INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Hitachi Employee 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hitachi Employee 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2018 and 2017, and for the years then ended, that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2018, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

HITACHI EMPLOYEE 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(1) **Description of plan**

The following description of the Hitachi Employee 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution 401(k) plan covering all employees of Hitachi America, Ltd. and its participating subsidiaries and affiliates (collectively, the "Company" or "plan sponsor") who are eligible to become a participant as of the earlier of (a) the first entry date coinciding with, or immediately following, the date the eligible employee attains age 18 and completes at least one hour of service and, effective until January 1, 2007, is regularly scheduled to work at least 25 hours a week or (b) the January 1st or July 1st immediately following the date the eligible employee attains age 18 and completes his or her service requirement. Employees, whose terms and conditions of employment are governed by a collective bargaining agreement, are only eligible to participate if their contract states that they are eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Employees, who are eligible to participate in the Plan, may elect to defer between 1% and 100% of their compensation up to the maximum amount allowable by law in accordance with Internal Revenue Code ("IRC") limitations. The Company's match ranges from 25% to 100% of elective deferral contributions up to 3% to 6% of compensation, depending on the entity in which the participant is employed. In addition, the Company may, at its sole discretion, elect to make a profit sharing contribution to the Plan. For the years ended December 31, 2018 and 2017, the Company declared a profit sharing contribution of \$6,372,579 and \$5,372,922, respectively. Participants may rollover all or a portion of a lump sum distribution from another employer's qualified retirement plan or from a rollover individual retirement account into the Plan. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. All contributions are participant-directed and subject to certain limitations.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers fifteen mutual funds, fourteen common/collective trust funds, one money market fund, and one self-directed brokerage account.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are 100% vested in their employee salary deferral account at all times. Vesting in the Company's matching contribution and profit sharing contribution is based on continuous years of service, as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0
1	33-1/3
2	66-2/3
3 or more	100

HITACHI EMPLOYEE 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Notes receivable from participants - Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Note terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The notes receivable are secured by the balances in the participants' accounts and bear interest at rates commensurate with local prevailing rates as determined quarterly by the plan administrator. Interest rates range from 3.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - A participant may withdraw all or a portion of his or her vested balance at any time after attaining age 59½. Only one such withdrawal is allowed in any twelve-month period. On termination of service, a participant will receive a lump sum payment equal to the value of his or her vested account unless the participant's account balance is over \$5,000, in which case he or she may elect to leave his or her account in the Plan until he or she reaches the later of retirement or age 70½. If a participant dies before receiving a distribution of his/her vested account, his/her beneficiary(ies) shall receive the participant's vested balance in the form of a lump sum payment or installments over a specified period of time. However, if the participant's account balance is \$1,000 or less upon death, the balance will be distributed to the beneficiary(ies) in the form of a lump sum payment.

As of December 31, 2018 and 2017, \$383,440,702 and \$393,887,545, respectively, of the Plan's assets were allocated to the vested accounts of persons who have terminated employment with the employer, but have not been paid.

The Plan also contains limited withdrawal benefits in the event of a participant's financial hardship.

Forfeited accounts - As of December 31, 2018 and 2017, forfeited nonvested accounts totaled \$2,691,122 and \$2,467,722, respectively. Any forfeited nonvested accounts will be used to reduce Plan expenses and/or future employer contributions. Also, for the years ended December 31, 2018 and 2017, Plan expenses and employer contributions were reduced by \$1,072,380 and \$1,278,003, respectively, from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

HITACHI EMPLOYEE 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Investment valuation and income recognition (continued) - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance, plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payments of benefits - Benefits are recorded when paid.

(3) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, "*Fair Value Measurements and Disclosures*," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

HITACHI EMPLOYEE 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(3) Fair value measurements (continued)

Common/collective trust funds: Valued at NAV of units of a bank collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust fund, the investment adviser reserves the right to temporarily delay withdrawal from the fund in order to ensure that the securities' liquidations will be carried out in an orderly business manner.

Self-directed brokerage account: Valued at the closing price reported on the active market on which the individual securities are traded or valued at the NAV of shares held by the Plan at year-end.

Money market fund: Valued using unadjusted quoted prices in active markets for identical assets.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

Investments at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total

- (a) The common/collective trust funds listed above are redeemed on a daily basis and do not have any redemption restrictions. Additionally, there are no unfunded commitments.

(4) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying 2018 and 2017 financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Dividends and interest
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

HITACHI EMPLOYEE 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(5) Investment contract

As of December 31, 2018 and 2017, the Plan had as an investment account option, the Mellon Stable Value Fund. The Mellon Stable Value Fund is a common/collective trust fund that is considered to be a stable value fund with underlying investments in investment contracts and are valued at fair value and then adjusted by the issuers to contract value. Fair value of the stable value fund is the NAV of its underlying investments and contract value is principal plus accrued interest. The Mellon Stable Value Fund is a stable value fund that is open-end commingled pools dedicated exclusively to the management of assets of defined contribution plans. The Mellon Stable Value Fund's investment objectives are to seek preservation of capital and a competitive level of income over time. To achieve its investment objective, the Mellon Stable Value Fund invests in underlying assets (typically fixed income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enter into a "wrapper" contract issued by a third party. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with plan participants are probable of occurring. Contract value represents contributions made to the funds, plus earnings, less participant withdrawals.

(6) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

(7) Related-party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds and investments managed by affiliates of the trustees; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management, recordkeeping services, and brokerage services amounted to \$351,823, \$340,887, and \$0, respectively, for the year ended December 31, 2018, and \$251,777, \$167,744 and \$0, respectively, for the year ended December 31, 2017. For the year ended December 31, 2018 and 2017, the Plan paid fees for ERISA legal counsel, audit fees and administrative expenses of \$219,965 and \$227,440, respectively. Additional fees paid by the Plan for investment management services for mutual funds and common/collective trust funds are included in net appreciation (depreciation) in fair value of investments.

HITACHI EMPLOYEE 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(8) Tax status

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated October 25, 2013, that the Plan is designed in accordance with the applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) Excess contributions refundable

Contributions received from participants for 2018 and 2017 are net of payments of \$48,882 and \$56,812, respectively, that were made in 2018 and 2017, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. As of December 31, 2018 and 2017, \$48,882 and \$56,812, respectively, have been included in the Plan's statements of net assets available for benefits as excess contributions refundable.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Hitachi Employee 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hitachi Employee 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2018 and 2017, and for the years then ended, that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2018, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

HITACHI EMPLOYEE 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the Hitachi Employee 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which are available from the plan administrator.

General - The Plan is a defined contribution 401(k) plan covering all employees of Hitachi America, Ltd. and its participating subsidiaries and affiliates (collectively, the "Company" or "plan sponsor") who are eligible to become a participant as of the earlier of (a) the first entry date coinciding with, or immediately following, the date the eligible employee attains age 18 and completes at least one hour of service and, effective until January 1, 2007, is regularly scheduled to work at least 25 hours a week or (b) the January 1st or July 1st immediately following the date the eligible employee attains age 18 and completes his or her service requirement. Employees, whose terms and conditions of employment are governed by a collective bargaining agreement, are only eligible to participate if their contract states that they are eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Employees, who are eligible to participate in the Plan, may elect to defer between 1% and 100% of their compensation up to the maximum amount allowable by law in accordance with Internal Revenue Code ("IRC") limitations. The Company's match ranges from 25% to 100% of elective deferral contributions up to 3% to 6% of compensation, depending on the entity in which the participant is employed. In addition, the Company may, at its sole discretion, elect to make a profit sharing contribution to the Plan. For the years ended December 31, 2018 and 2017, the Company declared a profit sharing contribution of \$6,372,579 and \$5,372,922, respectively. Participants may rollover all or a portion of a lump sum distribution from another employer's qualified retirement plan or from a rollover individual retirement account into the Plan. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. All contributions are participant-directed and subject to certain limitations.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers fifteen mutual funds, fourteen common/collective trust funds, one money market fund, and one self-directed brokerage account.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are 100% vested in their employee salary deferral account at all times. Vesting in the Company's matching contribution and profit sharing contribution is based on continuous years of service, as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0
1	33-1/3
2	66-2/3
3 or more	100

HITACHI EMPLOYEE 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan (continued)

Notes receivable from participants - Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Note terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The notes receivable are secured by the balances in the participants' accounts and bear interest at rates commensurate with local prevailing rates as determined quarterly by the plan administrator. Interest rates range from 3.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.

Payment of benefits - A participant may withdraw all or a portion of his or her vested balance at any time after attaining age 59½. Only one such withdrawal is allowed in any twelve-month period. On termination of service, a participant will receive a lump sum payment equal to the value of his or her vested account unless the participant's account balance is over \$5,000, in which case he or she may elect to leave his or her account in the Plan until he or she reaches the later of retirement or age 70½. If a participant dies before receiving a distribution of his/her vested account, his/her beneficiary(ies) shall receive the participant's vested balance in the form of a lump sum payment or installments over a specified period of time. However, if the participant's account balance is \$1,000 or less upon death, the balance will be distributed to the beneficiary(ies) in the form of a lump sum payment.

As of December 31, 2018 and 2017, \$383,440,702 and \$393,887,545, respectively, of the Plan's assets were allocated to the vested accounts of persons who have terminated employment with the employer, but have not been paid.

The Plan also contains limited withdrawal benefits in the event of a participant's financial hardship.

Forfeited accounts - As of December 31, 2018 and 2017, forfeited nonvested accounts totaled \$2,691,122 and \$2,467,722, respectively. Any forfeited nonvested accounts will be used to reduce Plan expenses and/or future employer contributions. Also, for the years ended December 31, 2018 and 2017, Plan expenses and employer contributions were reduced by \$1,072,380 and \$1,278,003, respectively, from forfeited nonvested accounts.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

HITACHI EMPLOYEE 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Investment valuation and income recognition (continued) - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance, plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payments of benefits - Benefits are recorded when paid.

(3) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, "*Fair Value Measurements and Disclosures*," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

HITACHI EMPLOYEE 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(3) Fair value measurements (continued)

Common/collective trust funds: Valued at NAV of units of a bank collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust fund, the investment adviser reserves the right to temporarily delay withdrawal from the fund in order to ensure that the securities' liquidations will be carried out in an orderly business manner.

Self-directed brokerage account: Valued at the closing price reported on the active market on which the individual securities are traded or valued at the NAV of shares held by the Plan at year-end.

Money market fund: Valued using unadjusted quoted prices in active markets for identical assets.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

Investments at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total

- (a) The common/collective trust funds listed above are redeemed on a daily basis and do not have any redemption restrictions. Additionally, there are no unfunded commitments.

(4) Information prepared and certified by the trustee

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying 2018 and 2017 financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Dividends and interest
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

HITACHI EMPLOYEE 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(5) Investment contract

As of December 31, 2018 and 2017, the Plan had as an investment account option, the Mellon Stable Value Fund. The Mellon Stable Value Fund is a common/collective trust fund that is considered to be a stable value fund with underlying investments in investment contracts and are valued at fair value and then adjusted by the issuers to contract value. Fair value of the stable value fund is the NAV of its underlying investments and contract value is principal plus accrued interest. The Mellon Stable Value Fund is a stable value fund that is open-end commingled pools dedicated exclusively to the management of assets of defined contribution plans. The Mellon Stable Value Fund's investment objectives are to seek preservation of capital and a competitive level of income over time. To achieve its investment objective, the Mellon Stable Value Fund invests in underlying assets (typically fixed income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enter into a "wrapper" contract issued by a third party. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with plan participants are probable of occurring. Contract value represents contributions made to the funds, plus earnings, less participant withdrawals.

(6) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

(7) Related-party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds and investments managed by affiliates of the trustees; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management, recordkeeping services, and brokerage services amounted to \$351,823, \$340,887, and \$0, respectively, for the year ended December 31, 2018, and \$251,777, \$167,744 and \$0, respectively, for the year ended December 31, 2017. For the year ended December 31, 2018 and 2017, the Plan paid fees for ERISA legal counsel, audit fees and administrative expenses of \$219,965 and \$227,440, respectively. Additional fees paid by the Plan for investment management services for mutual funds and common/collective trust funds are included in net appreciation (depreciation) in fair value of investments.

HITACHI EMPLOYEE 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(8) Tax status

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated October 25, 2013, that the Plan is designed in accordance with the applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(10) Excess contributions refundable

Contributions received from participants for 2018 and 2017 are net of payments of \$48,882 and \$56,812, respectively, that were made in 2018 and 2017, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. As of December 31, 2018 and 2017, \$48,882 and \$56,812, respectively, have been included in the Plan's statements of net assets available for benefits as excess contributions refundable.
