Herbert Malarkey Roofing Company
401(k) Profit Sharing Plan
Portland, Oregon

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Herbert Malarkey Roofing Company 401(k) Profit Sharing Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the Plan administrator by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2018, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The following description of the Herbert Malarkey Roofing Company 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a 401(k) defined contribution plan covering all U.S. resident employees of Herbert Malarkey Roofing Co. (the “Plan Sponsor”) who are age 18 or older and have completed 60 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan Sponsor’s senior management is responsible for oversight of the Plan, determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Plan amendment

The Plan was amended and restated effective May 1, 2017. The amendment opened the Plan to union employees and established an auto enrollment provision at 2% of compensation for employees hired on or after the effective date who are age 18 or older and have completed 60 days of service. Under the terms of the amended Plan document, eligible employees are not permitted to waive participation in the Plan. Additionally, the amendment includes an optional provision that changes employer contribution allocations to a grouping method. All other terms and provisions of the Plan remain the same.

Plan transfer agreement

In accordance with the transfer agreement, effective May 1, 2017, assets and liabilities of the USW Industry 401(k) Plan attributable to union employees of the Plan Sponsor were transferred into the Plan on January 31, 2018. Net assets transferred into the Plan totaled approximately \$2,171,000.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation as defined in the Plan agreement subject to certain limits set by the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute after-tax ROTH elective deferrals to the Plan, as allowed by the IRC. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan agreement. Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan. Auto-enrolled participants have their contributions invested in a designated balance fund until changed by the participant. The Plan Sponsor may make discretionary matching or profit sharing contributions. For the year ended December 31, 2018, the Plan Sponsor matched 100% of each dollar of eligible participants’ contributions up to 2% of eligible compensation and 50% of up to the next 8% of eligible compensation.

Participant accounts

Each participant’s account is credited with the participant’s contribution and the Plan Sponsor’s contribution, as well as allocations of Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

YEAR ENDED DECEMBER 31, 2018

1. Description of Plan (continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of participant contributed account balances. The loans are secured by the vested balances in the participants' accounts and bear interest at rates ranging from 4.25% to 7.25%, which is commensurate with local prevailing rates as determined periodically by the Plan Sponsor's senior management. Principal and interest is paid ratably through regular payroll deductions.

Payment of benefits

Benefits equal to the vested value of participants' accounts are payable upon retirement, termination, permanent disability or death. Partial or full withdrawal of participants' account balances are also available under certain circumstances described in the Plan agreement. Dependent upon the circumstances, participants may be eligible to elect lump sum or installment payments.

Forfeited accounts

Forfeitures may be used to pay Plan administrative expenses or may be used to reduce future employer contributions. In 2018, no forfeitures were used to reduce employer contributions.

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully-benefit responsive contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

YEAR ENDED DECEMBER 31, 2018

2. Summary of significant accounting policies (continued)

Investment valuation and income recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent notes receivable from participants are recorded benefit payments based on the terms of the Plan agreement.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 8, 2019, which is the date these financial statements were available to be issued. Events are disclosed within the notes to these financial statements.

3. Certified Plan assets

Financial information disclosed in the accompanying financial statements and supplemental schedule, including investments, fully benefit investment contracts, and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in fair value of investments and interest and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC.

4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

YEAR ENDED DECEMBER 31, 2018

4. Fair value measurements (continued)

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2018 and 2017:

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Investments in registered investment companies were classified as Level 1 within the fair value hierarchy.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer.

5. Fully benefit-responsive investment contract

The Plan holds a traditional investment contract, the Key Guaranteed Portfolio Fund, which meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants, if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

YEAR ENDED DECEMBER 31, 2018

5. Fully benefit-responsive investment contract (continued)

With a traditional investment contract, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers. Cash flow volatility (for example, timing of benefit payments), as well as asset underperformance, can be passed through to the Plan through adjustments to future contract crediting rates. Formulas are provided in the contract that adjust renewal crediting rates to recognize the difference between the fair value and the book value of the underlying assets.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on a quarterly basis for resetting. The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- I. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- II. Premature termination of the contracts
- III. Plan termination or merger
- IV. Changes to the Plan's prohibition on competing investment options
- V. Bankruptcy of the Plan Sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

The Plan Sponsor believes no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- I. An uncured violation of the Plan's investment guidelines
- II. A breach of material obligation under the contract
- III. A material misrepresentation
- IV. A material amendment to the agreements without the consent of the issuer

The Plan Sponsor is not aware of any such events and believes they are unlikely to occur.

6. Party-in-interest transactions

The Plan invests in certain shares of registered investment companies and a guaranteed interest account managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC. Purchases, sales and related fees incurred qualify as party-in-interest transactions.

YEAR ENDED DECEMBER 31, 2018

6. Party-in-interest transactions (continued)

Fees incurred by the Plan for investment management services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing rather than a direct payment. Fees paid by the Plan for investment management services that were not paid through revenue sharing amounted to approximately \$96,000 for the year ended December 31, 2018. The Plan Sponsor pays directly any other fees related to the Plan's operations.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

7. Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their employer contributions.

8. Tax status

The Plan operates under a volume submitter plan. The volume submitter plan is designed to be qualified and exempt from income taxes under Sections 401(a), 401(k) and 501(a) of the IRC. The volume submitter plan obtained its latest advisory letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. The volume submitter plan has been amended and restated since receiving the advisory letter. However, the Plan Sponsor's senior management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
