SCRIPPS NETWORKS INTERACTIVE, INC. 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DECEMBER 31, 2018 AND 2017, AND FOR THE YEAR ENDED DECEMBER 31, 2018

1. DESCRIPTION OF PLAN

The following description of the Scripps Networks Interactive 401(k) Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General—The Plan is a defined contribution plan maintained by Scripps Networks Interactive, Inc. (the "Company" or "Scripps") and subsidiaries. The Plan became effective on January 1, 2009.

The Plan includes a 401(k) savings option which allows participants to defer a portion of their eligible compensation (principally base salary and commissions) for income tax reporting purposes, subject to a maximum set by federal law. Vanguard Fiduciary Trust Company ("Vanguard") serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Discovery, Inc. acquired Scripps on March 6, 2018. Effective close of business December 31, 2018, assets totaling \$319,584,700 were transferred into the Discovery Communications, LLC Retirement Savings Plan from the Plan. Plan participants were eligible to participate in the Discovery Plan as of January 1, 2019.

Participation—Effective January 1, 2010, Participation in the Plan was open to all employees upon employment.

Contributions—Participants may contribute to the Plan, through payroll deductions, a minimum of 1% and up to 16% of eligible compensation, subject to certain Internal Revenue Code (IRC) limitations. For most participants, Scripps makes matching contributions equal to one-half of the participants' contributions up to 6% of eligible compensation. A participant who has attained age 50 before the end of the plan year is eligible to make additional "catch-up" contributions to the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Upon meeting a one-year service requirement, participants also receive an additional Company contribution based on a point system that combines age and years of service as of the first day of the year, ranging from a minimum of 2% to a maximum of 8% of eligible compensation.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts—Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Scripps matching contribution, allocations of Scripps' discretionary contributions, and Plan earnings, and charged with withdrawals and an allocation of Plan investment income and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments—Participants direct the investment of their contributions and/or existing account balances into various investment options offered by the Plan.

Vesting—All participants are immediately fully vested in employee contributions, plus earnings thereon. Participants hired before January 1, 2010 are immediately fully vested in employer matching contributions. Participants hired after January 1, 2010 become fully vested in employer matching contributions after three years of service based on a three-year cliff vesting of 33% per year. All participants become fully vested in any age and service-based employer contributions after three years of service.

Withdrawals—Contributions to the Plan and corresponding earnings are accessible to participants upon retirement or after employment with Scripps ends. However, the Plan grants participants access to contributions and the corresponding earnings for withdrawal during employment subject to various limitations and restrictions. In addition, participants who have made contributions to the Plan for greater than 60 months or participants who are at least age 65 may withdraw Scripps' matching contributions and the corresponding earnings. Participants are also permitted to withdraw contributions and corresponding earnings under financial hardship provisions. Participants who elect to withdraw funds under the financial hardship provisions are not allowed to contribute to the Plan for six months following such a withdrawal. Withdrawals are recorded when paid.

Notes Receivable from Participants—Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their account balances. Loans are treated as transfers from an investment fund to the Participant Loan Fund. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding balance over a period not to exceed five years; however, loans become due and payable upon termination of employment. The loans are secured by the balance in the participants' accounts and bear interest at a rate equal to the prime rate (as of the date the loan is issued) plus 1%. As of December 31, 2018, participant loans have maturities through 2023 at an interest rate of 4.25% – 6.25%.

Payment of Benefits—Benefit payments to participants are recorded upon distribution.

Forfeited Accounts—At December 31, 2018 and 2017, forfeited nonvested accounts totaled \$606,171 and \$198,462, respectively. These accounts will be used to reduce future employer contributions or pay Plan administrative expenses. During the year ended December 31, 2018, employer contributions were reduced by \$548,974 from forfeited nonvested accounts.

Automatic Rollover Provisions—The Plan includes automatic rollover provisions. These provisions provide for terminated participants with vested balances of less than \$1,000 to take a distribution as soon as practicable following their termination of employment. The participant may elect whether to receive the distribution or to rollover the distribution to another retirement plan such as an individual retirement account. The Plan allows for involuntary cash-outs for terminated participants with vested balances of \$1,000 or less.

Administration—Scripps is responsible for the administration of the Plan. Scripps provides the Plan with certain accounting and administrative services for which no fees are charged.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition—The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4, *Fair Value Measurements*, for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan utilizes various investment options to its participants, including mutual funds and a Common Collective Trust (CCT) fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events—The Plan has evaluated subsequent events from December 31, 2018 through October 14, 2019, the date these financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2018 and 2017 and for the year ended December 31, 2018, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by the trustee, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

	2018	2017
Statements of net assets available for benefits:		
Mutual funds	\$ -	\$ 345,382,702
Common collective trust fund	\$ -	\$ 15,304,894
Notes receivable from participants	\$ -	\$ 2,906,457
Statement of changes in net assets available for benefits:		
Net depreciation in fair value of investments	\$ 34,520,535	
Interest and dividends	\$ 14,488,636	
Interest income on notes receivable from participants	\$ 120,643	

As elected by the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds—Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund—Valued at the net asset value of units of a bank collective trust. The net asset value (NAV), as provided by the trustee, is used as a practical expedient to estimate fair value, and therefore is not assigned to a level in the hierarchy table. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy the Plan's investments measured at fair value on a recurring basis at December 31, 2017.

	Level 1	Level 2	Level 3	Total
Vanguard Fiduciary Trust Company:				
Mutual funds	\$ 345,382,702	\$ -	\$ -	\$ 345,382,702
Common collective trust fund*	<u>-</u>	<u>-</u>	<u>-</u>	<u>15,304,894</u>
	<u>\$ 345,382,702</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 360,687,596</u>

* Certain investments are measured at NAV per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in the preceding tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. STABLE VALUE FUND

The Vanguard Retirement Savings Master Trust (the "Fund") is a collective trust fund sponsored by Vanguard. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's constant net asset value (NAV) of \$1 per unit. Distribution to the Fund's unit holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable net asset value of \$1 per unit, although there is no guarantee that the Fund will be able to maintain this value.

Participants ordinarily may direct either the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. Certain events may limit the ability of the Plan to transact at contract value with the stable value fund (for example, partial or complete termination of the Plan or its merger with another plan, plant closings, layoffs, bankruptcy, mergers, early retirement incentives, certain transfers of assets from the stable value fund) and may also limit the ability of the stable value fund to transact at contract value with the participants. Plan management believes that the occurrence of events that would cause the Fund to transact at less than \$1 per unit is not probable.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a CCT fund managed by Vanguard. Vanguard is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Notes receivable from participants qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employees receive compensation from the Plan.

7. FEDERAL TAX STATUS

The Internal Revenue Service (IRS) has determined and informed Scripps by a letter dated May 30, 2017, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

8. PARTIAL TERMINATION

As a result of the acquisition described in Note 1, the Plan experienced a partial plan termination as defined by ERISA. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated because of an action taken by the Plan Sponsor. If a partial plan termination occurs, full vesting in the employer's contribution is required for the affected participants, but the remaining participants' vesting continues to be determined per the plan provisions.

All affected employees who were participants in the Plan were fully vested in their account balances at the date of their partial plan termination.

9. PLAN TERMINATION

Although it has not expressed any intention to do so, Scripps has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts. On December 31, 2018, assets totaling approximately \$320 million were transferred into the Discovery 401(k) Plan from the former Scripps Networks Interactive 401(k) Plan. Discovery acquired Scripps Networks Interactive in March 2018.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2018 and 2017.

	2018	2017
Net assests available for benefits per the financial statements	\$ -	\$ 364,861,064
