WestRock Company Retirement Savings Plan for Puerto Rico Employees

Notes to Financial Statements

1. Description of Plan

The following description of the WestRock Company Retirement Savings Plan for Puerto Rico Employees (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all Puerto Rico resident employees of WestRock Puerto Rico Inc. ("the Company"). The Plan became effective December 1, 2006 and most recently amended on July 1, 2018. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The WestRock Company Retirement Plan Administrative Committee (the "Committee") oversees governance of the Plan. The WestRock Company Retirement Plan Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Committee.

Administration

Great-West Trust Company ("Great-West"), is the custodian of the Plan, and Empower Retirement ("Empower") is the Plan's recordkeeper who maintained individual accounts reflecting each participant's respective interest in the value of the Plan's net assets.

Certain administrative functions are performed by employees of the Company. These employees did not receive compensation from the Plan.

Eligibility

In general, employees who are residents of Puerto Rico are eligible to participate in the Plan after completing a minimum service period of one month and temporary employees are eligible to participate after one year of service. Service with Rock-Tenn Company, MeadWestvaco Corporation, SP Fiber Technologies LLC and an employee's service with a predecessor employer acquired by or merger with the Company is generally taken into account for purposes of determining eligibility to participate in the Plan.

Contributions

Participants may make before-tax or Roth contributions between a minimum of 1 percent and a maximum of 75 percent of eligible compensation, as defined by the Plan, to the Plan through salary deferrals, subject to certain maximum limitations under the Puerto Rico Internal Revenue Code ("PR Code"). Participants are automatically enrolled equal to 3 percent of eligible compensation unless different election is made. Participants who have or will attain age 50 on or before the end of the year are eligible to make catch-up contributions to the Plan. Employees can request to make a rollover contribution to the Plan before meeting the participation requirement of the Plan. The Company made a safe harbor matching contribution for the year ended 2018 equal to 100 percent of the first 5 percent of eligible compensation. The Company makes an automatic contribution to the Plan regardless of employee contributions equal to 2.5 percent of eligible compensation.

Participant Accounts

Each participant's account is credited with (i) the participant's 401(k) contribution, (ii) the Company's contribution, and (iii) the participant's account earnings. Each participant's account is charged with (i) withdrawals, (ii) the participant's account earnings, and (iii) an allocation of administrative expenses. The benefit to which a participant is entitled is the participant's vested account balance.

WestRock Company Retirement Savings Plan for Puerto Rico Employees

Notes to Financial Statements

Vesting

Participants vest immediately in their voluntary contributions plus actual earnings thereon. Company contributions made to the Plan in 2016 and later years are always fully vested. Additionally, if employees were eligible on January 1, 2016, they are fully vested in Company contributions made to the Plan before 2016. For employees not eligible on January 1, 2016, the portion of the participant's account attributable to regular Company contributions made before 2016 become fully vested upon completion of three years of vesting service.

Forfeitures

Forfeitures of non-vested benefits may be used to pay Plan expense, restore account balances for reemployed employees and reduce future Company contributions. Forfeitures of \$8,243 were used to offset Company contributions by the Plan for the year ended December 31, 2018. Forfeitures of \$129,303 and \$118,940 were available for future use at December 31, 2018 and 2017 (unaudited), respectively.

Withdrawals and Payments of Benefits

Participants can elect to receive payment of their vested account balance as soon as practicable after employment is terminated or after becoming disabled. Participants may have their account paid directly to them net of appropriate taxes and penalties (as applicable) or transferred in a direct rollover to another qualified plan or individual retirement account without taxes or penalties.

In general, the Plan also provides for withdrawals by a participant from his or her contribution account prior to retirement either upon the attainment of age 59½, disability, a hardship withdrawal, rollover withdrawal or upon termination of the Plan without establishment of a successor plan.

As a result of damages and devastating effect caused by Hurricane Maria in Puerto Rico in September of 2017, the Puerto Rico Treasury issued Administrative Determinations, which permitted participants in qualified retirement plans to request eligible distributions from their accounts under the Plan during the period from September 20, 2017 to June 30, 2018. The Hurricane Maria relief distributions resulted in approximately \$881,000 additional participant distributions in 2018.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

WestRock Company Retirement Savings Plan for Puerto Rico Employees

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received from the sale of an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Plan Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017 (unaudited).

Administrative Expenses

Certain administrative expenses are paid by the Plan, as allowed by the Plan document. Recordkeeping, investment advisory, and custodial fees are paid by plan participants and all other expenses are paid by the Plan Sponsor.

Payment of Benefits

Benefit payments are recorded upon distribution.

3. Fair Value Measurements

The FASB has established a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

WestRock Company Retirement Savings Plan for Puerto Rico Employees

Notes to Financial Statements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2018 and 2017 (unaudited):

<i>Assets at fair value as of December 31, 2018</i>	Level 1	Total
Mutual funds	\$ 3,951,726	\$ 3,951,726
Total investments at fair value	\$ 3,951,726	\$ 3,951,726

<i>Assets at fair value as of December 31, 2017 (unaudited)</i>	Level 1	Total
Mutual funds	\$ 4,577,065	\$ 4,577,065
Total assets at fair value	\$ 4,577,065	\$ 4,577,065

4. Information Certified by Custodian

5. Income Tax Status

The Commonwealth of Puerto Rico Treasury Department has informed the Company by determination letter dated March 23, 2017, that the plan adopted by the Company was in accordance with applicable sections of the PR Code. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the PR Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. Related Party and Party-In-Interest Transactions

Certain Plan investments are managed by the custodian. Transactions involving these investments qualify as party-in-interest transactions. In addition, the custodian receives investment management fees related to these funds prior to any funds being allocated to investment earnings or losses. Party-in-interest transactions also include loans made to participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances, and the assets of the Plan will be distributed to the participants in accordance with the Plan provisions.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.
