Report on the Financial Statements

We were engaged to audit the accompanying financial statements of D & D Sexton, Inc. 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the year ended December 31, 2018 and the two months ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note 6; which was certified by Capital Bank and Trust Company, the asset custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the asset custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the custodian as of and for the years ended December 31, 2018 and as of and for the two months ended December 31, 2017, that the information provided by the asset custodian is complete and accurate.

D & D Sexton, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

Year Ended December 31, 2018 and Two Months Ended December 31, 2017

1. Description of Plan

The following description of the D & D Sexton, Inc. 401(k) Profit Sharing Plan (Plan), sponsored by D&D Sexton, Inc. (Company), provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of the Company who have three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute up to 100% of their annual wages, subject to certain IRS limitations, as defined in the Plan through pre-tax contributions, or after tax ROTH contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company may make matching contributions equal to a discretionary percentage of the participant's elective deferrals. Matching contributions of \$162,356 and \$24,166 were made for the Plan year ended December 31, 2018 and the two months ended December 31, 2017, respectively. The Company may also make discretionary non-elective profit sharing contributions to the Plan. No profit sharing contributions were made for the year ended December 31, 2018 and the two months ended December 31, 2017.

Participant accounts: Each participant's account is credited with (a) the participant's contribution, (b) the Company's contribution (if any), and (c) Plan earnings and expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their voluntary contributions and the Company's matching contributions plus actual earnings thereon. Vesting in the Company's non-elective contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of benefits: Participants who terminate service and have account balances of \$5,000 or less will receive an automatic distribution of that balance. Participants with balances greater than \$5,000 will receive their distribution upon request. Distributions are made in a lump-sum amount equal to the value of the vested interest in the participant's account.

Participants meeting certain eligibility requirements, as defined in the plan agreement, may receive distributions from the Plan while still employed with the Company.

Notes to the Financial Statements

Year Ended December 31, 2018 and Two Months Ended December 31, 2017

Forfeitures: Forfeited non-vested accounts can be used to pay any plan administrative expenses or to reduce future employer contributions. As of December 31, 2018, forfeited, non-vested accounts totaled \$4,597. There was no forfeited balance as of December 31, 2017.

2. Summary of Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Accounting estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in the fair value of investments.

Investment valuation and income recognition: Investments are stated at fair values as determined and certified by the Plan's asset custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the cash basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent events: Management has evaluated subsequent events between the end of the most recent fiscal year end and October 14, 2019, the date the financial statements were available to be issued.

3. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;

D & D Sexton, Inc. 401(k) Profit Sharing Plan

Notes to the Financial Statements

Year Ended December 31, 2018 and Two Months Ended December 31, 2017

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3
Mutual funds	\$ 572,231	\$ -	\$ -
Investments at fair value	\$ 572,231	\$ -	\$ -

Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3
Mutual funds	\$ 83,219	\$ -	\$ -
Investments at fair value	\$ 83,219	\$ -	\$ -

Notes to the Financial Statements

Year Ended December 31, 2018 and Two Months Ended December 31, 2017

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their account balances.

5. Tax Status

The prototype document adopted by the Plan, obtained its opinion letter on March 16, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed in compliance with the applicable requirements of the IRC.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. A tax liability would be recognized if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Certified Information

The plan administrator has instructed the independent certified public accountants not to audit the information certified by the plan asset custodian. The custodian, Capital Bank and Trust Company, has supplied the plan administrator with certification as to the completeness and accuracy of substantially all Plan investments and investment transactions for the year ended December 31, 2018 and the two months ended December 31, 2017.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Related-Party Transactions and Party in Interest Transactions

Certain plan investments are shares of mutual funds managed by City Bank and Trust. City Bank and Trust is the asset custodian and, therefore, these transactions qualify as party-in-interest transactions. Investments in these funds totaled \$572,231 and \$83,219 at December 31, 2018 and 2017, respectively.

Notes to the Financial Statements

Year Ended December 31, 2018 and Two Months Ended December 31, 2017

Substantially all of the administrative costs of the Plan are paid by the Company. Certain employees serve as the plan's administrators. The administrators do not receive any compensation for services rendered to the Plan.

9. Separated Participants

At December 31, 2018, \$15,195 of the net assets available for benefits were for those participants who have separated from active service with the Company with a balance of less than \$5,000, and are due a distribution in accordance with the plan document.
