the years ended December 31, 2018 and 2017.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The participant must meet the condition that they cannot relieve the amount of the need by stopping the elective contributions to the Plan. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of continent assets and liabilities. Actual results could differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value or net asset value (NAV) as a practical expedient of the underlying investments as reported by the issuer of the investments for the years ended December 31, 2018 and 2017. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 3 and 4 for further discussions of fair value measurements, contract value, and NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is reported on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's interests in the common collective trust (CCT) is valued at the net asset value (NAV) practical expedient of the underlying investments reports by the issuer of the CCT at year-end. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The underlying assets owned by the CCT consist primarily of readily marketable fixed income securities.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend basis.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Any delinquent notes receivables are recorded as deemed distributions. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants before March 15, 2019.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses

Expenses attributable to the general Plan administration were paid by the Plan and allocated among the accounts of all participants, in proportion to their account balances, unless paid by the Employer. Expenses that are paid by the Companies are excluded from these financial statements.

Risks and Uncertainties

The Plan provides for various investment options which consist of mutual funds and a common collective trust. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect amounts reported in the Plan's financial statements.

Accounting Standards Updates

Accounting Standards Update 2018-13

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement* (Topic 820): *Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*. The guidance is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. The guidance modifies the disclosure requirements on fair value by removing some requirements, modifying others, adding changes in unrealized gains and losses included in other comprehensive income (loss) ("OCI") for recurring Level 3 fair value measurements, and providing the option to disclose certain other quantitative information with respect to significant unobservable inputs in lieu of a weighted average. The Plan Sponsor is currently evaluating the impact of the guidance on the Plan's financial statements.

NOTE 3: INVESTMENTS CERTIFIED BY TRUSTEE (UNAUDITED)

Financial Information Certified By Trustee (Unaudited)

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the Trustee under such regulation:

a) Total investments, at fair value, included in the statements of net assets available for benefits at December 31, 2018 and 2017.

NOTE 3: INVESTMENTS CERTIFIED BY TRUSTEE (UNAUDITED) (Continued)

Financial Information Certified By Trustee (Unaudited) (Continued)

b) Investment income information included in the statement of changes in net assets available for benefits for the year ended December 31, 2018**.**

c) All amounts included in Note 4, *Fair Value Measurements (Unaudited).*

d) All information included in the supplemental schedule of assets (held at end of year) as of December 31, 2018.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

The Plan applies *ASC 820, Fair Value Measurement and Disclosures*, which establishes a framework for measuring fair value and expands disclosures about fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under *FASB ASC 820* are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs, other than quoted prices, that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Common collective trust ("CCTs"): The Plan's CCTs are valued based on NAV per share or unit as a practical expedient as reported by the fund manager, multiplied by the number of shares or units held as of the measurement date. Accordingly, these NAV based investments have been excluded from the fair value hierarchy.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following table set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2018 and 2017.

	Fair Value Measurement Using			
	Level 1	**Level 2**	**Level 3**	**Total**

Mutual funds	$ 6,542,496	$ -	$ -	$ 6,542,496
	6,542,496	-	-	6,542,496
Common Collective Trusts(A)				47,572
Total investments				$ 6,590,068

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

(A) Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluated the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2018, there were no significant transfers in or out of Levels 1, 2 or 3.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes information related to the CCTs measured at fair value based on NAV per share as of December 31, 2018 and 2017, respectively. The CCTs are maintained by investment companies and hold investments in accordance with a stated set of fund objectives.

Year-End	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2018	$73,817	$-	Daily	None
December 31, 2017	$47,572	$-	Daily	None

NOTE 5: TAX STATUS

The Internal Revenue Service has determined and informed the Companies by a letter dated July 16, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6: RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

State Street, the custodian of the Plan provides investment services to the Plan and also managed and invested contributions and other cash received as directed, recorded interest and dividend income, and made distributions to participants through June 30, 2016. Investments of the Plan were invested in common collective trust and mutual funds with the custodian at December 31, 2018 and 2017.

In general, the administrative expenses for the Plan are paid from the Plans' assets. From time to time, certain expenses of the Plan, including legal and accounting fees, are paid by the Plan Sponsor. In addition, certain services to the Plan by the Plan Sponsor were performed at no charge.

NOTE 7: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
