CENTRO INC. 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2017

A. DESCRIPTION OF PLAN (CONTINUED):

2. **Annual Dollar Limitation:** The actual dollar amount withheld during the course of a Plan Year under subparagraph (1) cannot exceed the lesser of (A) the maximum dollar amount permitted for that Plan Year under Code §402(g)(5), or (B) the maximum amount permitted for that Plan Year under subparagraph (1).

3. **Deferral Election with Respect to Bonuses and Severance:** On an uniform nondiscriminatory basis, and subject to the limits set forth in subparagraph (2) above, the plan administrator may permit a participant to make an election to defer up to 100% of (A) compensation received as a bonus that is paid after the end of the plan year for which the bonus is payable, but which is not paid more than two and one-half months after the last day of the plan year; and (B) compensation received as severance pay provided such compensation is received in a single lump sum payment. Severance pay that is received in the form of installment payments is not eligible for elective deferrals under this Plan.

4. **Roth Deferral:** Participants are eligible to make designated Roth deferrals to their respective accounts, if eligible.

b. Employer Contributions: The employer may in its sole discretion make a basic Employer Contribution to the Plan in accordance with the Plan:

1. **Employer Contribution Formula:** For each plan year or other contribution period in which a matching contribution is made, such matching contribution may be made in any specific dollar amount (including zero) and/or any specific percentage (including zero) of elective deferrals, as determined by the Company.

2. **Certain Amounts not Required to be Matched:** Notwithstanding subparagraph (1) above, for any plan year in which matching contributions are only contributed to the Plan on an annual basis, no matching contribution will be required with respect to that portion of an elective deferral or an excess contribution.

3. **Catch-up Contributions:** Participants may elect to make contributions to the Plan in an amount which does not exceed $18,500 (additional catch-up contributions of $6,000 are allowed if the participant is over 50 years old).

5. *Vesting.* Participants are vested immediately in employer contributions, their contributions, plus actual earnings thereon.

6. *Payments of Benefits.* On retirement, death, disability or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. In addition, financial hardship distributions are permitted if certain criteria are met.

7. *Forfeitures.* Forfeitures are not applicable with this plan as all participants are 100% vested in all participant contributions immediately.

A. DESCRIPTION OF PLAN (CONTINUED):

8. *Participant Accounts.* Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocation of income and expenses are based on the proportion of that each participant's account balance bears to the total of all participant account balances.

9. *Notes Receivable from Participants.* Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the plan document. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of one-half of your vested account balance or $50,000 reduced by the highest outstanding loan balance in your account during a twelve month period. Loan terms are up to five years unless such loan is for the purchase of the participant's primary residence. Participant loans consist of original principal amounts and accrued interest thereon. The loans are secured by each borrower's vested interest in their assets of the Plan. Each loan is evidenced by a demand note bearing interest of 5.00% to 5.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through semi-monthly payroll deductions.

10. *In-service Withdrawals.* Participants may be eligible for financial hardship withdrawals to pay medical expenses, the purchase of a residence, expenses of post-secondary higher education or other eligible expenses. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal. The amount withdrawn cannot exceed the amount of hardship. Beginning January 1, 2019, the plan was amended to comply with IRS changes. The Plan removed the suspension of participant contributions for those with a hardship withdrawal or those obtaining a hardship withdrawal. Prior to January 1, 2019, participant contributions to the Plan were suspended for at least six months after obtaining a hardship withdrawal. Participants may also withdraw any or all of the participants vested account if the participant is at least 59 ½ and has not yet terminated employment with the company.

B. SUMMARY OF ACCOUNTING POLICIES:

1. *Basis of Accounting*. The Plan's financial statements are prepared on the accrual basis of accounting, whereby employer contributions and investment income are recorded as additions to net assets in the year to which they pertain.

2. *Investments Valuation and Income Recognition.* Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis.

B. SUMMARY OF ACCOUNTING POLICIES (CONTINUED):

3. *Payment of Benefits.* Benefits are recorded when paid.

4. *Administrative Expenses.* Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits.

5. *Use of Estimates.* The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

6. *Subsequent events.* In accordance with the requirements in FASB ASC 855, *Subsequent Events*, the Plan has evaluated all subsequent events through October 11, 2019 (the date the Plan's financial statements were available to be issued). There were no material subsequent events that required recognition or additional disclosures in these financial statements.

7. *Adoption of New Accounting Standards.* During the year ended December 31, 2016, the Company adopted Accounting Standards Update No. 2015-07 related to fair value measurement and the disclosures for investments in certain entities that calculate net asset value ("NAV") per share (or its equivalent). The updated guidance applies to reporting entities that elect to measure the fair value of certain investments using the NAV per share (or its equivalent) of the investment as a practical expedient. Currently, investments valued using the practical expedient are categorized within the fair value hierarchy on the basis of when the investment is redeemable with the investee at NAV. The amendment removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient.

   The total amount of the investment measured at NAV is disclosed so that total investments in the fair value tables can be reconciled to total investments at fair value on the statement of net assets.

   The Company also adopted Accounting Standards Update No. 2015-12, Plan Accounting: Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. The guidance issued a three-part update to simplify plan accounting of employee benefit plans. The update simplifies employee benefit plan reporting as outlined in Part (I) for fully benefit-responsive investment contracts and in Part (II) for plan investments disclosures. Part (III) provides for a measurement date practical expedient. Part (III) does not apply to the Plan.

   As required, Part (I) and (II) of the guidance were adopted for the year ended December 31, 2016. In addition, the disclosure of individual investments greater than 5% of net assets and the net appreciation or depreciation in fair value of investments by general type have been removed from the former Investments note.

C. INVESTMENTS:

During 2018, the Plan's pooled separate account investments (including gains and losses on investment bought and sold as well as held during the year) appreciated in value by $(3,061,135).

D. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurements,* are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: ● quoted prices for similar assets or liabilities in active markets; ● quoted prices for identical or similar assets or liabilities in inactive markets; ● inputs other than quoted prices that are observable for the asset or liability; ● inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair market value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

D. FAIR VALUE MEASUREMENTS (CONTINUED):

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- *Pooled Separate Accounts (PSA).* PSAs are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. Assets of the separate accounts are assets of the insurance company but are not commingled with the insurance company's general assets. The net asset value (NAV) of a PSA is based on the market value of its underlying investments but the PSA NAV is not a publicly quoted price in an active market. Based on these facts, PSA will be categorized as a level 2 fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ 27,262,835	$ 155,106	$ -	$ 27,417,941
	$ 27,262,835	$ 155,106	$ -	$ 27,417,941

D. FAIR VALUE MEASUREMENTS (CONTINUED):

Fair Value of Investments in Entities that Use Net Asset Value:

The following table summarizes investments measured at fair value based on net asset value (NAVs) per share as of December 31, 2018 and 2017, respectively.

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts - Various	$ 27,262,835	n/a	Daily	1 Day
Group Annuity Contact	$ 155,106	n/a	Daily	1 Day

December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts - Various	$ 26,665,084	n/a	Daily	1 Day
Group Annuity Contact	$ 158,733	n/a	Daily	1 Day

Unobservable (Level 2) Inputs

The following table presents quantitative information about unobservable inputs used in recurring Level 2 fair value investments:

Fund Name	Fair Value 12/31/2018	Valuation Technique	Unobservable Inputs	Range (Weighted Average)
Group Annuity Contract	$ 155,106	Contract Value	Contractual Interest Rate	2.54%

E. GUARANTEED ANNUITY CONTRACT:

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options for deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA. The Plan's management believe that any events that would limit the Plan's ability to transact at contract value with participants are probably of not occurring.

E. GUARANTEED ANNUITY CONTRACT (CONTINUED):

The average yields earned by the guaranteed investment contract are as follows:

Average yields	2018	2017
Based on actual earnings	2.54%	2.19%
Based on interest credited to participants	1.81%	1.41%

The following table sets forth a summary of changes in the fair value of the Plan's Level 2 assets for the year ended December 31, 2018:

	Group Annuity Contract
Balance, Beginning of Year	$ 159,172
Interest	2,706
Purchases	158,095
Sales	(164,867)
Balance, End of Year	$ 155,106

F. SPECIAL RULE FOR CERTAIN PARTICIPANT - DIRECTED TRANSACTIONS:

The investment of transactions is directed by the participants; therefore, those transactions are no longer required to include the cost computation of the investments as reported on the schedule of assets held at end of year.

G. EMPLOYER CONTRIBUTIONS:

The Company's contributions are paid to the Plan each year no later than the due date of the Company's federal income tax returns, including extensions thereon. Participant contributions collected by the Company are remitted at the earliest date contributions can be reasonably segregated from the employer's general business assets, but no later than 15 business days following month in which contributions were withheld or received by employer.

H. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $0 and $0 for the years ended December 31, 2018 and 2017, respectively.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2017

I. TAX STATUS:

The Plan has received a favorable determination letter from the Internal Revenue Service and is qualified for exemption from federal income taxes under Section 401(a) of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the applicable tax authority. The Plan administrator has analyzed the tax

I. TAX STATUS (CONTINUED):

positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

J. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

K. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

L. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE:

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and the supplemental schedule is complete and accurate.

	December 31, 2018	December 31, 2017
Pooled Separate Accounts	$ 27,262,835	$ 26,665,084
Group Annuity Contract	155,106	158,733
Total	$ 27,417,941	$ 26,823,817

	Year Ended December 31, 2018
Investment Income:	
Net Depreciation in Fair Value of Investments	$ (3,061,135)
Total Investment Income	$ (3,061,135)

M. FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS:

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for plan benefits as of December 31, 2018 and 2017 present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for plan benefits are prepared on a contract value basis.

CENTRO INC. 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2017

A. DESCRIPTION OF PLAN:

The following brief description of the Centro Inc. (the Company) 401(k) Savings Plan (the Plan) is provided for general information purposes only. Interested parties should refer to the Plan agreement for more complete information.

1. *General.* The Plan is a defined contribution plan covering eligible employees of Centro Inc.(the Company) It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. *Plan Administration.* The Plan is administered by the board of trustees of the Company. The Plan's trustee, Fidelity Management Trust Company (the Trustee), is responsible for the custody and management of the Plan's assets.

3. *Eligibility for Elective Deferrals.* The eligibility requirements for the purpose of making Elective Deferrals to the Plan are as follows:

    a. **General Eligibility Requirements:** For the purpose of making elective deferrals only, an eligible employee will enter the Plan as a participant on the applicable entry date upon reaching Age 21. This Plan has no minimum service requirement to participate.

    b. **Eligible Classes of Employees:** For the purpose of making elective deferrals, all employees are eligible to participate in the Plan upon satisfying the eligibility requirements.

    c. **Entry Date for Elective Deferrals:** In order to make elective deferrals, an eligible employee will enter the Plan as a participant on the first day of the month coinciding with or next following the date you satisfy the eligibility conditions described above.

4. *Contributions.* Each Plan Year the employer may elect to make a contribution to the Plan, the amount of which will be determined in accordance with the following provisions:

    a. **Participant Contributions:** Each participant may enter into a salary deferral agreement authorizing the employer to withhold a percentage of the participant's compensation as an elective deferral. The amount of each participant's elective deferral for any plan year will be determined in accordance with the following provision, subject to any limitations thereon that may be imposed by the Administrator:

        1. **Deferral Percentage:** For each contribution period, a participant may elect that up to the maximum amount of compensation that will not cause the Plan to violate the ADP Test for the plan year be withheld as an elective deferral. Elective deferrals may be made in whole percentages of compensation or in specific dollar amounts as designated by the participant. The plan administrator will have the right to direct that such percentages of compensation be rounded to the next highest or lowest dollar. Furthermore, on a uniform nondiscriminatory basis, the plan administrator may permit a participant to identify separate components of the participant's compensation (such as base salary, bonuses, etc.) and to specify that a different percentage (or dollar amount) apply to each such component.

A. DESCRIPTION OF PLAN (CONTINUED):

2. **Annual Dollar Limitation:** The actual dollar amount withheld during the course of a Plan Year under subparagraph (1) cannot exceed the lesser of (A) the maximum dollar amount permitted for that Plan Year under Code §402(g)(5), or (B) the maximum amount permitted for that Plan Year under subparagraph (1).

3. **Deferral Election with Respect to Bonuses and Severance:** On an uniform nondiscriminatory basis, and subject to the limits set forth in subparagraph (2) above, the plan administrator may permit a participant to make an election to defer up to 100% of (A) compensation received as a bonus that is paid after the end of the plan year for which the bonus is payable, but which is not paid more than two and one-half months after the last day of the plan year; and (B) compensation received as severance pay provided such compensation is received in a single lump sum payment. Severance pay that is received in the form of installment payments is not eligible for elective deferrals under this Plan.

4. **Roth Deferral:** Participants are eligible to make designated Roth deferrals to their respective accounts, if eligible.

b. Employer Contributions: The employer may in its sole discretion make a basic Employer Contribution to the Plan in accordance with the Plan:

1. **Employer Contribution Formula:** For each plan year or other contribution period in which a matching contribution is made, such matching contribution may be made in any specific dollar amount (including zero) and/or any specific percentage (including zero) of elective deferrals, as determined by the Company.

2. **Certain Amounts not Required to be Matched:** Notwithstanding subparagraph (1) above, for any plan year in which matching contributions are only contributed to the Plan on an annual basis, no matching contribution will be required with respect to that portion of an elective deferral or an excess contribution.

3. **Catch-up Contributions:** Participants may elect to make contributions to the Plan in an amount which does not exceed $18,500 (additional catch-up contributions of $6,000 are allowed if the participant is over 50 years old).

5. *Vesting.* Participants are vested immediately in employer contributions, their contributions, plus actual earnings thereon.

6. *Payments of Benefits.* On retirement, death, disability or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. In addition, financial hardship distributions are permitted if certain criteria are met.

7. *Forfeitures.* Forfeitures are not applicable with this plan as all participants are 100% vested in all participant contributions immediately.

A. DESCRIPTION OF PLAN (CONTINUED):

8. *Participant Accounts.* Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocation of income and expenses are based on the proportion of that each participant's account balance bears to the total of all participant account balances.

9. *Notes Receivable from Participants.* Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the plan document. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of one-half of your vested account balance or $50,000 reduced by the highest outstanding loan balance in your account during a twelve month period. Loan terms are up to five years unless such loan is for the purchase of the participant's primary residence. Participant loans consist of original principal amounts and accrued interest thereon. The loans are secured by each borrower's vested interest in their assets of the Plan. Each loan is evidenced by a demand note bearing interest of 5.00% to 5.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through semi-monthly payroll deductions.

10. *In-service Withdrawals.* Participants may be eligible for financial hardship withdrawals to pay medical expenses, the purchase of a residence, expenses of post-secondary higher education or other eligible expenses. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal. The amount withdrawn cannot exceed the amount of hardship. Beginning January 1, 2019, the plan was amended to comply with IRS changes. The Plan removed the suspension of participant contributions for those with a hardship withdrawal or those obtaining a hardship withdrawal. Prior to January 1, 2019, participant contributions to the Plan were suspended for at least six months after obtaining a hardship withdrawal. Participants may also withdraw any or all of the participants vested account if the participant is at least 59 ½ and has not yet terminated employment with the company.

B. SUMMARY OF ACCOUNTING POLICIES:

1. *Basis of Accounting*. The Plan's financial statements are prepared on the accrual basis of accounting, whereby employer contributions and investment income are recorded as additions to net assets in the year to which they pertain.

2. *Investments Valuation and Income Recognition.* Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis.

FOR THE YEARS ENDED DECEMBER 31, 2018 AND 2017

B. SUMMARY OF ACCOUNTING POLICIES (CONTINUED):

3. *Payment of Benefits.* Benefits are recorded when paid.

4. *Administrative Expenses.* Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits.

5. *Use of Estimates.* The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

6. *Subsequent events.* In accordance with the requirements in FASB ASC 855, *Subsequent Events*, the Plan has evaluated all subsequent events through October 11, 2019 (the date the Plan's financial statements were available to be issued). There were no material subsequent events that required recognition or additional disclosures in these financial statements.

7. *Adoption of New Accounting Standards.* During the year ended December 31, 2016, the Company adopted Accounting Standards Update No. 2015-07 related to fair value measurement and the disclosures for investments in certain entities that calculate net asset value ("NAV") per share (or its equivalent). The updated guidance applies to reporting entities that elect to measure the fair value of certain investments using the NAV per share (or its equivalent) of the investment as a practical expedient. Currently, investments valued using the practical expedient are categorized within the fair value hierarchy on the basis of when the investment is redeemable with the investee at NAV. The amendment removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient.

   The total amount of the investment measured at NAV is disclosed so that total investments in the fair value tables can be reconciled to total investments at fair value on the statement of net assets.

   The Company also adopted Accounting Standards Update No. 2015-12, Plan Accounting: Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. The guidance issued a three-part update to simplify plan accounting of employee benefit plans. The update simplifies employee benefit plan reporting as outlined in Part (I) for fully benefit-responsive investment contracts and in Part (II) for plan investments disclosures. Part (III) provides for a measurement date practical expedient. Part (III) does not apply to the Plan.

   As required, Part (I) and (II) of the guidance were adopted for the year ended December 31, 2016. In addition, the disclosure of individual investments greater than 5% of net assets and the net appreciation or depreciation in fair value of investments by general type have been removed from the former Investments note.

C. INVESTMENTS:

During 2018, the Plan's pooled separate account investments (including gains and losses on investment bought and sold as well as held during the year) appreciated in value by $(3,061,135).

D. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurements,* are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: ● quoted prices for similar assets or liabilities in active markets; ● quoted prices for identical or similar assets or liabilities in inactive markets; ● inputs other than quoted prices that are observable for the asset or liability; ● inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair market value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

D. FAIR VALUE MEASUREMENTS (CONTINUED):

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

- *Pooled Separate Accounts (PSA).* PSAs are made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. Assets of the separate accounts are assets of the insurance company but are not commingled with the insurance company's general assets. The net asset value (NAV) of a PSA is based on the market value of its underlying investments but the PSA NAV is not a publicly quoted price in an active market. Based on these facts, PSA will be categorized as a level 2 fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ 27,262,835	$ 155,106	$ -	$ 27,417,941
	$ 27,262,835	$ 155,106	$ -	$ 27,417,941

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ 26,665,084	$ 158,733	$ -	$ 26,823,817

D. FAIR VALUE MEASUREMENTS (CONTINUED):

Fair Value of Investments in Entities that Use Net Asset Value:

The following table summarizes investments measured at fair value based on net asset value (NAVs) per share as of December 31, 2018 and 2017, respectively.

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Pooled Separate Accounts - Various	$ 27,262,835	n/a	Daily	1 Day

Group Annuity Contact	$ 158,733	n/a	Daily	1 Day

Unobservable (Level 2) Inputs

The following table presents quantitative information about unobservable inputs used in recurring Level 2 fair value investments:

Fund Name	Fair Value 12/31/2018	Valuation Technique	Unobservable Inputs	Range (Weighted Average)
Group Annuity Contract	$ 155,106	Contract Value	Contractual Interest Rate	2.54%

E. GUARANTEED ANNUITY CONTRACT:

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options for deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA. The Plan's management believe that any events that would limit the Plan's ability to transact at contract value with participants are probably of not occurring.

E. GUARANTEED ANNUITY CONTRACT (CONTINUED):

The average yields earned by the guaranteed investment contract are as follows:

Average yields	2018	2017
Based on actual earnings	2.54%	2.19%
Based on interest credited to participants	1.81%	1.41%

The following table sets forth a summary of changes in the fair value of the Plan's Level 2 assets for the year ended December 31, 2018:

	Group Annuity Contract
Balance, Beginning of Year	$ 159,172
Interest	2,706
Purchases	158,095
Sales	(164,867)
Balance, End of Year	$ 155,106

F. SPECIAL RULE FOR CERTAIN PARTICIPANT - DIRECTED TRANSACTIONS:

The investment of transactions is directed by the participants; therefore, those transactions are no longer required to include the cost computation of the investments as reported on the schedule of assets held at end of year.

G. EMPLOYER CONTRIBUTIONS:

The Company's contributions are paid to the Plan each year no later than the due date of the Company's federal income tax returns, including extensions thereon. Participant contributions collected by the Company are remitted at the earliest date contributions can be reasonably segregated from the employer's general business assets, but no later than 15 business days following month in which contributions were withheld or received by employer.

H. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $0 and $0 for the years ended December 31, 2018 and 2017, respectively.

I. TAX STATUS:

The Plan has received a favorable determination letter from the Internal Revenue Service and is qualified for exemption from federal income taxes under Section 401(a) of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the applicable tax authority. The Plan administrator has analyzed the tax

I. TAX STATUS (CONTINUED):

positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

J. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

K. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

L. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE:

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and the supplemental schedule is complete and accurate.

	December 31, 2018	December 31, 2017
Pooled Separate Accounts	$ 27,262,835	$ 26,665,084
Group Annuity Contract	155,106	158,733
Total	$ 27,417,941	$ 26,823,817

	Year Ended December 31, 2018
Investment Income:	
Net Depreciation in Fair Value of Investments	$ (3,061,135)
Total Investment Income	$ (3,061,135)

M. FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACTS:

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for plan benefits as of December 31, 2018 and 2017 present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for plan benefits are prepared on a contract value basis.
