RAYCO MANUFACTURING, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN

The following description of Rayco Manufacturing, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General

The Plan was established effective January 1, 1993. The Plan is a defined contribution plan covering all eligible employees of the Company. To be eligible, each employee must complete a 6-month period of employment, and have reached 18 years of age. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The 401(k) executive committee determines the appropriations of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Board of Trustees.

Contributions

Employees can elect to make pre-tax and/or Roth contributions to the Plan in an amount between one and fifteen percent of compensation. The Company is required to make matching contributions to the Plan in an amount equal to 100 percent of the participants’ contributions, up to 6 percent of compensation, as defined by the Plan.

Additionally, the Company may make a discretionary profit sharing contribution to be determined each year by the employer and also subject to the limitations described above. The Company elected not to make the discretionary profit sharing contribution for 2018 and 2017.

Participant Accounts

Each participant account is credited with the participant’s contribution and an allocation of (a) the Company’s contribution, (b) Plan earnings, and (c) forfeitures of terminated participants’ nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transaction, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participant- Directed Investment Options

Upon enrollment in the Plan, participants may direct their contributions as well as any contributions made by the Company into any of the investment options with varying degrees of risk and reward, allowing participants to allocate their investments in accordance with their own risk tolerances and time horizons.

Participants may, at any time, change their investment options by a telephone voice response system or on-line.

401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their voluntary and matching contribution plus actual earnings thereon. Employer discretionary contributions vest after six years of service. In any event, the vesting percentage will be 100% on the date the participant becomes totally disabled as defined in the Plan, or the date the participant dies.

Payment of Benefits

Distributions can be paid due to a participant's retirement, death, total disability, in-service withdrawal, or termination of employment, subject to the conditions stated in the Plan document. Participants may elect to receive benefits in a lump sum distribution or installments. The Plan also provides for hardship withdrawals, which are subject to conditions stated in the Plan document.

Forfeited Amounts

Forfeitures represent the non-vested portion of Company discretionary contributions plus earnings thereon, which are not distributable to participants who terminate employment before they are 100% vested. The amount of forfeitures attributable to employer discretionary contributions are first used to reduce administrative expenses, then added to employer's matching contributions. During 2018 and 2017, there were no available forfeitures.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

RAYCO MANUFACTURING, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Plan recordkeeping expenses are paid by the sponsor and are excluded from these financial statements. Certain other administrative expenses are paid by the Plan. Investment management fees are netted against plan earnings.

Subsequent Events

Subsequent events have been evaluated through October 8, 2019, which is the date the financial statements were available to be issued.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY PRINCIPAL FINANCIAL GROUP AND GREAT WEST TRUST COMPANY LLC (EMPOWER RETIREMENT)

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2018, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2018, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Principal Financial Group and Great West Trust Company LLC (Empower Retirement), trustees of the Plan. The same information was obtained or derived from information supplied by the Plan Administrator and certified as complete and accurate by Principal Financial Group as of and for the year ended December 31, 2017.

NOTE 4: FAIR VALUE MEASUREMENTS

Generally Accepted Accounting Principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

RAYCO MANUFACTURING, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

Stable value common/collective trust fund: A stable value common/collective trust fund that is composed primarily of fully benefit-responsive investment contracts with MetLife that is valued at the NAV of units of the collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily with no notice.

Pooled separate accounts: Valued at net asset value (NAV) per share based on quoted market prices of underlying investments. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the account.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

Assets at Fair Value as of December 31, 2017

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Total Mutual Fund	<u>\$2,353,669</u>	<u>\$ 0</u>	<u>\$ 0</u>	\$2,353,669
Investment valued using NAV as a practical expedient – Pooled Separate Accounts (a)				<u>4,933,285</u>
Total assets at fair value				<u>\$7,286,954</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation for the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6: GUARANTEED INVESTMENT CONTRACT WITH PRINCIPAL LIFE INSURANCE COMPANY

The Principal Fixed Income Guaranteed Option is a fully benefit responsive guaranteed fixed annuity contract available as an investment option to Plan participants. The fixed annuity contract is issued by Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on a six month basis of resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

RAYCO MANUFACTURING, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 6: GUARANTEED INVESTMENT CONTRACT WITH PRINCIPAL LIFE INSURANCE COMPANY (continued)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract. The Plan administrator believes that no events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Ra

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

	<u>2018</u>	<u>2017</u>
Traditional Investment Contracts	\$ 2,060,977	\$ 1,964,472

NOTE 7: RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Principal Financial Group. As defined by the Plan, Principal is a trustee and, therefore, these transactions qualify as party-in-interest.

RAYCO MANUFACTURING, INC.
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 8: INCOME TAX STATUS

The Plan Administrator has not applied for a determination letter from the Internal Revenue Service because the Plan adopted a prototype plan sponsored by Principal Financial Group, which has received a favorable opinion letter from the IRS. The Plan has been amended since the original adoption. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Great West Trust Company, LLC, sponsor of the prototype document, has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the restated prototype plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The plan sponsor adopted this restated prototype plan document on December 3, 2018. The prototype plan opinion letter has been relied upon by this Plan. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: VARIOUS RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rates, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.
