Note 1 - Plan Description

The following description of Radiology Imaging Associates, P.C. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan established on February 1, 1970. The Plan is available to all employees of the listed employers below who are age 21 years or older who have completed 1,000 hours of service within one year. The Plan includes an auto-enrollment feature of 4 percent for new participants once eligibility requirements have been met and an automatic escalation feature of 1 percent annually up to a maximum rate of 10 percent. The Plan also allows for in-plan Roth conversions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The employees of the following employers (collectively, the "Company") are covered:

- Radiology Imaging Associates (RIA)
- Radiology Imaging of Nebraska, LLC (a wholly owned subsidiary of RIA)
- Medical Imaging of Colorado, LLC

On December 31, 2018, the Plan merged into South Texas Radiology Group Profit Sharing Plan and Trust (see Note 6).

Administration

The Company is the sponsor of the Plan. The board of directors of the Company, as provided in the plan agreement, is the plan administrator and has responsibility for the administration of the Plan. Vanguard Fiduciary Trust Company functions as trustee and investment manager. Investment management fees and trustee fees are paid by the Plan in accordance with the plan agreement.

Contributions

Participants may make before-tax contributions up to 75 percent of their annual eligible compensation, as limited by the Internal Revenue Service (IRS), which is adjusted annually by the secretary of the Treasury for inflation. This maximum percentage may be reduced by the plan administrator in certain circumstances. Eligible employees who have reached age 50 during the plan year may elect to make catch-up contributions, as limited by the IRS. The Plan also permits rollover contributions from other qualified retirement plans. The Plan also allows for after-tax Roth contributions, subject to the same limitations as stated above. Roth contributions and the earnings thereon are tax free. Employee contributions to the Plan are made through regular payroll deductions.

The Plan includes a safe harbor nonelective contribution provision. For 2018, the Company funded a quarterly 3 percent safe harbor nonelective contribution on the eligible compensation of participants who were age 21 years or older and had completed 1,000 hours of service within one year. Safe harbor contributions of $1,220,609 were made to the Plan for the year ended December 31, 2018.

The Company also annually funds a discretionary profit-sharing contribution to participants with at least one year of service who have completed at least 1,000 hours of service during the year and have attained age 21, based upon an employee's classification, as defined in the plan agreement. Additional amounts may be contributed at the option of the Company. Profit-sharing contributions of $3,319,841 were made to the Plan for the year ended December 31, 2018.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Note 1 - Plan Description (Continued)

Benefit Payments

Upon death, disability, retirement, or termination of service, a participant or his or her beneficiary may receive, at his or her election, within a reasonable period of time, lump-sum amount or annual installments in the amount equal to the participant's vested account balance.

The Plan allows in-service distributions and partial distributions to participants age 59½ or older who have not terminated employment with the plan sponsor. The Plan also provides for hardship withdrawals for defined hardship events. Participants who are granted a hardship withdrawal are not allowed to make contributions for the six months following such withdrawal. The Plan allows in-plan Roth conversions. Furthermore, the Plan allows for terminated participant vested account balances of $1,000 or less to be automatically distributed and balances of $1,000 to $5,000 to be automatically rolled out of the Plan into an individual retirement account (IRA). The IRS has required minimum distributions once a participant reaches age 70½ during the previous plan year and is no longer employed by the Company.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balances. Participants may have a maximum of two notes receivable outstanding at any given time. The notes receivable are secured by the balance in the participant's account and bear interest at rates that range from 4.25 to 9.25 percent, which are commensurate with local prevailing rates determined quarterly by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Vesting

Participants' contributions, the employer contributions, and the profit-sharing contributions and related earnings are fully vested at all times and are not subject to forfeiture for any reason.

Party-in-interest Transactions

Certain plan assets were in investment funds managed by Vanguard or its affiliates. Vanguard is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines. In addition, the Plan provides for loans to participants, which are also party-in-interest transactions that are exempt from the prohibited transaction rules.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. As stated in Note 6, effective December 31, 2018, the Plan merged into South Texas Radiology Group Profit Sharing Plan and Trust, and, as a result, the Plan was terminated.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value based on quoted market prices. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

See Note 5 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Note 2 - Summary of Significant Accounting Policies (Continued)

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 8, 2019, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Vanguard Fiduciary Trust Company (the "Trustee") held the Plan's investments and participant notes receivable and executed all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements are based solely on information certified by the Trustee.

Note 4 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service. The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014. The Plan has not individually sought its own determination letter.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Plan’s assets measured at fair value on a recurring basis at December 31, 2017. As a result of the plan merger described in Note 6, no assets were held at December 31, 2018.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Note 5 - Fair Value Measurements (Continued)

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2017			
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	$ 66,319,337	$ 66,319,337	$ -	$ -
Self-directed brokerage accounts	9,908,143	9,908,143	-	-
Total	$ 76,227,480	$ 76,227,480	$ -	$ -

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy during 2018.
