NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following brief description of the Prism Plastics, Inc. 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan document or the Summary Plan Description for a complete description of the Plan's provisions.

General: Effective January 1, 2017, the Plan Sponsor restated the Plan document and changed the Plan name from Tech Molded Plastics, Inc. 401(k) Profit Sharing Plan to Prism Plastics, Inc. 401(k) Profit Sharing Plan. This change was as a result of the purchase of Tech Molded Plastics, Inc. by Prism Plastics, Inc. on June 23, 2016. The Plan is a defined contribution plan established for the benefit of the employees of Prism Plastics, Inc. (Company), the Plan Sponsor. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees who have reached 18 years of age and have completed 60 days of service are eligible to participate in the Plan. Entry into the Plan is granted the first day of each month with or next following the data eligibility requirements being satisfied. In addition, employees will be eligible for an employer non-elective profit sharing contribution if he/she has completed 1,000 hours of service during the Plan year and is employed at year end. The Company did not declare a profit sharing contribution for the year ended December 31, 2018.

Contributions: Eligible employees may contribute pre-tax annual compensation as defined in the Plan up to the maximum amount allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company is required to make a safe harbor matching contribution equal to 100% of the employee's elective deferral contribution that does not exceed 3% of compensation plus 50% of the salary deferrals between 3% and 5% of compensation. In addition, the Company may make non-elective profit sharing contributions. There were no non-elective profit sharing contributions made in 2018. Participants may roll over amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations.

Participant accounts: Each participant account is (a) credited with the participant's contributions, (b) credited with the Company's contributions, (c) credited (reduced) with an allocation of investment income (loss) and appreciation (depreciation) in the fair value of investments, (d) reduced by the participant's withdrawals, and (e) reduced by administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Allocations to individual participant accounts are based upon unit values at specified valuation dates.

Notes receivable from participants: A participant may borrow from his or her account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her vested account balance. Loan terms may not exceed five years. However, if the loan is for the purchase of a principal residence, the Plan Administrator may permit a repayment term of longer than five years. Loans are collateralized by 50% of the nonforfeitable amount of the borrowing participant's account balance under the Plan. The interest rate for these loans is fixed for the life of the loan. The interest rate is based on the prime interest rate at the time of the loan. Interest rates on existing loans range from 3.25% to 5.25%. Principal and interest are paid through payroll deductions. Participants may not have more than one outstanding loan at a time.

Payment of benefits: Upon termination of service due to death, disability, retirement, or other reason, a participant may elect to receive a lump-sum distribution of his or her vested account balance. The Plan Sponsor may initiate an involuntary distribution for those terminated participants whose Plan balance is less than \$1,000 as soon as administratively feasible following termination of employment. In addition, hardship distributions are allowed by the Plan.

PRISM PLASTICS, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Vesting: Participants are immediately vested in their contributions, rollover contributions, and Company safe harbor match as defined by the Plan document plus actual earnings thereon. Vesting in the employer non-elective profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service, as defined in the Plan document.

Forfeited accounts: Forfeiture of non-vested employer non-elective profit sharing contributions arising from employee terminations and withdrawals may be used in the following order: for the restoration of participants' forfeitures, to offset administrative expenses, to reduce the employer non-elective contribution, or added to the employer's contribution, as provided by the Plan document. Forfeited non-vested accounts as of December 31, 2018 and 2017, were \$20,200 and \$961, respectively. In 2018, the plan did not use any forfeitures.

Investment options: Participants are permitted to direct the investment of their account balances into a variety of investment choices as more fully described in the Plan's literature. Participants may change their allocation on the first day of each Plan quarter.

Note 2. Significant Accounting Policies

The accounting policies followed by the Plan and the method of applying those policies which materially affect the determination of net assets available for benefits and changes in net assets available for benefits are as follows:

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition: Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4 for discussion on fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Dividend income from mutual funds is recorded on the ex-dividend date and interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and (losses) on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of benefits: Benefits are recorded when paid.

Administrative expenses: The Plan's administrative expenses are paid by either the Plan or the Plan Sponsor as provided by the Plan document.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets available for Plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: In preparing these financial statements, the Plan evaluated events that occurred through October 14, 2019, the date the financial statements were available to be issued, for potential recognition or disclosure.

Recent Accounting Pronouncements

Codification Improvements: In July 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-09, Codification Improvements. These amendments represent changes to clarify, correct errors in, or make minor improvements to the Codification, eliminating inconsistencies and providing clarifications in current guidance. The amendments in this ASU include those made to: Subtopic 220-10, Income Statement-Reporting Comprehensive Income-Overall; Subtopic 470-50, Debt-Modifications and Extinguishments; Subtopic 480-10, Distinguishing Liabilities from Equity-Overall; Subtopic 718-740, Compensation-Stock Compensation-Income Taxes; Subtopic 805-740, Business Combinations-Income Taxes; Subtopic 815-10, Derivatives and Hedging-Overall; Subtopic 820-10, Fair Value Measurement-Overall; Subtopic 940-405, Financial Services-Brokers and Dealers-Liabilities; and Subtopic 962-325, Plan Accounting-Defined Contribution Pension Plans-Investments-Other. The transition and effective date guidance is based on the facts and circumstances of each amendment. Some of the amendments in this Update do not require transition guidance and were effective upon issuance of this Update.

Fair Value Measurement: In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement* (Topic 820): *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this Update modify the disclosure requirements on fair value measurements in *Topic 820, Fair Value Measurement*, based on the concepts in the Concepts Statement, including the consideration of costs and benefits. In addition, the amendments eliminate *at a minimum* from the phrase *an entity shall disclose at a minimum* to promote the appropriate exercise of discretion by entities when considering fair value measurement disclosures and to clarify that materiality is an appropriate consideration of entities and their auditors when evaluating disclosure requirements. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level III fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. Early adoption is permitted. An entity is permitted to early adopt any removed or modified disclosures upon issuance of this Update and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact, if any, that adoption will have on its December 31, 2020, financial statements.

Note 3. Investments Certified by Capital Bank and Trust Company

The following is a summary of the investment information as of December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the Trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any procedures with respect to the information which appears throughout the financial statements and supplemental schedule related to the following investments as of December 31:

	2018	2017
Investments at fair value:		
Mutual funds	\$ 9,751,965	\$ 9,903,660

The Trustee also certified to the completeness and accuracy of \$1,148,744 of net depreciation in fair value of investments, \$509,964 of dividends earned on investments, and \$4,962 of interest related to the notes receivable from participants for the year ended December 31, 2018. Notes receivable from participants that were certified as of December 31, 2018 and 2017, amounted to \$150,887 and \$135,950.

NOTES TO FINANCIAL STATEMENTS

Note 4. Investments and Fair Value Measurements

Authoritative guidance regarding *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements), and the lowest priority to unobservable inputs (Level III measurements). The three levels of fair value hierarchy under the authoritative guidance are described below:

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Mutual funds: Share Prices/Net Asset Values (NAVs) reported on the Plan Summary Reports for NAV mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation (IDC).

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2018				
	Total	Level I	Level II	Level III
Mutual funds	\$ 9,751,965	\$ 9,751,965	\$ -	\$ -

Assets at Fair Value as of December 31, 2017				
	Total	Level I	Level II	Level III
Mutual funds	\$ 9,903,660	\$ 9,903,660	\$ -	\$ -

NOTES TO FINANCIAL STATEMENTS

Note 5. Related Party Transactions

Certain Plan investments are mutual funds managed by American Funds, a related party of Capital Bank and Trust Company. Capital Bank and Trust Company is the Trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan for administrative services amounted to \$3,694 for the year ended December 31, 2018. Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Certain other administrative expenses are paid directly by the Company for which it is not reimbursed.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants would become 100 percent vested in their entire account.

Note 7. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Sponsor of the prototype plan by a letter dated January 27, 2015, that the Plan is qualified and the trust established under the Plan is tax exempt, under the appropriate sections of the IRC. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, tax returns for years ended December 31, 2015, and thereafter remain subject to examination by the appropriate taxing authorities.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.
