Notes to Financial Statements

December 31, 2018 and 2017 and Year Ended December 31, 2018

NOTE A - DESCRIPTION OF PLAN

The following description of Avalon Precision Casting Company, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Avalon Precision Casting Company, LLC (the Company, Plan Sponsor, and Plan Administrator) who have completed three months of service as defined by the Plan and who are not covered by a collective bargaining agreement, are not leased employees, and are not non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may elect to defer a minimum of 1% up to 100% of their compensation as defined by the Plan on either a pre-tax or after-tax basis. Employees who have not declined participation in the Plan or completed a salary deferral agreement to participate in the Plan will be automatically enrolled in the Plan as of the date of their eligibility with a pre-tax deferral rate of 3% and their contributions are invested in a fund designated by the Plan Administrator until changed by the participant. Additionally, the deferral rate for those participants automatically enrolled increases by 1% per year on January 1, up to a maximum of 10%. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (the Code). The Plan also provides for catch-up contributions for participants who reach the age of 50 by the end of the Plan year.

The Plan provides for a discretionary employer matching contribution, an additional matching contribution true-up, and a discretionary profit sharing contribution. In order to receive an allocation of the profit sharing contribution, the employee must have completed at least 1,000 hours of service during the Plan year and be employed by the Company on the last date of the Plan year. No discretionary employer matching, true-up, or profit-sharing contributions were made to the Plan for the year ended December 31, 2018.

Participants direct the investment of their contributions into various options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's discretionary matching and true-up contributions, as well as an allocation of the Company's discretionary profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant account earnings, account balances, specific participant transactions, or compensation, as defined. The benefit to which a participant is entitled to receive is the benefit that can be provided from the participant's vested account balance.

Notes to Financial Statements

December 31, 2018 and 2017 and Year Ended December 31, 2018

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their deferral and rollover contributions plus actual earnings thereon. Safe harbor employer matching contributions made prior to January 1, 2016 plus actual earnings thereon vest 100% upon completion of two years of continuous service. Vesting in the discretionary employer matching, true-up, and profit sharing contributions plus actual earnings thereon is based on years of continuous service at a rate of 20% per year. Participants are fully vested in their discretionary employer matching, true-up, and profit sharing contributions upon completion of five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance subject to certain Department of Labor and IRS requirements. Notes receivable terms range from 1 to 5 years or up to a maximum of 15 years for the purchase of a primary residence. Notes receivable are secured by the balances in the participants' accounts and bear interest at the prime rate plus 1.00%. Interest rates on notes receivable ranged from 4.25% to 6.25% at December 31, 2018. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits

Upon termination of service (for any reason other than death) or attainment of age 59½, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account balance. Upon the death of a participant, the participant's balance must be distributed by December 31 of the calendar year of the fifth anniversary of the participant's death, unless the beneficiary elects another optional form of payment under the plan such as annuity payments over the life expectancy of the beneficiary. If the value of the vested benefits credited to the participant's account is \$1,000 or less at the time of termination, the entire account will be automatically distributed to a participant without the participant's consent. In the event of a mandatory distribution of amounts greater than \$1,000 but not exceeding \$5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the Plan Administrator.

Active participants may make hardship withdrawals of their vested deferral account balance, subject to Plan provisions. A participant who receives a distribution on account of hardship is prohibited from making deferrals for six months after receipt of the distribution.

Forfeited Accounts

Forfeitures are used to reduce future Company contributions or to pay Plan expenses. Unallocated forfeiture balances as of December 31, 2018 and 2017 were \$17,184 and \$5,188, respectively. No forfeitures were used during the year ended December 31, 2018.

December 31, 2018 and 2017 and Year Ended December 31, 2018

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodian. See Note D for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make repayments on a note receivable and the Plan Administrator deems the note receivable to be uncollectible, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions are recorded and credited to each participant's account when received by the custodian from the Company. Any contributions attributable to the Plan year but not received by custodian by the last day of the Plan year are recorded as a receivable.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefits paid to participants and notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments on the accompanying statement of changes in net assets available for benefits.

Notes to Financial Statements

December 31, 2018 and 2017 and Year Ended December 31, 2018

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes

The Company adopted a volume submitter profit sharing plan with a cash or deferred arrangement which received an opinion letter from the IRS dated March 31, 2014 stating that the Plan was designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE C - CERTIFICATION

Investment information disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2018 and 2017, and net depreciation in the fair value of investments and interest income for the year ended December 31, 2018 were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodian.

AVALON PRECISION CASTING COMPANY, LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2018 and 2017 and Year Ended December 31, 2018

NOTE D - FAIR VALUE MEASUREMENTS

As of December 31, 2018 and 2017, the fair value of pooled separate accounts was \$5,168,749 and \$5,937,592, respectively. There have been no changes in the methodology used as of December 31, 2018 and 2017. The following is a description of the valuation methodology used for assets measured at fair value.

Pooled separate accounts (Note E) are valued at the net asset values of units held by the Plan at year end. The net asset values, as provided by the custodian, are used as a practical expedient to estimate fair values. Net asset values are based on quoted market prices of the underlying investments, net of insurance company fees and expenses less their liabilities. This practical expedient is not used when it is determined to be probable that the accounts will sell the investments for amounts different than the reported net asset values.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine the fair values of certain financial instruments could result in a different fair value measurements as of the reporting date.

NOTE E - POOLED SEPARATE ACCOUNTS

The Plan has investments in Voya Retirement Insurance and Annuity Company's (VRIAC) pooled separate accounts. There are no restrictions on transfers or withdrawals from these accounts. The investment strategies of the pooled separate accounts of the Plan are as follows:

NOTE E - POOLED SEPARATE ACCOUNTS (CONTINUED)

PGIM Total Return Bond Fund - Class R6 seeks total return through a mix of current income and capital appreciation as determined by the fund's subadvisor. It invests, under normal circumstances, at least 80% of the fund's investable assets in bonds which include all fixed-income securities, other than preferred stock, with a maturity at date of issue of greater than one year.

NOTE F - GUARANTEED INVESTMENT CONTRACT

The Plan has a traditional fully benefit-responsive guaranteed investment contract with VRIAC totaling \$256,171 and \$246,203 at December 31, 2018 and 2017, respectively. Contributions from the Plan are maintained in VRIAC's general account. Under the contract, the Plan owns a promise by the issuer to repay principal and interest at crediting rates which are announced in advance and declared on an annual basis. The crediting rate is based on a formula established by the contract issuer, but may not be less than 1 percent. The crediting rate is reviewed on an annual basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balances at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations to the Plan may be affected by future economic and regulatory developments.

The Plan Sponsor may terminate the contract at any time. If the Plan Sponsor terminates the contract, a market value adjustment may apply. Plan level transactions are subject to a restriction of 20% of the unallocated balance within the account as of January 1 of the calendar year. VRIAC may terminate the contract at any time after 5 years from the date the contract became effective, which was September 1, 2014, with notice of 90 days. The Plan Sponsor does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

AVALON PRECISION CASTING COMPANY, LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2018 and 2017 and Year Ended December 31, 2018

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their total participant account balances.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE I - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include the investment in the funds of VRIAC, the related interest income, and the payment of administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

VRIAC and LPL Financial, investment advisor, provide certain administrative and investment services to the Plan. VRIAC receives revenue from mutual fund service providers for services provided to the funds. This revenue is used to pay LPL Financial and any remaining amounts are periodically allocated to participants at the discretion of the Plan Sponsor.

NOTE J - DELINQUENT PARTICIPANT CONTRIBUTIONS

As required by ERISA Section 2510.3-102, the Company is required to segregate participant contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. The Company did not timely remit to the Plan's custodian participant contributions totaling \$31,452 during 2014. Lost earnings for these contributions were remitted to the Plan in March 2017.

Craft Cast Holdings, LLC Savings and Investment Plan, which was a plan that merged into this Plan on January 1, 2015, did not remit timely participant contributions totaling \$627 during 2014 and did not remit an additional \$500 in participant contributions during 2014.
