Guthy-Renker Ventures, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2018 and 2017

1. DESCRIPTION OF THE PLAN

The following description of the Guthy-Renker Ventures, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Guthy-Renker Ventures, LLC (the "Company" or "Employer"), excluding leased employees, nonresident aliens and employees covered by a collective bargaining agreement who have been credited with three months service and attained the age 21. Effective June 1, 2018, the Plan was restated, and the age eligibility requirement was lowered to 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Effective June 1, 2018, Principal Trust Company ("Principal") provides trustee services and recordkeeping services. Prior to June 1, 2018, trustee services were provided by State Street Bank and Trust Company ("State Street") and recordkeeping services and third-party administrative services were provided by Transamerica Retirement Solutions ("Transamerica").

Contributions

Participants may contribute up to 100 percent of their annual wages up to the maximum allowed under the Internal Revenue Code, which for 2018 was $18,500. Employees over the age of 50 could also contribute an additional $6,000 to the Plan for 2018 as catch up contributions. Participant contributions may be made on a pre-tax basis or on an after-tax basis as Roth contributions. Participants are also allowed to rollover contributions to the Plan from other qualified employer-sponsored retirement plans. Company contributions are discretionary. During 2018, the Company matched 50 percent of the participant's deferrals up to a maximum participant contribution of 5 percent of compensation.

Eligible participants are automatically enrolled in the Plan at a deferral rate of 3% of their compensation on a pre-tax basis. Participants may complete a salary reduction agreement and cease deferrals or select an alternative deferral rate at any time.

Participant accounts

Each participant's account is credited with the participant's contribution (including rollovers from the participant's previous plan), and allocations of the Company's contribution, an allocation of forfeitures, if any, and Plan earnings (losses), and are charged with an allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The participants' vested percentage in employer contributions plus actual earnings are based on participants' years of service. The vesting percentage is 25 percent per annum and a participant is fully vested after four years of service.

Forfeitures

Forfeitures of a terminated participant's non-vested account balance may be utilized to pay for ordinary and necessary administrative expenses of the Plan in the current year or used to reduce Company matching contributions. During 2018, the Company used approximately $144,000 of forfeitures to reduce employer matching contributions and approximately $162,000 to pay for Plan expenses. At December 31, 2018 and 2017, forfeited nonvested accounts available for the Company to pay Plan expenses and to reduce future matching contributions totaled approximately $5,000 and $87,000, respectively.

Notes receivable from participants

Participants may borrow from their fund accounts subject to a minimum of $1,000 and a maximum of $50,000 or 50 percent of their vested balance, whichever is less, for any purpose. The loans are secured by the balance in the participant's account and bear interest at the Wall Street Journal prime rate plus one percent as of the loan funding date. Loan terms are from six months to five years, unless 1) the participant is on authorized leave for military service for a period which extends the maturity date of the loan beyond five years or 2) the loan is a home loan. Principal and interest are paid through bi-weekly payroll deductions.

Payment of benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum distribution or installment payments under various options equal to the value of the participant's vested interest of his or her account. For termination of service for other reasons, a participant may leave the account in the Plan or may elect to receive the value of vested interest in his or her account as a lump-sum distribution or in the form of periodic installment cash payments. If a terminated participant's total vested account balance is $5,000 or less, but, greater than $1,000, the Plan sponsor may distribute the account by rolling the amount into an Individual Retirement Account for the benefit of the participant. If a terminated participant's total vested account balance is $1,000 or less, the Plan sponsor may distribute the account to the participant in a lump-sum payment.

Under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the amount of revenues and expenses during the reporting period. Actual results could differ from the estimates.

Investments and income recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions and receivables

Contributions from participants are recorded in the period during which the Company makes payroll deductions from the participant's earnings based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. The Plan records receivables for participant deferrals based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Employer matching contributions are recorded in the year they are earned and coincide with the year in which the Company records the contribution in its general ledger and takes the tax deduction for the contribution. The Plan records receivables for employer contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Contributions representing participant rollovers from other qualified defined benefit or defined contribution plans, or other contributions are recorded when received.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

The Plan has evaluated subsequent events through October 10, 2019, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. FAIR VALUE MEASUREMENTS

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are as follows:

- *Level 1* - inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;
- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- *Level 3* - Unobservable inputs for the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

3. FAIR VALUE MEASUREMENTS (continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value.

Guaranteed interest account: Guaranteed interest accounts are fully benefit-responsive investment contracts valued at contract value, as determined by the contract issuer and are not disclosed within the fair value hierarchy table.

Pooled separate accounts: Valued at the Net Asset Value per Share (NAV) based on the market value of underlying investments. While the majority of the underlying asset values are quoted prices, the net asset value of the pooled separate accounts are not publicly quoted.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 33,313,181	$ -	$ -	$ 33,313,181
Pooled separate accounts	-	2,354,351	-	2,354,351
	$ 33,313,181	$ 2,354,351	$ -	35,667,532
Investments measured at net asset value *				3,662,414
				$ 39,329,946

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Fair Value
Mutual funds	$ 41,509,214	$ -	$ -	$ 41,509,214
Investments measured at net asset value *				4,159,804
				$ 45,669,018

3. FAIR VALUE MEASUREMENTS (continued)

* In accordance with Subtopic 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. GUARANTEED INTEREST ACCOUNT

The Plan has investments in fully benefit-responsive investment contracts that totaled $3,662,414 and $4,159,804 at December 31, 2018 and 2017, respectively. For investment contracts that are fully-benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported by Principal and Transamerica at December 31, 2018 and 2017, respectively. Contract value represents accumulated cash contributions made under the contract, plus interest credited to the contracts, less participant withdrawals and transfers. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan administrator is not aware of reserves against contract value for credit risk of the contract issuers or otherwise. Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable.

The contracts do not permit the insurance companies to terminate the agreements prior to the scheduled maturity date. The contract value is determined by the accumulated cash contributions and interest credited to the contracts, less any withdrawals. The crediting rate is based on the investment performance of a large, diversified portfolio, is correlated with the highest debt security yields, and is adjusted for contract liquidity.

5. PLAN TERMINATION

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

6. INCOME TAX STATUS

The Plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the plan design complies with the applicable requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

7. INFORMATION PREPARED BY THE TRUSTEES

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Trustees' certified information regarding the cost and fair value of all investments and notes receivable from participants held at December 31, 2018 and 2017, and investment and notes receivable from participants' transactions entered into during the year ended December 31, 2018, which was used in the preparation of the accompanying financial statements and supplemental schedule.

8. PARTY-IN-INTEREST

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions conducted by the Trustees and their affiliates qualify as exempt party-in-interest transactions.

Certain fund level fees incurred by the funds in which the Plan invests for such services as record-keeping are paid through fund level revenue sharing agreements. These fees reduce the fund earnings thereby impacting the investment return applied to the participants' accounts.

The Trustees retain as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

9. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of fixed-income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
