Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that are free from material misstatement, whether due to error or fraud.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7 which was certified by the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) and Schedule H, line 4a – Schedule of Delinquent Participant Contributions, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Other Matter – 2017 Financial Statements

The financial statements of the Plan as of December 31, 2017, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 8, 2018, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Emergency Groups' Office 401(K) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established effective June 1, 1995, is a defined contribution plan covering substantially all employees of Emergency Groups' Office (the "Company" or the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan was amended on June 1, 2017 to make employees at least 18 years of age eligible to participate in the Plan on the first day of the Plan Year quarter (January 1st, April 1st, July 1st, and October 1st) coinciding with or next following the completion of ninety days of service.

On September 15, 2017, the plan was amended to permit forfeitures to be used to reduce Qualified Non-Elective Employer Contributions, Qualified Matching Contributions, and ADP Safe Harbor contributions, and to reflect the change in taxpayer entity of the volume submitter practitioner (amended from "Transamerica Retirement Solutions Corporation" to "Transamerica Retirement Solutions, LLC").

Contributions

Participant contributions

The Plan allows for participants to elect to have not less than 1% and not more than 60% of their compensation deferred as pretax or Roth post-tax contributions to the Plan up to the limit allowed by the Internal Revenue Service (the "IRS"). Participants direct the investments of their contributions into various options offered by the Plan. The Plan allows for eligible participants to make catch-up contributions. Contributions are directed by the participant among the available investment options.

Employer's matching contributions

The Company may make a discretionary matching contribution equal to a discretionary percentage, determined by the Company, of the participant's elective deferrals. For the year ended December 31, 2018 the Company made matching contributions of $94,265. The Company made matching contributions equal to 25% of the participants' elective contribution up to a maximum of 4% of the participants' compensation per pay period. Additionally, the Company may make discretionary profit sharing contributions to the Plan. For the year ended December 31, 2018 the Company did not make discretionary profit-sharing contributions.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Accounts

Separate accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, Company matching contributions and Company profit sharing contributions. Plan earnings, losses and fees of the participant's investment selections are reported in the participants account as defined by the Plan. Participants are entitled to the benefit that can be provided from the participant's vested account balance. Participants may transfer all or part of their accounts among the other investment options in the Plan.

The Plan treats loan defaults, as defined by the Plan, as a distributable event and Plan administrator will report the Participant's deemed distribution to the IRS.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions are based on years of service according to the following schedules:

Discretionary Matching Contribution

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Discretionary Profit Sharing Contribution

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

The participants account shall become fully vested upon the participant's retirement date or prior to the retirement date in the event of death or total and permanent disability.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures

The unvested portion of terminated participant's employer account will be forfeited and used to reduce future employer's contributions or to pay Plan expenses. Forfeitures for the year ended December 31, 2018 totaled $4,161.

Distributions

On termination of service due to death, disability, termination or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial withdrawals with no minimum. Participant's may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding $5,000 may be immediately distributed in a lump-sum payment.

The Plan permits hardship distributions from 100% of participants vested interest in all accounts. If a hardship distribution is elected by the participant, the Plan administrator will be responsible for determining whether there is an immediate and heavy financial need based on facts and circumstances.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan and Trust in whole or in part to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Generally accepted accounting principles in the United States of America ("GAAP"), require investment contracts held by a defined-contribution plan to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefit of a defined contribution plan attributable to fully benefit-responsive investment contract because contract value is the amount participants would have received if they were to initiate permitted transactions under the terms of the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's assets are primarily stated at fair value except for the Transamerica Stable Value Option Fund, fully-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Participants who are active employees of the Company and who are parties-in-interest with respect to the Plan and Trust, as defined by the Plan, are eligible to take a participant loan. Participants may borrow from their fund accounts a maximum equal to the lesser of $50,000 or 50% of their vested balance. The minimum loan amount is $1,000 and employees may only have one outstanding loan at any given time. Participant loans shall be repaid in equal installments of principal and interest over a period determined by the Plan administrator, but such repayment period cannot exceed 5 years unless the purpose of the loan is for the purchase of the principal residence of the participant, in which case the repayment period cannot exceed 30 years. Participants may also elect to pay down their loan balance in full or make partial loan payments.

The loans are secured by the balance in the participant's account and generally bear interest at a rate commensurate with the rates that a bank or other professional lender would charge for making a loan in a similar circumstance.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Corrective Distribution Payable

Corrective distributions payable to participants for contributions in excess of amounts allowed by the IRS are recorded as liability and as a corrective distribution in the statement of changes in net assets available for benefits. Corrective distributions payable was $29,544 and $15,611 for the year ended December 31, 2018 and 2017, respectively, and the plan distributed the 2018 excess contribution prior to March 15, 2019.

Contributions Receivable

Contributions receivable are the amounts due, as of the financial statement date, to the Plan from the employee or employer. The amount has been properly recognized as of the Company's financial statement date as a receivable.

Payment of Benefits

Retired or terminated participants receive the vested portion of their Company contributions and earnings on their Company contributions and 100% of their pre-tax and Roth contributions and earnings on their contributions as soon as administratively possible following retirement or termination subject to request by the participant.

Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees relating to recordkeeping, advisory fees and audit fees are charged directly to participants' accounts and included in administrative expenses. The Administrator may charge to the account of a participant a reasonable charge to offset the cost of making a distribution to the Participant, Beneficiary or Alternate Payee. If liquid assets of the Plan are insufficient to cover the fees of the Trustee or the Administrator, then Plan assets shall be liquidated to the extent necessary for such fees.

Subsequent Events

On January 1, 2019, the Plan was amended to adjust the eligibility period for participants to after the completion of 60 days of service. The entry date of newly eligible participants was amended to the first day of the months coinciding or next following date requirements met.

For the year ended December 31, 2018, the Plan administrator has evaluated subsequent events for potential recognition and disclosure through October 14, 2019, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology included quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset and liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The fair values of investments for which quoted market prices are not available are valued based on currently available comparable securities of issuers with similar credit ratings. The fair value of the investment contract with an insurance company is determined by discounting the related cash flows based on current yields of comparable instruments with comparable durations. There have been no changes in the methodologies used at December 31, 2018 and 2017.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018

	Fair Value	Level 1	Level 2	Level 3
Pooled separate accounts	$ 6,245,390	$ -	$ -	$ -
Fully Benefit-Responsive Investment Contract	1,404,445	-	1,404,445	-

In accordance with FASB ASC 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net asset available for Plan benefits.

Fair value of investments in entities that use NAV

Pooled separate accounts are valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The investments have no unfunded commitments and can be redeemed daily with one day notice period.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2018 are reported in net depreciation in fair value of investments.

NOTE 4 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520-103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Financial Life Insurance Company, the custodians of the Plan, have certified to the completeness and accuracy of the following information, which is included in the financial statements and supplemental schedule as of December 31, 2018 and 2017 and for the year ended December 31, 2018.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENTS

The Plan held a traditional investment contract as of December 31, 2018 and 2017 with Transamerica Retirement Solutions, which meets the fully benefit-responsive investment contract criteria and is therefore, reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount participants will receive if they were to initiate permitted transactions under the terms of the Plan.

Contract value represents the accumulated contributions plus accrued net earnings, less distributions and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract held by the Plan is a traditional investment contract and investments in traditional investment contract at December 31, 2018 and 2017 were $1,404,445 and $2,661,430, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Company or other Company events that cause a significant withdrawal from the Plan, or (4) failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Upon termination, a market adjustment may apply.

NOTE 6 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of pooled separate accounts and a group annuity contract which are managed by Transamerica Life Insurance Company ("Transamerica"). Transamerica is the investment contract issuer as defined by the Plan. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund managers, Transamerica, other investment custodians, and investment advisors.

Additionally, certain administrative expenses related to recordkeeping fees are paid directly to Transamerica and are included in administrative expenses. Certain fees may be paid to service providers that are considered parties-in-interest under ERISA and are included in administrative expenses.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.

NOTE 7 - TAX STATUS

The Plan was designed using a standardized 401(k) profit sharing plan and trust prototype Plan document. The Internal Revenue Service ("IRS") has determined and informed the prototype plan sponsor by a letter dated March 31, 2014 that the prototype plan document used by the Plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan is operating in reliance on the prototype plan opinion letter. The Plan has been amended since receiving the latest IRS opinion letter, however, the plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
