Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, which for the year ended December 31, 2018 amounted to $1,349,559. The Company utilizes a discretionary matching contribution formula to calculate the contribution matches based upon participant deferrals during the year. The Company may also contribute using a Safe Harbor Matching contribution formula.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Sponsor's contribution and earnings from participant directed investments, net of administrative expenses, if any. Allocations of administrative expenses are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants vest in qualified automatic Company contributions based upon the following schedule:

Years of Service	Percentage
Less than 2	0%
2	100%

Participant contributions and rollover account balances (balances resulting from transfers of benefits from other qualified plans) and earnings thereon are 100% vested at all times.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Plan Administration

The Plan is administered by the Company. The Plan assets are held with Principal Trust Company.

Forfeitures

Forfeitures are those amounts of the Company's matching contributions in which a participant is not fully vested at the time of termination. These accounts are used to reduce future employer contributions or plan expenses. At December 31, 2018 and 2017, the forfeited non-vested accounts totaled $- and $191, respectively. During 2018, $82,758 and $95,216 of forfeited non-vested accounts were used to reduce administrative expenses and employer contributions, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions in any of the investment options offered by the Plan. Participants may change their investment options daily.

Notes Receivable from Participants

A participant may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of a participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate at the time of the loan application as determined by the loan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or installment payments made on a monthly, quarterly or annual basis over a period not to exceed the participant's estimated life expectancy. If the participant's vested account balance is less than $1,000 at the date of death, disability, termination or retirement, then that balance shall be distributed in a single lump-sum payment. If the participant's vested account balance is $1,000 or greater, and $5,000 or less at the date of death, disability, retirement or termination of employment, and the participant has failed to make a distribution election, the participant's vested interest in his or her account will be automatically rolled into an IRA. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their allocation of employer contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are stated at fair value. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Common collective trusts are valued at the net asset value of units held by the Plan at year-end as a practical expedient to estimate fair value. The net asset value is based on the fair value of the collective trusts' underlying investments less its liabilities. Security transactions are recorded on a trade date basis, which is the date the order to buy or sell is executed. Interest income is accrued on a daily basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefit payments to participants are recorded when paid.

Plan Expenses

Certain administrative functions are performed by employees of the Sponsor. No such employees receive compensation from the Plan. Certain administrative expenses, such as professional fees, are paid directly by the Company. Plan expenses are recorded when they are incurred.

Party-In-Interest Transactions

Certain Plan investments are managed by the Plan's custodian as defined and, therefore, these transactions qualify as party-in-interest transactions.

Concentrations

All of the Plan's investments at December 31, 2018 and 2017 are held by the custodian, Principal Trust Company, located in Wilmington, Delaware.

Risk and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (UNAUDITED)

The following information included in the accompanying financial statements and supplemental information was obtained from data that has been prepared by and certified as complete and accurate by Principal Trust Company.

	2018	2017
Investments, at fair value	$ 34,126,084	$ 27,180,038

For the year ended December 31, 2018, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the Plan year) depreciated in value by $3,067,545. In addition, dividends relating to the Plan's investments amounted to $69,831.

NOTE 4. FAIR VALUE MEASUREMENT

Generally accepted accounting principles require the Plan to report its investments at estimated fair value on a recurring basis. Fair value is measured by a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A description of the valuation methodologies the Plan uses for assets measured at fair value is included in Note 2. There have been no changes in the methodology used at December 31, 2018 and 2017.

The methodologies may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about the Plan's assets measured at fair value as of December 31, 2018 and 2017:

ASSETS, at fair value as of December 31, 2018	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

	$ 24,090,251			

There were no transfers between the levels of the fair value hierarchy during the year ended December 31, 2018.

NOTE 5. NOTES RECEIVABLE FROM PARTICIPANTS

At December 31, 2018 and 2017, notes receivable from participants aggregated $1,025,402 and $555,721, respectively. At December 31, 2018 and 2017, the interest rates on participant loans ranged from 4.25% to 6.25%. Interest on notes receivable from participants amounted to $45,819 during the year ended December 31, 2018.

NOTE 6. INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan assesses its tax positions in accordance with "*Accounting for Uncertainties in Income Taxes*" as prescribed by the Accounting Standards Codification, which provides guidance for financial statement recognition and measurement of uncertain tax positions taken or expected to be taken in a tax return for open tax years (generally a period of three years from the later of each return's due date or the date filed) that remain subject to examination by the Plan's major tax jurisdictions.

The Plan assesses its tax positions and determines whether it has any material unrecognized liabilities for uncertain tax positions. The Plan records these liabilities to the extent it deems them more likely than not to be incurred. Interest and penalties related to uncertain tax positions, if any, would be classified as a component of income tax expense.

The Plan believes that it does not have any significant uncertain tax positions requiring recognition or measurement in the accompanying financial statements.

NOTE 7. NON-EXEMPT PARTY-IN-INTEREST TRANSACTIONS

There was an unintentional delay in 2018 by the Company in submitting employee contributions to the custodian of $6,315, which was corrected during 2019.

NOTE 8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2019, which is the date the accompanying financial statements were available to be issued.
