NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

Note 1 **Description of Plan**

The following description of the New Line Structures 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan available to employees of New Line Structures & Development LLC, d/b/a New Line Structures (the Company or Employer), originally established January 1, 2012. The Plan intends to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company is responsible for the general administration of the Plan. Alerus Financial, N.A. (Alerus) serves as the recordkeeper and custodian of the Plan assets. Charles Schwab Trust Company (Charles Schwab) serves as a sub-custodian.

Eligibility

Employees of the Company who have completed 90 days of service are eligible to make employee deferral contributions to the Plan and to receive employer safe harbor contributions. In order to receive the employer discretionary profit-sharing contribution, an employee must be employed by the Company on the last day of the Plan year and have been credited with at least 1,000 hours of service during the Plan year. Excluded employees include employees classified as janitorial staff members or interns.

Contributions

Participants may elect to make pre-tax contributions, subject to the statutory limitation as provided for in the IRC. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Eligible employees may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans to the Plan. Participants may direct the investment of their account balance into various investment options offered by the Plan.

Each pay period, the Employer will make safe harbor contributions to the account of each eligible participant. The safe harbor contribution is equal to 3% of the participant's eligible compensation.

The Plan allows for a discretionary profit-sharing contribution, as determined by the Company. There was no discretionary profit-sharing contribution made during 2018.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

Note 1 **Description of Plan - Continued**

Participant Accounts
Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings (losses) and charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in all contributions plus actual earnings thereon.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the excess of the participant's highest outstanding loan balance during the 12-month period ending on the date of the loan over the participant's current outstanding loan balance on the date of the loan, or 50% of the participant's vested account balance. A participant may have one loan outstanding at any time. The loans bear interest at a rate equal to the prime rate plus 1%. Generally, loans must be repaid within five years, unless for the purchase of a primary residence.

Payment of Benefits
The Plan has provisions for in-service, hardship, disability, death, qualified reservist, deemed severance, and termination benefits for those participants who are eligible to receive such benefits. Distributions will be lump-sum payments, or annuity payments if in the form of required minimum distributions.

Administrative Expenses
Administrative expenses can be paid by the Company or the Plan.

Note 2 **Summary of Significant Accounting Policies**

Basis of Accounting
The financial statements of the Plan have been prepared on the accrual basis of accounting.

Subsequent Events
In preparing the financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 14, 2019, the date the financial statements were available to be issued.

Use of Estimates
The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities and changes therein. Actual results could differ from those estimates.

Note 2 **Summary of Significant Accounting Policies - Continued**

Payment of Benefits
Benefits are recorded when paid.

Notes Receivable From Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties
The Plan invests in investment securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 3 **Investment Valuation and Income Recognition**
The Plan follows the fair value measurement guidance required by accounting principles generally accepted in the United States of America for financial and non-financial assets and liabilities. That guidance defines fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 3 **Investment Valuation and Income Recognition - Continued**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value:

Mutual Funds: These investments are valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Money Market Fund: Valued at the NAV of shares held by the Plan at year end. The NAV is a quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of:

	December 31, 2018	**December 31, 2017**
	Level 1	**Level 1**
Mutual Funds	**$ 4,433,332**	$ 3,340,204
Money Market Fund	**60**	-
Total Investments at Fair Value	**$ 4,433,392**	$ 3,340,204

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest is recorded on the accrual basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018 AND 2017

Note 4 **Tax Status**

The Plan has adopted a volume submitter plan. The volume submitter plan document received an advisory letter from the Internal Revenue Service (IRS), dated March 31, 2014, as to the volume submitter plan's qualified status. The volume submitter plan's advisory letter has been relied upon by the Plan. The Plan has been amended since receiving the advisory letter. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 **Certified Information**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Alerus, the custodian of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2018, the schedule of assets (held at end of year) as of December 31, 2018, the related investment activity (including interest and dividend income and net depreciation in fair value of investments), and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

Note 6 **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets of the Plan will be distributed as prescribed by ERISA.

Note 7 **Party-in-Interest Transactions**

Certain Plan investments include a money market fund managed by Charles Schwab. Charles Schwab is a sub-custodian of the Plan and, therefore, transactions involving this investment qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.
